FORESEES POSSIBILITY OF HIGHER TAXES FOR CITY TO MEET MUNICIPAL OBLIGATIONS—MAYOR JOHN B. HYNES DELIVERS ANNUAL ADDRESS TO CITY COUNCIL, DEPARTMENT HEADS, AND CITIZEN FRIENDS AS HE BEGINS SECOND YEAR OF ADMINISTRATION—RENDERS ACCOUNTING OF HIS ACHIEVEMENTS IN EFFORTS TO PLACE GOVERNMENT ON SOUND FINANCIAL BASIS AND TELLS OF GREAT SAVINGS TO TAXPAYERS—ABATEMENT EVILS STOPPED AND CONTRACTS AWARDED ON BASIS TO GIVE CITY DOLLAR'S WORTH FOR EVERY DOLLAR SPENT—PREDICTS GREATER ACHIEVEMENTS FOR THIS YEAR—REMINDS CITIZENS BOSTON IS NOT DYING BUT IS STILL VIGOROUS, GROWING CITY WITH OPPORTUNITIES INCREASING.

**MAYOR JOHN B. HYNES
EXTENDS NEW YEAR'S
GREETING TO ALL HIS
FELLOW CITIZENS.**

To all my fellow citizens, I wish a happy, healthy, and wholesome year to come.

May the joyful bells of the New Year herald for our nation and our people an era of tranquility and peace.

May we be given the will and the wisdom to have love and consideration for our brother-man and thus follow the only path which leads to true peace of mind and true peace of soul.

**YEAR 1950 PROVED BANNER

BOSTON CITIZENS—CITY
ENJOYED LOWEST DEATH
RATE IN ITS HISTORY—
GENERAL DEATH RATE
DECREASED AS WELL AS
THAT OF INFANTS—DR.
JOHN H. CAULEY, COM-
MISSIONER, PASSES GOOD
NEWS TO CITIZENS IN
REPORT TO MAYOR HYNES.**

Dr. John H. Cauley, Health Commissioner for the City of Boston, in computing statistics for the year 1950, reports that there have been marked improvements in Boston's health. Boston enjoyed the lowest death rate in any year in its history. Less than 12 people in every 1,000 died in the year, whereas, in all previous years, the rate has always exceeded 12. Not only has the general death rate decreased but there has been a marked decrease in the deaths of infants. In all previous years the death rate of infants under one year of age exceeded 25 out of every 1,000 born alive, whereas, for the year 1950 the death rate is the lowest in the history of the city and is under 25 for every 1,000 children born.

In his annual address delivered to members of the City Council, heads of departments, and friends, Mayor John B. Hynes spoke as follows:

Gentlemen of the City Council:

By tradition, this annual address, coming at the halfway point in my administration as Mayor of Boston, is devoted to a report of what has been accomplished during the year just ended, and an outline of the plans it is proposed to undertake in this year which has just begun.

In the space of a single year, the major problem of our city, as a result of the critical developments in world conditions, has changed from one of post-war planning to one of preparing to meet the threat of another war, and to setting up safeguards for the protection of the lives of our citizens in the event of enemy attack.

Our ordinary problems have been overshadowed by the emergency confronting our nation, and by the danger to our freedom and our way of life.

To a very great extent the course of our city in this year of 1951 will be shaped by events and developments far beyond our control. Our first responsibility will be to cooperate to the fullest possible extent in the national defense program. That, of course, is a duty which transcends all other obligations.

Whether we can carry forward all the plans which ordinarily would be undertaken this year will depend on the demands the defense program makes upon us in the matter of funds, materials, and manpower.

These are difficult times, fraught with uncertainty, and it would be foolhardy at this point for anyone to forecast what the future has in store for us. Our city, come what may, must be prepared to discharge its full responsibility in any crisis which may confront us as a nation.

Legacy of Inherited Debts.

In giving an account of my stewardship during my first year as Mayor of Boston, it should be pointed out that the results of many of my efforts are not readily discernible.

Because of the spending policies of the previous administration, and the condition in which the city's finances were left, we were in no position during the past year to spend money for anything but the most essential purposes, and, indeed, we are still coping with a legacy of staggering, inherited debts.

A large part of my energy has been directed to placing the city on a sounder and stronger financial footing, a task that has been far from easy because of the commitments made prior to my administration, and because we are, and will be, paying off old debts for a long time to come.

Public improvements proposed during the year were considered in the light of the city's financial condition and the strain they would impose upon the already heavily burdened taxpayers.

Despite the handicaps under which we have worked, a great deal has been accomplished in the space of a single year. In my inaugural just a year ago today, I stated that aside from the city's financial condition the two problems to which I would give my greatest attention were housing and traffic.

From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

ANNUAL ADDRESS OF HON. JOHN B. HYNES BEFORE THE BOSTON CITY COUNCIL AT INAUGURAL SESSION.

(Continued from page 1.)

Housing.

Our housing shortage is in the process of being overcome. Homes for 485 families of veterans were provided in five housing developments completed and occupied during 1950.

Four big developments now in process of construction in the South End, Brighton, Roslindale, and Hyde Park will be ready for occupancy during 1951 and will accommodate 1,646 families.

Work is scheduled to start very soon on a project at Orient Heights, East Boston, which will contain 354 dwelling units.

In the planning stage are four proposed developments with accommodations for 1,451 apartments financed with State credit; and six developments to be built with federal funds, to provide 4,124 apartments.

How many of those projects now being planned will actually be built in 1951 will depend on whether federal restrictions are placed on building materials.

Plans have been launched to provide new homes for the families of veterans now quartered in temporary dwellings in Dorchester and South Boston. It was not originally intended that those units should serve more than a brief emergency period. In some respects they are unsuited to withstand our unpredictable winters, and the expense involved in making the repairs and renovations necessary to extend their use cannot be entirely justified. I am hopeful that the families now housed in the temporary developments will be transferred to more comfortable quarters before another winter.

Parking and Traffic.

Satisfactory progress can be reported in the city's off-street parking program intended to remove automobiles from our heavily traveled and tightly congested downtown streets. To provide the parking facilities which will be needed to cope with this critical problem a bill has been filed for the consideration of the incoming Legislature asking authorization to float a second \$5,000,000 bond issue. Such a loan would be retired with the funds realized from the operation of the proposed garages and will not place any additional financial burden upon the taxpayers of our city.

Construction of the first garage built under our off-street parking program was completed during the past year. Located at Lincoln and Essex streets, it provides accommodations for 360 automobiles, and with the normal turnover takes a much larger number of cars off the street in the course of a day. The city receives a minimum of \$52,000 per year for the rental of that garage, or 50 per cent of the gross receipts, depending on which amount is greater. A schedule of reasonable rates was fixed for the purpose of attracting motorists, and particularly shoppers, who can park their cars for two hours for a 30-cent payment.

Plans have been completed for the erection of a second garage at Winthrop square, where two floors will be below ground and one above it, with a landscaped roof, and the Real Estate Board now is preparing to advertise for bids for this facility.

An area of 60,000 square feet of land recently was acquired in the district bounded by Congress, Milk, Pearl, and Franklin streets, and plans are being drafted for the construction of a garage on this site with spaces for 700 cars.

To provide needed parking facilities in the Copley Square section of the Back Bay, the Real Estate Commission has just taken by eminent domain 54,860 square feet of land bounded by St. James avenue, Arlington, Clarendon, and Berkeley streets, where it is intended to build a garage which will accommodate 600 automobiles.

Not only has the original \$5,000,000 authorized by the Legislature been entirely allocated, but plans are in readiness, if permission is granted by the General Court, for floating a further bond issue.

To discourage all-day parking, 3,200 additional parking meters were installed during the year in areas where traffic studies indicated an improvement in the general parking picture would result.

A number of changes in the downtown traffic pattern were made during the year by the Traffic Commission with a view to lessening the congestion and speeding up the flow of automobile travel. One of the most notable of these was the establishment of a huge, rotary-like flow of travel around the Public Garden.

It hardly needs to be stated that many of Boston's most heavily used thoroughfares, particularly those in the older sections of the city, were not designed to accommodate the tremendous present-day load of traffic. But, it is obviously impossible to remake the face of the city, and we have undertaken to meet this problem realistically, appreciating that if Boston is to survive as a great city and go ahead it must provide for the automobile, and not be choked by it.

The parking and traffic problem which seemed almost hopeless a year or two ago now appears nearer solution. When our off-street parking program is completed and the underground garage is built beneath Boston Common, we will have provided the parking facilities needed to clear our streets of cars, which, for lack of such facilities, now impede the flow of travel.

In addition, means will be provided to get in and out of the city without loss of time. The new Storrow Parkway along the Charles River in the Back Bay, a part of which is already open to the public, will be a great boon to Boston. Two contracts have been awarded for the construction of the first phase of the long-awaited central artery across the downtown district which, in time, will take through traffic off our intown streets.

May I, at this point, on behalf of the people of Boston, express my thanks to His Excellency, Governor Paul A. Dever, and the State Administration, for recognizing our major traffic problem and for co-operating with municipal officials to overcome it, by the construction of traffic arteries in our city which will cost in the vicinity of \$75,000,000, a sum of money which the city government, of, and by itself, could not possibly afford to spend.

Civilian Defense.

Perhaps our most solemn responsibility as elected officials of this city is to establish every possible safeguard and precaution for the protection of the lives of our civilian population in the event of enemy attack. Whether such an attack ever will come is

beyond our power to predict. We all pray that it will not, and that our efforts in this direction will be unnecessary.

But, it would be negligence on our part to disregard the state of emergency recently declared by the President of the United States, and the Governor of this Commonwealth, or to fail to take any measure that would afford safety for our citizens if war comes and our city should be subjected to attack from the air.

Boston has been designated by the military as one of the nation's critical areas, as one of the targets at which an enemy raid might be directed in time of war.

We have followed the leadership of Governor Dever, and are now in the process of setting up as complete a civilian defense program as possible. How expensive it may be I am unable to state, because I do not know what problems we may face tomorrow, next week, or next month.

To the very best of our ability we will be prepared for any eventuality, and with the help of the state and national government everything within our power will be done to safeguard the lives of our men, women, and children.

During the year a Director of Civilian Defense was appointed and an Advisory Council on Civilian Defense created. The director is now in the process of establishing an efficient working organization that could be pressed into service promptly in the event of an emergency. Thousands of volunteers are being enrolled as auxiliary police and firemen and for other vital work. Our air raid sirens are being rehabilitated and other machinery put into working order.

This added activity may well place a heavy strain upon our city treasury, but I am sure that the people of Boston will agree that we have no alternative and no choice but to go ahead with the program we have started. If war should come, I believe our city will have one of the most efficient civilian defense setups of any municipality in the country.

Public Works Department.

Some of the most gratifying accomplishments during the first year of my administration as Mayor have been achieved in the Public Works Department.

One of my pledges a year ago was that I would endeavor in every possible way to obtain a full dollar of value for each dollar spent of the people's money.

Despite the upward trend in the cost of most phases of city government, we have been able to reduce the expense of some municipal activities without lowering in any way the standard of service performed for the people of Boston.

A specific example is the fact that the total cost of the contracts recently awarded for the collection and disposal of rubbish and refuse during 1951 was \$193,368 less than the expense of the similar contracts executed a little over a year ago by the previous administration, this despite the fact that the contractors will be required to pay 12 cents more per hour for their labor this year than they did in 1950.

One of my first steps after taking office a year ago was to renegotiate these contracts and secure a saving of \$67,406 for our taxpayers. A further reduction has been realized for this year. In addition, we have entered into an agreement with a concern which will pay the city \$36,000 a year for garbage, which in the past the city paid to have hauled down the harbor in scows.

Those are among the steps which have helped to achieve a more efficient and economical management of the city's affairs even though, unfortunately, they are not reflected in a lower tax rate.

The monopoly maintained for years by a small group of contractors in the rubbish-collection work has been broken by the award of contracts to two companies which have not hitherto performed this work, but which seem qualified to render proper service to the public and at a lower price than was paid last year. That should lead to more spirited competition in the future which will enure to the city's benefit.

To meet the problem created by the shortage of land dumps and the fact that in some districts of the city the only dumps available are owned or controlled by private contracting companies, a complete study of the disposal problem is now being made by a leading firm of consulting engineers, and its report will serve to guide our future activities in this direction.

Earlier this year, it was reported to me by the Boston Finance Commission that in 1949 certain contractors had been paid many thousands of dollars by the city for highway construction work which they did not perform. The alleged violations occurred prior to my administration.

Court action has been started by the City Law Department to recover any moneys which should be returned to the city for work not performed, and safeguards have been instituted by the Public Works Commissioner to assure that all such work is now done in accordance with contract specifications and that the city gets full value for its money.

An Automotive Division has been set up in the Public Works Department, making possible closer control and more efficient use of our motor equipment and reducing losses of equipment and parts.

A saving of at least \$100,000 a year will be realized in due time from the introduction of a mobile patrol to replace the old system of having watchmen assigned to the various district yards.

The Water Division, operated in a highly efficient manner, will show a surplus for the year of about \$350,000, according to estimates.

A progressive improvement in our street lighting has been accomplished, which should result in fewer accidents to pedestrians, and serve to reduce crime on poorly illuminated streets. A total of 1,200 old-fashioned gas lamps were replaced by electric lights, representing the biggest change of its kind ever effected in a single year. Carrying this program further, it is planned to replace an additional 1,500 lamps this year.

A large number of our streets were resurfaced or rebuilt. Six of the biggest projects were financed jointly by the city and the state, with each paying half the expense. Four miles of downtown streets were resurfaced, the work being done at night and over week ends, in order to avoid inconvenience to shoppers and motorists.

We were successful in our efforts to have the Meridian Street Bridge classified as part of a federal route. This will mean that the \$3,000,000 expense of building a new span will be divided between the state, city, and federal government, with a resulting saving of \$2,000,000 for the people of Boston.

Health and Hospital Departments.

During the past year, the Health Department was reorganized by ordinance, substantially as recommended by the Finance Commission survey.

A new Health Unit was opened on Blue Hill avenue, opposite Franklin Field, the ninth in the series of such units in our city.

It is notable that in 1950 the death rate was the lowest in the history of the city, and particularly significant is the fact that infants' deaths and deaths from tuberculosis were the lowest ever recorded. This is an achievement to which our Health Department, and our city, may point with pride.

Considerable improvements have been made in the City Hospital during the year just passed.

A new Diabetic Clinic has been established.

A modern Dental Clinic in the Out-Patient Department has been built.

An addition to the Medical Building, and an addition to the Dowling Building are now in process of construction, at a combined cost of close to \$400,000.

A new chapel for Protestant worshippers was built and opened during the year, and a similar chapel for Jewish worshippers will be built and opened during 1951.

In process, now, is the installation of a modern business system, by a recognized expert in this field, which, when completed, will result in greater efficiency and the saving of hundreds of thousands of dollars annually.

The City Hospital, one of the best institutions of its kind in the world, has been, and will be kept at the full maximum of efficiency and service for the benefit of the sick and ailing of our city.

A major improvement of far-reaching effect was commenced this year in the building of a viaduct connecting Long Island in Boston Harbor with the mainland at a cost of \$2,600,000.

This will make possible improved medical care for the chronic sick and the aged at Long Island Hospital. Medical and surgical specialists will be able to visit the institution without the present loss of time involved in the boat trip.

It will enable the Hospital to secure a Class A rating.

The new bridge will offer many other advantages. It will permit the services of a functioning medical advisory staff. It will make the Hospital easily accessible for visitors, for employees, and for deliveries of goods. It will mean a substantial saving in Hospital costs, and it will, in all probability, result in the development of the Hospital facilities at Long Island, to meet the growing need for such facilities for those of advanced age, and those afflicted with chronic ailments.

Park Department.

During 1950, a new playground was constructed on city-owned land at Gallivan Boulevard and Washington street, Dorchester, to meet recreational needs in this fast growing section of our city.

A significant improvement in this department was the establishment of a small tots' play space at Harrison avenue, adjacent to the Cathedral. Two additional play areas will be created during the year in the highly congested West End section of the city.

The Barry Playground in Charlestown, virtually useless after the construction of the Mystic River Bridge, has been reconstructed at a cost of approximately \$60,000. Additional improvements are in view in conjunction with this playground, and efforts will be made to provide further playground facilities in the Charlestown area.

Tennis courts were constructed and other improvements made to the Carter Playground in the Roxbury district, making this playground useful for the first time in many years.

Fire and Building Departments.

A new fire station was opened during the past year in the Orient Heights section of East Boston, providing long-needed additional protection for the people of that district. It was placed in use on November 15.

The new Fire Headquarters and Maintenance Garage Building, now under construction on Southampton street, will be completed and occupied during the coming summer.

Despite the stringency in building materials in the latter part of 1950, because of the national emergency, the year just closed was the best year in the history of the Building Department. The volume of construction, the number of units erected, and the amount of renovations reached higher levels than ever before.

Boston is not dying. In spite of decentralization, it is still a vigorous, growing city, with new opportunities constantly arising.

City Planning.

During the past year, the City Planning Board has been extremely active.

It has devoted much of its time to the preparation of a master plan for the city, which, in preliminary form, will shortly be ready for distribution.

This plan will give, for the first time, a framework which will guide the city's future growth. It will include a survey of the economic base of the city; a study of residential uses; the location of redevelopment areas with population prognostications; a transportation plan, and the future need for schools and recreational facilities.

In addition to this master plan, the Board is developing a capital improvement program which will set forth the needs of the city for the next six years.

When these plans and programs are completed, we will have a workable design of great value not only to the city government itself but to those who desire to invest in the future of our city.

A bill filed in the Legislature will expand the power and authority of the City Planning Board. For years, Boston has lagged behind in this most important function of municipal government, with the consequence that our city has not developed with any real thought of the future.

It is my conviction that a vigorous, well-organized, competently staffed Planning Board can be, and should be, one of the chief assets of our city.

Conventions, etc.

Nineteen hundred and fifty was the best convention year in the history of the city. Boston, in my opinion, has never fully taken advantage of its potentialities as one of the most attractive meeting places in our country. It is my hope, through the cooperation of the Convention Bureau of the Chamber of Commerce, to bring more conventions to our city, not alone for the increased business which results from them, but also to impress upon our visitors the various charms and advantages which make Boston unique among the large cities in America.

In this connection, it is wise, in my opinion, to build a suitable and modern auditorium of reasonable size which can be utilized, not only for conventions, but for meetings of various organizations.

Such an auditorium, now a recognized utility in most large cities, is the subject matter of a bill I have submitted to the Legislature. If that Body gives authorization, the auditorium will be built, provided, of course, there is an alleviation in the present state of national emergency.

During 1950, and acting in concert with the Chamber of Commerce, a Clean-Up, and Boston Jubilee Week was eminently successful and served to emphasize once again the fundamental appeal which Boston has for people all over our nation. It obtained for us a vast amount of national goodwill.

The Christmas Festival, continuing until January 6, marks one of the brightest periods in the modern history of our city.

For the first time, the main shopping streets of the downtown area, and many of the city's scattered shopping areas, were decorated and illuminated for the Christmas season.

The Boston Common and Public Garden were the locations for displays in keeping with the spiritual significance of Christmas. For five full weeks, Choral groups, representing almost every element in Boston, gave freely of their time and talent to make this past Christmas Season one to be long remembered by our citizens. So successful was our first Christmas Festival, made possible through the generous contributions and help of the Chamber of Commerce, the Retail Trade Board, and various interested individuals, that I recommend it become an annual institution, on even a broader scale, in our city.

Boston Common Garage

The proposed garage under Boston Common, to be used as a bomb shelter in times of grave danger, will be built by private enterprise, as called for under existing law, as soon as the Reconstruction Finance Corporation gives final approval to the loan for its construction. I am hopeful that this approval will be forthcoming shortly, so that this dual-purpose facility may become an actuality rather than a dream.

Legislation.

Last year, the Massachusetts Legislature gave approval to all but one of the bills submitted by the city. It is my hope that this year the Legislature will give the same studious attention and cooperative action to the several bills affecting our city which have been filed. Because of the financial problems already confronting the city, it is essential that no bills which entail the expenditure of additional moneys by the city be passed without ample consideration and without providing for subsequent approval by responsible municipal authorities.

School Department.

Various bills have been submitted to the Legislature by school officials, agencies and alliances which, if enacted into law, would necessitate tax rate increases ranging from at least \$1.00 to as high as \$3.00. The purpose of these proposed bills is increased compensation for teachers, larger numbers of custodial personnel, etc. I have not had the time to consider the merits of the proposals involved in this legislation, but I feel it necessary to point out that further increases in school appropriations would hardly seem

warranted at this time, when there has been no material increase in enrollment in our public schools, and when there are thousands of empty desks and seats in existing school buildings. In the absence of any healthy and positive expansion in our school system, it is difficult to comprehend the necessity for enlarging for the third consecutive year the appropriating power of the School Committee.

Real Estate Valuations.

The main source of the city's income is the levy on real estate. Consequently, the owners of real property bear the heaviest load when the tax rate is high, or when the valuation placed on property is high.

It is our purpose to equitably value each piece of property in our city, but that cannot be accomplished in the period of one, or even two years.

Some of the larger properties in our city have been overvalued for many years, because by such a procedure, a false tax rate could be arrived at. This resulted in a flood of abatements each year, and also made possible a profitable field for certain individuals who specialized in soliciting for tax abatements.

The intent of our assessors is to stabilize and equalize property values; to make fair adjustments where values are palpably high; to discourage tax abatement solicitation, and to bring order out of a situation, which, to say the least, has been chaotic for years.

A start has been made toward stabilizing property valuations.

To eliminate inequities, the Board of Assessors in the year just ended granted tax abatements totaling \$4,397,464. This is contrasted with \$12,289,609 refunded in 1949 under the previous administration.

Of the abatements allowed during the past year, \$1,438,540 was on the 1950 tax levy. Here again we may compare that figure with the \$5,500,000 which was refunded in 1949 on the current levy of that year.

While it is impossible to foresee future trends in the real estate market or to predict what conditions may arise by reason of the international situation, it is not the intention of this administration to further burden real estate by taking every advantage of inflationary values.

Financial Outlook.

Our planning for this year, whether it be with respect to matters of magnitude, or otherwise, will be predicated on the state of world conditions. Obviously, if the present emergency situation should worsen, it will be essential that all our activities be pointed in the direction of national security.

Everything that can be deferred will be deferred, and even those activities which now seem so essential must, in event of war, become of secondary importance to the retention of our liberties and our principles of life.

Whatever must be spent for the defense of our population will be spent. Aid will be sought from the state and national governments in the major fields of civil defense expense. Whatever that aid might be, it is, nevertheless, a grim possibility that civil defense can prove to be the major item of municipal expenditure.

When I took office last January, it was plain that a substantial increase in the tax rate was inevitable. It was my hope, however, that in 1951, a reversal of the upward trend might be possible.

That prospect now grows dimmer with each passing month.

The city, like every other corporation, like every householder, is now paying more for everything which it purchases, and for almost everything which it does. Costs are increasing on every hand; and savings, such as were made in the annual costs for removal of ashes and garbage, are quickly swallowed up by other pressing or mandatory requirements.

With no immediate hope of a new income source; with the possibility that the city's share of the state income and corporation tax will be less than in 1950; and with the likelihood that increasing living costs will make a general salary increase for all employees and economic necessity, it is becoming more and more evident that an increase, rather than a decrease in the tax rate, will occur in 1951.

The five-day week for the members of our Police Department, which I favored and which the people approved in the November Election, will cost us in the vicinity of \$900,000. Welfare costs mounted by \$3,200,000 during the past year, and there is every prospect that these expenses and the expenditures for Veterans' Services will go even higher this year. These are primary responsibilities we must meet.

Every effort will be made to avoid an increase in the present high rate, and economies will be instituted wherever possible. Yet, with costs that are increasing at an alarming rate, and with no new revenues to offset such costs, it is manifest that the 1951 tax rate will not be lower than the present figure.

During the past few years the tax rate of the city, by the use of various expedients, was not always a true rate.

Whatever the tax rate for 1951 may be, it will be an authentic rate. I will devise no schemes and adopt no artifices to present a fictitious tax rate, which will eventually make worse a situation now far from bright.

Since the financial accounts of the city for 1950 have not yet been closed, it is not possible to present at this time a full financial report on the year just ended. Two accomplishments, however, are worthy of comment.

In the face of all the financial problems confronting the city, a reduction of \$1,000,000 was achieved in our net debt. This was particularly gratifying for it halted the upward trend which has seen the city debt climb steadily for the past four years.

An all-time high record was achieved this year in the percentage of taxes collected. This reflects a confidence on the part of the taxpayers in their city government, and is a creditable record on the part of the office of the City Collector.

Conclusion.

To conclude this report, may I state that in the course of the past year, and in several directions, considerable progress has been made in the administration of our municipal government.

Unless abnormal conditions prevent it, that same course will be followed in 1951.

In any event, my administration will continue its policy of doing, within our limitations, and within our lights, what is best for our city and for our citizens.

Finally, to the members of the City Council, may I say, we have had pleasant relations during the past year. I hope they will continue. Each of us has a grave responsibility. I ask for your continued help and cooperation in bearing my responsibilities. I assure you of my help and cooperation in the bearing of your responsibilities.

Let us, each of us, do our best for our city. No more can be expected of us. Anything less, in these extremely trying times, would not be worthy of the trust reposed in us.

During this year of 1951 — may God be with us — as He was with our fathers.

BANNER HEALTH YEAR FOR BOSTON CITIZENS.

(Continued from page 1.)

Of particular importance is the decrease in the number of deaths from tuberculosis. The tuberculosis death rate for 1950 represents a decrease of more than 10 per cent over the year 1949, the lowest tuberculosis rate in the history of the city. This accomplishment in tuberculosis undoubtedly is due to many reasons. Primarily, however, it is due to the tuberculosis X-ray survey which was carried on in the late months of 1949 and the early months of 1950. As a result of this program more than 300 active cases of tuberculosis were uncovered which required treatment in the early stages of the disease when the treatment of the disease is most effective. Together with this early case-finding of tuberculosis, the modern drugs, early hospitalization, new surgical treatment, and extended facilities by the Boston City Hospital and the Sanatorium at Mattapan have been responsible for the marked improvement of tuberculosis in Boston.

Nineteen hundred and fifty marks the close of the first half of the twentieth century. It is interesting to note some of the changes in health statistics which have occurred over the first half of the century. The population of Boston has increased approximately 33 per cent. The infant of 1900 could normally expect to live but 50 years. A child born in 1950 may expect to live approximately 70 years. Newer hospital methods, better and more scientific care and facilities, improved milk supply, and improved sanitary facilities all share the credit for this remarkable improvement.

Figures alone do not tell the entire story on the decreased death rate in Boston from the diseases which years ago were responsible for taking lives in the early age group and which have been very markedly reduced. The diseases and conditions which are responsible for deaths in the older age group have increased: cancer, diabetes, heart disease, brain hemorrhage. Conditions which frequently affect people above the age of 60 are much more prevalent now than at the start of the century, whereas, such diseases as diphtheria, scarlet fever, measles, meningitis, stomach and intestinal conditions in children have decreased enormously.

Great strides have been made in the care of prematurely-born infants and in conjunction with better hospital facilities, and more adequate care, the number of deaths of prematurely-born babies in the City of Boston for 1950 has been greatly reduced. In conjunction with better treatment, a state law, which has been in effect for its first full year in 1950, in which local health departments, including the Boston Health Department, furnish the essential care in hospitals for prematurely-born babies may be credited with much of the decrease of death for these underweight infants.

Due to the increase in the number of people in Boston in the older age groups the Health Department has laid great stress in the last several years on more adequate care for the aged in hospitals, convalescent homes and nursing homes. More rigid inspection by the Food Division, the Housing Division, the Nursing Service, the Medical Division, the Boston Fire Department, and the Building Department of the City of Boston have resulted in more adequate care in privately conducted homes and hospitals being furnished to the aging group.

Some of the more marked changes which have transpired in 50 years of operation of the Boston Health Department extend all the way from the racing of horse-drawn ambulances carrying small-pox victims to the Detention Hospital to the modern, high-powered motor vehicle ambulances of today with no small-pox cases to deal with but carrying prematurely-born infants in an oxygen equipped, heated incubator to nurseries specially equipped for the care of these babies. The milk supply for the City of Boston has not been responsible for an outbreak of any disease for over a quarter of a century.

The sewage disposal in the City of Boston has been materially improved and private cesspools have been essentially eliminated. There is still opportunity for improvement in a more satisfactory engineering disposal method. The health of the City of Boston, however, has not been endangered by the present method of sewage disposal. The housing program, by the elimination of the older houses in the congested areas of the city, has been responsible for the improvement

of the general health of many people on the lower economic levels.

In 1900, there was essentially no supervision of public eating and drinking establishments insofar as the health of patrons was concerned. The program in operation in the Boston Health Department today is a pattern which is the envy of many large cities in the nation.

Many diseases, which in 1900 had an entirely hopeless outlook, today are under complete control. Diphtheria is preventable, typhoid fever practically does not exist in Boston, diabetes may be completely controlled, pernicious anemia and many of the anemias are controllable, cancer, when detected early, may be cured; the medical profession and technicians in the field of research, public health workers and many allied workers in the medical field, new surgical procedures, modern methods of blood fractionation and transfusion, all contribute to many of the remarkable accomplishments in the field of public health.

There follows a résumé of some health statistics for Boston for the years 1946 to 1950:

REAL ESTATE BOARD TAKES BACK BAY SITE FOR ANOTHER OFF-STREET PARKING SITE.

On December 21, 1950, the Board of Real Estate Commissioners issued the following statement:

The Board of Real Estate Commissioners, with the approval of Mayor John B. Hynes, voted on December 21, 1950, to take, by eminent domain, 54,800 square feet of land bounded by Berkeley street, St. James avenue, Clarendon street, and Providence street, together with buildings and structures thereon, since in the Board's opinion public necessity required the taking for off-street parking purposes.

The city has placed on record at the Registry of Deeds the Order of Taking. It is the Board's intention to immediately

plan for the construction of a 600-car parking garage, and it is expected that construction will commence in the late spring. The land and buildings in that area are assessed for approximately \$540,000.

The location has met with the unanimous approval of the Off-Street Parking Committee of the Back Bay Association, which association is comprised of a great majority of the business, financial and insurance institutions in that area.

This taking brings the number of the city-owned parking units to five, the others being at Lincoln and Essex streets, Winthrop square, Franklin and Pearl streets, Post Office square.

The original \$5,000,000 authorized by the Legislature to be borrowed for the purpose of creating off-street parking facilities has now been fully allocated.

MAYOR HYNES SENDS PERSONAL THANKS TO CITIZENS THROUGH WHOSE GENEROSITY BOSTON NOW BOASTS TWO PIPE ORGANS.

Mayor John B. Hynes has sent the following letters of thanks on behalf of Boston's citizens to donors of organs for the Parkman Bandstand and the Wayfarers' Lodge:

January 3, 1951.

MR. IRVING GREEN, G. and G. Delacattessen, 1106 Blue Hill Avenue, Dorchester, Mass.

DEAR IRVING:

I did not know until I read it in the newspapers that you had given an organ to the Wayfarers' Home of the Public Welfare Department. Please accept my personal appreciation, and the gratitude of the people of Boston, for your very generous gift. I am sure what you have done will bring joy and pleasure to many homeless men who will have an opportunity to enjoy the strains from your organ.

My very best wishes to you for a happy and healthy New Year.

Sincerely yours,

JOHN B. HYNES, Mayor.

January 3, 1951.

MR. HARRY BLAKE, President, Boston Chamber of Commerce, 80 Federal Street, Boston, Mass.

DEAR HARRY:

May I express my public gratitude to you for your gift of an organ to the City of Boston, which now reposes at the Parkman Bandstand on Boston Common. Your gift will meet a need which has been evident for some time. It will provide, as it did all through the Christmas Festival, pleasure for countless numbers of people.

May I also thank you for your wonderful cooperation and for the energy you gave to the Christmas Festival which, as you know, was successful even beyond our dreams. My sincere and deep appreciation, both in my name and in the name of the citizens of Boston, is extended to you.

With every best wish for a happy and healthy New Year, I am,

Sincerely yours,

JOHN B. HYNES, Mayor.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for temporary promotion in rating and increase in salary of Daniel J. Fitzgerald, 7 Linden street, South Boston, from gas fitting inspector at \$4,000 a year to assistant supervisor of plumbing at \$4,500 a year.

Approval has been given for an increase in salary from \$3,600 to \$3,800 a year for John R. Hanton, 421 Saratoga street, East Boston, as auditing clerk.

CIVIL DEFENSE.

Permission has been given to employ Patricia Cunningham on a part-time basis for 20 hours at 85 cents an hour.

Approval has been given for an extension of 20 hours on the part-time employment of Marjorie O'Neil.

Ritchie & Associates, 38 Newbury street, Boston, Mass., for architectural and engineering services in connection with the erection of a transformer vault, Ambulance Yard, Boston City Hospital.

The architect to be paid a fee equal to 10 per cent of the actual cost of the work subject to the provisions of the contract for said services.

Because of the technical nature of the service required, the Trustees are of the opinion that there would be nothing gained by publicly advertising for bids.

Respectfully yours,

MARTIN J. ENGLISH, M.D.,
President, Board of Trustees.

BOSTON, December 27, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We hereby respectfully request your approval to award a contract, without publicly advertising, to James H. Ritchie & Associates, 38 Newbury street, Boston, Mass., for architectural and engineering services covering specifications and supervision in connection with the furnishing and installing of metal screens and grilles and repair of screens, Boston City Hospital.

The architect to be paid a fee equal to 10 per cent of the actual cost of the work subject to the provisions of the contract for said services.

Because of the technical nature of the service required, the Trustees are of the opinion that there would be nothing gained by publicly advertising for bids.

Respectfully yours,

MARTIN J. ENGLISH, M.D.,
President, Board of Trustees.

PUBLIC WORKS DEPARTMENT.

BOSTON, December 19, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Since 1946 this department has had an agreement with Brink's, Inc., on a month to month basis for the daily transportation of toll collections from the Sumner Tunnel to a designated local bank. The agreement also covers the daily delivery of money from the bank to the Sumner Tunnel for the purpose of providing change for the collectors.

Brink's, Inc., has submitted a new contract for the transportation of money, as above described, effective on January 2, 1951, and to continue for the period of one year and thereafter until canceled by either party to the contract, for the sum of \$90 per month, superseding the contract now in effect, dated September 19, 1946. This charge, in my opinion, is fair and reasonable considering the responsibility involved, and no advantage would be gained by advertising for bids.

Because of the fact that the cost will be in excess of \$1,000, I respectfully request the authority of your Honor to dispense with advertising and to award

a contract to Brink's, Inc., for performing this service at the rate of \$90 per month.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, December 29, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, a contract is in effect in this department with James A. Freaney, Inc., 1 West street, Hyde Park, for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures and other incidental work in the West Roxbury Water district.

This contract was awarded as the result of publicly advertised bids that were opened in this office on Wednesday, October 25, of the current year. Prior to the present contract, the Freaney firm held a similar contract, which was awarded by the previous administration, without publicly advertising for proposals. The latter-referenced contract was, however, the same as the contract that was awarded as the result of publicly advertised bids which were opened on January 25, 1949. In October of this year, we publicly advertised for this work in an effort to obtain prices that were lower than the ones in effect in the then current contract. When the bids were opened on October 25, James A. Freaney, Inc., submitted the lowest bid, but submitted an increase in the principal item of the contract, namely, earth excavation. The previous price of \$3.50 per cubic yard was increased to \$4 per cubic yard. The 50 cents per cubic yard increase in the publicly advertised proposal, that was opened on October 25, leads me to the belief that we would not obtain any lower quotations, in view of the rising market, if we publicly advertised for proposals for this work at the present time. The new price of \$4 per cubic yard for excavation, as submitted by Freaney with his publicly advertised proposal of October 25, is in line with the excavation price included in the other three contracts, that are in effect in the Water Division in various sections of the city for the same type of work included in the Freaney contract.

The work of the Freaney firm has been very satisfactory, and the contractor is thoroughly familiar with the work and has been very cooperative at all times when called upon to assist the Water Division in repairing the water leaks. The unit bid prices in the current contract are fair and reasonable, and I question whether lower ones could be obtained, if publicly advertised proposals were requested.

Your approval, therefore, is respectfully requested to the award of a contract, without publicly advertising for bids, for reasons as described above, to James A. Freaney, Inc., of 1 West street, Hyde Park, in the amount of \$24,000 for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures and other incidental work in the West Roxbury district. The work to be performed under this contract is to be completed on or before July 1, 1951, on the basis of the unit prices that are included in the current contract with the exception of the item for replacing artificial stone sidewalks. This item has been eliminated as I feel that it is better to have the latter-referenced work done concurrently with

the work of replacing sidewalks where openings were made by Public Utility Corporations.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, December 22, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

For several years approval has been granted to purchase perishable foods, including fruits, vegetables, meats, poultry, butter, fish, and eggs weekly, instead of on a monthly basis as was this department's practice prior to 1938.

This departure from customary departmental procedure was initiated only after thorough consideration of all factors involved, and was the recommendation not only of city officials but of a committee of purchasing agents representing leading private concerns.

As this procedure has proven to be in the best interests of the city, it is requested that authority be granted me to purchase weekly in the open market and without public advertisement the foods listed above and also to purchase sugar, as required, on the same procedure for a period of six months from January 1, 1951, to June 30, 1951, inclusive.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 26, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Board of Recreation for one Model DSJ-Coxhead office composing machine.

It is respectfully requested that I be granted authority to award a contract, without public advertisement, to the Ralph C. Coxhead Corporation, 177 Milk street, Boston. Inasmuch as this corporation is the only company that manufactures the type of machine requested, no advantage could be gained from a public advertisement for bids.

Total amount of contract will be \$1,950, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

MUNICIPAL COURT, SOUTH BOSTON DISTRICT.

December 15, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

MY DEAR MR. MAYOR:

Your approval is hereby requested for the award of a contract for transportation of prisoners, without public advertising, to Mary M. Gibbons, 1968 Columbia road, South Boston, at a monthly cost not in excess of \$183, for the period commencing with January 1, 1951, and ending with the last day of the month in which the annual municipal budget of the City of Boston for 1951 becomes effective, but in no event later than March 31, 1951, and which proposed contract shall contain a provision reading substantially as follows:

"The parties to this contract hereby agree to renew this contract upon the same terms and conditions, except that

the monthly cost during the renewal of this contract for any month may be in excess of \$183,—for the period commencing April 1, 1951, or the first day of the month next succeeding the month in which the annual budget of the City of Boston, including the County of Suffolk becomes effective, whichever is earlier, and ending December 31, 1951, provided, that on or before April 3, 1951, there is available to the court an unencumbered appropriation sufficient for such renewal contract."

The total amount contemplated, however, for expenditure under the proposed contract, as renewed, shall not exceed \$2,000.

The above-described proposed contract is made necessary in view of the limitations imposed upon city and county officers by statutes of 1909, chapter 486, section 3A, as inserted by Acts of 1941, chapter 604, section 1, relative to the incurring of liabilities, without an appropriation, prior to the date upon which the annual municipal budget takes effect.

The above-named individual has performed this essential service for a considerable number of years and has proven herself highly dependable and efficient. This performance has always been highly satisfactory and her rates are fair and reasonable for the services rendered. I therefore am of the opinion that nothing could be gained by publicly advertising for bids.

Yours very truly,

LEO H. LEARY,
Justice.

POLICE DEPARTMENT ORDERS.

General Order No. 1,401.

Patrolman Edwin D. Flanders, Jr., City Prison, honorably discharged veteran, having arrived at the age of sixty years, having been in service of Boston Police Department for twenty-eight years, and having requested retirement under provisions of section 57, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, Patrolman Edwin D. Flanders, Jr., will be retired from active duty in the Police Department, effective Wednesday, December 27, 1950, at 5:45 o'clock P.M.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,402.

Due to the number of persons still absent from their homes as members of some branch of the United States military service, it is doubly important that all officers detailed to listing work exercise the greatest care to the end that absolute accuracy be obtained in the listing of all residents twenty years of age and over, and particularly the above-mentioned persons, male and female, in

the armed services who must be listed from their last legal Boston residence.

The particular branch in which men and women are enrolled in the United States military service shall be indicated in the space on the card that is set aside for "Occupation" as Army, Navy, Air Force, Marine Corps, etc.

It is imperative that all listing officers visit each and every building to secure the names and required information of the occupants. Under no circumstances shall the printed list of the previous year be referred to as a basis of residence. Nor shall it be assumed that a resident according to the 1950 printed list is now an occupant of the same dwelling.

The attention of the department is called to Superintendent's order of December 26, 1950, in reference to police listing which begins on Tuesday, January 2, 1951.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,403.

The resignation of Patrolman Hugh J. Chaisson, Division 15, having been presented, it is hereby accepted to take effect Friday, January 5, 1951, at 7:45 o'clock A.M.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 73.

I. CAPTAIN WILLIAM J. NOLAN.

It is with deep regret that the Fire Commissioner announces the death on December 22, 1950, of Captain William J. Nolan of Engine Company 21. Captain Nolan was appointed to the Fire Department April 15, 1908, promoted to the grade of lieutenant December 26, 1924, and to captain July 9, 1937.

The funeral was held from the Gerald F. Scally Funeral Home, 54 Pleasant street, Dorchester, at 8:15 A.M., December 26, 1950, followed by services at St. William's Church, Dorchester avenue, at 9 A.M.

The Chief of Department made the customary detail to act as funeral escort and members of Engine Company 21 were excused from duty to attend the services.

II. RETURN TO DUTY.

The following-named member who was granted leave of absence, October 8, 1950, in order to serve in the U. S. Navy, has been discharged from the Navy and has returned to duty in this department effective as of 8 A.M., Wednesday, December 27, 1950:

Ladderman Richard A. Kemp, Ladder Company 20.

III. RETIREMENT.

The following retirement which will become effective at 8 A.M., Monday, January 1, 1951, is hereby announced:

Ladderman Charles I. Pierce, Ladder Company 24.

Ladderman Pierce was appointed to the Fire Department January 3, 1945. He leaves the department with the best wishes of his associates.

IV. TRANSFERS.

The following transfers will become effective at 8 A.M., Wednesday, January 3, 1951:

Hoseman John J. Doucette, from Engine 21 to Maintenance Division.

Hoseman Lewis E. Arnold, from Engine 23 to Engine 55.

V. RELOCATION AND CHANGE IN DESIGNATION OF FIRE ALARM BOX.

Fire Alarm Box 13-1355 has been relocated from the Administration Building to the White Building at the Massachusetts General Hospital.

Company commanders will change the designation of this box on assignment cards to read as follows:

13-1355 Massachusetts General Hospital, White Building, Fruit street.

VI. INVENTORY FORM.

Form 1, Inventory Form, is being issued to the department today. These forms are to be filled out as of January 1, 1951, and returned to the Office of the Fire Commissioner for his personal inspection on or before Friday, January 26, 1951. One (1) Form is to be given to each company commander and head of each branch division.

In houses where more than one company is located, the senior officers in command of the houses will include in their inventories all articles which are used in common by the various companies in the stations. They will note on the last page of the Inventory Form the fact that their inventory includes house equipment.

VII. A. D. T. SIGNAL.

Company commanders shall add the following signal number to running cards of the A. D. T. Company in this department:

Signal 794, Recording and Statistical Corporation, 55 Old Colony Parkway. (Sprinkler.) Apparatus to respond: Engine 21, Ladder 20, District Chief 10. Nearest Box 3228.

VIII. APPRECIATION.

The Fire Commissioner is pleased to publish the following letter for the information of members of the department:

"December 14, 1950.

City of Boston Fire Department, 60 Bristol Street, Boston, Mass.

Attention: Michael T. Kelleher, Fire Commissioner.

GENTLEMEN:

There was a fire in our building Monday night, December 11.

Like most of us, the writer always took the fire department for granted. I figured that firemen spent their time playing checkers, making toys, etc., a great job for a lazy fellow.

It happened that I was at the building within fifteen minutes after the firemen got there. Their energy and efficiency amazed me. In these days of scarce materials I shudder to think at what the loss would have been had your department been anything but the best. We are deeply grateful.

The enclosed check for \$100 is for use as you think best for the benefit of the men.

Very truly yours,

REPUBLIC PIPE & SUPPLY CORPORATION,
by SAMUEL J. LIPSITZ."

The check was forwarded to the Boston Firemen's Relief Fund.

IX. COMMENDATIONS.

The following-named are hereby commended for responding to and working at fire, Box 723, five alarms, at 1.34 A.M., December 19, 1950, while off duty:

Ladderman John S. Allen, Ladder Company 5.

Ladderman John F. Collier, Ladder Company 5.

Ladderman John F. Shannon, Ladder Company 5.

Hoseman Julius C. Sutton of Engine Company 40 is hereby commended for responding to and working at fire, Box 6155, two alarms, on December 22, 1950, while off duty.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

MAYOR JOHN B. HYNES NAMES GROUP OF LEADING CITIZENS, MEN AND WOMEN, TO STUDY CITY'S SOCIAL AND CIVIC PROBLEMS, WITH VIEW TO ABOLISHING FRICTIONS AND INCREASING HARMONIOUS RELATIONSHIPS OF GOOD WILL—ALSO AIM TO STUDY VANDALISM AND DELINQUENCY IN CITY'S JUVENILES—NAMES ASSISTANT SUPERINTENDENT OF SCHOOLS, D. LEO DALEY, CHAIRMAN, UNTIL COMMITTEE MEETS FOR ORGANIZATION.

MAYOR HYNES APPEALS TO BOSTON CITIZENS TO SEND BOOKS, MAGAZINES, AND COMIC PUBLICATIONS TO ARMED FORCES CLUB FOR SHIPMENT TO BOSTON BOYS IN KOREAN WAR ZONE—NAVY DEPARTMENT'S AID SECURED FOR TRANSPORTATION.

Mayor John B. Hynes issued an appeal to the people of Boston to send books, magazines, and comic publications to the Armed Forces Club at Boston Common for immediate transportation to the men of Korea. Arrangements have been made by him with the Navy for the shipment of reading material overseas as rapidly as it is received.

MAYOR HYNES INVITES PRESIDENT TRUMAN TO AMVETS CONVENTION, IN BOSTON, SATURDAY, SEPTEMBER 1.

Mayor Hynes has sent the following letter to the Hon. Harry S. Truman, President of the United States:

MY DEAR MR. PRESIDENT:

The 1951 national convention of AMVETS is to be held in Boston during the late summer of this year. The organization is most anxious, as we are here in Boston, for you to come to our city on Saturday, September 1, 1951, to address the convention delegates.

I know how uncertain your schedule must be, and how impossible it is at this time to make any definite commitment. However, if you can accept such an invitation, tentatively, it will be very satisfactory to the AMVETS. In view of the fact that the people of Boston have only seen you during a campaign, it occurred to me that this might be a very fine opportunity to come to our city, if even for a few brief hours.

With every best wish for a happy, healthy New Year, I am

Respectfully,

JOHN B. HYNES, Mayor.

Mayor John B. Hynes has named a group of 50 leading citizens of Boston for the purpose of improving civic conditions and the betterment of relationships between the various members of Boston's cosmopolitan citizenship. The group will make every effort to foster good will and to suggest plans for the better education of all, so that Boston may grow in name and fame as the best and greatest municipality in the United States.

In naming his group Mayor Hynes expressed the opinion that this city is freer of tensions and frictions and exemplifies more harmonious living of all, side by side, than any other large city in America. He plans that his group will work unceasingly to have this continue to be the fact.

The committee of 50 men and women will be called together and after organization will study and then recommend a program of effective education that will seek out any causes for friction and eliminate them by associations and understandings. The committee will also seek to study how to eradicate and banish the spirit of vandalism that has been manifesting itself from time to time, on the part of juveniles.

Organization Meeting Soon.

In letters to prospective committee members, the Mayor said he is "temporarily putting D. Leo Daley, assistant superintendent of Boston schools, as executive director until the committee itself can elect its own chairman."

The Mayor will call a general meeting of the committee later to choose an executive board.

The Committee for Civic Improvement, with John B. Hynes, Mayor, Honorary Chairman, includes:

D. Leo Daley, Assistant Superintendent of Schools, Executive Director; Hon. Eli Adlow, Justice, Boston Municipal Court; D. Kelly Anderson, President, New England Mutual Life Insurance Company; Hon. Jennie L. Barron, Justice, Boston Municipal Court; John V. Bonner, Counsel, Police Department; Henry Berlin, President, Converse Rubber Company; Joseph Charyna, Gas Business Executive; Richard A. Condon, Treasurer, Saint Vincent de Paul Society; Hon. John Connelly, Jr., Justice, Juvenile Court; Frank Consilvio, Telephone Worker; Patrick A. Desmond, Business Agent, Labor; Edward C. Donnelly, President, John Donnelly & Sons; Stephen Douglas, Commander, Carter Post, A. L.; Walter F. Downey, School Department; Carl Epstein, Attorney; Harold Fellows, General Manager, WEEI; John I. Fitzgerald, Sr., Auto Parking Expert; John A. Flaherty, Clerk of Court, South Boston; John Grigalus, Attorney; Casper M. Grosberg, Merchant; Dr. Dennis C. Haley, Superintendent, Public Schools; Edward B. Hanify, Attorney; Thomas A. Heffernan, President, Catholic Alumni Sodality; Herbert Hoffmann, Photographer; Alfred Horton, Newspaper Publisher.

MAYOR HYNES APPEALS FOR BOOKS AND MAGAZINES FOR BOYS IN KOREA.

(Continued from page 21.)

"Reading matter is an important aid in maintaining the morale of the men with the Armed Forces," said the Mayor, who is himself a veteran of both World Wars. "Men who have served for long periods in the front lines report that reading material is a means of considerable relaxation particularly while they are in the trenches with nothing to do during the day but to keep out of the sight of enemy observers."

"One man recently returned from Korea said he felt that he would have cracked-up during one prolonged period at the front if it were not for a book of poems that he carried with him in his haversack throughout the ordeal. Perusing the poems helped him keep his mind off himself and the horrors that go with enemy artillery and machine gun fire. Novels, adventure, and detective stories, as well as comics, are always in demand among the Armed Forces, he said."

Already the Mayor has received more than a score of bundles of books, magazines, and "funnies" for the men at Korea, but thousands more are needed if Uncle Sam's best are to be kept adequately supplied with reading matter. Literature, sent in the name of the men at Korea to the Armed Forces Club,

Boston Common, will be received daily between the hours of 11 A.M. and 11 P.M.

The Mayor has been deeply touched by the expressions of gratitude sent to him by nearly 100 Boston men, and two women, who received Christmas boxes that were sent to them by the Mayor's Christmas Festival Committee. A total of 492 boxes were shipped, representing the total number of Boston men and women known to be at Korea prior to Christmas. All of the letters expressed deep pride at being remembered by their home city.

FOR LAND-TAKING BY BOSTON HOUSING AUTHORITY.

The Mayor has approved requests contained in the following letters:

BOSTON, December 20, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

Re: State-Aided Project, Boston, 200-12, South Street, Jamaica Plain.

DEAR MR. MAYOR:

Pursuant to the provisions of section 26P of chapter 121 of the General Laws, this Authority hereby deposits with you security required by section 40 of chapter 79 of said General Laws prior to taking by eminent domain the proposed site of the above project.

This security is in the form of an original counterpart of the contract for financial assistance between this Authority and the Commonwealth of Massachusetts dated as of December 6, 1950.

If such security meets with your approval, will you endorse such on the enclosed copies of this letter.

Very truly yours,

CORNELIUS T. KILEY, *Chairman.*

BOSTON, December 20, 1950.

Mayor of Boston.

Re: State-Aided Project, Boston 200-10, Wood Estate.

DEAR MR. MAYOR:

Pursuant to the provisions of section 26 P of chapter 121 of the General Laws, this Authority hereby deposits with you security required by section 40 of chapter 79 of said General Laws prior to taking by eminent domain the proposed site of the above project.

This security is in the form of an original counterpart of the contract for financial assistance between this Authority and the Commonwealth of Massachusetts dated as of December 6, 1950.

If such security meets with your approval, will you endorse such on the enclosed copies of this letter.

Very truly yours,

KOREAN GI THANKS MAYOR HYNES FOR CHRISTMAS BOX.

Mayor Hynes recently received the following communication from Cpl. Charles L. Murphy of Medical Company, 21st Infantry Regiment, whose home address is 294 Dudley street, Boston:

To the Mayor of Boston:

Sir, I want to thank you
For the box you sent, sincere,
My Company and I enjoyed it
And we send you Christmas Cheer.

From a grateful G. I.,

CHARLES L. MURPHY.

MAYOR HYNES APPEALS TO CITIZENS FOR GENEROUS AID IN "MARCH OF DIMES" CAMPAIGN.

The Mayor has issued the following statement:

Whereas, The number of polio patients in Suffolk County was three times higher during the great polio sweep of 1950, second greatest epidemic in history, and

Whereas, Rising hospital costs left the Suffolk County Chapter of the National Foundation for Infantile Paralysis with \$10,000 in unpaid bills last year,

Therefore, I, official representative of the City of Boston, ask for unusual generosity from the public this year.

It is only through unusual generosity that this year's increased quota can be met. Yet, this quota is a minimum, and it must be met. Anything less means suffering that could have been prevented. Let's make the "March of Dimes" slogan, "Lend a helping hand," mean something by doing just that, by lending a helping hand and a helping dollar.

MAXWELL SHAPIRO NAMED BY MAYOR TO BE MEMBER OF MASSACHUSETTS MARKET AUTHORITY.

The Mayor has appointed Maxwell Shapiro of 400 Commonwealth avenue, Boston, a member of the Massachusetts Market Authority. This is the only appointment which the Mayor is authorized to make to the Market Authority. The other appointments are all made by the Governor.

Maxwell Shapiro was president of the Shapiro Woolen Company and has been engaged in that business since 1912. He is fifty-four years of age and is at present a member of the Advisory Committee on Youth Service; Chairman of the Welfare Division of Civilian Defense; member of the Shawmut Lodge, Masons; member of the American Legion, and various other civic and fraternal organizations.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made:

BOSTON CIVIL DEFENSE.

Permission has been given to appoint Charles Woods as clerk-typist, for a period of six months, at \$1,800 a year.

BUILDING DEPARTMENT.

Approval has been given to allow an amendment to the 1950 budget as follows:

Create two assistant chief inspectors (egress), minimum, \$3,800, maximum, \$4,200, with \$100 annual increments.

Reduce inspectors, 45 to 43, minimum, \$2,700, maximum, \$3,700, with \$100 annual increments.

DEPARTMENT OF SCHOOL BUILDINGS.

Frank A. Martino, 115 Wolcott road, Hyde Park, has been appointed civil engineer-senior architectural draftsman, at \$4,000 a year.

HOSPITAL DEPARTMENT.

Approval has been given to establish a minimum of \$45 per week and a maximum of \$57 per week with annual increments of \$2 per week for dental hygienists at the City Hospital, the same scale established for dental X-ray technicians, retroactive to October 4, 1950.

* Contract awarded.

Upon January 8 the Mayor approved a contract in accord with request contained in the following letter:

BOSTON, January 4, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Bids on proposals for furnishing and delivering soap, as required, to the various city departments from January to April 30, 1951, inclusive, were publicly opened and read in this office. Tabulation of prices received is attached.

Permission is requested to award contracts to the lowest acceptable bidders as checked on the accompanying sheets. These contracts are for Items 1, 2, 3, 4, and 6. The lowest bidder on Items 5 and 7 was Colgate-Palmolive Peet Company but this company failed to file a copy of the bid at the Auditor's office.

In order to take advantage of the lowest prices offered at this time on Items 5 and 7, it is requested that authority be granted me to dispense with further public advertisement for bids and award a contract, without public advertisement, to Colgate-Palmolive Peet Company. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amounts of contracts will be:

Colgate-Palmolive Peet Company, \$12,332, less 2 per cent cash discount for payment within ten days; Armour & Co., \$4,084.44, with no cash discount; Acme Soap Company, \$1,200, with no cash discount.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Bids were as follows:

Item 1. 200 Barrels Soap Powder, 200-Pound Barrels, Per Pound.—Armour & Co., 5.63 cents, Armour, No. 4794,* "Lighthouse," drums; Swift & Co., 7.12 cents, Pride, 92 per cent powder; 18.90 cents, "Mohawk".

Item 2. 40 Cases Soap Powder, 14 44-Ounce, 20 Per Cent Soap, Indicate Packaging if Not as Above, Per Pound.—Armour & Co., 6.98 cents, Armour, No. 4850,* "1776", 30 28-ounce, 15 per cent; Swift & Co., \$3.14 per case, 18 28-ounce, less than 20 per cent.

Item 3. 10,000 Pounds Built Soap, Indicate Brand Name, Size of Bag, Per Pound.—Acme Soap Company, 12 cents, Acme, 130 to 140 pounds*; Armour & Co., 13 cents, Armour, No. 4749, "Giant," 135-pound bag; Swift & Co., 15.21 cents, "Guaranteed," 110-pound bag.

Item 4. 45 Bags Soap Chips, 110-Pound Bags, Per Pound.—Acme Soap

Company, 15 cents; Armour & Co., 15 cents, Armour, No. 4818,* "Flint"; Swift & Co., 18 cents.

Item 5. White Floating Soap, Unwrapped, 5a, 250 Cases, 200 3-Ounce; 5b, 65 cases, 500 2-Ounce; 5c, 30 Cases, 1,000 Half Ounce, Per Case.—Colgate-Palmolive Peet Company, 5a, \$7.90; 5b, \$8.80*; 300 2-ounce; 5c, \$9.50; Swift & Co., 5a, \$7.19; 5b, \$12.52 (exemption certificates to be furnished; see proposal for notation on delivery).

Item 6. 200 Cases Laundry Soap, 120 8-Ounce, Per Case.—Colgate-Palmolive Peet Company, \$7.10; Armour & Co., \$4.90, Armour,* No. 4690, "Sail"; Swift & Co., \$6.61.

Cash Discount.—Colgate-Palmolive Peet Company, 2 per cent, 10 days; Acme Soap Company, net; Swift & Co., net.

Remarks.—Colgate-Palmolive Peet Company, no bid at Auditor's; Armour & Co., see proposal for notation on delivery; Swift & Co., bid runs from January 1, 1951, to January 31, 1951, only basis all orders being received at this office no later than January 1, 1951; all prices subject to acceptance by December 26, 1950.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial firms, supply houses, and contractors for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

LIBRARY DEPARTMENT.

BOSTON, December 20, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested for the award of a contract, without public advertising, to Ward's Stationers, 57-61 Franklin street, Boston, for the purchase of four special card catalog cases. Each case is to contain 18 drawers for 3 by 5 cards; drawers arranged 6 high by 6 wide; drawers to have steel bodies and equipped with snap rods, cast bronze combination pull and label holder; top and end back to be Philippine mahogany, solid parts to be genuine mahogany, finish to match sample to be submitted; approximate shipping weight, 360 pounds each. Each of the four cases will cost \$605. Since this equipment has to be built to special specifications and to match the woodwork and furnishings of the new Open Shelf Department space in the Central Library building, it appears that the results desired cannot be achieved adequately or successfully by advertising publicly for bids.

The trustees have voted "that there be entered into with Ward's Stationers, 57-61 Franklin street, Boston, a contract for the purchase off our special card catalog cases for the new Open Shelf Department, in the total amount of two thousand four hundred and twenty dollars (\$2,420)."

Your approval of this award is respectfully requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
FRANK J. DONAHUE, President.

BOSTON, December 28, 1950.

HON. JOHN B. HYNES,

Mayor of Boston

DEAR MR. MAYOR:

Your approval is respectfully requested for the Trustees to sign a lease, without public advertising, with Toffe G. Kando, for the rental of the premises located at 275 Washington street, Dorchester, for quarters for the Mt. Bowdoin Branch Library. The lease will be for the period January 1, 1951, through December 31, 1951, and the rental will be in the sum of three thousand dollars (\$3,000). It is not possible to obtain competitive bidding, by public advertising, for this purpose.

Inasmuch as the total rental will exceed one thousand dollars (\$1,000), beyond which there must be public advertising for bids, it is necessary to request your permission to enter into this lease without publicly advertising for bids.

Your approval of this award is respectfully requested.

Very sincerely yours,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
FRANK J. DONAHUE, *President*.

PRINTING DEPARTMENT.

BOSTON, December 27, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Your Honor's permission is respectfully requested to permit the Printing Department to award a contract, without advertising, to the Moore Business Forms, Inc., 38 Chauncy street, Boston, for furnishing various payroll forms for the Auditing Department.

These forms are to be lithographed and are designed for use with Moore Automatic Pinfeed devices installed in the payroll office, and are as follows:

75,000 sets, 3-part, Preliminary payroll forms, \$48.92 per M, \$3,670.50.

75,000 sets, 2-part, Final payroll forms, \$31.73 per M, \$2,379.75.

10,000 sets, 3-part, Payroll Summary forms, \$67.11 per M, \$671.10.

10,000 sets, 2-part, Auditing Department—Treasury Draft forms, \$46.10 per M, \$461.00.

Total, \$7,182.35.

The products of the Moore Business Forms, Inc., were originally selected by the Auditing Department after competitive bidding, and over the years the forms delivered by this company have been highly satisfactory.

In view of these facts and taking into consideration that these forms are to be used with the Moore Pinfeed devices, I feel that there would be nothing to gain by public advertising, and so recommend.

Respectfully yours,

JOHN J. TWOMEY, *Superintendent*.

PUBLIC WORKS DEPARTMENT.

BOSTON, December 28, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

At the present time a contract is in effect in this department with Edward X. Taaffe, 35 Presentation road, Brighton, for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures, and other incidental work in the Brighton Water district.

This contract was awarded without publicly advertising for proposals, but it

is based on bids that were obtained after publicly advertising for same on January 25, 1949. The current contract will expire on December 31 of this year, but it is most essential to provide for a continuance of the work provided in the contract. The work of this contractor has been very satisfactory, and the service rendered has been exceptionally good. The current prices for which the contractor is doing the work are fair and reasonable, and I question if lower prices would be obtained if publicly advertised bids were requested.

In view of the rising market, I believe that it would be in the best interests of the city to take advantage of the prices that were obtained, after publicly advertising for bids, almost two years ago. The contractor is well-organized at this time, is thoroughly familiar with all aspects of the work, and has responded with alacrity in all cases where the Water Division has called on him for assistance in connection with water breaks.

Your approval, therefore, is respectfully requested to the award of a contract without publicly advertising for bids, for reasons as described above, to Edward X. Taaffe of 35 Presentation road, Brighton, in the amount of \$12,001, for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures, and other incidental work in the Brighton district. The work to be performed under this contract is to be completed on or before July 1, 1951, on the basis of the unit prices that are included in the current contract, with the exception of the item for replacing artificial stone sidewalks. This item has been eliminated, as I feel that it is better to have the latter-referenced work done concurrently with the work of replacing sidewalks where openings were made by public utility corporations.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, December 28, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

At the present time a contract is in effect in this department with Construction Units, Inc., 294 Washington street, Boston, for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures, and other incidental work in the City Proper Water district.

This contract was awarded without publicly advertising for proposals, but it is based on bids that were obtained after publicly advertising for same on January 25, 1949. The current contract will expire on December 31 of this year, but it is most essential to provide for a continuance of the work provided in the contract. Division has called on him for assistance in connection with water breaks.

Your approval, therefore, is respectfully requested to the award of a contract without publicly advertising for bids, for reasons as described above, to Construction Units, Inc. of 294 Washington street, Boston, in the amount of \$28,425, for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures, and other incidental work in the City Proper district. The work to be performed under this contract is to be completed on or before July 1, 1951, on the basis of the unit prices that are included in the current contract, with the exception of the item for replacing artificial stone sidewalks. BOSTON, December 28, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

At the present time a contract is in effect in this department with Appel & O'Toole Company, 78 Moreland street, Roxbury, for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures, and other incidental work in the Dorchester water district.

This contract was awarded without publicly advertising for proposals, but it is based on bids that were obtained after publicly advertising for same on January 25, 1949. The current contract will expire on December 31 of this year, but it is most essential to provide for a continuance of the work provided in the contract. The work of this contractor has been very satisfactory and the service rendered has been exceptionally good. Your approval, therefore, is respectfully requested to the award of a contract without publicly advertising for bids, for reasons as described above, to Appel & O'Toole Company of 78 Moreland street, Roxbury, in the amount of \$28,403, for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures and other incidental work in the Dorchester district. The work to be performed under this contract is to be completed on or before July 1, 1951, on the basis of the unit prices that are included in the current contract, with the exception of the item for replacing artificial stone sidewalks. This item has been eliminated, as I feel that it is better to have the

latter-referenced work done concurrently with the work of replacing sidewalks where openings were made by public utility corporations.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, December 29, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of October 9, 1950, your Honor approved a contract, after publicly advertising for bids, for laying and re-laying water pipes in Itasca street, Ellington street, Greenwood street, and Maywood street, Boston, to Baker & Co., Inc., 3475 Washington street, Boston.

At the time that the contract was prepared, prior to the opening of bids, it was anticipated that the amount of service pipe to be laid would be approximately 270 linear feet, for the reason that it was anticipated that the existing service pipes would be found in good condition.

As the work progressed, the Maywood street services were found to be almost entirely filled with corrosive material which had been pulled into the service pipes along the entire length of the street. In addition, the service pipes were laid in rock which had cut into the service pipes so that it would have been too great a risk to allow these services to remain; and it was decided to re-lay all the service pipes in Maywood street. The additional work involved totals approximately 500 linear feet of service pipe trench. The contractor has agreed to do this work at the unit bid price of \$3 per linear foot, which is the price that is in effect in the above-referenced contract that was awarded as a result of publicly advertising for proposals. I feel that it would be advisable to have the 500 feet of service pipe trench included in a separate contract rather than to amend the present contract.

I respectfully request, therefore, your approval to the award of a contract, without publicly advertising for bids, for reasons as described hereinbefore, to Baker & Co., Inc., of 3475 Washington street, Boston, in the amount of \$1,500, for laying approximately 500 linear feet of service pipe trench at a unit cost of \$3 per linear foot. This work will be completed on or before January 15, 1951.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, January 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Because of the unusual conditions which often arise following snowstorms and the prolonged periods during which the equipment and necessary labor provided by a contractor must be kept at work, the cost in some instances will be more than \$1,000, necessitating, under the provisions of the charter, written contracts with the firms which have been engaged.

I consider it to the city's advantage to have the department in a position to call upon contractors to furnish labor and equipment, when and where required, when emergency occasions arise, and I respectfully request the authority of your Honor to dispense with advertising and to award a contract to the Rufo Construction Company, Inc., 1 Allen road, Brighton, to furnish labor and equipment, when considered necessary, during the current winter to supplement the regular forces

of the Public Works Department engaged in snow-removal activities.

From a canvass conducted by this department, it has been ascertained that the firm named can furnish the equipment necessary to do the required snow-removal work. Furthermore, advertising for bids would not, in my opinion, be practicable on account of the uncertainty of the amount of work to be done, and also because the contract is mainly for equipment and the rates as established are, in my opinion, the standard rates in this area.

In the event this work becomes necessary, payment will be made in accordance with the schedule of rates established by this department as will be specifically set forth in the contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, December 15, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Public Works Department has submitted a requisition to this office for sixteen automotive units, including passenger cars and trucks, to be delivered before December 31, 1950.

On December 8, 1950, your Honor approved a letter authorizing me to dispense with publicly advertising for bids on any equipment to be delivered before December 31, 1950. It is therefore requested that authority be granted me to award contracts, without public advertisement, to the following companies at the amounts indicated and for the number of units specified:

Bowers Motor Sales, Inc.: Four Ford de luxe Fordors, \$7,000; less excise taxes, \$272—\$6,728; less trade-in on four vehicles, \$1,500; net total, \$5,178. Four Ford 8-cylinder, 2-ton, 134-inch chassis and cab, \$9,712; less excise taxes, \$212—\$9,500; less trade-in on four truck chassis, \$1,850; net total, \$7,650. Total net amount of contract, \$12,828.

Cote Motor Company, Inc.: Two 134-inch Model F-6 chassis and cab, \$4,860; less excise taxes, \$108—\$4,752; less trade-in on two vehicles, \$702; net total, \$4,050. Two 1951 de luxe Fordor sedans, \$3,653.70; less excise taxes, \$145.70; net total, \$3,508. Total net amount of contract, \$7,558.

Cote Motor Company, Inc., is offering a 2 per cent cash discount for payment within 10 days.

Stilphen Motor Company: Three 1951 de luxe Fordors, \$5,442; one 1951 de luxe Fordor, \$1,794; less trade-in on 1948 Ford Fordor, \$604—\$1,190; net total of contract, \$6,632.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, December 28, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the City Clerk's Office for 50 rolls, 11½" by 300' Record Duplex paper, Grade H. H. (coated both sides), at \$45.45 a roll.

It is respectfully requested that I be granted authority to award a contract, without public advertisement, to Haloid Company, 141 Milk street, Boston. Inasmuch as this company is the sole manufacturer of this particular type of

Record paper, no advantage could be gained from a public advertisement for bids.

Total amount of contract will be \$2,272.50, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The contract with Mechanics Iron Foundry Company for furnishing Class B iron castings to the Water Division of the Public Works Department expired on December 31, 1950. This contract contained the clause by which the city could purchase 25 per cent over the original amount.

In order that the city may purchase the additional amount, namely 77,500 pounds Class B castings, at the same price as the original contract, it is requested that authority be granted me to dispense with publicly advertising for bids at this time and award a contract, without public advertisement, to Mechanics Iron Foundry Company. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$10,268.75, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 3, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 19, 1950, your Honor approved a contract to the E. L. LeBaron Foundry Company for furnishing 125,000 pounds Class D castings to the Water Division of the Public Works Department. No deliveries were requested during 1950, and the contract subsequently expired December 31, 1950.

The Public Works Department will need the 125,000 pounds of Class D castings during 1951. In view of the present world conditions, it is my opinion that no advantage would be gained by publicly advertising for bids at this time.

It is therefore requested that permission be granted me to dispense with further advertising and award a contract, without public advertisement, to the E. L. LeBaron Foundry Company for furnishing 125,000 pounds of Class D castings to the Water Division of the Public Works Department, based on the publicly opened bid of November 7, 1950, as attached. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$13,125, net, and the period of the contract will be from January 15, 1951, to March 31, 1951, with the privilege of extending it to no later than December 31, 1951.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

REGISTRY OF DEEDS.

BOSTON, December 28, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In accordance with the provisions of the Acts of 1909, chapter 486, section 30,

as amended, I hereby respectfully request from your Honor written authority to dispense with publicly advertising for bids and to enter into separate contracts with the Recordak Corporation, 99 Bedford street, Boston, for the furnishing of microfilm in rolls to the Suffolk County Registry of Deeds, at a cost of \$6.47 per roll and with Haloid Company, 141 Milk street, Boston, for the furnishing to this Registry of Photocopy Duplex paper, in rolls, at \$45.45 a roll, and Record paper, in rolls, at \$31.90 a roll, both contracts being for the period commencing with January 1, 1951, and ending with the last day of the month in which the annual municipal budget of the City of Boston for 1951 becomes effective, but in no event later than March 31, 1951.

The proposed contracts will contain an article reading as follows:

"The parties to this contract hereby agree to renew this contract upon the same terms and conditions for the period commencing April 1, 1951, or the first day of the month next succeeding the month in which the annual budget of the City of Boston, including the County of Suffolk, becomes effective, whichever is earlier and ending December 31, 1951, provided that, on or before April 3, 1951, there is available to the Register of Deeds an unencumbered appropriation sufficient for such renewal contract."

The approximate total amounts contemplated for expenditure under the proposed contracts, as renewed, are in the case of Recordak Corporation based on an estimated requirement of 650 rolls of microfilm, \$4,205.50; and in the case of Haloid Company, based upon an expected need of 150 rolls of Duplex paper and 50 rolls of Record paper, \$8,412.50.

The above-described proposed contracts are made necessary in view of the limitations imposed upon city and county officers by Statutes of 1909, chapter 486, section 3A, as inserted by Acts of 1941, chapter 604, section 1, relative to the incurring of liabilities, without an appropriation, prior to the date upon which the annual municipal budget takes effect.

The aforementioned firms have supplied the Registry with these materials for the past several years, and their products have consistently been of the very highest quality. Furthermore, it has been found advantageous to use materials supplied by these firms as two Photocopy machines in use at the Registry were acquired from Haloid Company, and a microfilm machine in use was purchased from the Recordak Corporation.

Respectfully yours,

LEO J. SULLIVAN,
Register.

CONTRACT AMENDED.

INSTITUTIONS DEPARTMENT.

United States Hoffman Machinery Corporation of Boston has been allowed to amend the contract for furnishing and installing laundry machinery at Long Island Hospital as follows:

By substituting as the date of completion of the work March 15, 1951, in place of July 1, 1950. Delay is due to the fact that the construction work has not progressed to a point where the laundry machinery can be moved into the building. All provisions of the aforesaid contract except as specifically modified by this agreement shall continue in full force and effect.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the following contracts:

To enter the building or other structure, or the abutting land or buildings at 1 Monmouth square, Ward 1, with such assistance as required, and make safe, vacate forthwith or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

TRAFFIC SAFETY AWARDS WON BY CITIES.

Cities winning awards for excellence in traffic safety have recently been announced in three national contests. A total of 578 cities with populations over 10,000 participated in the traffic safety contest conducted by the National Safety Council, and cities winning first place in their population groups were Washington, D. C.; Syracuse, New York; Berkeley, California; Jackson, Michigan; and Belmont, Massachusetts. Peru, Indiana, and Stillwater, Oklahoma, tied. The national grand award for cities was won by Washington, D. C. Cities winning second and third places were Buffalo, New York; Milwaukee, Wisconsin; Oklahoma City, Oklahoma; Kansas City, Missouri; Arlington, Virginia; Wichita and Topeka, Kansas; Oak Park, Illinois; Burlington, Iowa; Plainfield, New Jersey; Klamath Falls, Oregon; and Albert Lea, Minnesota. Other awards included a special honor roll of 92 cities of more than 10,000 population which completed 1948 without a traffic death.

LEGISLATION FOR CITIES.

At least 30 of the 44 state legislatures that convened in regular sessions this year enacted important bills directly affecting municipal government. A few new laws—on loyalty, for example—reflect comparatively new problems, but most are the extension of trends that became pronounced a decade or more ago. Legislation for increased state aid is predominant. Some states gave cities limited new taxing powers. Chronic housing needs brought legislation in nearly a dozen states. Several governors signed measures giving cities more power to cope with parking problems.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,407.

The resignation of Patrolman Emmett N. Scannell of Division 1 having been presented, it is hereby accepted, to take effect Thursday, January 11, 1951, at 7.45 o'clock A.M., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,408.

Patrolman Lewis S. Morrissey of Division 10 is commended for the fine police work performed by him on December 31, 1950, and granted three days' additional vacation.

On that evening while driving the patrol wagon-ambulance on Columbus avenue en route to the Boston City Hospital, he observed an automobile which answered the description of one previously broadcast over the police radio as being used in connection with an armed robbery.

Patrolman Morrissey immediately radioed this information to the dispatcher and kept him informed of the location of the car, as a result of which a road block was set up which brought about the capture of the occupants of this automobile. Subsequent investigation resulted in the arrest and confessions of five men concerned in a series of assaults and armed robberies in this city and outside communities.

The commissioner is pleased to commend Patrolman Morrissey for his alertness in observing and trailing this wanted automobile which was instrumental in effecting the capture of these dangerous criminals.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

DAMAGES SUSTAINED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That this Board determines that the following persons sustain damages in their estates by the laying out and construction of Pinewood street, Hyde Park district, as a highway, under the order of the Board of December 8, 1950, and awards the amounts hereinafter respectively set against them:

Oliver G. and Agnes R. Comeau, 25 square feet, \$1.

William C. and Mary Davies, 17 square feet, \$1.

William C. and Mary Davies, 21 square feet, \$1.

Cecelia J. Hennessey, 259 square feet, \$1.

City of Boston, 510 square feet, \$1.

Henry W. and Elsa D. Magnussen, 0.40 square feet, \$1.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claim:

Parker McKinnon, 16 Dunreath street, Roxbury, to be reimbursed in the sum of \$68.10, as a result of an accident which occurred on January 30, 1950, when motor vehicle belonging to the Street Cleaning Division, Public Works Department, which he was operating, collided with an automobile owned by Marinucci Brothers & Company, Inc.

PROCEEDINGS OF CITY COUNCIL.

Thursday, December 28, 1950.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 11 A.M., President HURLEY in the chair. Absent, Councilors Chase, Farin, and Verxa.

The meeting was opened with the salute to the Flag.

"NO PARKING" SIGNS ON TERRACE STREET.

The following was received:

City of Boston,
Office of the Mayor, December 27, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of November 20, 1950, concerning "No Parking" signs being placed on Terrace street on the westerly side.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
December 22, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Re: Council Order Dated November 20, 1950, Requesting That "No Parking" Signs Be Erected on Terrace Street on the Westerly Side.

Dear Sir:
In further reply to above Council order, please be advised that at a meeting of the Boston Traffic Commission held on December 14, 1950, it was voted to extend the present 100-foot parking prohibition in Terrace street, Roxbury, so that parking will be prohibited on both sides, from New Heath street to a point 300 feet north of New Heath street, 24 hours.

This goes into effect January 3, 1951, at which time the necessary signs will be erected.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

MAKING OF BURT STREET ONE WAY.

The following was received:

City of Boston,
Office of the Mayor, December 27, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of December 11, 1950, concerning the making of Burt street, Ward 17, a one-way street.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
December 19, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:
With reference to City Council order dated December 11, 1950, requesting that a study be made of the feasibility of making Burt street, Ward 17, a one-way street, our engineers report that Ashmont street, which is parallel to Burt street, has a bus line which uses this roadway in both directions.

To make Burt street one way would result in an additional load of traffic on Ashmont street, which is not sufficiently wide to carry the additional traffic.

In view of the facts, we do not feel that making Burt street one way would result in the improvement desired, but would result in the establishment of very unsatisfactory conditions on Ashmont street.

Sincerely yours,
WM. ARTHUR REILLY, Commissioner.

LOUD-SPEAKING SYSTEMS IN OUT-PATIENT CLINICS.

The following was received:

City of Boston,
Office of the Mayor, December 27, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Superintendent of the Boston City Hospital relative to your order of December 4, 1950, concerning the request to install loud-speaking systems in all of the clinics of the Out-Patient Department.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Hospital Department,
December 15, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:
At a meeting of the Board of Trustees held today the following order of the City Council, dated December 4, 1950, was presented:

Requested that steps be taken immediately to install loud-speaking systems in all of the clinics of the Out-Patient Department, in order that the people waiting there for treatment will be able to hear their name when it is called.

The Trustees voted to request this service in the next budget.

Very truly yours,
J. W. MANARY, M.D.,
Superintendent.

FIVE-CENT FARE FOR CHILDREN DURING HOLIDAYS.

The following was received:

City of Boston,
Office of the Mayor, December 27, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the General Manager of the Metropolitan Transit Authority relative to your order of December 11, 1950, concerning the establishing of, during the Christmas vacation period, a five-cent fare for children.

Respectfully,
J. B. HYNES, Mayor.

Metropolitan Transit Authority,
December 21, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

In reply to your communication of December 13, the Board of Trustees have considered the request with regard to the Christmas week fare for school children.

This has not been in effect since 1947, as conditions have been entirely different than they were at that time.

The Board does not have, on its own initiative, the authority under the law, as the fare schedule approved by the Department of Public Utilities does not include this privilege. The Board has, however, done much by keeping the five-cent fare for school children throughout the year, which is less than one-half of the average fare, and also by extending it to children under fourteen years of age during the long summer vacation months, both of which do create substantial financial burden in the operating results.

Under the circumstances, the Board does not feel justified in any further action.

Very truly yours,
EDWARD DANA, General Manager.

COMPLETION OF WORK ON COLUMBIA ROAD AND BLUE HILL AVENUE.

The following was received:

City of Boston,
Office of the Mayor, December 27, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of December 4, 1950, concerning the immediate completion of Columbia road and Blue Hill avenue, being done under chapter 90 by the State Public Works Department.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
December 20, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

This is in reference to the following order that was passed in the City Council under date of December 4:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to request immediate completion of Columbia road and Blue Hill avenue, being done under chapter 90 by the State Public Works Department."

Unquestionably, the above-referenced chapter 90 projects have been under construction for an unusually long time. The contractors, however, have been hampered to some extent in completing the work because of the unavailability of granite edgestone.

The work in both of these streets at the present time, however, is approximately 97 per cent completed, with the exception of the work involved in the center divisional islands. The work on these islands cannot be completed until next spring because the granite edgestone will not be delivered until that time. In the meantime, we have taken steps to put the islands in a safe and presentable condition for the winter months.

I am sorry for the delays encountered in completing the reconstruction of these two important highways, but I think that everyone will agree that the improvements made to these main arteries under the provisions of chapter 90 of the General Laws will prove most beneficial to the motoring public for many years to come.

In addition, the State Department of Public Works, in assuming one-half the cost of the above-

referenced reconstruction work, has saved the taxpayers of this city approximately \$195,000.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

REPAIR OF CERTAIN SIDEWALKS. WARD 17.

The following was received:

City of Boston,
Office of the Mayor, December 27, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of December 11, 1950, concerning the repairing of the sidewalks in front of No. 5 Rockwell street, Dorchester, and at the intersection of Rockwell and Washington streets, Ward 17.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
December 26, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Public Works Commissioner repair the sidewalks in front of No. 5 Rockwell street, Dorchester, and at the intersection of Rockwell and Washington streets, Ward 17, and this will advise you that repairs have been made at the above locations by the District No. 9 Paving Service forces.

INSTALLATION OF SIDEWALKS, H STREET.

The following was received:

City of Boston,
Office of the Mayor, December 27, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of December 18, 1950, concerning the installation of granolithic sidewalks on both sides of H street, from East Sixth street to East First street, Ward 6.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
December 26, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Commissioner of Public Works install granolithic sidewalks on both sides of H street, from East Sixth street to East First street, Ward 6, and this will advise you that it is now too late in the season to perform any work of this nature, but same will be put on the list of sidewalk installation to be given consideration during the year 1951.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

PROPOSED CALF PASTURE CONSTRUCTION.

The following was received:

City of Boston,
Office of the Mayor, December 27, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Boston Housing Authority relative to your order of November 20, 1950, concerning the progress which has been made on the proposed construction on the so-called Calf Pasture in Dorchester.

Respectfully,
J. B. HYNES, Mayor.

Boston Housing Authority,
December 11, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

In reply to City Council order of November 20, please be advised that the Housing Authority is doing everything possible to get projects started on the so-called calf pasture in Dorchester.

The Federal Government has turned down our original application. However, we are preparing another one for their reconsideration.

The State Housing Board Chairman's approval of a chapter 200 project was contingent upon PHA approval.

I am attaching a preliminary report from the City Planners for the information of the Council.

I have been informed today that their entire study is now complete, and we will have it within the next couple of days.

Very truly yours,
CORNELIUS T. KILEY, Chairman.

To the City Planners:

Cow Pasture Development, Report No. 1, October 31, 1950, for the Boston Housing Authority.

Work under this contract from October 4 to the present has consisted of:

The necessary contact and field work to assemble site and neighborhood information. Analysis of space requirements for residential, public, semipublic, and business uses.

Interviews with various engineers and officials to determine the practicality and estimate the relative economy of various types of structure with particular reference to existing subsoil conditions.

We have been able to reach certain tentative conclusions, which I would like to outline for the review and comment of the Housing Authority, and which can form the basis of our continuing work.

1. The valuation of community and neighborhood relationships is in this case relatively simple in terms of the total city. This site is soundly related to the metropolitan center, with adequate roads and transportation. It will, of course, be necessary to provide full neighborhood facilities as part of the development; they could not be expected to exist already at the site in a quantity to serve the large number of families which may be located here.

2. Filling out to the bulkhead line will be necessary in order to create acreage adequate for a well-rounded development. This is not particularly a problem. We have not undertaken any appraisal work, but it appears that considering the amount of area already in the public domain the cost of filling operations plus the cost of acquisition will be no more and possibly will be less than the cost of acquisition alone of a similar site.

3. The one element most difficult to evaluate for its effect on the development is the subsoil condi-

tion. Borings made by the Housing Authority on a fraction of the area, plus general information made available by the construction of the Boston College High School and the pumping station, indicate that there is in general a stratum of relatively hard ground from 6 to 25 feet thick, lying at an elevation of 0 to -5'. Below this is a depth of soft clay of 80 to 200 feet.

Foundations for buildings on material of this type may be of several kinds. Caissons will provide adequate footing for structures up to 3 or 4 stories as is indicated by the Boston College High School. Loads are too great under taller buildings for caissons to work. Structures of 6, 13, or 20 stories may be carried on:

- Piles driven to refusal.
- A reinforced concrete mat.
- A nonreinforced concrete mat.
- Friction piles.

By reason of the depth of the clay over this site, piles driven to refusal would average about 150 feet in length, would probably be concrete, and would be put in place at a prohibitive cost. A reinforced concrete mat would cost much less than piles driven to refusal, but would face another difficulty. Ground water level is well above the relatively hard stratum on which this mat should rest. It would probably be impractical to attempt to set reinforcing and keep it in alignment under water while pouring concrete. The omission of reinforcing in the use of a plain concrete mat would add somewhat to the cost, but would be a relatively simple construction problem. For a 20-story building this mat might run as thick as 12 or 13 feet, but this would actually be an advantage in terms of the location of the basement floor above ground water level. A possibility mentioned above, but not estimated, is the use of 50-foot friction piles. This system might produce the lowest foundation costs, but should be considered only after driving clusters of piles for actual loading tests and studying the results.

Costs per dwelling unit for these various types of foundations can be estimated on a very general basis for buildings of various heights, as follows:

	3-Story.	6-Story.	13-Story.	20-Story.
Caissons.....	\$300	—	—	—
Concrete piles.....	—	\$1,440	\$1,440	\$1,440
Reinforced concrete mat.....	—	1,050	585	500
Nonreinforced concrete mat.....	—	1,220	684	666
Apparently practical low figure.....	300	1,220	684	666

The cost of friction piles cannot even be estimated without testing to determine load values. Such testing might well improve the above figures by increasing the conservative figures used for estimating.

These are not, of course, the only cost figures to be considered in evaluating the height of buildings. The steel per dwelling unit, site development, and heating costs will vary, and the addition of elevators will affect the ultimate result. Costs per dwelling unit for these items can be also estimated on a general basis:

	3-Story.	6-Story.	13-Story.	20-Story.
Foundation.....	\$300	\$1,220	\$684	\$666
Steel.....	150*	250	320	420
Site Development.....	900	500	400	250
Heating.....	800	600	500	450
Elevators.....	—	241	302	389
Total.....	\$2,150	\$2,911	\$2,206	\$2,175

* This is the estimated amount of normal construction that compares with steel in the higher buildings.

This total indicates very interestingly that either 3-, 13-, or 20-story buildings may be erected on this site for a cost higher than that of a usual development by about \$300 a dwelling unit.

4. We have also approached the study of this neighborhood in terms of the unit-size distribution. Percentages similar to those used previously by the Housing Authority would call for distribution of 15 per cent 1 bedrooms, 45 per cent 2 bedrooms, 34 per cent 3 bedrooms, and 6 per cent 4 bedrooms. It is my belief that sound planning for housing should make it possible for the families with many children to live close to the land. This will be accomplished in terms of the above unit-size distribution, if approximately 40 per cent of the housing units are at or near ground level.

This relationship of large families to the land can be provided in a series of projects combining groups of high density, high buildings, with the groups of medium density, two- or three-story structures, to make provision for a community of approximately 5,000 families.

5. Available acreage for the various functions of the total area can be outlined as follows:

The total area of the peninsula, including fill to the bulkhead line, represents slightly over 300 acres. The pumping station now uses 9 acres, and the Boston College High School, 42. Other requirements for a community of 5,000 families call for further public areas for grade schools, playgrounds, parks and community facilities of approximately 45 acres, and call for a commercial development of not less than 20 acres. This leaves approximately 185 acres to accommodate 5,000 families.

We have tentatively allocated 70 acres for 3,600 families in 20-story apartments, and 115 acres for 1,400 families in 2- or 3-story group and row houses. These figures break down into six separate projects, which accommodate the units available to the Authority under State Housing Laws, chapters 372 and 200, and under the Federal Housing Act of 1949. The unit-size distribution and building height of structures to accommodate these projects can be tabulated as follows:

PROJECT.	Stories.	1.	2.	Bedrooms.	3.	4.	Total Units.
Chapter 372.....	20	120	360	102	18	500	
Chapter 200.....	20	120	360	102	18	500	
P.H.A.-aided.....	3	240	720	204	36	1,200	
P.H.A.-aided.....	3	—	—	650	120	800	
Private.....	20	—	as determined	—	—	1,200	
Private.....	3	—	as determined	—	—	500	

We have started a series of physical studies based on the conclusions set out in this report. We would appreciate receiving the review and comment of the Housing Authority and are prepared to appear for any discussion you may care to schedule.

NAMING OF INTERSECTIONS IN HONOR OF DECEASED VETERANS.

The following was received:

City of Boston,
Office of the Mayor, December 27, 1950.
To the City Council.

Gentlemen:

I submit herewith six orders for the naming of various intersections in the city in honor of veterans of World War II who were killed in action.

The Committee to Memorialize Veterans, after due consideration, has recommended the naming of the various sites as set forth in the accompanying orders.

In view of the fact that each site is to be named in memory of a veteran who sacrificed his life on the altar of liberty, I recommend that your Honorable Body give approval to the accompanying orders.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Street Laying-Out Department,
December 21, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

At a meeting of the Committee to Memorialize Veterans held this day, it was voted to designate the following intersections in honor of the following named veterans:

Eaton and Chambers streets, Boston Proper district, Frank A. Ciresi Square.

Pfc. Frank A. Ciresi, Company B, 350 Infantry, 88th Division, was killed in action in Italy, October 3, 1944.

Warren and Quincy streets, Roxbury district, Myron H. Feinstein Square.

Pfc. Myron H. Feinstein was killed at Tagu, Korea, on September 4, 1950.

Blue Hill avenue and Quincy street, Dorchester district, Rinaldo L. Sestito Square.

Sergt. Rinaldo L. Sestito, Company G, 330 Infantry, was killed in action in Germany, December 14, 1944.

Dacia and Wayland streets, Roxbury district, Guido Petrilli Square.

T/Sergt. Guido Petrilli, Medical Detachment, 101st Infantry, killed in action in France, October 22, 1944.

Chestnut Hill and Commonwealth avenues, Brighton district, Sumner Calish Square.

Lieut. Sumner Calish, 371st Fighting Group, Ninth Air Force, killed in action in France, August 24, 1944.

Cambridge and Staniford streets, Boston Proper district, James Maggio Square.

Pfc. James Maggio, Company C, 337th Infantry, killed in action in Italy on October 25, 1944.

Notice of the above vote has been forwarded to the City Council for appropriate action.

Respectfully submitted,

L. W. Costello, Secretary.

Ordered, That the space at the junction of Eaton and Chambers streets, Ward 3, be named Frank A. Ciresi Square, in honor of Frank A. Ciresi, late veteran of World War II.

Ordered, That the space at the junction of Warren and Quincy streets, Ward 12, be named Myron H. Feinstein Square, in honor of Myron H. Feinstein, late veteran of World War II.

Ordered, That the space at the junction of Blue Hill avenue and Quincy street, Ward 13, be named Rinaldo L. Sestito Square, in honor of Rinaldo L. Sestito, late veteran of World War II.

Ordered, That the space at the junction of Dacia and Wayland streets, Ward 13, be named Guido Petrilli Square, in honor of Guido Petrilli, late veteran of World War II.

Ordered, That the space at the junction of Chestnut Hill avenue and Commonwealth avenue, Ward 21, be named Sumner Calish Square, in honor of Sumner Calish, late veteran of World War II.

Ordered, That the space at the junction of Cambridge and Staniford streets, Ward 3, be named James Maggio Square, in honor of James Maggio, late veteran of World War II.

SALE OF SEWING MACHINES BY PUBLIC WELFARE DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, December 26, 1950.
To the City Council.

Gentlemen:

I am in receipt of a communication from the Public Welfare Department in which it is stated

that approximately 1,050 sewing machines and sewing machine heads are no longer needed by the department. I understand that these sewing machines and sewing machine heads are in disrepair and are gathering dust and rust which makes whatever value they have diminish as time goes by. These machines are those left over from the W. P. A. sewing project of some twelve years ago. It is my opinion that these machines can be sold for somewhere in the vicinity of \$2,000, and I therefore recommend the passage of the accompanying order which contemplates their sale, at public auction, at an upset price of \$2,000.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Overseers of Public Welfare,
December 26, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

This department has in storage at 84 Northampton street, Boston, Mass., approximately 1,050 sewing machines and sewing machine heads in various states of repair. These machines were left over from a W. P. A. sewing project operated by the department some years ago.

This department has no further use for the machines and recommends that they be sold. As their value is considerably in excess of \$500 it would appear that a City Council order is necessary in order to permit their sale.

Your approval is respectfully requested to the sale of these machines.

DANIEL A. MURPHY,
Acting Secretary.

Ordered, That the Public Welfare Department be, and hereby is, authorized to sell at public auction approximately ten hundred fifty (1,050) sewing machines and sewing machine heads no longer needed for public purposes.

Referred to the Executive Committee.

EXEMPTING BOSTON HOUSING AUTHORITY FROM CERTAIN LICENSE AND PERMIT FEES.

The following was received:

City of Boston,
Office of the Mayor, December 28, 1950.
To the City Council.

Gentlemen: By so-called cooperation agreements executed by the city, upon authorization of your Honorable Body, the Boston Housing Authority, whether acting by itself or through others, is not required to pay any fee for any license and permit issued in connection with the construction and operation of federal low-rent housing projects. No action has ever been taken by your Honorable Body, however, to exempt the Boston Housing Authority from license and permit fees connected with its other projects. The result is that such fees are chargeable for state-aided veterans' low-rent housing projects. There would appear to be no sound reason why a veterans' low-rent housing project should be subject to such fees when a federal low-rent housing project is not.

Accordingly, I recommend the immediate adoption by your Honorable Body of the accompanying ordinance.

Respectfully,
J. B. HYNES, Mayor.

City of Boston.
In the Year Nineteen Hundred and Fifty.
An Ordinance Exempting the Boston Housing Authority and Persons Acting in Its Stead from Certain License and Permit Fees.
Be it ordained by the City Council of Boston, as follows:

Chapter 41 of the Revised Ordinances of 1947 is hereby amended by inserting after section 23 the following new section:

SECT. 23A. Neither the Boston Housing Authority nor any person acting in its stead shall be charged any fee for any license or permit for which the fee may be fixed by ordinance under chapter 222 of the acts of 1949.

Referred to the Executive Committee.

CONVEYANCE OF OLD COLONY HOUSING PROJECT.

The following was received:

City of Boston,
Office of the Mayor, December 28, 1950.
To the City Council.

Gentlemen: From time to time during recent months much consideration has been given by the Boston Housing Authority to the acquisition, for low-rent housing purposes, of Public Housing Authority Project No. 19051, commonly known as the Old Colony project in South Boston. There has not as yet been evolved, to the satisfaction of all concerned, a detailed program for the acquisition of the project. If further negotiations are not to be precluded, however, a request for a conveyance must be made on or before December 31, 1950, by the governing body of the City of Boston, pursuant to the Federal Housing Act of 1950, under which the acquisition, if effected, will be consummated.

Transmitted herewith is a resolution making the necessary request. I recommend its immediate adoption.

Respectfully,
J. B. HYNES, Mayor.

Whereas, The United States of America, acting through the Housing and Home Finance Agency, Public Housing Administration, owns permanent war housing now known as P.H.A. Project No. 19051, consisting of 873 dwelling units, located in the City of Boston, Commonwealth of Massachusetts; and

Whereas, There exists in said city a need for low-rent public housing at rents within the means

of low-income families, especially families of living or deceased veterans and servicemen, which need is not being met by private enterprise; and

Whereas, Such a condition constitutes a menace to the health, safety, morals, and welfare of the inhabitants of the city; and

Whereas, The Congress of the United States has authorized by Public Law 475, approved by the President April 20, 1950, the conveyance to the Boston Housing Authority of P.H.A. Project No. 19051, to provide housing for families of low income, and the Boston Housing Authority has announced its intention to acquire such project and to operate it as low-rent housing;

Now, therefore, be it resolved by the City Council of the City of Boston, as follows:

SECTION 1. That the Mayor and the City Council of the City of Boston do hereby request of the Administrator of the Housing and Home Finance Agency the conveyance of said P.H.A. Project No. 19051 to the Boston Housing Authority, under the provisions of Public Law 475, approved by the President April 20, 1950.

SECT. 2. This Resolution shall be in full force and effect from and after its approval by the Mayor of the City of Boston.

Referred to the Executive Committee.

REPORT OF COMMITTEE ON LICENSES.

Coun. COFFEY, for the Committee on Licenses, submitted the following:

Report on petition (referred today) of Blue Hill Bowlingway for license to operate bowling alleys on the Lord's Day—recommending that license be granted.

Report accepted; license granted under usual conditions.

ADDITIONAL SOCIAL WORKERS FOR WELFARE OFFICES.

Coun. BRYAN offered the following:

Ordered, That the Overseers of the Public Welfare be requested, through His Honor the Mayor, to assign additional social workers to the various welfare offices that are now running behind in their investigations; also to check and see if it is true that each social worker has over 150 cases to take care of. The new system of social workers investigating cases from any of the three aid departments seems quite a burden for the number of social workers employed.

Passed under suspension of the rules.

REPORT OF COMMITTEE ON CLAIMS.

Coun. McCOLGAN, for the Committee on Claims, submitted the following:

Report on petition of Walter H. Thornton (referred December 4) to be reimbursed for amount of execution issued against him on account of his acts as employee of Sanitary Division, Public Works Department—recommending passage of the accompanying order:

Ordered, That the sum of one hundred sixty-four dollars and thirty-one cents (\$164.31) be allowed and paid to Walter H. Thornton in reimbursement for amount of execution issued against him on account of his acts as an employee of the Sanitary Division, Public Works Department—said sum to be charged to the appropriation for Executions of Court, Damage Claims and Reimbursements.

Report accepted; said order passed.

PRESENTATION OF GIFT TO PRESIDENT HURLEY.

Councilor Hannon, in behalf of the members of the Council, presented to President HURLEY an ivory gavel in appreciation of his services as President of the Council for the year 1950. President HURLEY expressed his thanks and his appreciation of the consideration and cooperation throughout the year of the Council members, Council attachés, and members of the press. (Applause.)

Adjourned at 3.30 P.M., on motion of Councilor Cook, to meet on Tuesday, January 2, 1951, at 11 A.M.

Tuesday, January 2, 1951.

First meeting of the City Council held in the Council Chamber, City Hall, at 11 A.M., Councilor WENZLER, Senior Member, presiding, and all the members present.

The meeting was opened with the salute to the Flag.

ESCORT TO MAYOR HYNES.

Chairman WENZLER. His Honor, Mayor John B. Hynes, will deliver his annual address at 11.15 A.M. The Chair will therefore appoint Councilors Shanley and Coffey to escort the Mayor to the Council Chamber.

The Chair now declares a short recess while we await the arrival of his Honor the Mayor.

(Short Recess.)

The committee appointed to escort Mayor Hynes to the Chamber retired and presently returned in company with the Mayor who was greeted with applause upon his entrance.

Chairman WENZLER. Members of the City Council, invited and honored guests, I am pleased to present his Honor, Mayor John B. Hynes, who will now deliver his annual address. Mayor Hynes.

ANNUAL ADDRESS OF HON. JOHN B. HYNES, MAYOR OF BOSTON.

(See CITY RECORD edition of January 6, 1951.)

Chairman WENZLER. Thank you, Mr. Mayor, for a very fine address. The Chair now appoints Councilors Beades and F. P. Tracey to escort his Honor from the Chamber. There will now be a short recess until the return of the councilors escorting the Mayor.

(Short Recess.)

Chairman WENZLER. The Council will be in order. The Chair awaits the pleasure of the Body.

ELECTION OF PRESIDENT OF COUNCIL.

Coun. SULLIVAN moved that the Council proceed to the election of a President for the year 1951. The motion was carried.

The Clerk called the roll, with the following result:

For William F. Hurley—Councilors Ansel, Bryan, Cantwell, Coffey, Cook, Hurley, Kinsella, Lane, McColgan, McCormack, Ramsey, Shanley, Sullivan, F. P. Tracey, Wenzler—15.

For Philip A. Tracy—Councilors Beades, Farin, Lanigan, Yerxa—4.

For Milton Cook—Councilor Chase—1.
Voting Present—Councilors Hannon, P. A. Tracy—2.

Chairman WENZLER announced that 15 votes had been cast for Councilor Hurley and that he was elected President for the year 1951.

Chairman WENZLER appointed Councilors Shanley and Coffey to escort President-Elect William F. Hurley to the chair.

President HURLEY expressed his thanks to the members of the Council in electing him as President for the year 1951. (Applause.)

LOAN OF \$60,000,000 IN ANTICIPATION OF REVENUE.

The following was received:

City of Boston,
Office of the Mayor, January 2, 1951.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the City Auditor. In accordance with the recommendation contained therein I submit herewith an order authorizing the issuance during 1951 of temporary notes in anticipation of revenue to an amount not exceeding \$60,000,000. I respectfully recommend adoption of this order by your honorable Body.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Auditing Department,
January 2, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

It is customary to submit to the City Council at its first meeting in the New Year an order authorizing the issuance as needed during the year of temporary loans in anticipation of revenue receipts. In the light of the experience of last year it would seem desirable that an authorization of \$60,000,000 should be secured for 1951. I respectfully recommend that an order in this amount be submitted to the City Council for consideration and adoption.

Respectfully,

CHARLES J. FOX, City Auditor.

Ordered, That to provide temporarily money to meet the appropriations for the financial year 1951, the City Treasurer be, and hereby is, authorized to issue and sell, at such times and in such amounts as he may deem best, notes or certificates of indebtedness of the City of Boston, not exceeding \$60,000,000 in the total, in anticipation of the revenue of the financial year; that all such notes or certificates of indebtedness be made payable with the interest thereon within one year of their date and bear interest from their date until the same are made payable at such rate as the City Treasurer and the Mayor may determine. The said City Treasurer is hereby further authorized to renew or refund any such notes issued for a shorter period than one year, under the provisions of section 17 of chapter 44 of the General Laws.

On motion of Councilor Coffey the rules were suspended and the order was given its first reading and passage, yeas 22, nays 0:

Yeas—Councilors Ansel, Beades, Bryan, Cantwell, Chase, Coffey, Cook, Farin, Hannon, Hurley, Kinsella, Lane, Lanigan, McColgan, McCormack, Ramsey, Shanley, Sullivan, F. P. Tracey, P. A. Tracy, Wenzler, Yerxa—22.

Nays—0.

The order was assigned to the next meeting for final action.

PRINTING OF MUNICIPAL REGISTER, ETC.

President HURLEY submitted the following:
Ordered, That the Statistics Department be authorized, under the direction of the Committee on Rules, to prepare and have printed the Municipal Register for the current year; and that the Clerk of Committees be authorized to prepare and have printed a pocket edition of the organization of the city government; the expense of said register and organization to be charged to the appropriation for City Documents.

Passed under suspension of the rules.

NOTICE FROM DEPARTMENT OF PUBLIC UTILITIES.

Copy of order of the Department of Public Utilities was received approving petition of Metropolitan Transit Authority for approval of altered plan and revised estimates of cost of an addition to and alteration in the Tremont Street Subway, and alterations in Scollay Square, Park Street, and Boylston Street Stations, as provided in section 2 of chapter 649 of the Acts of 1949.

Placed on file.

NOTICE FROM STATE DEPARTMENT OF PUBLIC WORKS.

Certified copy was received from the State Department of Public Works of plan and location of new or existing way in Boston as a state highway (location for portion of proposed Boston Central Artery, extending from limit of tideland on north-easterly side of Charles River, in a general north-easterly direction about one-half mile).

Placed on file.

RELEASE OF INTEREST IN LAND IN WOBURN TO GENERAL MOTORS CORPORATION.

President HURLEY called up No. 1 on the Calendar, viz.:

1. Order for release of all right, title and interest in land in City of Woburn to General Motors Corporation for \$1.00, etc.

On December 11, 1950, the foregoing order was read once and passed, yeas 15, nays 0.

The order was given its second reading and passage, yeas 22, nays 0:

Yeas—Councilors Ansel, Beades, Bryan, Cantwell, Chase, Coffey, Cook, Farin, Hannon, Hurley, Kinsella, Lane, Lanigan, McColgan, McCormack, Ramsey, Shanley, Sullivan, F. P. Tracey, P. A. Tracy, Wenzler, Yerxa—22.

ADEQUATE SCHOOL AND PLAYGROUND ACCOMMODATIONS IN HOUSING PROJECTS, WARD 18.

Coun. CANTWELL offered the following:

Ordered, That his Honor the Mayor be requested to confer with the members of the Boston Housing Authority, School Committee, Park Commission, City Planning Board, and the City Councilor from the district, with a view to devising ways and means of providing adequate school and playground accommodations for children living in housing projects which already have been, and are still to be, constructed in Ward 18.

Passed under suspension of the rules.

RETENTION OF STREET SWEEPERS IN WARD 17.

Coun. FARIN offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to retain the three street sweepers in Ward 17. The reason for this is to prevent the Public Works Commissioner from taking these men away at the first sign of snow which would leave Ward 17 in a terrible plight. These men serve throughout the entire year and they serve well. They are needed during the snowy weather to prevent clogged sewers and crosswalks.

Passed under suspension of the rules.

TEMPORARY CHAIRMAN OF EXECUTIVE COMMITTEE.

President HURLEY appointed Councilor Ramsey as temporary chairman of the Executive Committee.

RECESS.

On motion of Councilor Kinsella, the Council voted at 12:43 P.M. to take a recess subject to the call of the Chair. The members reassembled and were called to order by President HURLEY at 1:12 P.M.

Adjourned at 1:13 P.M., on motion of Councilor Bryan, to meet on Monday, January 8, 1951, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin and in the South.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REPAIRS TO THE NORTHERN AVENUE BRIDGE BOAT LANDING.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for repairs to the Northern Avenue Bridge boat landing. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Repairs to the Northern Avenue Bridge Boat Landing," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of FRIDAY, JANUARY 19, 1951, with a certified check for TWO HUNDRED AND FIFTY (250) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

MAYOR HYNES EXTENDS AGREEMENT OF MOTOR PARK, INC., FOR CONSTRUCTION OF COMMON UNDERGROUND GARAGE TO ALLOW CONCLUSION OF NEGOTIATIONS WITH RECONSTRUCTION FINANCE CORPORATION—ISSUES STATEMENT EXPLAINING SITUATION AND FUTURE PLANS SHOULD PRESENT NEGOTIATIONS FAIL.

On January 12 Mayor Hynes issued the following statement explaining the status of the Common underground garage:

The present agreement between the City of Boston and Motor Park, Inc., for the construction of an underground garage at Boston Common expires on January 15. Motor Park, Inc., has requested an extension of the agreement to April 16 in order to complete its negotiations with the Reconstruction Finance Corporation.

MAYOR EXPLAINS HIS ROLE IN MATTER OF DRIVE-IN THEATERS—LAW PREVENTS ANY ACTION ON HIS PART—NO POWER TO REVOKE.

On Wednesday, January 17, Mayor Hynes issued the following statement: Statements made yesterday regarding the drive-in theater at Neponset need some clarification.

The facts in this matter are as follows: The license for the drive-in theater at Neponset was granted in the closing days of the last administration. Even though the license was granted under peculiar circumstances, nevertheless, it was a valid license.

When I took office in January of 1950, it was my intention to revoke the license, if possible. However, after consultations with the Corporation Counsel, I was advised that, in the absence of any violation of the terms of the license by the owners, such a revocation would be illegal, and might well leave the city, and me, open to suits for damages.

The drive-in theater, to the best of my knowledge, has not violated any of the terms of its license. This office has received no complaints in that regard. Police Division 11 has received no complaints of any violation.

As Mayor, I do not propose to set myself up as bigger than the law. Unless, and until, there is sufficient and adequate evidence that the license for operation of the drive-in theater at Neponset has been violated, I have no power to revoke it.

MAYOR JOHN B. HYNES MAKES GOOD ON ANOTHER OF HIS PLEDGES TO THE CITIZENS OF BOSTON—THROUGH CHAIRMAN DANIEL M. DRISCOLL, OF BOARD OF ASSESSORS, ABATEMENT OF TAXABLE PROPERTY VALUATIONS HAS BEEN REDUCED, THUS BRINGING ABOUT A TRUER VALUATION FIGURE AND PRESENTING A FAIRER PICTURE OF THE CITY'S TAXATION SITUATION FROM WHICH PROPERTY OWNERS WILL BENEFIT—ABATEMENTS TOTALED ONLY \$22,762,400 FOR 1950 OR ONE FIFTH OF VALUATION ABATEMENTS GRANTED IN 1949.

According to the announcement of the Board of Assessors, Mayor John B. Hynes has made good on another of his pledges to the citizens of Boston when he stated that he would reduce the abatement of taxable property valuations to bring about a truer valuation figure to present a truer picture of the city's taxation situation and provide a more equitable adjustment for the benefit of all property owners.

Abatement of taxable property valuations last year totaled only \$22,762,400, which was better than one fifth of the valuation abatements granted in 1949, one sixth of the total valuation abatements given in 1948.

At the same time, total valuation of the city last year was at what the Mayor termed a more realistic, or truer figure of \$1,619,849,958, and with the relatively fewer abatements, it gave a net valuation for 1950 of \$1,597,087,558, which was higher than each of the 1949 and 1948 years.

Chairman Daniel M. Driscoll of the assessors, in his annual January report to the Mayor, declared the average had been determined in accordance with provisions of the law, including valuation and abatements of motor vehicles.

The letter from the chairman of the Board of Assessors to Mayor Hynes reads as follows:

CITY OF BOSTON,
BOARD OF ASSESSORS, January 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The following statement of the assessed valuation of the City of Boston for each of the preceding three years is respectfully submitted, together with the statement of abatements allowed thereon prior to the thirty-first day of December, 1950; and the average of such valuations reduced by such abatements.

This average has been determined in accordance with the provisions of General Laws, chapter 44, section 10; and this includes valuations and abatements of motor vehicles.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
may thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

MAYOR HYNES EXPLAINS SITUATION REGARDING COMMON UNDERGROUND GARAGE.

(Continued from page 45.)

istence when I took office in January of 1950. The agreement was to expire on July 1, 1950. Just prior to the expiration date, the Reconstruction Finance Corporation agreed, upon certain conditions, to loan the Motor Park, Inc., the sum of \$12,000,000 to construct the garage, which could also be utilized as a bomb shelter.

Because of the apparent willingness of the Reconstruction Finance Corporation to finance this project, a further extension of time beyond July 1 was granted to Motor Park, Inc.

Since the decision of the Reconstruction Finance Corporation to go forward as the financial agency in this project, there have been various discussions between this agency and Motor Park, Inc., as to the terms of the loan agreement. These discussions have now reached the final stage, and within the next few weeks, it will be definitely known whether or not the conditions set forth by the Reconstruction Finance Corporation will be met, and the loan actually granted.

Therefore, a further extension of time to March 30 will be given Motor Park, Inc.

As far as I am concerned, in the absence of exceptional circumstances, this will be the final period of time allotted to Motor Park, Inc., to fulfil its agreement with the city to build the garage. I fully recognize the numerous obstacles this concern has encountered, and I fully realize that many of these obstacles were not of its own making. I am also cognizant of the fact that this concern has invested a large amount of money, said to be close to half a million dollars, in studies, in engineering, architect and professional fees, and for other related purposes, in this proposed project.

It is my belief that private financing, with the city to benefit to the extent provided in the present law, to wit, 2 per cent of the gross receipts, is a most attractive possibility, from several viewpoints, for the municipal government. To date, Motor Park, Inc., is the only concern that has shown serious, financial interest in this project. If, however, Motor Park, Inc., cannot go forward by March 30, it will be my purpose to consider immediately any firm, valid offer from reputable interests, equipped to undertake, without delay, this much-needed facility. If no such offer is made, we shall proceed by any other means available to the city.

CITY AUDITOR FOX ANNOUNCES TO MAYOR HE WILL NOT HONOR BILLS FOR MARCH 17 OR JUNE 17 BANQUETS, AT LIMITED GATHERINGS.

Mayor Hynes announced the following on January 12:

I have been notified by City Auditor Fox that he will no longer approve payments from public celebration appropriations which entail the costs of breakfasts, luncheons, or banquets, for limited gatherings.

This ruling means that no approval will be given to the March 17th or June 17th luncheons or banquets.

Consequently, the city will not sponsor, this year, the March 17th luncheon in South Boston or the June 17th banquet in Charlestown.

PROPERTY OWNERS WILL BENEFIT FROM MAYOR'S PLEDGE TO HALT UNFAIR TAX ABATEMENTS.

(Continued from page 45.)

These figured average gross valuation for each of the three years at \$1,635, 106,701, and average net valuation after abatements, of \$1,538,774,760 for each year.

This showed the Mayor's net valuation for 1950 to be \$58,313,198 more than the average and just that much more of revenue producing property worth.

The Mayor pointed to the lower gross valuation figure for 1950 in contrast to the higher gross valuations for the two previous Curley years, and the higher net taxable property valuation in the Hynes year of 1950 resulting from less abatements.

WOMEN INSTRUCTORS NAMED FOR GIRLS USING CITY'S GYMNASIA.

Starting Thursday, January 18, each of the 12 municipal gymnasias operated by the Boston Park Department will have a woman instructor on duty for the conduct of girls' and women's classes, on Mondays and Thursdays each week, Park Commissioner Frank R. Kelley has revealed.

Mondays and Thursdays are the regular days set aside for school girls in the afternoons, and business and married women at night.

Each of the instructors assigned is a graduate of, or a senior at a Boston physical education college, and will be employed for only the two days each week during the remainder of the indoor season.

Instructors and their assignments are: Barbara Lynch, Paris Street Gymnasium, East Boston; Helen Weinhold, Charlestown Municipal Gymnasium; Amy Browne, North Bennet Street Gymnasium, North End; Gloria Vianchini, Tyler Street Gymnasium, Downtown; Mildred Musgrave, Williams Building, South End; Mary Lydon, Cabot Street Gymnasium, Roxbury; Grace Pritchard, Vine Street Gymnasium, Roxbury, Nancy Hinchcliffe, Columbia Road Gymnasium, Dorchester; Alice McDonald, South Boston Gymnasium; Josephine De Rose, Roslindale Municipal Building; Corinne Hershman, Curtis Hall, Jamaica Plain, and Claire Kittredge, Hyde Park Municipal Gymnasium.

MAYOR ISSUES DECLARATION ON "NATIONAL OPERA DAY."

Whereas, The love of good music is inherent in the hearts of the American people; and

Whereas, Good music is best exemplified in this land of ours by the Metropolitan Opera, which has become a part of the hearth of every American home through the Saturday afternoon opera broadcasts; therefore,

I, John B. Hynes, Mayor of the City of Boston, declare that Saturday, January 13, be set aside and observed in this community of ours as "National Opera Day," and urge that our people make a special effort on this day to hear operatic selections through records, through local musical groups, and especially that all listen to the Saturday afternoon broadcast of the Metropolitan Opera performance of "Il Trovatore."

JOHN B. HYNES, Mayor.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, supply houses, etc., for Furnishing labor, supplies and materials. Communications from the heads of the departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, December 29, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested for the purchase of mother's milk for use in the Pediatric Department of the

Boston City Hospital for one year, January 1, 1951, through December 31, 1951.

It is necessary that we have this type of breast milk for our many premature and very sick babies. It can only be purchased from the Directory for Mother's Milk, Inc.

Our costs vary monthly from approximately \$1,100 to \$1,950. Therefore, your approval of an authorization not to exceed \$15,000 for the entire year is respectfully requested.

Very truly yours,

JAMES W. MANARY, M. D.
Superintendent.

REAL ESTATE COMMISSION.

BOSTON, January 4, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I am this day engaging the services of Mr. John A. Breen, 60 Congress street, Boston, in connection with the appraisal of Off-Street Parking Unit No. 9, Copley square, Boston Proper.

The estimated cost of said appraisals and reports for the numerous parcels comprising said unit will be \$3,250.

In view of the nature of the professional services involved, no benefit would be gained by advertising for bids, and it is respectfully requested that permission be given to award the contract to John A. Breen, without public advertising.

Respectfully yours,

HERMAN CARP,
Chairman.

BOSTON, January 4, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Board of Real Estate Commissioners proposes to engage the services of John M. Gray, 175 High street, Boston, Mass., as architect-engineer, in connection with the proposed construction of an Off-Street Parking Facility at Post Office square, Unit No. 4.

The estimated cost of the proposed structure is approximately \$1,500,000, and the architect-engineer shall be paid a standard fee equal to the sum of 6 per cent of the full amount of the cost of said construction.

In view of the nature of the professional services involved, no benefit would be gained by advertising for bids, and it is respectfully requested that permission be given to award the contract to John M. Gray, without public advertising.

Respectfully yours,

HERMAN CARP,
Chairman.

SUPPLY DEPARTMENT.

BOSTON, January 3, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Public Works Department has submitted a requisition to this office for the following:

One (1) Walter snow fighter, Model FGRL, 150-inch wheel base, as per specifications submitted.

The Public Works Commissioner has stated that his department has practically standardized on Walter snow fighters owing to the fact that this equipment is, in their opinion, the best heavy duty equipment for the work to be performed.

Owing to present conditions, it is requested that authority be granted me to dispense with publicly advertising for bids at this time and award a contract, without public advertisement, to Charles N. Wood Company, distributor for the Walter snow fighter. This company can make immediate delivery of the snow fighter and this is a most important factor to be considered. In my opinion, by awarding the contract as requested, the best interests of the city will be served.

Total amount of contract is \$26,073.60, less excise tax of \$488.60, less trade discount of \$1,592, making a net total of \$23,993.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 4, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Public Works Department for the following:

Two (2) Baughman sand spreaders.

The same type of sand spreaders have been previously purchased from the Sandberg Equipment Company and have proved most satisfactory to the Public Works Department. The Sandberg Equipment Company has the above equipment available for immediate delivery.

Owing to this fact, it is requested that authority be granted me to dispense with publicly advertising for bids and award a contract, without public advertisement, to Sandberg Equipment Company who has quoted a price only slightly higher than that of their contract price of last year. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$2,936, less 1 per cent cash discount for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 8, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Public Works Department has submitted a requisition to this office for the following:

Two (2) Hydro sand and salt spreaders, tail gate style.

The Builders' Equipment and Supplies Company has quoted a price of \$830 for each spreader. Delivery can be made within 10 days after receipt of order. The Public Works Department is desirous of standardizing on this particular type of equipment and inasmuch as the Builders' Equipment and Supplies Company is the distributor for the Hydro spreader, it is respectfully requested that authority be granted me to dispense with publicly advertising for bids and award a contract, without public advertisement, to the aforementioned company. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$1,660, less cash discount of 1 per cent for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 8, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Public Works Department for the following:

Two (2) Trojan Model L M 75 bucket-type loading machines.

The Public Works Department has found this equipment most satisfactory and is desirous of purchasing these additional machines. Clyde Everett Equipment Company, distributor of the "Trojan," has offered to furnish these machines to the city at the same price as that submitted by this company in their publicly opened bid of July, 1950, namely, \$6,000 each, despite the fact that the present delivery price is \$7,000. It is therefore requested that authority be granted me to dispense with publicly advertising for bids and award a contract, without public advertisement, to Clyde Everett Equipment Company. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$12,000, less cash discount of 2 per cent for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 10, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

During the course of the year, this department has many opportunities to purchase clothing for the various city departments at exceptionally low prices which result in considerable savings to the city.

In order to take advantage of these opportunities, it is respectfully requested that authority be granted me to dispense with publicly advertising for bids on any clothing to be purchased during the year 1951 and obtain same in the open market. It is my opinion that, in this way, the best interests of the city will be served.

Contracts will be executed whenever necessary.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

SUPERIOR COURT (CIVIL BUSINESS).

BOSTON, January 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

MY DEAR MR. MAYOR:

In accordance with provisions of section 1, chapter 156, of the Acts of 1939, I request your approval to dispense with the contract formality of such acts, and assign as reasons thereof the following:

It is impossible for the clerk to anticipate the amount and kind of printed forms, lists, books, and office supplies necessary for the proper maintenance of his office. The many forms and lists are subject to change without notice and it would be unwise to place orders in anticipation of a year's supply, as it would result in vast overstocking of many items and a shortage of others.

In addition, it is the duty of the clerk to prepare and promulgate the orders of court and to prepare and mail the various weekly trial lists; also to keep the court and sessions thereof, supplied with forms and stationery as needed.

As it is impossible to foresee what supplies are necessary to carry out this duty,

I believe the continuance of the practice of ordering supplies as needed should be followed. I call your attention to the fact that I have been granted this permission each year since I have been clerk.

Very truly yours,

THOMAS DORGAN,
Clerk.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

B. A. Simeone, Inc., subcontractor, has been ordered to do the following extra work on the contract dated July 5, 1950:

Construct, complete in place, temporary bituminous concrete berm, along both sides of median strip between Station 220-0 to 237-50, under the following item, in accordance with standard specifications of this department: B13-3, Class I bituminous concrete berms, 109 tons at \$10, \$1,090.

San-Vel Contracting Company, subcontractor, has been ordered to do the following extra work on the contract dated August 15, 1950:

Construct, complete in place, temporary bituminous concrete berm, along both sides of median strip between Station 220-0 to 237-50, under the following item, in accordance with standard specifications of this department: B13-3, Class I bituminous concrete berms, 20 tons at \$10, \$200.

EXTENSION OF CONTRACTS.

FIRE DEPARTMENT.

Approval has been given for an extension of time to the Mack Motor Truck Company for the performance of a contract to repair the Ward-La France pumper of Engine Company 3, to October 4, 1950, because of the fact that delivery of certain parts necessary in the repair work were unobtainable until late September, 1950.

The contract is dated June 26, 1950, and was to have been completed in sixty (60) working days.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time from October 11, 1950, to November 30, 1950, on the contract of William Barnstead Engineering Corporation, for furnishing and installing a sterilizer in Pathological Building, Boston City Hospital, said contract having been approved by the Mayor on September 14, 1950. This extension was requested because of delay in delivery of materials necessary for completion of the contract.

Approval has been given for an extension of time from October 31, 1950, to December 20, 1950, on the contract of M. Spinelli & Sons Company, for addition to Out-Patient Department Building (Dental Unit), Boston City Hospital, said contract having been approved by the Mayor March 31, 1950. This extension was requested because of delay in the delivery of equipment and materials necessary to complete the contract.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of the following contracts:

A. Singarella & Son, 22A Tremlett street, Dorchester, for bituminous con-

crete pavement in Barry park, Hautevalle street, Imbaro road, Sunnybank road, and Vallaro road (contract dated August 8, 1950) from December 31, 1950, to June 30, 1951. This extension is requested because the contractor was unable to complete work under the contract this year, and it will be necessary to resume work in the spring.

Carriere Construction Company, 21 Glendower road, Roslindale, for bituminous concrete pavement in Church street, Cypress street, Danville street, Ely road, Frederika street, Maxfield street, and Rutledge street (contract dated November 3, 1950) from December 31, 1950, to June 30, 1951. This extension is requested because the contractor was unable to complete work under the contract this year, and it will be necessary to resume work in the spring.

James A. Susi, 103 Providence street, Hyde Park, for removing snow in Area No. 3 (contract approved December 14, 1950) from December 31, 1950, to May 1, 1951.

Ward General Contracting Company, 157 Hampden street, Roxbury, for removing snow in Area No. 6 (contract approved December 7, 1950) from December 31, 1950, to May 1, 1951.

A. Singarella & Son, 22A Tremlett street, Dorchester, for removing snow in area No. 11 (contract approved December 14, 1950) from December 31, 1950, to May 1, 1951.

Coleman Brothers Corporation, 40 Central street, Boston, for removing snow in area No. 8 (contract approved December 20, 1950) from December 31, 1950, to May 1, 1951.

Atlantic Roads Company, Inc., 358 Medford street, Charlestown, for removing snow in area No. 13 (contract approved December 14, 1950) from December 31, 1950, to May 1, 1951.

Martin J. Kelly Company, Inc., 75 Stedman street, Jamaica Plain, for removing snow in area No. 9 (contract approved December 8, 1950) from December 31, 1950, to May 1, 1951.

SUPPLY DEPARTMENT.

Approval has been given for the extension of the following contracts to the dates specified:

C. Pappas Company, Inc., relative to the purchase of groceries and canned goods for delivery to the city departments, to April 30, 1951.

Gilman Brothers, Inc., relative to the purchase of drugs for delivery to the city departments, to February 15, 1951.

Organon, Inc., relative to the purchase of drugs for delivery to the city departments, to February 14, 1951.

CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

POLICE ENTRANCE, MARCH 10, 1951.

Last date for filing applications, Monday, February 19, 1951.

This examination is held to establish eligible lists for all cities, except Boston, and for such towns as are classified under civil service.

Salary: Inquiry concerning salaries in the various cities and towns should be made at local departments.

Duties: The duties are those of a regular patrolman.

Entrance Requirements: Applicants shall be not less than twenty-one nor over thirty-five years of age at the time of filing application. A certificate of date of birth must be filed with the ap-

plication unless one has been filed with a previous application.

Any veteran who will have attained the age of twenty-one within six months of the date of any scheduled examination for police service shall not be deemed ineligible for examination and appointment because of established minimum age requirements to take such examination. (See chapter 287, Acts of 1947.) Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age, within five years after the date of honorable discharge. (Chapter 179, Acts of 1950.)

Applicants must be not less than 5 feet 7 seven inches in height and must meet minimum weight requirements according to the following table, in which height is given in inches in bare feet and weight in pounds without clothing:

67 inches—135 pounds.
68 inches—135 pounds.
69 inches—140 pounds.
70 inches—145 pounds.
71 inches—150 pounds.
72 inches—155 pounds.
73 inches—160 pounds.
74 inches—165 pounds.
75 inches—170 pounds.
76 inches—175 pounds.

Subjects and Weights: Training and experience, 3; practical questions, including memory test and general information, 7; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination and qualifying strength test. To become eligible, applicants must obtain at least 70 per cent in the strength test, but the mark will not be included in the general average mark.

The practical questions will be based largely upon information contained in the July, 1946, or later editions of a manual known as the "Blue Book." This manual may be obtained from the Public Document Division, Room 116, State House, Boston, at 20 cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

Applicants must not bring manuals to the examination room.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

PSYCHOMETRIST, DEPARTMENT OF MENTAL HEALTH, MAY 26, 1951.

Last date for filing applications, Monday, May 7, 1951.

Salary: The minimum salary is \$2,040 a year; the maximum salary is \$2,640 a year.

Vacancies: At present there are the following vacancies to be filled on a permanent basis: one vacancy at Boston Psychopathic Hospital; one vacancy at Belchertown State School; one vacancy at Danvers State Hospital; one vacancy at Foxborough State Hospital;

one vacancy at Monson State Hospital; one vacancy at Northampton State Hospital; one vacancy at Worcester State Hospital; one vacancy at Worcester Child Guidance Clinic; one vacancy at Gardner State Hospital.

Duties: To administer, score and interpret results of standardized psychometric and allied tests of general mental ability, special aptitudes, scholastic achievement and personality evaluation; to take case histories and to interview relatives; and to perform related work as required.

Familiarity with the Binet-Simon, Bellevue Scale, Rorschach, and other standard tests is required, as well as the ability to carry out research along the lines of psychological testing as it applies to patients.

CONGRESS VOTES COMPREHENSIVE
HOUSING PROGRAM.

Under the new federal housing law signed by the President on July 15 federal funds for slum clearance and public housing are now available to cities that demonstrate a need for low-rent housing. Cities generally must supply proof of blight, a master redevelopment plan for the blighted area, and temporary housing for displaced slum dwellers. The new law provides advance money to help cities map plans. Many cities, especially those that have housing authorities, already have the necessary information and are among the first to qualify for federal aid. Among the cities that are making studies to determine their housing needs are Chicago, Louisville, Miami, Milwaukee, Philadelphia, and Boston. Legislatures of 42 states have authorized local governments to establish low-rent housing authorities, and at least 25 states have laws authorizing local participation in federally supported slum clearance projects. Iowa, Kansas, Oklahoma, South Dakota, Utah, and Wyoming do not as yet have housing-enabling laws that will qualify their cities for federal funds for public low-rent housing.

APPOINTMENT OF OWEN A. GALLAGHER.

The following was received:

City of Boston,

Office of the Mayor, January 8, 1951.

To the City Council.

Gentlemen:

Under the provisions of section 26L of the Housing Authority Law of the Commonwealth (as inserted in chapter 121 of the General Laws and as amended by section 1 of chapter 574 of the Acts of 1946), I hereby appoint Owen A. Gallagher, 17 Ocean street, Dorchester, to be a member of the Boston Housing Authority for the term expiring January 8, 1956, vice John J. Coleman, term expired.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That the appointment by his Honor the Mayor of Owen A. Gallagher to be a member of the Boston Housing Authority for the term expiring January 8, 1956, be, and hereby is, confirmed and approved.

Referred to Committee on Confirmations.

ADDITION TO JAMES J. CHITTICK SCHOOL.

The following was received:

City of Boston,

Office of the Mayor, January 8, 1951.

To the City Council.

Gentlemen:

I transmit herewith communication from the Assistant Secretary of the School Committee of the City of Boston relative to your order of October 23, 1950, concerning the erection of an addition to the James J. Chittick School in Mattapan.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

School Committee, December 29, 1950.

Mr. Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Sir:

At the conference of the School Committee on December 27, 1950, I was directed to send to the City Council, through you, the attached report of the Board of Apportionment on the order of the City Council requesting the School Committee, through his Honor the Mayor, to provide for the erection of an addition to the James J. Chittick School in Hyde Park, which is self-explanatory.

Report in triplicate is sent herewith.

Very truly yours,

AGNES E. REYNOLDS,

Assistant Secretary.

City of Boston,

School Committee, December 26, 1950.

Memorandum for the Superintendent:
Under date of December 7, the School Committee referred to the Board of Apportionment the attached order of the City Council requesting the School Committee, through his Honor the Mayor, to provide for the erection of an addition to the James J. Chittick School in Hyde Park.

The Board of Apportionment respectfully reports that it has under consideration the advisability of recommending an addition to this building in the near future.

Respectfully submitted,

MARY L. O'BRIEN,

Clerk, Board of Apportionment.

CITY ELECTION DAY A CITY HOLIDAY.

The following was received:

City of Boston,

Office of the Mayor, January 8, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Board of Election Commissioners relative to your order of December 18, 1950, concerning the taking of proper steps to have the Legislature enact legislation which will permit the City of Boston to declare City Election Day a city holiday.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Election Department, December 28, 1950.
Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Sir:

This is to advise you that I have forwarded City Council order of December 18, 1950, requesting this Board to take proper steps to have the Legislature enact legislation which will permit the City of Boston to declare City Election Day a city holiday, to the Law Department.

I am enclosing copy of my letter which I have this day addressed to the Corporation Counsel.

Very truly yours,

JOSEPH RUSSO, Chairman.

City of Boston,

Election Department, December 28, 1950.
William L. Baxter, Esq., Corporation Counsel,

11 Beacon Street, Boston.

Dear Sir:

I am forwarding to you City Council order of December 18, 1950, requesting this Board to take proper steps to have the Legislature enact legislation which will permit the City of Boston to declare City Election Day a city holiday.

We are advising the City Council of our action in forwarding this communication to you, as such bill would have to be drawn up by your office, and will have to be admitted by Rules.

This Board will appreciate any action you can take on this matter.

Very truly yours,

JOSEPH RUSSO, Chairman.

CLEARING SNOW FROM SKATING AREAS.

The following was received:

City of Boston,

Office of the Mayor, January 8, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Board of Park Commissioners relative to your order of December 28, 1950, concerning the recreation division devising some system whereby they either clear the snow from the skating areas under the Boston Park System or to work out a plan with the Fire Department to reflood the skating areas after a snowstorm.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Park Department, January 4, 1951.
Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order introduced by Councilor Shanley requesting that the Park Commissioner devise a system whereby the snow is cleared from skating areas operated by the Park Department.

We endeavor to maintain our skating areas in a satisfactory and first-class manner. Of course, after an area has been frozen if an exceedingly heavy snowstorm develops it is impossible for us to plow off the entire area, because snow removal from the highways and parkways must be our first consideration.

However, we do, as soon as possible, plow part of an area for skating after a snowstorm. We will look into the matter as to the possibility of the Fire Department reflooding skating areas as suggested by the councilor.

Very truly yours,

FRANK R. KELLEY, Chairman.

The following was received:

City of Boston,

Office of the Mayor, January 8, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Board of Park Commissioners relative to your order of December 28, 1950, concerning the installing of shelters within the L Street baths for the convenience of the bathers.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, January 4, 1951.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order, dated December 28, introduced by Councilor McColgan, requesting the installation of shelters within the L Street baths for the convenience of the bathers.

This matter will require a survey, and we will make an investigation as to the possibility of complying with this request.

Very truly yours,

FRANK R. KELLEY, Chairman.

REPAIRING FENCE AT L STREET BATHS.

The following was received:

City of Boston,
Office of the Mayor, January 8, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Park Commissioners relative to your order of December 28, 1950, concerning repairing the fence at the L Street baths, which was damaged by the recent heavy windstorms.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, January 4, 1951.
Thomas P. McCusker,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order, dated December 28, and introduced by Councilor McColgan, requesting the repair of the fence at the L Street baths, which was damaged by the recent heavy windstorms.

Funds for this work have been placed in our budget and if they are approved we will proceed with the work.

Very truly yours,

FRANK R. KELLEY, Chairman.

RESURFACING COBBLESTONES, BROADWAY AND DORCHESTER STREET.

The following was received:

City of Boston,
Office of the Mayor, January 8, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the General Manager of the Metropolitan Transit Authority relative to your order of December 4, 1950, concerning placing a smooth surface on the cobblestones at the junction of Broadway and Dorchester street, Ward 6.

Respectfully,

J. B. HYNES, Mayor.

Metropolitan Transit Authority,

January 5, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

In reply to your letter of December 6, 1950, with order of City Council, requesting that a smooth surface be placed on the cobblestones at the junction of Broadway and Dorchester street, Ward 6, I would say that the tracks at this location are in good condition, and the entire track area, including the dummy strip is paved with grouted granite blocks, which is also in good condition.

No repairs to the track itself are required.

Therefore, under section 89, chapter 161 of the General Laws, which now applies to the Metropolitan Transit Authority, the replacing of the granite block paving in the track area is the responsibility of the City of Boston.

Yours very truly,

EDWARD DANA, General Manager.

REMOVAL OF ROTARY CIRCLE IN ANDREW SQUARE.

The following was received:

City of Boston,
Office of the Mayor, January 8, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of December 4, 1950, concerning the rotary circle in Andrew square being removed.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

December 27, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With further reference to City Council order of December 4, requesting that the rotary circle in Andrew square be removed, I wish to report that this matter was discussed at the last meeting of our Commission.

It is expected that the Maguire Associates will make a recommendation concerning this intersection which will be of special interest, and this report is expected within a few weeks.

The removal of the traffic circle will require an expenditure by the MTA of several thousand dollars and therefore, before this expenditure is recommended, it is considered advisable to have all of the recommendations concerning the relief of Andrew square traffic on hand.

Several agencies have investigated this area, and several plans for relief have been proposed. That which the Maguire Associates will suggest therefor shall be a summary of various plans offered and may result in the activation of a project early in 1951.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

ONE-WAY TRAFFIC ON MCBRIDE STREET, WARD 11.

The following was received:

City of Boston,
Office of the Mayor, January 8, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of December 4, 1950 concerning the feasibility of making McBride street, Ward 11, one way.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

December 27, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to Council order dated December 4 requesting an investigation into the feasibility of making McBride street, Ward 11, one way, we have had a vehicular count made on McBride street, between Call street and South street.

There is not a very heavy usage of this street at various times. The traffic count shows 213 cars using this street westbound during the day and 270 cars eastbound; 119 trucks westbound and 131 eastbound. Thus a total of 332 vehicles westbound and 401 eastbound were found to be an average traffic load for the street.

A survey of the adjoining streets reveals a similar load of traffic, as access to the factories and industrial plants in this section requires the use of streets in this neighborhood by a moderately-large number of commercial vehicles.

In order to establish a one-way street at McBride street it would be necessary to work an over-all pattern governing the parallel streets in the vicinity.

We are willing to do this, of course, but a general review by the residents of the streets affected should be undertaken, bearing in mind that sometimes an establishment of a one-way street serves as an inducement to higher speed by the persons using the street.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

PAINTING OF CROSSWALKS ON CERTAIN STREETS, WARDS 12 AND 14.

The following was received:

City of Boston,
Office of the Mayor, January 8, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of December 18, 1950, concerning the painting of pedestrian crosswalks along Brunswick, Devon, Intervale, Stanwood streets and Lawrence avenue, Wards 12 and 14.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

December 27, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order of December 18, 1950, requesting that pedestrian crosswalks be painted along Brunswick, Devon, Intervale, Stanwood streets and Lawrence avenue, Wards 12 and 14, I wish to report that due to snow conditions and temperature, street painting cannot be accomplished at this time.

A notice has been made of this request and when the spring painting program begins we shall endeavor to provide the pedestrian lines desired.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

GIFT TO CITY OF LAND ON POPLAR STREET, ROSLINDALE.

The following was received:

City of Boston,
Office of the Mayor, December 28, 1950.
To the City Council.
Gentlemen:

His Excellency Archbishop Richard J. Cushing has generously offered to the City of Boston approximately 18,954 square feet of land situated on the southwesterly side of Poplar street, between Hillside avenue and Delano park, in the West Roxbury district. Officials of the Park Department have made a recent survey of the property and are of the opinion that its acquisition is desirable for the establishment thereon of playground facilities.

I transmit herewith an order whereby a deed from the Roman Catholic Archbishop of Boston to the City of Boston may be accepted and the land placed in the care, custody and control of the Park Department for park and playground purposes and I recommend the prompt adoption of the order.

Respectfully,

J. B. HYNES, Mayor.

Whereas, The Roman Catholic Archbishop of Boston is the owner in fee of a parcel of land containing approximately eighteen thousand nine hundred fifty-four (18,954) square feet of land situated on the southwesterly side of Poplar street, between Hillside avenue and Delano park, in the West Roxbury district of the City of Boston, hereinafter described; and

Whereas, It is the desire of the Roman Catholic Archbishop of Boston to make a gift of said land to the City of Boston for park and playground purposes; now, therefore, it is hereby

Ordered, That upon the conveyance to the City of Boston by an instrument satisfactory in form to the Corporation Counsel of the parcel of land hereinbefore referred to, said parcel is hereby placed in the care, custody and control of the Park Department of the City of Boston for park and playground purposes, said parcel of land bounded and described as follows:

A certain parcel of land situated in that part of Boston called Roslindale, numbered 233, on lot 18, of the plan entitled, "Section Two (2) of the Metropolitan Land Company's Estate in West Roxbury, recorded in Norfolk Registry of Deeds as Plan No. 182 on the files of plans in said Registry, which said lot of land is bounded and described as follows, namely: Northeasterly on Poplar street, eighty-nine (89) feet; southeasterly on lot No. 232 on said plan, two hundred twenty-six and 5-10 (226.5) feet; southwesterly on lot No. 230 on said Plan 87, twenty-five (25) feet; and northwesterly on lot No. 234 on said plan, about two hundred twenty (220) feet, containing eighteen thousand nine hundred fifty-four (18,954) square feet of land, more or less.

Physical fitness to be determined by physical examination.

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin and in the South.

ASSESSED VALUATIONS CONTINUE TO RISE.

A survey of 43 assessing jurisdictions over 100,000 population, recently completed by the National Association of Assessing Officers, discloses that the latest totals of assessed valuations average 4.3 per cent higher than those for last year. Last year's survey of 46 jurisdictions showed an increase for the preceding period of 6.35 per cent. Duval County (Jacksonville), Florida, reported a 19.7 per cent increase, the highest of any jurisdiction. Other jurisdictions reporting high percentage increases in valuations were Dade County (Miami), Florida, 13.3 per cent; Providence, Rhode Island, 10.5 per cent; King County (Seattle), 10.4 per cent; Grand Rapids, Michigan, 9.3 per cent; Richmond, Virginia, 8.8 per cent; Los Angeles County, 8.5 per cent; Minneapolis and San Antonio, 6.9 per cent; and Erie, Pennsylvania, 6.7 per cent.

LEGISLATION FOR CITIES.

At least 30 of the 44 state legislatures that convened in regular sessions this year enacted important bills directly affecting municipal government. A few new laws—on loyalty, for example—reflect comparatively new problems, but most are the extension of trends that became pronounced a decade or more ago. Legislation for increased state aid is predominant. Some states gave cities limited new taxing powers. Chronic housing needs brought legislation in nearly a dozen states. Several governors signed measures giving cities more power to cope with parking problems.

DEPARTMENT OF SCHOOL BUILDINGS.

TO CONTRACTORS OF "ELECTRIC OPERATORS" FOR OVERHEAD DOOR.

INVITATION FOR PROPOSALS FOR FURNISHING AND INSTALLATION OF "ELECTRIC OPERATORS" ON EXISTING OVERHEAD DOORS AT DEPARTMENT OF SCHOOL BUILDINGS GARAGE, 26 NORMAN STREET, BOSTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for furnishing and installation of "Electric Operators" on existing overhead doors at Department of School Buildings garage, 26 Norman street, Boston, Mass.

Proposals will be received until 12 o'clock noon, Monday, January 29, 1951, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$150, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids.

MAYOR HYNES APPEALS TO FEDERAL POWER COMMISSION TO SPEED NATURAL GAS SERVICE FOR BOSTON AREA—ASKS CERTIFICATION FOR ALGONQUIN GAS TRANSMISSION COMPANY TO BE GIVEN RIGHT TO START WORK THIS SPRING.

Mayor Hynes on January 22 wired to Chairman Mon C. Wallgren of the Federal Power Commission, urging that the commission act with all possible despatch to grant a certificate to the Algonquin Gas Transmission Company so that steps may be started this spring for the installation of the pipe lines which would bring natural gas to Boston.

Late last year, the commission issued a certificate to the Northeastern Gas Transmission Company, which is to supply a portion of New England, but the application of the Algonquin Company, which is to service the Boston area and other parts of New England, is still pending before the F.P.C.

PLANS URGED ON TRAFFIC COMMISSION BY MAYOR TO AID RESIDENTIAL DISTRICTS IN PARKING OF CARS OVERNIGHT AT NOMINAL RATES TO PREVENT HARDSHIPS.

On January 23 the Mayor made public the following letter:

MR. WILLIAM ARTHUR REILLY,
Chairman, Traffic Commission.

DEAR SIR:

The problem of overnight parking, especially in residential areas, is one which causes considerable concern to both the Fire and the Police Departments. Unfortunately, in many of the older sections of our city, which were built up before the general use of the automobile, there are no available garages or other spaces where automobiles may be taken off the street. Consequently the residents in these neighborhoods are constantly parking their cars overnight in the streets and are constantly being reprimanded by the police.

It would seem to me that a plan might be worked out similar to that in vogue in other cities, where residents of certain areas might park their cars overnight on a street, with suitable precautions being taken, for a nominal sum per month. The fee for such parking would be more of a regulatory fee, rather than one with an object of revenue, although revenue from this source would be very useful.

PLANS FOR MUNICIPAL IMPROVEMENTS AMOUNTING TO MORE THAN \$100,000,000 ANNOUNCED BY MAYOR JOHN B. HYNES AS DRAFTED BY CITY PLANNING BOARD—DEVELOPMENTS PROPOSED TO EXTEND OVER NEXT SIX YEARS—WILL FOLLOW COMPREHENSIVE PLAN FOR ENTIRE CITY—IMPROVEMENT OF LOGAN AIRPORT AND BUILDING OF CHRONIC HOSPITAL NEAR FRANKLIN PARK—STATE TO EXPEND NEARLY \$200,000,000 TO AID IN COMPLETED WORK.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In accordance with your directive of last spring to the City Planning Board to prepare a capital improvement program, a progress report is submitted herewith, setting forth in tabular form the results of our present efforts in this regard. The summary sheets, you will note, show a total amount of nearly \$100,000,000 worth of projects deemed by the several departments to be necessary during the next six years. In addition, other projects, for which no specific studies or estimates were included, were submitted.

The Board is fully aware that this program is incomplete, despite your own circular letter of May 3, following which the necessary instructions and forms were sent out from this Board, your directive of September 11, and repeated solicitation from this office. With few exceptions, a list of projects only was submitted, without regard to the information indicated on the forms, such as financial considerations and plan preparation. The bulk of the projects are apparently in the idea stage. In a few instances no programs whatsoever have been submitted.

JERUSALEM'S MAYOR THANKS MAYOR HYNES FOR INTEREST SHOWN BY BOSTON WOMEN IN CONSTRUCTION OF YOUTH CENTER IN ISRAELI.

The Mayor's office has made public the following message:

MAYOR JOHN B. HYNES, c/o New England Women's Division, 294 Washington Street, Boston, Mass.

I am pleased that women of Greater Boston are participating in the construction of youth center in Jerusalem, to serve also as hostel for immigrant children where they may develop as free citizens in Young Israel Democracy. Youth center being established by Women's Division, American Jewish Congress, as memorial to late Mrs. Stephen Wise, founder of that organization who always manifested deep in-

BOSTON, December 29, 1950.

It is only fair to say, however, that this experience is in keeping with that of other large cities where capital improvement programs have been inaugurated in the last decade. The first year generally has been a period of education and trial in persuading the various departments to shift their thinking from immediate needs to long-term planning. Capital programming, like any departure from established custom, at first encounters a certain amount of inattention or resistance.

Since the projects were received too late in the year to permit of their being considered with regular budget allocations for the year 1951, the Board has compiled only a list with estimated costs for the period 1951 to 1956, without evaluation or accurate scheduling. It is believed, however, that a capital improvement program, to be realistic, should

CITY PLANNING BOARD SUBMITS LONG-RANGE CIVIC IMPROVEMENTS TO MAYOR.

(Continued from page 65.)

follow the development of a comprehensive plan for the city—a project which the Board is now making every effort to complete, in preliminary form at least, for submission to your Honor early in the present year.

It is hoped by the Board, therefore, that the capital improvement program will constitute a major consideration in the year ahead, together with its coordination with the comprehensive plan now in preparation, thus affording a logical basis upon which to proceed in municipal developments.

A survey of the trend of capital expenditures in the previous six years reveals the following totals:

1945.	\$3,564,125
1946.	\$4,650,655 (of which \$533,000 was for veterans' housing)
1947.	\$9,940,074 (of which \$3,988,000 was for veterans' housing)
1948.	\$12,410,287 (of which \$5,300,000 was for veterans' housing)
1949.	\$14,825,926 (of which \$4,550,000 was for veterans' housing)
1950.	(To Nov. 30) \$6,407,994 (of which \$1,500,000 was for veterans' housing)

At the same time, the list of major transportation and other projects being undertaken in the City of Boston by the Commonwealth of Massachusetts is impressive. A highway program approximating \$100,000,000 is already well under way; \$75,000,000 has been authorized for rapid transit developments; and the Port Authority has scheduled some \$14,000,000 for dock improvements.

In addition, there are planned expenditures for the improvement of the Logan Airport and the building of a chronic hospital near Franklin Park, thus bringing the anticipated capital expenditures in the City of Boston, by the State, to a total of nearly \$200,000,000. The completion of these projects, toward the cost of which Boston will, of course, be called upon, either directly or indirectly, to provide its share, will nevertheless make a definite contribution to the convenience of its citizens, and to the general welfare of the capitol city of the Commonwealth.

Sincerely yours,
THOMAS F. McDONOUGH, *Chairman.*

BUILDING RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following building:

To enter the building or other structure, or the abutting land or buildings, at 207 West Eighth street, Ward 7, with such assistance as required, and make safe, vacate forthwith or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

MAYOR HYNES THANKED FOR INTEREST IN YOUTH CENTER FOR THE CITY OF JERUSALEM.

(Continued from page 65.)

terest in development of Israel and was particularly interested in its children.

In keeping with the ideals of friendship, love, and peace amongst all peoples, which Mrs. Wise upheld, Louise Wise Memorial in Jerusalem will be open to youth of all nationalities and creeds visiting the Holy Land. The youth center is being erected on a beautiful hill in western side of the city, overlooking Old Citadel and New Jerusalem, on land especially dedicated for this purpose by the Jewish National Fund. Please convey by greetings to the women of your city, who are engaged in this important work, and inform them that January 22, our New Year of the Trees—the day when all Israeli school children plant trees—was chosen as the most appropriate day for laying the cornerstone for Louise Wise Memorial. My personal greetings to you.

ZALMAN SHRAGAI,
Mayor Jerusalem.

MAYOR HYNES APPEALS FOR SPEEDY AUTHORIZATION OF GAS LINES FOR BOSTON.

(Continued from page 65.)

Hon. Mon C. Wallgren, Chairman,
Federal Power Commission.

WE APPEAL TO YOUR COMMISSION TO USE ALL MEANS IN YOUR POWER FOR AUTHORIZATION OF NATURAL GAS SERVICE FOR BOSTON. AM INFORMED ALGONQUIN CASE CONCLUDES TOMORROW. BECAUSE ALGONQUIN IS ONLY COMPANY NOW WITH PLAN BEFORE YOU FOR BOSTON SERVICE TRUST YOU WILL FIND IT POSSIBLE TO ISSUE CERTIFICATE WITHOUT FURTHER DELAY. IN THAT WAY BOSTON WILL BE ABLE TO GET NATURAL GAS AS SOON AS NEIGHBORING COMMUNITIES YOU ALREADY HAVE AUTHORIZED. YOU HAVE ACTED WISELY AND IN THE PUBLIC INTEREST IN PLANNING FOR TWO PIPE-LINE SYSTEMS FOR NEW ENGLAND, AND WE COMMEND YOU ON RECENT ORDERS CLEARING THE WAY FOR FINAL DECISION.

John B. Hynes,
Mayor of Boston.

NIGHT STREET PARKING PLAN URGED BY MAYOR.

(Continued from page 65.)

I would suggest that you have a meeting of the Traffic Commission, at which time you might also invite the Fire Commissioner, for the purpose of exploring and discussing this probability. It is my judgment that the great majority of people who park their cars on the streets at night do so because of necessity, and it seems to be a stiff penalty to brand these persons as law breakers, per se. It also seems to me that what is possible of being worked out in other cities might well be worked out here in Boston.

With best wishes, I am

Respectfully,
JOHN B. HYNES, *Mayor.*

MAYOR HYNES OPENS "PREVIEW OF PROGRESS" EXHIBITION—PRAISES THOSE RESPONSIBLE FOR DISPLAY.

At the salute to the "Preview to Progress" broadcast on Sunday, January 21, Mayor Hynes spoke as follows:

In these trying times, it is indeed edifying to find a business organization with such great faith in the future of America as the Allied Appliance Company, and I am glad to join in this salute to Allied's "Preview of Progress." This organization is bringing a first to our great City of Boston with their three-day showing of the appliances that go toward making the American standard of living the highest in the world.

In spite of the trying situation abroad, we at home must keep the home front strong, and all of the items on display at this "Preview of Progress" are designed to ease the work of our wives, and mothers—those great women who have made Boston, and in a larger sense, America, the great country that it is.

This is the first show of its kind in Boston, and I am sure each and every one of you will want to see with your own eyes the display of appliances now on exhibit at the Dorothy Quincy suite in the John Hancock Building on Berkeley street. The "Preview of Progress" opened at noon today, and will be open until ten o'clock tonight. Tomorrow and Tuesday, the exhibition will be on view from nine o'clock in the morning until ten o'clock at night. Therefore, as Mayor of the City of Boston, I extend a cordial invitation to each and every one of you to visit the "Preview of Progress" in the Dorothy Quincy suite of the John Hancock Building today, tomorrow, or Tuesday to see this evidence of an organization's faith in the future of Boston's—yes, and the nation's business.

MECHANICS TO REPAIR FIRE EQUIPMENT.

The Mayor has approved the following request:

FIRE DEPARTMENT.

BOSTON, December 7, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

YOUR HONOR:

We respectfully request that the department be permitted to make a requisition on Civil Service for the services of four auto mechanics for a 90-day period, to rebuild five 12-cylinder motors on our fire apparatus.

These motors will have to be disassembled and rebuilt, necessitating a considerable amount of work over and above that which can be taken care of by our present force of auto mechanics.

Manufacturers at the present time are unable to furnish motors in the time required and, due to defense priorities being established by the Federal Government in furtherance of the Korean effort, it will virtually make it impossible to obtain these motors.

By the use of these mechanics, we shall be able to rebuild these motors in a much shorter period of time, and it will result in a saving of at least \$10,000.

Respectfully yours,

M. T. KELLEHER,
Fire Commissioner.

MAYOR NAMES ASSISTANT TO DIRECTOR OF CIVIL DEFENSE.

Mayor Hynes announced on January 19 that he had recommended the appointment of Walter A. (Tony) Comerford of 257 Foster street, Brighton, as assistant to the Regional Director of Region 5, Civil Defense Agency. Mr. Comerford is fifty-one years of age and resides with his wife and five children at the above address in Brighton.

In 1916 he graduated from the Classical High School in Worcester and shortly thereafter enlisted in the 5th Division of the U. S. Marine Corps and served in England, Scotland, and France with that famous Marine Division. He was honorably discharged in September of 1919. That year he entered Boston College as a freshman and graduated in 1923 with a B.S. degree. While he attended Boston College, he played football, baseball, and was a member of the track team for four years. Upon his graduation he became assistant to Head Coach Cavanaugh, and when "Cav" moved on to Fordham, Comerford went along with him. After "Cav" died, Comerford became head coach and athletic director of Loyola University at Baltimore, where he remained for nine years. He then became head coach at St. Anselm's at Manchester, New Hampshire.

Since 1940, Comerford has been associated with the Massachusetts Training Schools which is now the Youth Service Board. His wife is the former Ann McDonough of Dorchester. They have five children—four girls and one boy. His oldest daughter, Catherine, is a teacher at the Alexander Hamilton School in Brighton.

Mr. Comerford is a member of the American Legion, Veterans of Foreign Wars, Marine Corps League, Disabled American Veterans, and the Boston College Varsity Club of which he is a former president.

PAYROLL DEDUCTIONS FOR UNION DUES.

The following information has been issued by City Auditor Charles J. Fox:

BOSTON, January 24, 1951.

To Department Officials.

SUBJECT: Payroll Deductions for Union Dues.

The action of the City Council in accepting chapter 740 of the Acts of 1950 on January 15 was approved by the Mayor on January 17 so that this legislation is now applicable to city and county departments. Under the provisions of the Act, payroll deductions on account of Union dues are authorized. The following procedure will be observed in carrying out the provisions of this Act.

1. Deductions may be made on payrolls only for those employees who present to the payroll clerk of the department or division involved a card signed by the individual employee authorizing the deduction. The payroll clerk, in submitting the preliminary payroll on which the deductions are first listed, will attach the deduction authorizations to the payroll or see that the cards accompany the payroll when it is delivered to Room 60, City Hall.

2. The initial deduction for any particular Union group of employees must

be made on the first payroll of each month. The deductions established on this payroll must remain constant throughout the month. For instance, the first payroll on which Union dues will be deducted will be that for the week ending February 6. No additions to or changes in the deductions appearing on this payroll can be made during the remainder of February. The next payroll on which additions or changes may be made is that for the week ending March 6. Following this, April 3 will be the next date for changes, and so on throughout the year.

3. The deductions should be listed in the Blue Cross column and subtracted from the "Net Amount" appearing on the preliminary payroll. This column will be used for this type of deduction on every week except that in which the regular Blue Cross deduction appears, which is usually the last payroll week of the month.

4. Dues will be limited to two amounts—45 cents and 30 cents. No amounts other than these two may appear on the payrolls.

Any questions concerning this new payroll procedure should be submitted to Mr. John Fitzpatrick, head of the Payroll Division of this office, Room 60, City Hall.

CHARLES J. FOX,

City Auditor and Auditor of the County of Suffolk.

CIRCULAR LETTER NO. 1.

CITY OF BOSTON,

MAYOR'S OFFICE, January 12, 1951.

To the Heads of All City Departments.
GENTLEMEN:

The purpose of this communication is twofold:—(a) to call to your attention section 33B of chapter 149 of the General Laws and the order passed by the City Council on December 28, 1950, and approved by the Mayor on January 12, 1951, accepting the same; and (b) to amend the rules and regulations relative to the regular and overtime service of employees of the City of Boston as set forth in Circular Letter No. 13 of May 10, 1950. You will note that under said section 33B, the service of all persons employed by the city and subject to the section shall be restricted not only to five days and forty hours in any one week, as heretofore, but also to eight hours in any one day, and said eight hours shall be arranged to fall within a period of not exceeding nine consecutive hours. You will also observe that section 33B does not require an emergency to exist before such an employee can be worked overtime, so that it will no longer be necessary for you to have the Budget Commissioner determine that an emergency does exist before you authorize overtime service.

I.

G. L. (Ter. Ed.) c. 149, s. 33B, as inserted by St. 1950, c. 653, provides as follows:

"Except as otherwise provided in this section and notwithstanding any other provision of general or special law, the service of all persons employed by every city in which this section shall be accepted, in the case of cities having a Plan E charter, by the affirmative vote of two thirds of all the members of the city council,

and, in the case of other cities by vote of the city council, subject to the provisions of its charter, and in every town in which it shall be accepted by vote of the town at an annual town meeting, shall be restricted to five days and forty hours in any one week, and eight hours in any one day, and said eight hours shall be arranged to fall within a period of not exceeding nine consecutive hours; provided, that service in excess of the days and hours aforesaid may be authorized by an officer of such city or town or by any other person whose duty it is to employ, direct or control such employees, and such additional service shall be compensated for as overtime. This section shall not apply to policemen, firemen, school teachers, incumbents of offices specifically established by or under the authority of any general law or special act, or such other classes or groups of employees as from time to time may be specifically exempted therefrom in the manner provided for the acceptance of this section. The compensation payable to any employee shall not be reduced by reason of acceptance of this section. The provisions of section thirty-three A shall not apply in any city or town which accepts this section."

The text of the above-mentioned City Council order accepting the statute just quoted is as follows:

Ordered:

1. That section 33B of chapter 149 of the General Laws, as inserted by chapter 653 of the Acts of 1950, be, and the same hereby is, accepted;

2. That said section 33B shall not apply:

(a) to those specifically exempted therefrom by said section, or

(b) to undergraduate nurses or interns or other resident physicians or surgeons engaged in any capacity in postgraduate training in the Hospital Department, or

(c) to student attendant nurses or assistant resident physicians or assistant resident surgeons in the Institutions Department, or

(d) to any person on the payrolls of the Fire Alarm Division of the Fire Department, or

(e) to any person who is compensated for his services on an annual salary basis of four thousand dollars or more or on a weekly salary basis of seventy-seven dollars or more.

3. That notwithstanding anything to the contrary in clause (e) of paragraph 2 of this order, said section 33B shall apply to all senior building custodians, junior building custodians and other persons employed by the School Committee to care for any building in its custody or control; and

4. That after September 1, 1951, said section 33B shall apply, but between the effective date of this order and said September 1, 1951, said section 33B shall not apply, to nurses and attendants in the Institutions Department.

II.

Circular Letter No. 13 of May 10, 1950, is hereby amended by striking out the rules and regulations therein con-

tained relative to regular and overtime service and inserting in place thereof the following:

RULE 1. The service (hereinafter called regular service) of all employees of the City of Boston shall be restricted to five days in any one week, and eight hours in any one day, and said eight hours shall be arranged to fall within a period of not exceeding nine consecutive hours; provided however, that service in excess of the days and hours aforesaid may be authorized by the person (hereinafter called the department head) whose duty it is to employ, direct or control the employee.

RULE 2. Any day or portion thereof constituting part of the employee's vacation or sick leave shall be included in computing the employee's regular service. Meal periods actually taken shall not be included in computing either regular or overtime service. The word "week," as used in these rules, shall be construed to mean:—any period beginning with a Wednesday and ending with the following Tuesday.

RULE 3. In any department (or division thereof) which regularly operates on Sunday, the first eight hours of authorized overtime service rendered on any day other than days constituting part of the employee's regular service shall be compensated for on a straight time basis, and all other authorized overtime service shall be compensated for on a time and one half basis.

In any department (or division thereof) which does not regularly operate on Sunday, the first eight hours of authorized overtime service rendered on any day other than Sunday and other than days constituting part of the employee's regular service shall be compensated for on a straight time basis, and all other authorized overtime service shall be compensated for on a time and one half basis.

RULE 4. If, in the course of his regular service, an employee is required to work on a legal holiday, he shall be given an additional day off or, if such additional day off can not be given by reason of a personnel shortage or other cause, he shall be entitled to an additional day's pay on a straight time basis. An employee who, through a rotation of shifts, works different days in successive weeks shall be granted, in each year in which the number of holidays falling on his regular days off is in excess of the number of holidays in such year falling on Saturday, additional days off equal to the excess.

RULE 5. Rules 1 to 4, inclusive, shall not apply to policemen, firemen, incumbents of offices specifically established by or under the authority of any general law or special act, undergraduate nurses or interns or other resident physicians or surgeons engaged in any capacity in postgraduate training in the Hospital Department, student attendant nurses or assistant resident physicians or assistant resident surgeons in the Institutions Department, persons on the payrolls of the Fire Alarm Division of the Fire Department, any person who is com-

pensated for his regular services on an annual salary basis of \$4,000 or more, or on a weekly salary basis of \$77 or more, or, before September 1, 1951, to nurses and attendants in the Institutions Department.

RULE 6. If the appointing authority, with the written approval of the Mayor, determines that the position held by any person who is excluded by Rule 5 from the operation of Rules 1 to 4, inclusive, solely because he is compensated for his regular services on an annual salary basis of \$4,000 or more, or on a weekly salary basis of \$77 or more, is such as to warrant compensation for overtime, said person shall be compensated for overtime service on the basis set forth in Rules 3 and 4, provided, however, that no person whose salary is fixed by statute or ordinance, nor any person who is compensated for his regular services on an annual salary basis of \$5,000 or more, or on a weekly salary basis of \$96 or more, shall, under any circumstances, be compensated for overtime service.

The rules and regulations contained in Circular Letter No. 13 of May 10, 1950, relative to the regular service, the overtime service, the sick leave and the vacation leave of employees of the City of Boston, as amended by this Circular Letter, shall not be construed to apply to any person appointed or employed by the School Committee of the City of Boston.

J. B. HYNES, Mayor.

CIVIL DEFENSE ORIENTATION LECTURES BEGIN.

The first in a series of nine civil defense orientation lectures for the 1,800 dentists and dental hygienists of the Metropolitan District Dental Society was given on January 24 at Boston Latin School.

Dr. John H. Cauley, chief medical officer of the Health Services Division of Boston's Department of Civil Defense instituted the series with "Emergency Planning for Boston in Civil Defense." The restricted Army technicolor film, "Medical Effects of the Atom Bomb" gave the assembled dentists and their assistants a graphic account of A-bomb casualties as witnessed in Japan.

The role that the dentists of the metropolitan area will be called upon to fill has been outlined by Dr. Stephen B. Mallett, chairman of the Emergency Maxillo-Facial and Oral Surgery Service.

"In order to prepare the dental profession for the emergency which would result from a bombing attack," said Dr. Mallett, "a comprehensive course of instruction has been set up. The purpose of the course is to prepare dentists to administer first aid, do oral and other surgery as indicated, give intravenous and assist or substitute for the medical doctor wherever necessary."

Other lectures will deal with the treatment for shock and artificial respiration, wounds and hemorrhages, radiation, burns, aseptic techniques, and the role of antibiotics in warfare.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made:

BOSTON CIVIL DEFENSE.

An extension of 20 hours on part-time employment has been granted Grace Anne Devlin.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, supply houses, etc., for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

SUPPLY DEPARTMENT.

BOSTON, November 1, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested to dispense with publicly advertising for bids on traffic signal equipment for the Traffic Commission and award a contract, without public advertisement, to Eagle Signal Corporation.

This company is the only company from which this equipment can be procured and therefore no advantage could be gained by publicly advertising for prices. By awarding the contract as requested, it is my opinion that the best interests of the city will be served.

Total amount of contract will be \$1,873.83, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 15, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On November 21, 1950, your honor approved the award of contracts on lead covered cable to Westinghouse Electric Supply and Marshall & Co. in the amounts of \$10,776 and \$2,149, respectively. No contract was executed by Marshall & Co.

Permission is therefore requested to cancel the award to Marshall & Co. and award a contract for this item to Westinghouse Electric Supply Company at a price of 57.9 cents per foot on 3,500 feet lead covered cable which is the price quoted by them on the publicly opened bid of November 16, 1950.

Approximate total amount of contract will be \$2,152.50, which includes cost of seven (7) reels at \$18 each returnable for credit, less cash discount of one half of one per cent for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 15, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Water Division of the Public Works Department has submitted a requisition to this department for the following:

One (1) 10-inch x 12-inch Model FM detector meter with 6-inch disc by-pass and flanges.

Inasmuch as the Hersey Manufacturing Company is the only manufacturer of the meter requested, it is asked that authority be granted me to dispense with publicly advertising for prices and award a contract, without public advertisement, to the above company. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$2,400, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 15, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On December 18, 1950, your Honor approved awards of contracts for furnishing cereals and crackers to the various city departments from January 1 to June 30, 1951, on a publicly opened bid. No contracts were executed.

Permission is therefore requested to cancel the original letter dated December 18, 1950, and substitute this letter in its place. It is requested that all the items be awarded to the lowest acceptable bidders at the prices as checked on the accompanying tabulation except Item 4 on which no prices were received. It is requested that authority be granted me to purchase this item in the open market.

Approximate total amounts of contracts will be as follows:

The Quaker Oats Company, \$3,471.60, no discount; Megowen-Educator Food Company, \$2,922.05, 1 per cent, 10 days; Kellogg Sales Company, \$1,829.98, net; Thurman Company, \$428.35, net.

The Megowen-Educator Food Company's prices are subject to 5 per cent increase. The City of Boston reserves the right to accept or reject any item at time of increase.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 16, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Holyoke Machine Company of Holyoke, Mass., is closing out certain divisions of its plant and is desirous of disposing of various patterns of gears used only by the Public Works Department for the maintenance of City of Boston bridges.

This company originally offered these patterns to the City of Boston for \$6,515, but after further consultation with the Public Works Commissioner it agreed to accept the sum of \$1,500 for the complete lot of fifteen (15) gear patterns.

Inasmuch as the Holyoke Machine Company is the only company who has these gear patterns and as the cost of new patterns would be much in excess of the price of \$1,500, it is requested that authority be granted to dispense with publicly advertising for prices and award a contract, without public advertisement, to Holyoke Machine Company.

Approximate total amount of contract will be \$1,500, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 19, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On March 23, 1950, your Honor approved a contract with Warren Pipe Company of Massachusetts in the amount of \$72,400 for furnishing cast-iron water pipe to the Public Works Department. Although the contract expired on December 31, 1950, deliveries on orders placed prior to December 31, 1950, have not been completed up to the present time. Included in these orders are the additional quantities, 25 per cent in excess of amount specified in contract.

In order to take advantage of the prices of this contract which are considerably lower than current prices, permission is requested to dispense with publicly advertising and award a contract, without public advertisement, to Warren Pipe Company of Massachusetts for the undelivered orders placed before December 31, 1950. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$16,359, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

REGISTRY OF PROBATE.

BOSTON, January 16, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MAYOR HYNES:

Permission is requested to award to the Photostat Corporation, Rochester, New York, a contract for the purchase of photographic paper in an amount not to exceed \$4,000, and for the purchase of developer and acid fixer in an amount not

to exceed \$1,100, without advertising for bids. Said paper, developer, and acid fixer are for use in the photostat machine in this department.

No other company can furnish said materials so that there is nothing but expense to be gained by advertising.

I urge your favorable consideration.

Respectfully yours,

ARTHUR W. SULLIVAN, Register.

MUNICIPAL COURT, DORCHESTER DISTRICT.

BOSTON, January 18, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In accordance with chapter 156 of the Acts of 1939 which requires contracts for work or purchase exceeding one thousand dollars to be advertised, I hereby request that this court be exempt from compliance with that provision of Item 2-280 in the budget of this court, relative to the transportation of persons to and from correctional institutions.

Very truly yours,

WILLIAM G. LYNCH, Justice.

FIRE DEPARTMENT ORDERS.*General Order No. 2.***I. ASSIGNMENT AS ENGINEER, MOTOR SQUAD.**

The following assignment, which became effective as of 8 A.M., Wednesday, January 10, 1951, is hereby announced:

Hoseman John J. Doucette, Maintenance Division, to engineer, Motor Squad.

II. RESIGNATION.

The following resignation, which became effective as of 8 A.M., Wednesday, January 17, 1951, is hereby announced: Ladderman Herbert J. Conley, Ladder Company 34.

III. COMMENDATIONS.

The Fire Commissioner is pleased to commend Assistant Engineer of Motor Apparatus David I. Driscoll for his initiative in conceiving the idea of using the water from an abandoned reservoir on Deer Island for fire fighting purposes on the island. The Fire Commissioner has been informed by Penal Institutions Commissioner Edward L. Friel that Engineer Driscoll recommended the establishment of pipe lines and hydrants on the island to be supplied by water from the reservoir which was not then being used for any purpose. Commissioner Friel carried out the recommendation with the result that a new source of water supply for fire fighting purposes has been established for use on Deer Island. Commissioner Friel advised the Fire Commissioner that Assistant Engineer Driscoll's advice saved the Penal Institutions Department over \$80,000.

Hoseman George E. Butler of Engine Company 15 is hereby commended for responding to and working at fire, Box 7151, on January 2, 1951, while off duty.

Hoseman John J. Feeney of Engine Company 36 is hereby commended for responding to and working at fire, Box 4163, on January 12, 1951, while off duty.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

PROCEEDINGS OF CITY COUNCIL.

Monday, January 15, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councilor Coffey. The meeting was opened with the salute to the flag.

MEDICAL PAYMENTS FOR OLD AGE ASSISTANCE RECIPIENTS.

The following was received:

City of Boston,
Office of the Mayor, January 15, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Secretary of the Overseers of the Public Welfare relative to your order of December 18, 1950, concerning the payment of one visitation by any family doctor to Old Age Assistance recipients while the patient is confined to the hospital.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Overseers of the Public Welfare,
January 5, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

In response to the City Council order of December 18, 1950, requesting that any family doctor of an Old Age Assistance recipient be paid for one visitation while the patient is confined to the hospital:

The State Manual of Public Assistance states that reimbursement by the State Department for physician's or surgeon's fees for hospital patients is not allowed. Those services are included in the care for which the hospital is paid. Cities are obliged by law to follow State regulations in the administration of Old Age Assistance.

Sincerely yours,

WILLIAM G. O'HARE, Secretary.

Placed on file.

ADDITIONAL SOCIAL WORKERS FOR WELFARE OFFICES.

The following was received:

City of Boston,
Office of the Mayor, January 15, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Secretary of the Overseers of the Public Welfare relative to your order of December 28, 1950, concerning the assignment of additional social workers to the various welfare offices.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Overseers of the Public Welfare,
January 10, 1951.

Hon. John B. Hynes,
Mayor of Boston.
Attention of Mr. Shannon.

Dear Sir:

The Overseers of the Public Welfare in the City of Boston have received notification of the following order of the City Council, which was passed December 28, 1950:

"Ordered, That the Overseers of the Public Welfare Department be requested, through his Honor the Mayor, to assign additional social workers to the various welfare offices that are now running behind in their investigations; also to check and see if it is true that each social worker has over 150 cases to take care of. The new system of social workers to investigate cases from any of the three aid departments seems quite a burden for the number of social workers employed."

The Board of Overseers of the Public Welfare has asked that we do our best in the new integrated program to classify the assignment of social workers so that no one social worker shall have a case load of less than 100 cases or more than 160 cases. This is a Board recommendation pending further consideration and determination as to the most efficient way to serve those in need with also the thought in mind of having administrative costs held to a level that is in accordance with meeting this need.

At present the average case load of workers is 155. The Board feels this is a high average and undoubtedly will ask for an alleviation of this condition in its budget appropriation for 1951.

Sincerely yours,

WILLIAM G. O'HARE, Secretary.

Placed on file.

STATIONING OF FIRE APPARATUS ON PARKER HILL.

The following was received:

City of Boston,
Office of the Mayor, January 15, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Fire Commissioner and the Chief of Department

relative to your order of December 4, 1950, concerning the instructions to station a piece of fire apparatus at Parker Hill in an emergency.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Fire Department, January 5, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Your Honor:

With reference to the order passed by the City Council on December 4, 1950, requesting that, through you, the Fire Commissioner be instructed to station a piece of fire apparatus at Parker Hill, I submit the comment of the Chief of Department for your information.

Respectfully yours,

M. T. KELLEHER, Fire Commissioner.

City of Boston,
Fire Department, January 4, 1951.
To the Fire Commissioner.
Sir:

Relative to attached City Council order requesting that a piece of fire apparatus be located on top of Parker Hill during an emergency, I wish to state that this suggestion would receive earnest consideration in an extreme emergency. The various high spots throughout the city such as Parker Hill could be used if practicable.

However, the Fire Department was not without communication at the time in question. We have two other sources of electric supply at Fire Alarm Headquarters in the Fenway. One is an electric generator which is driven by a gasoline engine. The other supply is maintained by storage batteries which can operate the Fire Alarm Station. This department maintained radio communication at the time.

ASSESSED VALUATIONS CONTINUE TO RISE.

A survey of 43 assessing jurisdictions over 100,000 population, recently completed by the National Association of Assessing Officers, discloses that the latest totals of assessed valuations average 4.3 per cent higher than those for last year. Last year's survey of 46 jurisdictions showed an increase for the preceding period of 6.35 per cent. Duval County (Jacksonville), Florida, reported a 19.7 per cent increase, the highest of any jurisdiction. Other jurisdictions reporting high percentage increases in valuations were Dade County (Miami), Florida, 13.3 per cent; Providence, Rhode Island, 10.5 per cent; King County (Seattle), 10.4 per cent; Grand Rapids, Michigan, 9.3 per cent; Richmond, Virginia, 8.8 per cent; Los Angeles County, 8.5 per cent; Minneapolis and San Antonio, 6.9 per cent; and Erie, Pennsylvania, 6.7 per cent.

LEGISLATION FOR CITIES.

At least 30 of the 44 state legislatures that convened in regular sessions this year enacted important bills directly affecting municipal government. A few new laws—on loyalty, for example—reflect comparatively new problems, but most are the extension of trends that became pronounced a decade or more ago. Legislation for increased state aid is predominant. Some states gave cities limited new taxing powers. Chronic housing needs brought legislation in nearly a dozen states. Several governors signed measures giving cities more power to cope with parking problems.

PROPOSALS FOR FURNISHING SUPPLIES AND EQUIPMENT FOR PHYSICAL EDUCATION IN BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing supplies and equipment for physical education in the Boston public schools. Proposal forms are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Supplies and Equipment for Physical Education." The bid must be in duplicate. One copy, signed by the bidder and accompanied by a certified check, payable to the City of Boston, in the amount of one hundred dollars (\$100), must be left at the office of the Business Manager on or before 12 o'clock noon on Wednesday, February 7, 1951. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock noon of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. The successful bidders will be required to furnish a suitable bond or deposit of money or other security in the amount of not less than 50 per cent of the amount of the contract.

HENRY J. SMITH,

Business Manager of the School Committee.

MAYOR HYNES JOINS WITH NOTED CIVIC AND EDUCATIONAL LEADERS IN RENDERING TRIBUTE TO DR. DANIEL M. MARSH FOR DISTINGUISHED SERVICES AS PRESIDENT OF BOSTON UNIVERSITY—CALLS ATTENTION TO GREAT GROWTH OF INSTITUTION DURING 25 YEARS UNDER HIS GUIDANCE AND ADMINISTRATION.

At the dinner in tribute to Dr. Daniel M. Marsh, President of Boston University, at Symphony Hall, Wednesday, January 31, Mayor John B. Hynes spoke as follows:

I am pleased to be here tonight to extend to Dr. Marsh the official greetings of the City of Boston and its people, and to hail our distinguished guest as one of the outstanding educators of our day and our generation.

For a full quarter of a century, Dr. Daniel M. Marsh has been among us. He has been the driving force, the tireless leader, the inspiring educator, who has marched in the vanguard while Boston University grew to be the largest educational institution in New England and one of the largest in the world. As that great institution grew and expanded, so

PATRICK J. KENNEDY MEDAL OF HONOR TO BE PRESENTED TO OUTSTANDING FIREMAN OF DEPARTMENT AT ANNUAL BALL—FIRST OF SUCH AWARDS.

At the Firemen's Ball on February 5, the Patrick J. Kennedy Medal of Honor will be presented for the first time.

The gold medal award, established by Former Ambassador Joseph P. Kennedy in honor of his father, who was Fire Commissioner in 1905, will be annually presented to the fireman who during the preceding year has especially distinguished himself for valor in the performance of his duties as a fireman.

Fire Commissioner Michael T. Kelleher and the Board of Merit of the Fire Department (consisting of the chief of the department and deputy chiefs) will select a member of the fire-fighting force who, in their opinion, has earned recognition for outstanding heroism in the line of duty.

Congressman John F. Kennedy, grandson of Patrick J. Kennedy, will pin the medal on the recipient.

1950 WAS BANNER YEAR FOR BUILDING AND CONSTRUCTION OPERATIONS—SHOWN BY FIGURES ASSEMBLED BY BUILDING COMMISSIONER AND PRESENTED TO MAYOR JOHN B. HYNES—GRAND TOTAL AMOUNTED TO \$53,880,875, WITH NEW CONSTRUCTION AT \$32,381,980, ALTERATIONS AND REPAIRS AT \$12,524,942, AND PLUMBING, GAS FITTING, INSTALLATION OF HEATING EQUIPMENT, ETC., ADDING \$8,973,954—REVENUES DERIVED FROM PERMITS AND LICENSES CLIMBED TO \$89,345—BEST SHOWING IN FIVE YEARS.

Building operations in the City of Boston showed a decided increase for the year 1950 over those of the preceding year. This is shown in the figures compiled by the Building Commissioner and his staff and presented to Mayor John B. Hynes.

The total cost of construction for the year amounted to \$44,906,922. Of this amount new construction accounted for \$32,381,980, and alterations, repairs, etc., accounted for \$12,524,942. There were 660 new structures and 6,568 repair jobs done, for which permits were issued by the Building Department. For the year 1949 the total was \$38,865,501.

These figures do not include permits for plumbing, gas fitting, heating equipment installation, erection of elevators, and other items. In this latter group the valuation of the work amounted to \$8,973,954 for the year as against \$7,515,354 for the previous year.

The grand total of all building activity for the year 1950 totalled \$53,880,875, as against \$46,380,855 for 1949. The revenue derived by the Building Department from these activities amounted to \$89,345 for 1950, as against \$73,528.50 for 1949. Thus the year 1950 has proven the best in the past five years both for construction work and for revenue from permits, etc.

Of course, much of the construction and building operations for which applications were made during the past year have not yet been completed. Among the larger items are the Hyde Park Housing Project and the Carney Hospital. The former is being built at a cost of \$5,118,000, and the latter, when completed, will have cost \$4,000,000. The list of construction of \$100,000 or more for the year ending December 31 is as follows:

CIRCULAR LETTER NO. 2.

CITY OF BOSTON,
MAYOR'S OFFICE, January 19, 1951.
To All Department Heads.
GENTLEMEN:

I have been requested by the American Red Cross, through General Daniel Needham, Chairman of the Blood Program Committee, Boston Metropolitan Chapter, to help in the procurement of blood which is now needed so urgently for:

1. The armed services.
2. Civilian hospitals.
3. Stockpiling for civil defense.

The need for a great many volunteers to give blood must be very apparent. At the present time the Red Cross is supplying hospitals in Massachusetts with approximately 6,000 pints of blood a month, and in addition the requirements of the armed forces and for civil defense stockpiling call for a supply of approximately 18,000 pints a month.

I feel that all city employees, able to do so, will be willing to volunteer a pint of blood for the purposes enumerated. In order that a program may be followed to help in this matter I am appointing the following committee of city workers: Colonel Paul Hines, Industrial Advisor to the Mayor, Chairman.

Timothy Doherty, Deputy Collector, Collecting Department.

Frank P. Henry, Inspector, Health Department.

I ask all department officials and all employees to assist our committee and to volunteer their blood at this time when the demand and the need is so urgent.

Respectfully,
JOHN B. HYNES, Mayor.

MAYOR HYNES PAYS TRIBUTE TO RETIRING PRESIDENT OF BOSTON UNIVERSITY.

(Continued from page 89.)

too did Dr. Marsh grow and expand both in wisdom and in capacity. It was he who opened wide the doors of Boston University, and it was he who made it possible for increasing numbers of young men and women from Boston, from Massachusetts, and from the four corners of the globe, to become full men and women—educated men and women—molded, ready, and prepared to meet the challenge of life.

The cornerstone, the bedrock, of our vaunted principles of freedom and justice is now, and always shall be, popular education, for the educated man and woman must be relied upon to protect and keep inviolate man's precious rights.

Boston University is a fountain which has cleansed and purified and impregnated the minds of thousands of our citizens with the invigorating waters of knowledge. Its graduates are among the leaders in every profession—in every field of endeavor. Its graduates are part of the very backbone of our city, our state, our nation.

Boston, which has always been the citadel of intellectual progress and intellectual opportunity, looks with pride upon this great university which bears the ancient name of our city.

We bask in the reflected glory of its achievements, and we join with you tonight, most happily, in this deserving tribute to your illustrious president—for it was Dr. Marsh's noble spirit, godly impulses, and confident vision which fashioned and carved the place which Boston University now holds in the field of education; for the place it holds in the hearts of its grateful sons and daughters; for the place it holds in the affections of all the people of our city and our state.

Dr. Daniel L. Marsh, for 25 years a great educator and a great president of Boston University, has left an imprint upon that institution, and upon our city itself, which not even time will ever erase.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, commercial houses, etc., for furnishing labor and supplies. Communications from the heads of the departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, January 15, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Your approval of a contract with the O'Hearn's Storage Warehouse Company

for the storage of hospital records for the year 1951 at an estimated cost of \$1,781.28 (approximately \$148.44 per month) is respectfully requested.

The lack of storage space for hospital records makes it necessary for us to hire outside quarters. When the records were first sent to this company the cost was approximately \$20 per month, but the accumulation and the acute need for house space at the present time makes it necessary to contract for approximately \$148.44 per month, during this period where we are overcrowded and where we are making an effort to do a small amount of microfilming annually.

There is nothing to be gained by transferring our records that have been in this storage warehouse for the past two or three years.

I therefore respectfully request your approval of this award without special advertising.

Very truly yours,

JAMES W. MANARY, M.D.,
Superintendent.

PRINTING DEPARTMENT.

Boston, January 26, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Your Honor's permission is respectfully requested to permit the Printing Department to award a contract, without advertising, to Remington Rand, Inc., 857 Commonwealth avenue, Boston, Mass.

This request is being made in order that we may furnish the Auditing Department (Central Payroll Division) with payroll cards in the sum of \$1,516.50, as follows:

1,000,000 payroll cards, Form P14299, Manila, left-hand corner cut, to be delivered 200,000 per month, starting April, 1951, at \$1.05 per M—\$1,080.

100,000 payroll cards, Form P14299, left-hand corner cut, red stripe, to be delivered in April, 1951, at \$1.10 per M—\$110.

50,000 draft cards, Form P14410, left-hand corner cut, blue stripe, to be delivered in April, 1951, at \$1.13 per M—\$56.50.

250,000 accounts payable cards, Form P17234, left-hand corner cut, Manila, to be delivered in April, 1951, at \$1.05 per M—\$270—total, \$1,516.50.

The above materials are to be used on key punch card machines manufactured by the Remington Rand, Inc., and it would therefore seem that the best service could be rendered by purchasing these cards from the same company, and, in my opinion, no advantage could be gained by public advertising for bids.

Respectfully,

JOHN J. TWOMEY,
Superintendent.

Boston, January 29, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

Your Honor's permission is respectfully requested to permit the Printing Department to award a contract, without advertising, to the International Business Machines Corporation, 575 Boylston street, Boston, Mass.

This request is made in order that we may furnish the Welfare Department with 600,000 account checks, in the sum of \$1,566, and 1,500,000 tabulating cards, in the sum of \$1,730.50, making a total of \$3,296.50.

These materials are to be used on the International Business Machines at the Welfare Department, and as this company makes checks and cards especially designed for use on these machines, in my opinion, no advantage could be gained by advertising for bids.

Respectfully yours,

JOHN J. TWOMEY, Superintendent.

PUBLIC WORKS DEPARTMENT.

Boston, January 23, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On January 16, 1951, I approved a service order, S-8, for \$950, to John F. Shea Company, 41 Hollingsworth street, Mattapan, to make emergency repairs to a 15-inch broken sewer in Centre street, between St. Theresa avenue and Spring street, West Roxbury, because the stoppage in the sewer cut off all drainage in a large area toward La Grange street, which surcharged the sewers and caused the flooding of the boiler room of St. Theresa's Church, which endangered the operation of the oil burner, and caused other complaints.

Before the sewer, which is 15 feet below the roadway surface, could be repaired, also to provide drainage for the area that had been cut off, it was necessary to install large pumps and pump continuously until the broken pipe was uncovered and partial flow restored.

Because of the excessive amount of water that had to be pumped and encountered in the sewer trench the cost of this work will exceed the \$950 provided for in the service order. Your approval is requested to cancel the order and to enter into a contract, without advertising, with John F. Shea Company, at a sum not to exceed \$2,000, at the same rates contained in the service order.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Boston, January 23, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Under the provisions of the permission granted by your Honor on January 10, 1951, to purchase clothing for the various city departments, without publicly advertising for prices, authority is requested at this time to award contracts, without public advertisement, to the following companies for clothing to be purchased during the current year until December 31, 1951, inclusive:

Beatrice Fashions, 1333 Broadway, N. Y.

Bradbury Trading Company, 77 Bedford street, Boston.

Brown-Durrell Company, 75 Cambridge Parkway, Cambridge.

Elder Manufacturing Company, 13th and Lucas streets, N. Y.

Freedman Brothers, 85 Fifth avenue, N. Y.

Glowstyle Underwear Company, 53 West 36th street, N. Y.

Gremlins, Inc., 83 Essex street, Boston.

Handcraft Import Company, 1333 Broadway, N. Y.

Imperial Clothing Company, 31 Beach street, Boston.

Payson-Ambach Company, 43 Kingston street, Boston.

Regent Company, 1350 Broadway, N. Y.

A. Sanlier, 47 Cross street, Boston.
Henry Schaeffer & Sons, Inc., 11 and 13 East 26th street, N. Y.
Victory Girl Coat Company, Inc., 520 Eighth avenue, N. Y.
L. Wohl & Co., 1333 Broadway, N. Y.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, January 23, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Water Division of the Public Works Department has submitted a requisition to this office for the following:
One Venturi meter—tube, Type VTHS.

One Venturi meter register.

The Builders Providence, Inc., Division of Builders Iron Foundry, Providence, Rhode Island, has submitted a quotation in the amount of \$3,305 for both items. Permission is requested to dispense with publicly advertising for prices inasmuch as this company is the only known supplier who can furnish the equipment and therefore no other prices could be procured from a public advertisement.

Authority is requested to award a contract, without public advertisement, to the above company in the amount of \$3,305, net. It is my opinion that, in this way, the best interests of the city will be served.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, January 23, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Public Works Department has submitted a requisition to this office for the following:

One Model K6-SC-11 Baughman sand spreader, complete with Model AEH Wisconsin air-cooled motor, etc.

The Sandberg Equipment Company, distributor for the Baughman sand spreader, has submitted a written quotation to this office in the amount of \$1,548.

Permission is requested to dispense with publicly advertising for bids inasmuch as the Baughman equipment has proved to be the most satisfactory for the work performed by the Public Works Department. Authority is therefore requested to award a contract, without public advertisement, to Sandberg Equipment Company. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$1,548, less a cash discount of 1 per cent for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, January 24, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On December 31, 1950, the contract with Atlantic Clothing Company for furnishing surgeons' gowns and rubber sheets to the Boston City Hospital expired, with an undelivered balance of 25 dozen surgeons' gowns and 80 dozen rubber sheets.

In order to take advantage of the low prices which were submitted by this company in the publicly opened bid of December 14, 1950, it is requested that authority be granted me to dispense with publicly advertising for bids at this time and award a contract, without public advertisement, to Atlantic Clothing Company for the above materials. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$3,095, less 1 per cent cash discount for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 24, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:
On December 31, 1950, the contract with the Somerville Machine & Foundry Company for composition castings expired, with an undelivered balance of 8,738 pounds of No. 1 castings and 7,793 pounds of No. 2 castings.

In order to take advantage of the low price submitted by this company in the publicly opened bid of April 3, 1950, it is requested that authority be granted me to dispense with publicly advertising for prices on No. 1 and No. 2 composition castings and award a contract, without public advertisement, to Somerville Machine & Foundry Company, 14 Kent street, Somerville, Mass., for 8,738 pounds of No. 1 composition metal castings at 55 cents a pound, and 7,793 pounds of No. 2 composition metal castings at 49 cents a pound. It is my opinion that, in this way, the best interests of the city will be served.

The period of the contract will be from date of order until March 31, 1951, with the privilege of extending it until June 30, 1951. Approximate total amount of contract is \$8,624.47, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 29, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:
On January 22, 1951, your Honor approved a letter to award a contract to National Lead Company of Massachusetts in the amount of \$18,500, for furnishing pig lead to the Water Division of the Public Works Department.

This letter erroneously stated that the bid prices are based on New York price date of bid plus \$1.50 per hundredweight. It is therefore requested that the original letter, dated January 22, 1951, be amended to read that the bid price is the National Lead Company of Massachusetts' base cost of lead plus \$1.50 per hundredweight. Price is subject to change in that it will be \$1.50 per hundredweight over National Lead Company of Massachusetts' base cost of lead prevailing on date of shipment and subject to government restrictions as of that date.

Approximate total amount of contract will be \$18,500, less a cash discount of 1 per cent for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 29, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under the provisions of the permission granted by your Honor on December 27, 1950, it is further requested at this time to award contracts, without public advertisement, to the following companies for furnishing perishable foods and other edible commodities, as required, to the various city departments until June 30, 1951, inclusive:

Armour & Co., 775 Columbus avenue, Roxbury.

Behen Fruit Company, 7 Charlton street, Everett.

Bornstein & Co., 93 South Market street, Boston.

Collins & Lee, 105 Suffolk street, Chelsea.

Colonial Provision Company, 128 Cross street, Boston.

Roy G. Sparks Company, 24 Boston and Maine Produce Market, Charlestown.

C. A. Swanson Company, 38 Landsdowne street, Cambridge.

Swift & Co., 25 Faneuil Hall square, Boston.

Wald Baram Company, 89 South Market street, Boston.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

SUFFOLK COUNTY.

MUNICIPAL COURT, DORCHESTER DISTRICT.

BOSTON, January 12, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In accordance with chapter 156 of the Acts of 1939 which requires contracts for work or purchase exceeding \$1,000 to be advertised, I hereby request that this court be exempt from compliance with that provision of Item 4-1 in the budget of this court, relative to the purchase of supplies.

Very truly yours,

WILLIAM E. LYNCH, Justice.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Central Construction Company has been directed to perform the following extra work under the contract for sheet asphalt pavement in Archdale road, Biltmore street, Malcolm road, Seaverns avenue, and Whitecomb avenue, dated November 23, 1949:

Items ordered: (1) In Malcolm road, excavate and remove by hand approximately 100 cubic yards of existing sidewalk. Price to be paid, the sum of \$4.50 per cubic yard. (2) In Malcolm road, remove existing granite block soldier course and set new corners for new driveway, including preparing site, for the lump sum of \$25. Estimated cost of extra work, \$475.

S. J. Tomasello Corporation has been directed to perform the following extra work under the contract for bituminous concrete pavement in Beacon street, Ward 21, from Brookline and Boston line to Park Drive, dated October 4, 1950:

Items ordered: Add antistrip agent to approximately 541.8 tons of Class I bituminous concrete. Price to be paid, the sum of 40 cents per ton. Estimated cost of extra work, \$216.72.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Ferris & Mahoney Company for plumbing work at the Franklin School, from December 30, 1950, to January 25, 1951. This extension was requested due to delay in obtaining materials.

Approval has been given for the extension of the time of completion of the contract with Atlantic Roofing and Skylight Works for roofing and other work at the Prescott and James A. McDonald Schools, from December 15, 1950, to February 15, 1951. This extension was requested on account of bad weather conditions.

FIRE DEPARTMENT.

An extension of time has been granted to M. S. Kelliher Company for the performance of the contract for the erection of the new Fire Department Headquarters and Maintenance Garage Building on Southampton street, Boston, to May 29, 1951. This extension was requested due to the fact that delivery of reinforcing steel for the building was delayed 96 days, and cement for ready-mixed concrete was delayed 35 days.

HOSPITAL DEPARTMENT.

Approval has been given for a further extension of time from December 31, 1950, to June 30, 1951, on the contract of Remington Rand, Inc., for micro-filming prepared medical records, Boston City Hospital. This extension was requested because of delay beyond the control of the contractor in commencing the work to be done under this contract.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with Baker & Co., Inc., 3475 Washington street, Boston, for repairing with sheet asphalt the pavement in any street upon which there is no maintenance guaranty for the Water Division, from December 31, 1950, to June 30, 1951. This extension was requested for the reason that the contractor had to suspend

work, because of inclemency of weather, before completion of the work under this contract.

Approval has been given for the extension of the time of completion of the contract with Walsh Asphalt Company, 55 Perham street, West Roxbury, for repairing with bituminous concrete or sheet asphalt the pavement in any street upon which there is no maintenance guaranty in the East Boston district, from December 31, 1950, to June 30, 1951. This extension was requested for the reason that the contractor had to suspend work, because of inclemency of weather, before completion of the work under this contract.

Approval has been given for the extension of the time of completion of the contract with John McCourt Company, 910 Huntington avenue, Boston, for repairing with sheet asphalt the pavement in any street upon which there is no maintenance guaranty for the Water Division, from December 31, 1950, to June 30, 1951. This extension was requested for the reason that the contractor had to suspend work, because of inclemency of weather, before completion of the work under this contract.

Approval has been given for the extension of the time of completion of the contract with McCulloch Manufacturing Company, for furnishing labor to assemble about 30 8-inch gate valves, 50 6-inch gate valves, and 50 B. & F. post hydrants, from December 30, 1950, until March 31, 1951. This extension was requested because the city was unable to furnish all the valve parts to complete assembly.

Approval has been given for the extension of the time of completion of the contract with R. A. Buccella & Sons Inc., 20 Cedar park, Roxbury, for water works in Pilgrim road, Roxbury, and Putnam, White, and Eutaw streets in East Boston, from January 31, 1951, to April 15, 1951. This extension was requested for the reason that frost in the ground and snow and ice on said streets make working conditions impossible.

SUPPLY DEPARTMENT.

Approval has been given for the extension of the time of completion of the following contracts:

Italian Products Company, relative to the purchase of groceries—canned goods for delivery to the city departments to April 30, 1951.

Independent Cash and Carry, Inc., relative to the purchase of groceries—canned goods for delivery to the city departments, to April 30, 1951.

JOHN F. STAPLETON,
Chief of Department.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of September 2, 1949, determining damages caused by the making of the public improvement, consisting of the widening and construction of Newbury street, be, and the same hereby is, amended, by striking from said order the amount \$1 awarded to National Shawmut Bank in said order and inserting in place thereof the amount \$787; that the amount \$787, be, and the same hereby is, awarded to National Shawmut Bank for the damages so sustained.

POLICE DEPARTMENT ORDERS.

General Order No. 1,416.

Patrolman Roy W. Reimer, Division 14, honorably discharged veteran, having arrived at the age of fifty-four years, having been in service of the Boston Police Department for twenty-four years, and having requested retirement under provisions of section 57, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, Patrolman Roy W. Reimer will be retired from active duty in the Police Department, effective Tuesday, January 30, 1951, at 5.45 o'clock P.M.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,417.

The following-named persons, serving in the United States armed forces, are hereby transferred to the Superintendent's Office (armed service roll):

Patrolman Francis J. Hines, from Division 1.

Patrolman Edward J. Beausang, from Division 10.

Patrolman Charles T. Hayes, from Division 15.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,418.

Patrolman Thomas J. Regan of Division 2 is commended and granted three days' additional vacation for meritorious police duty performed on December 23, 1950.

While patrolling his route, the officer heard a noise in the basement of a building. He went to the nearest signal box and asked for assistance, specifying that no sirens be sounded. Three cars promptly responded, and Patrolman Regan posted a man at each of the five

exits and he entered the building by a rear entrance. At the foot of the stairs leading to the basement, Patrolman Regan captured a burglar armed with a fully loaded pistol, who had three bags of currency which he had stolen from the safe.

This prisoner had previously been convicted for safe-breaking and armed robbery and had served a term in State Prison. For this latest crime he was recently convicted and sentenced to State Prison for a long term.

The Commissioner is pleased to recognize the great courage, excellent judgment, and high devotion to duty displayed by Patrolman Regan in ridding the community of a dangerous felon.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,419.

Acting under provisions of chapter 658, Acts of 1945 (State-Boston Retirement System), the Boston Retirement Board has approved for retirement, on account of accidental disability, the following-named police officer; effective at the close of business Wednesday, January 31, 1951.

In view of this operation of law, after January 31, 1951, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman Charles J. Sergei, Division 10.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,420.

The following promotions and assignments are hereby ordered to take effect Wednesday, January 31, 1951, at 7.45 o'clock A.M.:

To the Grade of Sergeant.

Second-Grade Detective Patrick J. Leonard, from Detective Bureau to Bureau of Criminal Investigation.

Patrolman William H. O'Neil, from Division 3 to City Prison.

Patrolman Robert W. McManamin, from Division 16 to City Prison.

Patrolman Leo F. Magner, from Division 16 to Division 19.

Patrolman Arthur C. Cadegan, Jr., from Division 7 to Division 8.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,421.

The resignation of Detective John F. Feeney of the Detective Bureau having been presented, it is hereby accepted, to take effect Thursday, February 1, 1951, at 7.45 o'clock A.M., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

Referred to the Committee on Confirmations.

MUNICIPAL AUDITORIUM AND OFF-STREET PARKING FACILITIES.

The following was received:

City of Boston,
Office of the Mayor, January 22, 1951.
To the City Council.
Gentlemen:

On December 11, 1950, I forwarded to your Honorable Body two resolutions favoring the enactment of proposed legislation. Both resolutions were referred to your Executive Committee, and to date, no action has been taken on either resolution.

One resolution favored legislation for the construction of a municipal auditorium in Boston. It would appear that present world conditions make it unlikely that such an auditorium can be built. However, the authority to go forward with such a project is most desirable. The need for such an auditorium is very pressing, and if the international situation should become normal, I am of the belief that we should be prepared to erect such an auditorium.

The other resolution concerns additional authority to go forward with the off-street parking program. Under the 1946 authorization, \$5,000,000 has been committed for off-street parking facilities. It is the intention of the city government to erect further parking facilities in order that the great parking congestion in our city might be relieved. As in the case of the auditorium, however, it is quite doubtful that further parking structures will be erected if the international situation remains grave. However, it is most desirable that the authority be granted so that we might proceed when conditions allow.

Unless both of these resolutions are approved by your Honorable Body the legislation will not be acted upon under the rules of the Legislature. Therefore, I most respectfully request that your Honorable Body give prompt consideration to both of these resolutions.

Respectfully,

J. B. HYNES, Mayor.

Referred to the Executive Committee.

CENTRALIZED MIMEOGRAPH DIVISION.

The following was received:

City of Boston,
Office of the Mayor, January 22, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Budget Commissioner relative to your order of December 28, 1950, concerning the setting up of a centralized mimeograph division to service all departments in City Hall and City Hall Annex.

Respectfully,

J. B. HYNES Mayor.,

City of Boston,
Budget Department, January 15, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

I am in receipt of the Council order reading as follows:

"Ordered, That the Budget Commissioner be directed, through his Honor the Mayor, to make a study as to the advisability of setting up a centralized mimeograph machine division to service all departments in City Hall and City Hall Annex."

The question of centralization of mimeograph and other duplicating work now scattered throughout the various city departments is a matter which is being studied by the Mayor's Executive Committee on Administration, of which the Budget Commissioner is a member.

Very truly yours,

JOHN A. SULLIVAN,
Budget Commissioner.

Placed on file.

PORTABLE BUILDING FOR USE BY VETERANS' ORGANIZATIONS.

The following was received:

City of Boston,
Office of the Mayor, January 22, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the secretary of the Overseers of the Public Welfare relative to your order of January 15, 1951, concerning the turning over of a portable building, located at Glenway street and Blue Hill avenue, to the various veterans' organizations in that area.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Overseers of Public Welfare,
January 19, 1951.

Hon. John B. Hynes,
Mayor of Boston.
Attention of Mr. Shannon.

Dear Sir:

The Overseers of the Public Welfare in the City of Boston have received notification of the following order of the City Council, which was passed on January 15, 1951:

"Ordered, That the Overseers of the Public Welfare be requested, through his Honor the Mayor, to turn over a portable building, located at Glenway street and Blue Hill avenue, to the various veterans' organizations in that area."

May I report, that this building is still being used for Public Welfare purposes and if and when we cease occupancy it will be turned back to the School Committee of the City of Boston.

Sincerely yours,
WILLIAM G. O'HARE, Secretary.

Placed on file.

FLOODING OF FATHER BUCKLEY PLAYGROUND FOR SKATING.

The following was received:

City of Boston,
Office of the Mayor, January 22, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Park Commissioner relative to your order of January 8, 1951, requesting the flooding of the whole or a part of the Father Buckley Playground so that the children will have a skating place.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, January 12, 1951.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I am in receipt of a memo from your office with attached enclosure, City Council order dated January 8, requesting to flood the whole or a part of the Father Buckley Playground so that the children will have a skating place.

I regret to inform Councilor Wenzler that this is one of the areas in the Park system that we are unable to flood.

It is a small children's play area and is so constructed that it is not suitable for flooding.

Very truly yours,
FRANK R. KELLEY, Chairman.

Placed on file.

TRAFFIC SIGNALS AT GROVE HALL.

The following was received:

City of Boston,
Office of the Mayor, January 22, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of December 18, 1950, concerning a request to make a survey for traffic signal lights at Grove Hall.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,
January 15, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order dated December 18, 1950, requesting that the Traffic Commissioner be requested to make a survey for traffic signal lights at Grove Hall, I wish to report that at the time that Blue Hill avenue and Grove Hall were designated for street reconstruction our engineers made a survey of the area.

They reported that, because of the layout of the Grove Hall traffic pattern, traffic lights could not be efficiently operated at this intersection.

Accordingly, an additional island was constructed at Grove Hall for the primary purpose of affording a safety point for pedestrians crossing at Grove Hall.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

Placed on file.

TRAFFIC SIGNALS AT BRUNSWICK STREET AND BLUE HILL AVENUE.

The following was received:

City of Boston,
Office of the Mayor, January 22, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of the Boston Traffic Commission concerning the request to study the advisability of installing pedestrian, traffic, and blinker lights at the intersection of Brunswick street and Blue Hill avenue, Wards 12 and 14. This is relative to your order of December 18, 1950.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,
January 15, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order of December 18, 1950, requesting that the Traffic Commissioner study the advisability of installing pedestrian, traffic, and blinker lights at the intersection of Brunswick street and Blue Hill avenue, Wards 12 and 14, I wish to report that our engineers look with favor upon this location, but there are no prospects for the accomplishment of this installation during 1951.

Our 1950 appropriation was received late in 1950, and commitments were made at that time covering the amount contained in the appropriation.

We have been informed by the suppliers of electrical equipment that no guarantee of delivery can be made for any orders placed from now on.

Due to the increased cost of traffic light installations, the appropriation of last year, which was believed to be sufficient for approximately 40 installations, will only signalize about 35 intersections.

Reviewing the most hazardous locations recommended to be signalized, it is obvious that it will be some time before we will be able to reach Blue Hill avenue and Brunswick street.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

APPROPRIATION FOR AUTOMATIC TRAFFIC SIGNALS.

The following was received:

City of Boston,
Office of the Mayor, January 22, 1951.
To the City Council.
Gentlemen:

I am in receipt of a request from the Traffic Commissioner that additional funds be made available for the installation of traffic signal lights. I am advised by the City Auditor that there is available in the "Sales of City Property" account a balance of approximately \$26,000 which may be utilized for the purpose requested by the Traffic Commissioner. I submit herewith an order providing for the appropriation of this balance to permit further extension of traffic control signal lights, and respectfully recommend adoption by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That under the provisions of section 63 of chapter 44 of the General Laws the sum of twenty-six thousand dollars (\$26,000) be, and the same hereby is, appropriated from the special account, "Sales of City Property," to be expended under the direction of the Traffic Commissioner, as follows:

Automatic traffic control signals in various sections of the city..... \$26,000

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Lyall street, West Roxbury district, as a highway, from Veterans of Foreign Wars Parkway to Brook Farm road, bounded and described as follows:

An extension of the highway named Lyall street is hereby laid out, from Veterans of Foreign Wars Parkway to Brook Farm road, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Veterans of Foreign Wars Parkway, forty and 8-100 feet; westerly by the westerly line of said extension of said Lyall street as hereby laid out, three hundred seventeen and 12-100 feet; northerly by Brook Farm road, forty-six and 40-100 feet; and easterly by the easterly line of said extension of said Lyall street as hereby laid out, two hundred ninety-six and 18-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of said extension of Lyall street as laid out under this order, from Veterans of Foreign Wars Parkway to Brook Farm road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

LABORATORY ASSISTANT, DEPARTMENT OF PUBLIC HEALTH, MAY 26, 1951.

Last date for filing applications, Monday, May 7, 1951.

This examination is held to establish eligible lists for all divisions of the Department of Public Health, except the Biologic laboratories.

Salary: The minimum salary is \$2,040 a year; the maximum salary is \$2,640 a year.

Vacancies: At present there are four vacancies to be filled on a permanent basis.

Duties: Under immediate supervision and instruction to perform routine work as directed in a chemical, bacteriological, or other State laboratory; to assist on various kinds of scientific work; and to perform related work as required.

Examples of Duties: Preparing solutions, stains, and culture media; mounting and otherwise preparing specimens for microscopic examination; assisting with Wassermann and other tests; sterilizing apparatus and solutions; germinating seeds; performing routine analyses as directed; incidentally caring for supplies and cleaning apparatus.

Entrance Requirements: Applicants must have at least one year of full-time paid technical experience in a recognized hospital, public health, industrial or other scientific laboratory. *Substitutions*: (1) Six months of successfully completed training in laboratory technique in a recognized school or under a recognized pathologist may be substituted for the required experience. (2) Training with a scientific major in a recognized degree-granting school may be substituted for the required experience on the basis of one year of such training for six months of the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

HOSPITALS COST \$13,000 PER BED.

Average construction costs for general hospitals built under the hospital survey and construction program of the United States Public Health Service range from \$15.61 per square foot for 17 hospitals with from 26 to 35 beds to \$19.43 for two hospitals with from 126 to 150 beds. The general floor area per bed ranges from 604 square feet to 639 square feet, respectively. These figures include the cost of construction of the building and fixed equipment. The total cost of these hospitals, including all equipment and professional fees, but not including the site, brings the corresponding figures per square foot up to \$18.56 and \$21.36, respectively, and the cost per bed, including all costs, from \$11,256 to \$14,475, respectively. The average cost per bed for 105 general hospitals, including all costs except sites, is \$12,910.

CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

POLICE ENTRANCE, MARCH 10, 1951.

Last date for filing applications, Monday, February 19, 1951.

This examination is held to establish eligible lists for all cities, except Boston, and for such towns as are classified under civil service.

Salary: Inquiry concerning salaries in the various cities and towns should be made at local departments.

Duties: The duties are those of a regular patrolman.

Entrance Requirements: Applicants shall be not less than twenty-one nor over thirty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Any veteran who will have attained the age of twenty-one within six months of the date of any scheduled examination for police service shall not be deemed ineligible for examination and appointment because of established minimum age requirements to take such examination. (See chapter 287, Acts of 1947.) Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age, within five years after the date of honorable discharge. (Chapter 179, Acts of 1950.)

Applicants must be not less than 5 feet 7 seven inches in height and must meet minimum weight requirements according to the following table, in which height is given in inches in bare feet and weight in pounds without clothing:

PROPOSALS FOR LAYING WATER PIPES IN BENNINGTON STREET, LEVERETT STREET, WALLEY STREET, WALDEMAR AVENUE, ORIENT AVENUE, AND PRIVATE LAND OF BOSTON HOUSING AUTHORITY, EAST BOSTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying water pipes in Bennington street, Leverett street, Walley street, Waldemar avenue, Orient avenue, and private land of Boston Housing Authority, East Boston. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Laying Water Pipes in Bennington Street, Leverett Street, Walley Street, Waldemar Avenue, Orient Avenue, and Private Land of Boston Housing Authority, East Boston," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, FEBRUARY 14, 1951, with a certified check for FIVE HUNDRED DOLLARS (\$500), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

LIBRARY DEPARTMENT.

INVITATION FOR PROPOSALS FOR CATALOG CASES, BOOK TRUCKS, BOOK DISPLAY CASES, AND PERTINENT EQUIPMENT.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for supplying catalog cases, book trucks, book display cases, and pertinent equipment for the new Branch Library on Adams street, Dorchester, Mass. Details and specifications may be had upon application at the Business Office, Public Library of the City of Boston, Copley square, Boston, Mass.

Proposals will be received until 12 o'clock noon, Wednesday, February 14, 1951, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of three hundred dollars (\$300), shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

Specifications may be obtained on and after Monday, February 5, 1951, at the Business Office, Public Library of the City of Boston, Boston, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful bidder.

The Awarding Authority reserves the right to accept or reject any or all bids, and to accept or reject any portion or portions of bids, and to award the contract as he deems for the best interests of the city.

MAYOR HYNES CALLS TOGETHER GROUP OF 50 LEADING CITIZENS TO PLAN HOW TO OFFSET RACIAL AND RELIGIOUS CLASHES BETWEEN BOSTON'S COSMOPOLITAN POPULATION ELEMENTS—ADDRESSES GROUP ON NEED FOR TOLERANCE AND UNDERSTANDING SO AS TO AVOID FRICTION AND FOSTER BROTHERHOOD—NAMES OFFICIALS TO GUIDE AND DIRECT WORK.

On Thursday, February 1, Mayor John B. Hynes spoke as follows before the committee of fifty leading citizens formed to plan to offset possible racial clashes:

The reason for the formation of this committee is to give sober thought to those unpleasant occurrences in our city which happen from time to time, and which, unfortunately, arouse racial and religious tempers. A minor so-called "incident" might, conceivably, develop into a serious situation. This must be avoided, if it is within our power to do it.

As I see it, there is a duty on the part of the municipality to make every effort to determine, in so far as possible, the

MAYOR HYNES INVITES ITALIAN PREMIER de GASPERI TO BE CITY'S GUEST ON COMING VISIT TO AMERICA.

On February 5 Mayor Hynes made public the following invitation to Premier de Gasperi to be guest of Boston citizens:

HIS EXCELLENCY ALCIDE DE GASPERI,
Premier of Italy, Rome, Italy.

DEAR SIR:

The Boston newspapers report that you are to be in the United States late in February to see President Truman. While you are in this country, I cordially invite you to come to Boston for a short visit if you possibly can do so.

In Boston there are over 100,000 citizens of Italian lineage. They represent an important segment of our population. You will both honor them and honor us here in Boston if you can make arrangements to come here. I can assure you of a very warm and hearty welcome.

Respectfully,

JOHN B. HYNES, *Mayor.*

MAYOR JOHN B. HYNES SUBMITS 1951 BUDGET TO CITY COUNCIL CALLING FOR A POSSIBLE INCREASE IN TAX RATE OF \$2.70—PARINGS MADE WHEREVER POSSIBLE, BUT LEGISLATURE'S INCREASING OF SALARIES FOR POLICE AND FIREMEN AND INAUGURATION OF FIVE-DAY WEEK WITH NO MEANS PROVIDED FOR SECURING NEEDED REVENUE TO MEET OBLIGATIONS IMPOSED, EXCEPT BY JUMPING TAX RATE, PUTS BURDEN ON CITIZENS DESPITE ALL ECONOMIZING EFFORTS—INCREASED COSTS ALSO FIGURE IN ESTIMATES OF NEEDS—MORE THAN \$5,000,000 PARED FROM DEPARTMENTAL ESTIMATES.

On February 5 Mayor John B. Hynes sent his budget estimates to the City Council. More than \$5,000,000 was slashed from the departmental estimates. The letter on the budget reads as follows:

CITY OF BOSTON,

OFFICE OF THE MAYOR, February 5, 1951.

To the City Council.

GENTLEMEN:

In compliance with section 3 of the City Charter, I submit herewith my budget recommendations for 1951, and recommend adoption of the accompanying appropriations and tax orders.

The grand total of the proposed over-all budget covering city and county maintenance is \$90,679,274.95, as compared to \$86,554,244.50 in the year 1950. The \$4,125,000 increase in this budget, which in itself approximates a \$2.70 rise in our tax rate, could be prevented by one of three possible courses:

1. Curtailing necessary municipal services.
2. Wholesale layoff of city employees.
3. A blanket slash in salaries.

As Mayor, I am unwilling to pursue any one of these three possible courses, and I do not believe that the people of Boston want any of these three steps taken.

Obviously, it is our duty and responsibility to provide adequately for our sick and our needy, even though the cost of doing so may have increased tremendously.

It hardly needs to be pointed out that the city's bills for supplies, medical and otherwise, fuel, and food will be greater this year than in 1950. Those items account for a very substantial part of the increase in our budget.

Every practicable effort has been made to lighten the financial burden which our citizens will be asked to assume.

Estimates Cut \$5,500,000.

The estimates submitted by department officials have been reduced by more than \$5,500,000. Many desirable activities and undertakings have been deferred until such time as the city is better able to afford them. The proposed appropriations contained in this budget are for the most essential and necessary municipal functions.

MAYOR URGES BETTER RACIAL AND RELIGIOUS RELATIONS BEFORE GROUP OF BOSTON'S LEADING CITIZENS.

(Continued from page 113.)

reasons for these "incidents," and to attempt to eliminate these causes at the source.

I realize, in a competitive world, we cannot expect that there will not be inharmonious clashes between men — and I also realize that human flesh is weak, and at times that weakness takes the form of impatience, or intolerance of another's race, color or creed.

However that might be, and fully realizing we cannot expect perfection of conduct in a far from perfect world, there is, nevertheless, opportunity to do something, here and there, which will decrease the causes which bring about frictions and tensions between our people.

Consequently, I have appointed this committee to help and advise in this matter. The committee is composed of men and women of various racial, social, and religious backgrounds. It is a representative committee.

Obviously, a large committee such as this cannot meet with any frequency, and perhaps should only meet when there is grave reason. It is my thought, therefore, that within this committee a board of ten be nominated and elected today, to comprise an executive board. It is also my thought that within this committee a group of five be nominated and elected, to be termed the research board.

The executive board will be the board which will make recommendations for definite action of the whole committee. It will consider the causes of frictions. It will give consideration to the experiences of other cities. It will, in short, be the clearing house for all related matters coming under this broad field of better human relations. The executive director of the whole committee will also act as chairman of this board, if that meets with your approval.

The research board will give consideration to the basic causes of frictions, and will obtain information on this subject which will be of value to the executive board and the entire committee.

The executive director of this committee, Mr. D. Leo Daley, has been chosen by me. He will receive no salary. As an assistant superintendent of schools, with experience in many phases of human relations, I believe he is a fine choice. We are very appreciative of his willingness to serve. Mr. Daley will be assisted by one person who will be regularly employed, and who will keep all records of the committee.

Finally, let me say, I believe this committee, through its executive board and its research board, can be a power for good in the community. The process of education is ever-growing, and the problem of better human relations is primarily a problem of education and understanding.

This committee cannot expect, and it should not be expected of it, to bring complete and perfect understanding to all in our city. But it can, and I am certain it will, bring a decidedly better understanding in those matters which disturb all right-thinking persons — those unfortunate occurrences which are so foreign to the American system of government.

MAYOR HYNES SUBMITS 1951 BUDGET TO CITY COUNCIL.

(Continued from page 113.)

Economies achieved by this administration during the past thirteen months have prevented this budget from increasing to an even greater extent. Unfortunately, because of the spiraling cost of running our hospitals and institutions, and other increased expenditures resulting from present-day conditions, the results of our efforts to make savings wherever possible have been completely overshadowed and eclipsed by the steadily mounting financial demands upon the city.

The appropriations for self-supporting Income Departments are made from their particular revenues and not from the tax levy. For these departments, the total amount recommended for this year is \$4,199,713.25 against a comparable figure of \$4,122,279.87 for 1950.

The major increases in the present budget are accounted for as follows:

Approximately \$1,400,000 in the Police Department, chiefly because of additional expense involved in the establishment of the 5-day week for police officers in accordance with the mandate of the voters; \$300,000 in the Fire Department to provide for overtime for ten holidays for firemen during 1951, additional men for the new fire station in East Boston, step-rate increases and increased costs of repairs to buildings and equipment; \$700,000 in the Hospital and Sanatorium Division due to the necessity for increased personnel costs, the new 5-day, 40-hour law, and the rising costs for food, medicine, and general maintenance repairs; \$200,000 in the Welfare and Veterans' Services Departments, because of added relief and personnel costs; \$314,000 in the Public Works Department to provide for down payments as a prerequisite to borrowing for sewerage works and construction of bridges; \$250,000 for increased pension costs which, because of their non-contributory nature, must be paid out of budget appropriations; \$50,000 for ordinary operating expenses for the new Civil Defense Department; and \$246,000 for increased County of Suffolk expenses.

Major Increases.

The foregoing are the major increases. The balance is accounted for because of increased, inflated costs of all supplies and commodities which affect the operating expenses of the city, as well as those of the ordinary citizen and businessman. Everything which the municipality does itself, everything which it contracts to have done, everything which the city purchases, will call for greater expenditures this year than in 1950.

The present budget does not contain a complete picture of the city's financial needs for 1951, such as debt requirements; overlay deficit payments; MTA deficit payments for the years prior to 1950; MTA deficit requirements for 1950; School Department costs; and other fixed obligations of the city. The full requirements for the city for 1951 are not yet ascertainable. For that reason, no close estimate can be made at this time concerning the tax rate, except to state that it will be higher, by several dollars, despite savings made wherever possible, than the rate of 1950.

It will be noted that no provision has been made in these budget appropriations for a general salary increase to employees. I have received proposals from various representatives of employees and such proposals are now under consideration. In the event that a general increase is decided upon, it will be necessary to submit a supplementary appropriation for that purpose. This, of course, would result in a further increase in our tax rate.

More detailed information concerning this budget is contained in a report of the Budget Commissioner which is attached hereto.

I respectfully request that your Honorable Body give approval to the accompanying appropriation and tax orders.

Respectfully,

JOHN B. HYNES, Mayor.

BUDGET DEPARTMENT REPORT.

February 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

I submit herewith detailed analysis of the 1951 budget recommendations for City Maintenance, County Maintenance, and the Income Departments for the fiscal year beginning January 1, 1951.

The composition of the budget document for 1951 conforms as nearly as practicable with the recommended standard accounting classifications developed by a firm of con-

sultants hired by the city to make this survey. This is the first step in the installation of a completely unified system of budgeting, accounting, and fiscal reporting designed to serve the purpose of effective financial administration, and informative and significant fiscal reporting to the public. In order to provide administrative flexibility, lump sum appropriations are made for Personal Services, Contractual Services, Supplies and Materials, respectively, for each budget unit. Appropriations for Current Charges and Obligations are made to each budget unit and for each class of Current Charges and Obligations as set forth in the standard classification by kinds of commodities and services. The manual of instructions for this standard classification of expenditures is now in the hands of all department heads and fiscal clerks in each city and county department. Another deviation is the setting up of a capital outlay appropriation by budget units and detailed by classes. Capital outlays are interpreted to mean all equipment items, and appropriations for Structures and Improvements, and Land and Non-Structural Improvements to Land. Eventually this system will tie in with the Six-Year Capital Improvement Program now being developed by the City Planning Board.

The following table indicates in comparative form the appropriations by divisions for this year and last.

	1950	1951
CITY MAINTENANCE	\$80,933,350 52	\$84,812,245 25
COUNTY MAINTENANCE	5,620,893 98	5,867,029 70
TOTAL	\$86,554,244 50	\$90,679,274 95

The above total of \$90,679,274.95 for City and County Maintenance is the amount to be raised by taxation and represents an increase of \$4,125,030.45 over the same appropriations for the year 1950. The total of the estimates submitted by all of the departments of the city and county was approximately \$10,000,000 in excess of the total appropriations for 1950. This excess has been reduced by approximately \$5,500,000. The appropriations for the self-supporting Income Departments are charged against their particular revenues and are not reflected in the tax levy. The total for the Income Departments recommended for the year 1951 is \$4,199,713.25, as compared to \$4,122,279.87 for 1950, an increase of \$77,433.38.

CITY MAINTENANCE.

The amount recommended for City Maintenance totals \$84,812,245.25 and is \$3,878,894.73 greater than the appropriations for 1950, as shown in the following tabulation:

* Denotes decrease.

PERSONAL SERVICES.

The following is an explanation of the increase of \$2,270,511.59 in the Personal Services item:

\$1,270,000 for the Police Department to provide for the 5-day week for police officers—this sum includes provisions for the appointment of 290 new men, promotions to upper ranks, step rates and anticipated additional overtime; \$200,000 for the Fire Department for additional positions for the new fire station in East Boston, step-rate increases, and provision for the payment for ten holidays for members of the department; \$190,000 for the Hospital Department and the Sanatorium Division for some additional needy positions and necessary funds to provide full year salary payments under the new salary schedules adopted last October; \$48,000 for the Library Department for new positions to open the Tyler Street Branch and funds to meet the new Union scales for bindery employees; \$35,000 for the Traffic Department to provide full year salaries for new positions added during last year in connection with the inspection and maintenance of parking meters; \$25,000 to the Health Department to provide for step-rate increases and additional personnel costs in connection with the opening of another health unit last year for which only a partial provision was made.

The above are major increases, and the balance provides for step-rate increases for the remaining departments in the city and reflects a substantial increase because of an underappropriation in the Fire Department budget of last year.

CONTRACTUAL SERVICES.

The increase of \$461,335.76 in this item is due to the necessity for providing \$330,000 additional funds for repairs to buildings and equipment in various city departments; \$80,000 for increased costs in connection with the board of Boston-settled cases in outside institutions, children in foster homes, and for the care of premature infants; \$20,000 for the hire of a bus to transport employees, visitors, and patients to and from Long Island Hospital when the bridge is completed this year; \$10,000 for the Treasurer to advertise for the redemption of traffic tunnel bonds next September.

MAYOR HYNES EXPRESSES DEEP AND SINCERE REGRET AT PASSING OF FORMER MAYOR MALCOLM E. NICHOLS.

On February 7 Mayor Hynes issued the following statement concerning the death of Former Mayor Malcolm E. Nichols:

I deeply regret the sudden and unexpected passing of Former Mayor Malcolm E. Nichols.

It was my pleasure to serve under Mayor Nichols during his years as Mayor. He was a kind, considerate, and able chief executive of our city. In the intricate field of taxation, he was without a peer.

To the members of his family, I offer the official regrets of the City of Boston and my own personal sympathy.

MAYOR PROCLAIMS FEBRUARY 11-18 AS AMERICAN HEART WEEK.

From the office of the Mayor the following proclamation has been issued:

Whereas, Diseases of the heart and blood vessels constitute our nation's most important medical and public health problem in that they effect more persons than any other disease, lead all other diseases as a cause of death, and are a serious social and economic burden; and

Whereas, The week, including February 14, each year is being sponsored by the American Heart Association as American Heart Week for the purpose of focusing public attention on the medical, social, and economic aspects of this primary health problem, and of reminding the nation that solution depends upon the fullest cooperation of the people, science, government, and health and social agencies;

Now, Therefore, I, John B. Hynes, Mayor of Boston, do hereby request that the week beginning February 11 be observed in the City of Boston as American Heart Week.

I further request schools, churches, scientific bodies, civic associations, business establishments, and other organizations, and the people of the City of Boston, generally, to observe this American Heart Week with appropriate activities.

ONE-WAY STREETS IN CHARLESTOWN.

After a conference with local elective, fire, and police officials in Charlestown, the Boston Traffic Commission has voted to establish a series of one-way streets in Charlestown. The original petition from Councilor Michael L. Kinsella and residents of Pearl street to make Pearl street one way developed the need for an alternate one-way plan on a series of streets which have been an increasing traffic problem in recent years.

Accordingly, the following changes have been voted for a trial period of sixty days commencing February 19, 1951:

Parking of vehicles will be prohibited in the following streets:

Main street, Charlestown, north side, from Green street to Wood street, 24 hours.

Wood street, Charlestown, both sides, from High street to Main street, 24 hours.

The following streets will be one way in the direction indicated:

Allston street, from Medford street to Bunker Hill street.

Cordis street, from Warren street to High street.

Elm street, from High street to Medford street.

Green street, from Bunker Hill street to Main street.

Pearl street, from High street to Medford street.

Polk street, from Medford street to Bunker Hill street.

Sullivan street, from Bunker Hill street to Russell street.

Thompson street, from Main street to Warren street.

Wood street, from Main street to High street.

MAYOR HYNES ISSUES CONGRATULATORY STATEMENT ON BIRTH OF ALLEN QUADS.

"I offer my hearty congratulations to Mrs. Robert Allen and her husband on the birth of the quadruplets.

"It is most encouraging to have our population increase so precipitately.

"If this occurred more often our problem of half-filled school buildings would be greatly solved.

"My best wishes to Mrs. Allen and my best wishes for the health of the two little boys and two little girls. May they grow to be stalwart citizens of Boston."

MAYOR PLANS ROUND-TABLE DISCUSSION ON "ALCOHOL IS EVERYBODY'S BUSINESS."

On Saturday evening at 6:45 P.M., on Station WNAC, the Boston Committee on Alcoholism will present a round-table discussion. The subject will be "Alcohol Is Everybody's Business."

The panel will consist of:

MRS. ELIZABETH D. WHITNEY, Executive Director, Committee on Alcoholism.

DR. JOHN W. CASS, JR., Secretary, Advisory Board, Long Island Hospital.

JOHN R. MCGILLIVRAY, Commissioner of Institutions, City of Boston.

The particular subject matter to be discussed in detail is the program inaugurated, under the direction of Mayor John B. Hynes, for the rehabilitation of men in the dormitory division of Long Island Hospital.

MAYOR HYNES THANKED FOR REMEMBRANCE TO SERGT. GRANEY IN KOREA.

The following letter was received from Sergt. Douglas F. Graney in Korea:

DEAR MAYOR HYNES:

Until now I had not been able to write and thank you for the wonderful Christmas box you had sent to me.

I would like to be able to thank you in person for your gift, and hope someday I get the chance.

I know a few friends of mine have changed their opinion of Bostonians, not that they thought bad of Boston, but I talk of home like a Texan does about Texas, and your gift proved a point about the people of Boston.

Thank you again, sir.

Respectfully yours,

(SERGT.) DOUGLAS F. GRANEY,
Company E, 23rd Infantry Regiment.

1951 Budget—Concluded.

(Continued from page 116.)

SUPPLIES AND MATERIALS.

An increase of \$450,000 in the appropriation for food, fuel, and medical supplies for the City Hospital, Sanatorium, and Long Island Hospital accounts for more than 50 per cent of the increase in this item. The balance is due to the increased costs of all the supplies and materials, and the fact that the new classification coding system has merged the former supplies and materials items into one account and transferred many former equipment items to the new supplies and materials account. This change makes it difficult to compare the balance of this increase with the 1950 appropriations for these purposes.

CURRENT CHARGES AND OBLIGATIONS.

Increased demands on the Veterans' Services Department by veterans and their dependents since the Korean situation accounts for this additional appropriation.

EQUIPMENT.

While every effort was made to provide only for necessary equipment, this item shows an increase because it is absolutely essential to purchase X-ray equipment for the Long Island Hospital and new type X-ray tubes in the health units.

STRUCTURES AND IMPROVEMENTS.

This item shows a reduction because of the postponement of all major improvements which could be postponed without impairment to the activities of the city.

LAND AND NON-STRUCTURAL IMPROVEMENTS TO LAND.

The increase in this item is due to the additional appropriation for the control of Dutch elm disease and for extension of the facilities at Mount Hope, Fairview, and Evergreen Cemeteries, particularly the veterans' plot in Mount Hope, which is now filled to capacity.

SPECIAL APPROPRIATIONS.

This increase is due entirely to the increased costs of non-contributory pensions and increased workmen's compensation claims by employees.

TOTAL	\$5,620,893 98	\$5,867,029 70	\$246,135 72

* Denotes decrease.

The over-all increase of \$246,135.72 in the county budget is accounted for by necessary provisions for step-rate and statutory increases, increased costs of supplies and materials, and special provision for masonry work at the step back of the new Court House building and a section of retaining wall at Deer Island to prevent further erosion to the shore line and possible damage to the buildings.

* Denotes decrease.

The Income Departments are self-supporting and do not require appropriations on the tax levy, and the amounts recommended are necessary to efficiently operate these departments.

The appropriation for the City Record, Publication of, which has been included in the self-supporting Income Departments, has now been transferred to the Tax Departments. This change was decided upon because from past experience the income from the sale of the *City Record* was so small that it was necessary each year to secure most of the appropriation from other sources. There being no foreseeable possibility of the *City Record* becoming self-sustaining, this change was made.

Respectfully,

JOHN A. SULLIVAN, Budget Commissioner.

MAYOR HYNES ASKS COUNCIL TO APPROVE RESOLUTION TO ALLOW SCHOOL COMMITTEE TO INCREASE APPROPRIATING POWER BY \$1,000,000 FOR GENERAL SCHOOL PURPOSES.

On February 5 Mayor Hynes presented the following request to the City Council for favorable action:

GENTLEMEN:

There is pending before the Legislative Committee on Rules a petition submitted by the School Committee, providing for an increase in the statutory appropriating power of the Committee for general school purposes. The increase is necessary in order to meet the full-year cost of the \$204 general increase granted to teachers as of September 1, 1950, as well as the cost of 150 additional custodians required to place the custodial force of the department under a 40-hour week.

In its present form, the petition does not provide for any specific sum or amount since, when it was filed last December, the 1951 budget requirements of the School Committee had not been definitely determined. During January, I was advised that school officials had estimated that an increase of \$1,315,000 would be necessary to provide for tentative budget estimates. After consideration and study of the schedules submitted with this estimate, I arrived at the conclusion that an increase of \$1,000,000 in the appropriation limit should be sufficient and so advised the School Committee. At a meeting last Saturday, a majority of the Committee approved of my suggestion and adopted preliminary budget estimates based on a million-dollar increase in the statutory appropriating power for general school purposes.

Before the Legislative Committee on Rules will admit the petition in question, it is necessary for your Honorable Body to approve the amount of the increase. I, accordingly, submit herewith a resolution providing for an increase of \$1,000,000 in the appropriation limit for general school purposes and respectfully recommend adoption by your Honorable Body.

Respectfully,

JOHN B. HYNES, Mayor.

Resolved, That the City Council hereby approve the enactment of legislation increasing the statutory limitation on appropriations authorized to be made by the School Committee of the City of Boston for general school purposes by \$1,000,000, thereby establishing for the year 1951 and thereafter the sum of \$22,200,000 as the aforesaid appropriation limitation.

MAYOR HYNES HONORED AS MAYOR OF TRUMAN VILLAGE IN ISRAEL.

Mayor John B. Hynes was just made Honorary Mayor of Truman Village in Israel by Fred Monosson, National Chairman in the United States of Truman Village.

This village is located between Lydda and Tel Aviv. The village is named after President Truman; Vice President is Alvin Barkley; Governor Paul Dever is Honorary Governor; now his Honor, Mayor John B. Hynes, Honorary Mayor.

The cornerstone for this village was laid in September, 1950, and it has a population of 250.

DECLARATION FOR THOMAS ALVA EDISON DAY, FEBRUARY 11, 1951.

The following declaration for Edison Day has been issued by Mayor John B. Hynes:

Whereas, The life and work of Thomas Alva Edison have made him an international symbol of our individual initiative in action, creating employment and opening new avenues of opportunity for millions of people; and

Whereas, His inventions—the first practical incandescent light, the phonograph, and the motion picture camera, to name but a few—are in use throughout the world today; and

Whereas, His 1,097 patented inventions and discoveries have contributed immeasurably to the scientific and industrial advancement not only of America but of the world; and

Whereas, February 11, the birthday anniversary of this great American, will be observed both in this country and in foreign lands; now

Therefore, Do I, John B. Hynes, Mayor of Boston, declare February 11, the 104th birthday anniversary of the inventor, as Thomas Alva Edison Day, in fitting tribute to the memory of the man whose life and work have truly established him as a builder of civilization. I urge all citizens to reflect upon the benefits which have come to them and to the peoples of the world through the accomplishments of Thomas Alva Edison.

CITY DEPARTMENT HEADS PLEDGE GIFT OF BLOOD TO AID MAYOR HYNES IN CAMPAIGN TO AID ARMED FORCES, ILL, AND WOUNDED.

All of the heads of the city departments, personally or through their representatives, this week at a meeting held at City Hall pledged Mayor John B. Hynes to give generously of their blood to the armed forces and to urge every one of their department employees to give. The blood, which will be given through the Red Cross, will also be given for the local hospitals and the Civil Defense Blood Bank.

The Mayor in his statement said: "The whole purpose of the Blood Program is to help save life—in the armed services, in military, veterans, and civilian hospitals, and in a disaster reserve. It does this by supplying whole blood for transfusions and other blood products for equally important uses. This blood is supplied without charge, and is possible only through the gift of blood by men and women like ourselves. There is no substitute for human blood. Massachusetts alone must collect more than 200,000 pints during 1951.

Speakers at the meeting were: Col. Paul H. Hines, Chairman of the City Employees' Blood Program; Col. Timothy C. Doherty and Maj. Frank P. Henry, members of the Blood Program Committee; and Peter O'Flaherty, Director of Donors Recruitment of the Massachusetts Regional Blood Center.

The Traffic Commission was the first unit to respond to the Mayor's request for blood donations to the armed forces, local hospitals, and the Civil Defense Blood Bank, now being stockpiled.

According to former Representative Patrick F. Sheehan of South Boston, Chairman of the Blood Donors Committee in the Traffic Commission, 58 of the

total 96 permanent employees pledged themselves to give, with a total of 82 pledges expected.

Mayor Hynes was so pleased with the prompt and generous response of the Traffic Commission employees that he sent word to William Arthur Reilly, Chairman of the Traffic Commission, asking him to express his personal thanks to all members of the Commission who had so kindly pledged donations. All other units of the city are expected to send in their pledges beginning Friday, February 9.

The pledges read as follows: "I will donate a pint of blood for the use of the ARMED FORCES, LOCAL HOSPITALS, and the CIVIL DEFENSE BLOOD BANK at a time to be scheduled by the City of Boston Blood Donors Committee.

"It is understood that the City of Boston employees and their families while in any Massachusetts hospital will be furnished, without charge, such blood as may be needed in whatever amounts that are available."

CIRCULAR LETTER NO. 3.

CITY OF BOSTON,

MAYOR'S OFFICE, January 31, 1951.

To All Department Heads.

GENTLEMEN:

During the month of February, a drive for funds will be made by the Heart Fund Campaign Committee. The committee has requested that city employees cooperate, within their means, in this drive.

Heart ailments now cause more deaths than any other disease. It will be extremely helpful if employees will contribute to this fund.

Department heads will assign an employee to act as co-chairman. Collections made by the co-chairman of each department will be turned over to Mr. William F. Kelly, Public Works Department, Sewer Division, Room 703, who has been designated by me to act as chairman, representing city employees in the conduct of this drive.

Sincerely,

JOHN B. HYNES, Mayor.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made:

ASSESSING DEPARTMENT.

Permission has been given to continue the employment of the following draftsman, Grade I (On the Job Trainee), for a period of one year, at \$2,200.

Carmine A. Forgiione, 252 Marion street, East Boston.

AUDITING DEPARTMENT.

Approval has been given for the appointment of Morris Goldman, C.P.A., 216 Barrister's Hall, to make an audit and examination of the income records of the Sumner Traffic Tunnel for the fiscal year 1950.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the further temporary employment of Frank J. Foley, 11 Lithgow street, Dorchester, as heating and ventilating inspector, for a period of six months, from January 11, at \$3,200 a year.

Approval has been given for the continued temporary employment of Walter J. Flaherty, 78 Carruth street, Dorchester, for a period of six months, from January 18, as heating and ventilating draftsman, at \$3,200 a year.

Approval has been given for a temporary promotion and increase in salary to John G. O'Donnell, boilermaker at \$3,300 a year to inspector of heating and ventilating at \$3,800 a year.

Approval has been given for a temporary promotion and increase in salary to John J. McCormack, plumber at \$4,000 a year to inspector of plumbing and gas fitting at \$4,400 a year.

Approval has been given for an extension of time, for a period of six months, from February 2, to Joseph M. Eich, 23 Maxfield street, West Roxbury, as electrical draftsman at \$3,300 a year.

ELECTION DEPARTMENT.

Approval has been given for the extension of the employment of the following-named veterans as provisional assistant registrars, for three months, at \$2,500 a year:

Alfred J. O'Donnell, 3 Linsky-Barry court, South Boston; Salvatore J. Silvestro, 42 Green street.

Approval has been given for an extension of employment of the following-named as provisional assistant registrars, for a three-month period:

The following two employees at \$3,000 a year: Peter F. Coleman, Jr., 4089 Washington street, Roslindale; Charles D. Spellman, 103 Calumet street, Roxbury.

The following two employees at \$2,500 a year: Ernest Camerlengo, 49 Willow street, West Roxbury; Karol Kostka, 15 Staniford street.

FIRE DEPARTMENT.

Edward J. C. Powers, 37 Ely road, Dorchester, ladderman, has been retired at \$2,200 a year.

Peter A. Reilly, 36 Ainsworth street, Roslindale, ladderman, has been retired at \$2,200 a year.

HOSPITAL DEPARTMENT.

The Mayor has approved the following request for the establishment of anniversary dates for employees on newly-established wage schedule:

At a meeting of the Board of Trustees held December 29, 1950, the Budget Commissioner's letter of December 20, regarding an anniversary date for those employees not included in the Trustees' recommendation of December 7, 1950, was presented.

The Trustees voted as follows:

1. Employees still on sliding scale, who have not reached the maximum of their group as of October 4, 1950, shall retain their original anniversary date.

2. Employees hired after January 1, 1950, shall use, after one year of continuous service, their employment date for step-rate increases.

All other employees not included in the above groups would have an anniversary date of January 1, 1951, as recommended in communication of December 7, 1950.

Approval has been given for the temporary appointment of 100 hospital medical workers (female) at \$29.74 a week.

CONTRACTS AWARDED.

Permission to award the contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon January 31 the Mayor approved a contract with Andrew T. Johnson Company for the blueprinting requirements of this department for the remainder of the year 1951. The following proposals have been received:

Andrew T. Johnson Company, 1.9 cents per square foot; Boston Blue Print Company, 3 cents per square foot; B. L. Makepeace Company, 3 cents per square foot; Spaulding-Moss Company, 3.5 cents per square foot.

Upon January 30 the Mayor approved a contract with Overhead Door Sales Company, Inc., for furnishing and installing electric operators on garage doors at Department of School Buildings, 26 Norman street, Boston. There was but one bid, opened January 29, as follows: Overhead Door Sales Company, Inc., \$1,780.

LIBRARY DEPARTMENT.

Upon January 31 the Mayor approved a contract to Macey-Morris Company for supplying certain furniture and pertinent equipment for the new branch library on Adams street, Dorchester. Bids, opened Thursday, January 25, were as follows:

Macey-Morris Company, \$9,609.29; Calley, Henderson & Stewart, \$10,080.75; Paine Furniture Company, \$10,252.10; Irving & Casson-A. H. Davenport Company, \$10,555; L. J. Peabody Office Furniture Company, \$10,565.32.

PUBLIC WORKS DEPARTMENT.

Upon December 29, 1950, the Mayor approved a contract as requested in the following letter:

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of December 22, 1950, publicly advertised bids were opened in this office for removing abandoned gas lamp posts in various streets of the city.

The lowest bid was submitted by G. DeLuca Company, Inc., at a unit price per post of \$6.75. This bid appeared to be below actual costs, and it was my opinion at the time that the DeLuca Company would suffer a substantial financial loss if the contract were awarded to it.

I discussed the matter with a representative of the latter-referenced company, and he admitted that he had made a mistake in his bid, because he assumed that he was to be paid under Items 1 and 2 for each post removal, whereas, Item 2 specified that payment for this item will be paid only for additional excavation when said excavation is ordered to be done outside the normal lines of openings required under Item 1. Under the circumstances, the DeLuca Company requested that its bid be rejected and I, therefore, requested, under date of December 27, 1950, that the bid of the DeLuca Company be rejected, and the contract be awarded to the second low bidder, the Charles Callahan Company, at its bid price of \$14.47 per

unit. As stated in my letter of the 27th, no contract, in my opinion, should be awarded to any bidder when the price appeared to be below actual costs, and the price of the DeLuca Company was far below our estimated cost and the bids submitted by the other bidders.

However, today, December 29, 1950, Mr. DeLuca appeared in this office and requested that the matter be reconsidered, and that the contract be awarded at the bid price of \$6.75 per unit, because he stated that he could do the work without financial loss to him as he had received a very attractive offer for the abandoned cast-iron posts, which, under the provisions of the contract, become the property of the contractor. In view of the exceptionally low bid submitted by the DeLuca Company, and taking into consideration also that Mr. DeLuca has previously requested that his bid be rejected, I told him that I would give him one hour to think the matter over and then give me his decision, because, as stated, I did not feel that we should, under any condition, award a contract if it appears that the contractor would suffer a substantial financial loss. He came back to me later in the day and stated that he still was of the same opinion and that he desired the contract, because he was certain that he could do the work at the low price submitted and still make a reasonable amount of money on the contract. Under the circumstances, which are unusual, it is my unqualified opinion that the contract should be awarded to the low bidder, at a saving of \$11,580 to the City of Boston, which is the difference in the bid price submitted by said low bidder and the second bidder, the Charles Callahan Company. This letter, therefore, will supersede mine of December 27, 1950, in which I recommended that the contract be awarded to the second low bidder.

I now respectfully request your approval to the award of a contract for removing abandoned gas lamp posts in various streets of the City of Boston, to G. DeLuca Company, Inc., 44 Woodward avenue, Roxbury, the low bidder, at an estimated cost of \$10,125, based on the unit bid price of \$6.75 for each lamp removed, on a total of approximately 1,500 gas lamp posts.

The following bids were received December 22, 1950, after publicly advertising for same in the *City Record* issue of December 16, 1950:

G. DeLuca Company, Inc., \$10,125; Charles Callahan Company, \$21,705; A. Singarella & Son, \$23,250; Atlantic Roads Company, Inc., \$23,925; H. DiTullio & Sons, Inc., \$25,275; Joseph Botti & Son, \$28,500; John F. Shea Company, Inc., \$31,500; Rosa & Todisco Construction Company, \$40,500; Carriere Construction Company, \$47,430; Frank J. Guaragna, \$48,000; C. Russo, Inc., \$49,500; Construction Units, Inc., \$52,500; Martin J. Kelly Company, Inc., \$57,375; R. A. Buccella & Sons, Inc., \$58,350.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Remarks.

Ryan & O'Brien.—Prices quoted are Cooper warehouse discount prices No. 210, effective December 14, 1950, and are subject to change without notice. No increase will be made by us until manufacturer changes his price and warehouse distributor price No. 210 in effect at time of delivery will apply.

Thomas E. Hogan, Inc.—Prices quoted are not firm prices and are subject to change. Any increase or decrease in price will be figured on the No. 800 price, less 5 per cent, in effect at time of delivery. Batteries of sizes not specified will be priced on the same basis. No copy of standard price list with proposal.

American Oil Company.—Prices quoted are those in effect in accordance with American Oil Company's distributor price schedule at time of delivery. List prices and specifications, including warranty period formulas, are included with the distributor price schedule. Prices are subject to change when American Oil Company's distributor price schedule changes. No letter containing price guarantee at Auditor's office.

Firestone Tire and Rubber.—Deliveries will be made as batteries are available to the best of our ability. Due to the uncertain market conditions, we are unable to guarantee these prices. Prices are subject to any price increase or decrease per Firestone National printed price sheets. (See letter attached to proposal.) Blank proposal filed at Auditor's Office.

Atlantic Battery Company.—The prices quoted in the attached proposals are subject to revision upward or downward by the amount of the differential shown on the price list. This revision will be made with each rise or fall of one cent of the lead market as quoted in the *American Metal Market*, a daily publication. Prices will be governed by the market price as of the date an order is placed for batteries. (See letter attached to proposal for example.)

Cities Service Oil Company.—Regret they are unable to bid at this time.

*Contract awarded.

Upon February 2 the Mayor approved a contract with the lowest bidders as indicated for furnishing antifreeze to the various city departments from April 1, 1951, to December 31, 1951, with the privilege of extending the period of time until March 31, 1952. Total amounts of awards were as follows:

Contract for: Automotive Distributors, \$2,799.36, less 2 per cent cash discount for payment within ten days.

Orders for: The White Motor Company, \$872, no cash discount.

Bids, opened January 26, were as follows:

Item 1. Approximately 81 Drums (54 Gallons Each) of Antifreeze, as Specified, Per Gallon.—Firestone Stores, 68 cents; White Motor Company, 85 cents; Automotive Distributors, 64 cents*; Cities Service Oil Company, 96 cents.

Item 2. Approximately 400 Gallons Permanent Type Antifreeze, Prestone Peak, or Equal, in 1-Gallon Containers, Per Gallon.—William D. Neuberg Company, Inc., \$2.30; Firestone Stores, \$2.34; American Oil Company, \$2.34; White Motor Company, \$2.18*; Automotive Distributors, \$2.51; Cities Service Oil Company, \$2.51.

Brand Name:

Item 1.—Firestone Stores, Super; White Motor Company, Super Pyro; Automotive Distributors, Trek; Cities Service Oil Company, Koldpruf.

Item 2.—William D. Neuberg Company, Inc., Prozone; Firestone Stores, Frigitone; American Oil Company, Amo; White Motor Company, Frigitone; Automotive Distributors, Prestone; Cities Service Oil Company, Permanent.

Discount.—William D. Neuberg Company, Inc., 2 per cent; Firestone Stores, net; American Oil Company, 2 per cent, 10 days; White Motor Company, net; Automotive Distributors, 2 per cent; Cities Service Oil Company, 2 per cent.

Remarks.

Firestone Stores.—Delivery from April 1, 1951, to December 31, 1951, only: Item 1. Due to the present unsettled market, antifreeze and Frigitone will be billed at prices in effect at time of shipment, per Firestone National price list, either increase or decrease. Item 2. Antifreeze and Frigitone will be delivered as available to the best of our ability.

Automotive Distributors.—Trek antifreeze is a product of National Carbon Company. Four quarts will do the work of five quarts ethyl alcohol or ethanol, therefore the price per gallon, although slightly higher, would be less expensive over the year.

*Contract awarded.

All hose quoted above will meet the specifications of the National Board of Fire Underwriters and will bear Underwriters' inspection label. This proposal expires in 15 days and must be accepted or rejected prior to February 8, 1951.

American LaFrance Foamite Corporation.—Entire amount available 45 to 60-day delivery, f. o. b. factory, freight delivered and prepaid. ¹ Three-quarters-inch Booster hose bid on is our standard Fire Department hose and we do not carry it with Underwriters' label. It is better quality than Underwriters' labeled hose. ² On 1½-inch and 2½-inch hose we have bid with Underwriters' label. We will furnish this same Underwriters' specification hose in 1½-inch and 2½-inch without label for 3 cents per foot less, making price without label 83 cents on 1½-inch and \$1.25 on 2½-inch. Also if you have old couplings available for 1½-inch D. J. and 2½-inch D. J. hose we will use them instead of furnishing new couplings and reduce 1½-inch price 7 cents per foot and 2½-inch price 8.5 cents per foot.

B. F. Goodrich Company.—Delivery to start 90 days after receipt of order and to be completed in 60 days thereafter.

Gorham Fire Equipment Company.—Ten to 12 weeks.

Boston Woven Hose & Rubber Company.—Propose to ship entire quantity during the months of May and June, 1951.

Eureka Fire Hose, Division of United States Rubber Company.—Partial shipment 90 days after receipt of order. Complete shipment 120 days after receipt of order. Partial shipments to be made at earliest factory convenience, final shipment to be completed not later than June 1, 1951. Prices quoted firm for 15 days from date of opening and subject to following conditions: Seller will be excused for failure or delay in manufacture, shipment or delivery due to reasonable doubt of buyer's financial responsibility, foreign or domestic wars, fires, labor shortage or labor troubles, transportation difficulties, governmental regulations restricting production or shipments, shortage of materials or any cause or causes of like or different nature beyond seller's control.

³Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, commercial houses, etc., for furnishing labor, supplies, etc. Communications from the heads of the various departments interested were as follows:

CITY MESSENGER.

BOSTON, January 22, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In accordance with chapter 11 of the revised City Ordinances of 1947 it is the duty of the City Messenger, in compliance with Council orders, to award the contracts for the roping off of streets for parades, races, public celebrations, installation and maintenance of flagpoles and displaying flags. I have for the past six years, due to the emergency nature of the work, awarded these contracts to F. C. Dolan & Sons, Inc., 18 Aldworth street, Jamaica Plain. Mr.

Dolan has a capable working force and the work has been at all times done efficiently and to the last letter of the contract. He has proven that he is able to cope with any emergency which might arise, many of the contracts being awarded with only two or three days notice, and for the reasons mentioned I respectfully request permission to award these contracts, as in previous years, without public advertising. The cost of this work will be approximately \$15,000, and the charges will be at the same rate as previous years despite increased labor costs.

Respectfully yours,

WILLIAM J. O'DONNELL,
City Messenger.

HOSPITAL DEPARTMENT.

BOSTON, January 29, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We hereby request your approval to award a contract, without public advertising, to James H. Ritchie & Associates, 38 Newbury street, Boston, Mass., for architectural and engineering services required in making a maintenance examination and report on the Medical Building, Boston City Hospital, for a fee based on an hourly basis, not to exceed the amount of \$1,075.

Because of the technical nature of the service required, the Trustees are of the opinion that there would be nothing gained by publicly advertising for bids.

Respectfully yours,

BOARD OF TRUSTEES,
by MARTIN J. ENGLISH, M.D.,
President.

P.S.—The Trustees feel that in order to find out what structural defects due to obsolescence are present in the hospital buildings, they would have one building surveyed which would act as a basis for an over-all picture of the same in other buildings. In this way a figure could be attained to determine what financial outlay was necessary to put the hospital in good condition instead of doing it in small individual jobs.

Approved:

J. B. HYNES, Mayor.

BOSTON, January 24, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We hereby request your approval to award a contract, without public advertising, to James H. Ritchie Associates, 38 Newbury street, Boston, Mass., for architectural and engineering services covering specifications and supervision in connection with servicing and repairing elevators at the Boston City Hospital.

The architect to be paid a fee equal to 10 per cent of the actual cost of the work, subject to the provisions of the contract for said services.

Because of the technical nature of the service required, the Trustees are of the opinion that there would be nothing gained by publicly advertising for bids.

Respectfully yours,

BOARD OF TRUSTEES,
by MARTIN J. ENGLISH, M.D.,
President.

Boston, February 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Your permission is respectfully requested for the award of a contract, without public advertising, to J. M. McCusker Company, 17 Chestnut avenue, Jamaica Plain, Mass., for furnishing all the labor and materials necessary for repairing high pressure main in the rear of the Protestant chapel, Boston City Hospital, at an approximate cost of \$1,800.

Because of the emergency nature of the work, and because of the fact that the above-named company has the necessary personnel and materials available to perform this work in the shortest possible time, the Trustees are of the opinion that no advantage would be gained by publicly advertising for bids.

Respectfully yours,

BOARD OF TRUSTEES,
by MARTIN J. ENGLISH, M.D.,
President.

Boston, February 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Your permission is respectfully requested for the award of a contract, without public advertising, to J. M. McCusker Company, 17 Chestnut avenue, Jamaica Plain, Mass., for furnishing all the labor and materials necessary for repairing broken drain line in yard coming from Wards B, C, D, Building, Boston City Hospital, at an approximate cost of \$2,500.

Because of the emergency nature of the work and because of the fact that the above-named company has the necessary personnel and materials available to perform this work in the shortest possible time, the Trustees are of the opinion that no advantage would be gained by publicly advertising for bids.

Respectfully yours,

BOARD OF TRUSTEES,
by MARTIN J. ENGLISH, M.D.,
President.

OVERSEERS OF PUBLIC WELFARE.

Boston, January 22, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Your approval is respectfully requested to the awarding of a contract, without advertising, to the International Business Machines Corporation, 573 Boylston street, Boston, Mass., for the lease of the following equipment:

One Automatic Carriage Machine, No. 921, Serial No. 19138, \$20 per month.

Total monthly rate, \$1,295.

The total costs for the year 1951 will not exceed \$16,500.

This equipment can be obtained only from the International Business Machines Corporation. No advantage would be gained by a public advertisement for bids.

Respectfully yours,

HENRY E. FOLEY,
Chairman.

PUBLIC WORKS DEPARTMENT.

Boston, January 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested to the award of a contract for repairs to operating machinery on the Chelsea Street Bridge, over the Chelsea River, to the General Ship & Engine Works, Inc., 366 Border street, East Boston, the only bidder, at an estimated cost of \$11,060.

This recommendation requires a brief explanation in view of the fact that I recently rejected a publicly advertised proposal submitted by a sole bidder in answer to an invitation for bids in connection with a contract for work different in nature than the work involved in the subject contract. In connection with the bid previously rejected by me, the bid submitted was greatly in excess of our engineer's estimate, whereas, the bid submitted in the amount of \$11,060 in the subject contract is very close to our engineer's estimate. For this reason, I am recommending that the bid of the General Ship & Engine Works be accepted.

The work is to be commenced on a date to be specified on a written order from the commissioner and shall be fully completed within two months from that date.

The proposal of the General Ship & Engine Works, Inc., was received December 27 after advertising in the *City Record* December 16, 1950.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Boston, January 29, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Under date of December 29, 1950, your Honor approved an authority to award a contract, without advertising for bids, to Edward X. Taaffe, 35 Presentation road, Brighton, for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures and other incidental work in the Brighton water district.

Subsequent to your Honor's approval of this authority, the principal Edward X. Taaffe died.

His widow, Mary E. Taaffe, has been appointed administratrix, with leave to carry on the business of Edward X. Taaffe, by the Probate Court. As such she has the equipment and personnel necessary to carry on the business.

Therefore, in lieu thereof, I respectfully request your Honor's permission to award a contract, without advertising publicly for bids, to Mary E. Taaffe, administratrix of the estate of Edward X. Taaffe, for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures and other incidental work in the Brighton water district, in the amount of \$12,001, and at the same unit prices specified in my letter to your Honor dated December 28, 1950, approved by your Honor December 29, 1950, and in accordance with all the terms and conditions as set forth in said letter.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Boston, January 31, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On January 25, 1951, your Honor approved a letter to award a contract, without public advertisement, to Somerville Machine and Foundry Company for furnishing composition metal castings to the Public Works Department.

The letter dated January 24, 1951, stated that these castings were the undelivered balance of a contract on which bids were publicly opened and read on April 3, 1950, which date is incorrect. It is therefore requested that the letter be amended to read that the new contract will be the undelivered balance of composition metal casting as the prices of the publicly opened bid of November 20, 1950.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, February 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The City Clerk's office has submitted requisitions to this office for Recordak film and receiving spools to be used on Recordak equipment in that office.

The Recordak Corporation is the sole manufacturer of these materials and the only source of supply and therefore no advantage could be gained by publicly advertising for prices. Authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Recordak Corporation. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$1,634, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 29, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition to this office for 360,000 7½-grain capsules of sodium paraminosalicylate to be delivered to the hospital weekly. The contract on this item expired on December 31, 1950. A public bid on this item is in process but new contract will not be available until April 1, 1951.

Because of the urgent need for these capsules in the treatment of tuberculosis at the hospital, it is requested that permission be granted me to dispense with publicly advertising for prices at this time and award a contract, without public advertisement, to the R. J. Moran Company, 104 Hanover street, Boston, for 360,000 7½-grain capsules of sodium paraminosalicylate at \$2.67 per bottle of 250. These capsules will be delivered, as requested, until March 31, 1951, inclusive. The R. J. Moran Company supplied this item on contract during 1950 at the same price. It is my opinion that by awarding the contract as requested the best interests of the city will be served.

Approximate total amount of contract is \$3,844.80, less 1 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, January 29, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Institutions Department for furnishing the following to Long Island Hospital:

One American bulk rectangular sterilizer as per specifications submitted.

The American Sterilizer Company is the only manufacturer of the sterilizer required by Long Island Hospital. It is therefore requested that authority be granted me to dispense with publicly advertising for prices and award a contract, without public advertisement, to the American Sterilizer Company. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$3,355, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

DEDUCTION FROM CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

G. L. Rugo & Sons, Inc., have been ordered to deduct as follows:

Item 2 (1949), Henry Grew District, Hyde Park, plans, construction and furnishing of elementary school building (six classrooms and kindergarten with basement playroom): Substitute 12 Holophane F1774 units in place of fixtures of a similar type specified with a T S enclosure, \$54, and the amount of \$54 will be deducted therefor, making the account as follows: Contract price, \$303,790; total additions, \$443.30; total deductions, \$54; amount of contract, \$304,179.30.

ADDITION TO CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

G. L. Rugo & Sons, Inc., have been allowed to add the following:

Item 2 (1949), Henry Grew District, Hyde Park, plans, construction and furnishing of elementary school building (six classrooms and kindergarten with basement playroom): Omit the fixture called for in addenda, No. 2, Item 3, for outlets 31-66, 92-103, 119-121, 125-127, and 106-107, all inclusive, and substitute Holophane correstalite fixtures, No. 5-5540, over-all depth 24 inches; fixtures for outlets 31-66, inclusive, are to have 300 watt bulbs, all others are to be 200 watt bulbs, \$443.30, and the amount of \$443.30, will be added therefor, making the account as follows: Contract price, \$303,790; total additions, \$443.30; amount of contract, \$304,233.30.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Dooley Brothers, Inc., have been directed to perform the following extra work under the contract for sheet asphalt pavement in Brookley road, Rossmore road, Summer street, and Williams street, dated September 11, 1950.

Items ordered: In Brookley road, furnish and lay 8 cubic yards of concrete around boxes at \$15 per cubic yard and remove 14 linear feet of existing edgestone at 50 cents per linear foot. In Williams street, furnish and lay 10 cubic yards of concrete around boxes at \$15 per cubic yard and remove 57 linear feet of existing edgestone at 50 cents per linear foot. In Summer street, furnish and lay 3½ cubic yards of concrete around boxes at \$15 per cubic yard. In Rossmore road, furnish and lay 9½ cubic yards of concrete around boxes at \$15 per cubic yard. All these items to include labor, material, and equipment. Estimated cost of extra work, \$500.50.

Charles A. Maguire & Associates have been directed to perform the following extra work under the contract for furnishing all necessary professional services for the construction of a new bridge to replace the existing Meridian Street Bridge, located over Chelsea Creek, Chelsea and Boston, dated April 28, 1945.

Items ordered: To revise the plans, specifications, and estimate of cost, in accordance with revisions required by the Massachusetts Department of Public Works, the Bureau of Public Roads, and the United States Engineers. This work ordered under Article 6 will be paid for in accordance with the provisions of Article 5 of contract as mutually agreed upon. The major provisions to be made are as attached but not limited thereto. Estimated cost of extra work, \$15,000.

Meridian Street Bridge Revisions.

1. On the Chelsea side the road curvature should be increased to at least 100-foot length and should be superelevated at least to the extent to eliminate the reverse super-elevation which the normal crown causes. This will involve increasing the 119-foot radius of the structure on the Chelsea side to a radius of 200 to 250 feet.

2. Increase the width of the Chelsea approach from 36 feet to 40 feet, curb to curb, maintaining the center line of roadway as is, by reducing the width of sidewalks as necessary.

3. Eliminate the granite block pavement and substitute 2½-inch Dense Mix Type I asphaltic concrete on 3-ply membrane waterproofing.

4 and 5. Make such revisions to the two abutments and approach sections as may be necessary to comply with the U. S. Bureau of Public Roads' requirements.

6. Revise the draw house so as to reduce the size by eliminating one floor and making such changes in foundations, size, area and material as will reduce the cost.

7. Make such provisions in the specifications as will allow substitute steel piles, if desirable, for wood piles.

8. With a view to safety and appearance, carry the bridge railing to the ends of the long retaining walls on the approaches and have the wire mesh fences carried outside the handrail.

9. Plan sheet, No. 23. Provide double sets of girder stiffeners between panel (M-6) and (L-6) to obtain added girder strength and stiffness if required.

10. Plan sheet, No. 26. Provide nominal clearance for finger joints of ½-inch instead of ¼-inch which is considered too small.

11. Plan sheet, No. 27. Use beveled or rounded surfaces rather than vertical surfaces for track plate casting to prevent damage from riding during span movement.

12. Provide for electrically operated interlocked roadway gates with necessary controls placed near gates as required.

13. Make such revisions as may be acceptable to the U. S. Army Engineers to the present proposed fender system at the channel piers by shortening the ends and adding additional wing fenders if found necessary.

14. Make such revisions as may be necessary to the piers to conform with new bottom conditions occasioned by the proposed government dredging.

15. Make all such other revisions as may be necessary to conform to the requirements of the State, City, and U. S. agencies.

16. Make revised estimates of cost and materials after complete revisions have been made.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Dooley Brothers, Inc., have been directed to omit and substitute the following work under the contract for sheet asphalt pavement in Brookley road, Rossmore road, Summer and Williams streets, dated September 11, 1950.

Items ordered: In Brookley road, omit 70 linear feet of new straight edgestone at \$3 per linear foot and substitute 71 linear feet of old edgestone, handled and hauled from other streets in contract to Brookley road, at 50 cents per linear foot, including labor, material, and equipment. Estimated cost of omitted work, \$210; estimated cost of substituted work, \$35.50; estimated decrease in cost, \$174.50.

NEW BILLING PROCEDURE BY THE AUDITING DEPARTMENT.

The City Auditor, Mr. Charles J. Fox, has issued the following announcements:

REVISION IN CITY RECORD BILLING PROCEDURE.

At the present time, departments are required to send Service Orders to the *City Record* before invoices for subscriptions or advertising may be issued. In most instances, it is necessary for departments to be advised by the *City Record* as to the extent of the charges involved before the necessary Service Orders can be prepared. It is felt that this present procedure can be greatly simplified by the elimination of the necessity for the use of Service Orders. Consequently, from this day on, the *City Record* will bill departments directly on its own bill forms for subscriptions and advertising. When these bills are received in a department, they should be used as the basis for the preparation of a departmental standard invoice and then processed in the manner provided for such invoices.

CHANGE IN PURCHASE ORDER FORM.

The No. 5 copy or Receiving Notice of the 1951 Purchase Order form differs from similar copies in prior years in that there has been provided on the reverse side space in which to enter a cumulative record of partial deliveries. This record should be maintained on all orders where more than one delivery is made. As notices of the partial deliveries are sent to the Auditing Department, record should be made on the No. 5 copy so that when the final delivery has been received and the Receiving Notice is sent to the Auditor, it will reflect on the reverse side a com-

plete story of all deliveries made. This record will serve as a check against the partial notices on file in this office and will insure provision being made for full payment on all deliveries.

OVERTIME PAYROLL PROCEDURE.

Circular Letter No. 1 issued by the Mayor's office under date of January 12, 1951, sets forth the changes in regulations relating to hours of work and overtime resulting from the acceptance by the city of section 33B of chapter 149 of the General Laws. As pointed out in the Mayor's letter, overtime service may now be authorized by department officials. The previous requirement that the existence of an emergency must be determined by the Budget Commissioner no longer exists. In the absence of the certificate formerly given to this office by the Budget Commissioner and which served to support overtime payments appearing on departmental payrolls, I feel it desirable that written notice should be given by department heads to this office whenever overtime work is authorized by them. This notice shall be in the form of a letter addressed to the City Auditor indicating, where feasible, the names of the employees and the length of time involved in the overtime work. This letter, when approved by the Auditor and sent to the Payroll Division, will serve as an authorization for the approval of payrolls on which compensation for such overtime is listed. Subsequent to February 15th, no payments of overtime will be authorized in the absence of this notification by department heads.

CHARLES J. FOX,

City Auditor and Auditor of the County of Suffolk.

ADDITIONAL AID FOR HOSPITAL DEPARTMENT (SANATORIUM DIVISION).

The Mayor has approved the following request:

BOSTON, January 27, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

I herewith acknowledge receipt of your Circular Letter No. 1 under date of January 12, 1951, setting forth the provisions of section 33B of chapter 149 of the General Laws.

In order to comply with the requirements of this law, it will be necessary for us to hire additional help.

Will you kindly give us permission to meet this necessity by hiring temporary help in excess of our now established quotas?

This request is made in order that we may intelligently ask for an increase in the supplementary budget for the permanent quota which may be needed, based on experience.

To the best of our ability with our present quota, we are complying with this new regulation starting January 31, 1951.

Very truly yours,

MARY MOORE BEATTY, M.D.,
Assistant Superintendent.

PROCEEDINGS OF CITY COUNCIL.

Monday, January 29, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councillors Coffey, Kinsella, and Ramsey.

His Honor Mayor John B. Hynes and the Reverend Father James H. Doyle, Pastor of St. Patrick's Catholic Church, Roxbury, were escorted to the rostrum.

INVOCATION

BY REV. FATHER JAMES H. DOYLE.

Father DOYLE—I would like to preface my invocation by a few remarks to thank the Mayor and the President of this Body for inaugurating such a splendid program of spiritual enlightenment. Also, I want to say that my father served in this chamber fifty-odd years ago. He was four years as chairman of the Board of Aldermen, and other years as a member. It is very fitting, therefore, and I feel quite emotionally filled with gratitude, that the first invocation is extended to me today. I trust that the inauguration of this program which I believe is the only one in a City Council Body will reap many splendid repercussions.

In the Name of the Father and the Son and the Holy Ghost, Amen. O Spiritual Legislator, infinitely generous, seeking only our interests, from Thy divine lips came those words of love, "Come to me, all you that labor and are burdened, and I will refresh you."

Look down, we beseech Thee, upon this legislative body who seek today your guidance and your unflinching assistance. Their authority comes from Thee. They must exercise it in Thy name, and in conformity with Thy law. Let no thought of selfish influence obscure in their minds a clear vision of Thy truth which will draw their deliberations into the channels of righteousness. O Just and Merciful God, help us all to work together according to Thy plan for the safety and peace of our beloved city and our nation whose interest we are pledged to defend. We tender to Thee once more our love in a society from which Thou art being excluded. Grant that we may yet be aroused before it is too late with the sense of doom which awaits those who have rejected Thee. True, Thou hast made us Thyself, and unless we turn to Thee, we shall be lost forever. O God of Holiness and Goodness, we rejoice in Thy nearness to us, and we beg Thee not to desert us as disaster threatens to bring us to ruin. We pledge to Thee that singleness of purpose and unity, one to another against Thine enemies, and to bring us at length to an eternal union with Thee. Amen.

President HURLEY—I want to thank you, Reverend Father Doyle. I hope this is the beginning of the order introduced by Councillors McColgan, Hannon, and Cook that the City Council open their meetings with prayer.

The salute to the Flag was given by the members.

Coun. SULLIVAN in the chair.

President HURLEY escorted his Honor Mayor Hynes and the Reverend Father Doyle from the chamber.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Referred to the Committee on Confirmations.

CLEARING OF CERTAIN SIDEWALKS BY NEW YORK, NEW HAVEN & HARTFORD RAILROAD.

The following was received:

City of Boston,
Office of the Mayor, January 29, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Police Commissioner relative to your order of January 15, 1951, requesting that the proper officials of the New York, New Haven & Hartford Railroad Company be contacted to compel them to remove all snow and ice from the sidewalks of their properties in the West Roxbury and Roslindale sections after every snowstorm.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Police Department,
January 23, 1951.

Thomas G. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Returned herewith is City Council order dated January 15, 1951, as follows:

"Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to con-

tact the proper officials of the New York, New Haven & Hartford Railroad Company to compel them to remove all snow and ice from the sidewalks of their properties in the West Roxbury and Roslindale sections after every snowstorm."

This was referred to Capt. James F. O'Neil, Commanding Division 17, and a copy of his report on the matter is attached.

Very truly yours,

THOMAS F. SULLIVAN,
Police Commissioner.

City of Boston,
Police Department,
January 22, 1951.

From: Capt. James F. O'Neil.

To: The Superintendent.

Subject: Re City Council Order Concerning Removal of Snow and Ice from Sidewalks of Railroad Property in West Roxbury and Roslindale Sections.

Sir:

Referring to the attached communication from Thomas G. J. Shannon, Chief Clerk in the office of the Mayor, relative to a City Council order of January 15, concerning the removal of snow and ice from the sidewalks of the New York, New Haven & Hartford Railroad property in West Roxbury and Roslindale sections, I respectfully report as follows.

I assigned Sergt. Joseph W. Kiley of this division to investigate this order and he reports that at 10.15 A.M., January 22, 1951, he contacted the office of Sidney J. Polson, Room 493, South Station, Division Engineer of the New York, New Haven & Hartford Railroad, official in charge of snow removal in the West Roxbury and Roslindale sections. At the time Mr. Polson could not be contacted and the sergeant talked with Henry V. Jenkins, assistant to Mr. Polson, and informed him of the order passed by the City Council and he, Mr. Jenkins, stated that the railroad has a contract with a contractor named Malley of Newton, Mass., to remove all snow and ice after snowstorms in the West Roxbury and Roslindale sections and he will inform Mr. Polson of said order and that it will be strictly complied with.

Respectfully submitted,

JAMES F. O'NEIL,
Captain, Commanding Division 17.

DELAY IN TRAFFIC CONSTRUCTION WORK, SULLIVAN SQUARE.

The following was received:

City of Boston,
Office of the Mayor, January 29, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the State Department of Public Works relative to your order of January 8, 1951, requesting an inquiry into the reason for the delay in the traffic construction work in Sullivan square and on Rutherford avenue, Ward 2, Charlestown.

Respectfully,

J. B. HYNES, Mayor.

Commonwealth of Massachusetts,
Department of Public Works,
January 17, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mayor Hynes:

In reply to your memo of January 10, 1951, requesting consideration and report concerning delay in the traffic construction work at Sullivan square and at Rutherford avenue in Charlestown, please be advised that the main cause of delay is treatment of the existing "Hood's Tunnel," so called, which crosses Rutherford avenue at the Hood plant. This tunnel is considered structurally unsafe for heavy traffic using Rutherford avenue and in addition is considered to be a chamber in which dangerous gases may collect, thus forming a dual hazard for traffic use.

It is the understanding of this department that the Hood Company is willing to remove the cap and fill in this tunnel but that the actual filling operation is being delayed pending correspondence between legal representatives for the Hood Company and the City of Boston Law Department. Removal of this cap and filling of the tunnel is also delaying installation of the cable of the Boston Consolidated Gas Company Electric Division at this location.

When the question of the Hood tunnel is solved, Rutherford avenue could be opened shortly thereafter to traffic use.

Very truly yours,

WILLIAM F. CALLAHAN,
Commissioner.

WATER ON STREETS AROUND RUSSELL SCHOOL.

The following was received:

City of Boston,
Office of the Mayor, January 29, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of December 11, 1950, requesting that a

survey be made of the streets in and around the William E. Russell School in Dorchester and in particular on Columbia road, to ascertain the cause of water collecting on these streets after rain or snowstorms and to take immediate steps to remedy same.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
January 22, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Commissioner of Public Works make a survey of the streets in and around the William E. Russell School in Dorchester and in particular on Columbia road, to ascertain the cause of water collection on these streets after rain or snowstorms and to take immediate steps to remedy same, and this will advise you that these locations were inspected by the local paving service district foreman on Monday, January 15, 1951.

He reports that the morning of this day was of heavy rains and, at the time of inspection, there was no accumulation of rain water.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

"STOP" SIGNS AT D STREET INTERSECTIONS.

The following was received:

City of Boston,
Office of the Mayor, January 29, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of January 15, 1951, requesting the placement of "Stop" signs on D street at the entrance to West Fourth, West Fifth, and West Sixth streets, Ward 6.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,
January 24, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order of January 15, 1951, requesting the placement of "Stop" signs at D street at the entrance to West Fourth, West Fifth, and West Sixth streets, Ward 6, our engineers report that where formerly these streets crossed D street, they have been cut off by the construction of the housing project.

As a result of this, "Stop" signs would not be warranted on the housing project side of these streets.

We are planning to install a pedestrian signal at the intersection of D and West Fourth streets this spring and we have already installed a great many warning signs in this area.

Respectfully submitted,

WM. ARTHUR REILLY, Commissioner.

SPEED LIMIT SIGNS ON D STREET, WARD 6.

The following was received:

City of Boston,
Office of the Mayor, January 29, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of January 15, 1951, requesting the replacement of speed limit signs reading "Not over 15 Miles per Hour" on D street, between Broadway and Old Colony avenue, Ward 6, as a means of protecting the many children who have to cross the street in going and coming from school.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,
January 24, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order of January 15, 1951, requesting the placement of speed limit signs reading "Not over 15 Miles per Hour" on D street, between Broadway and Old Colony avenue, Ward 6, I wish to report that the placing of speed signs on a street requires a hearing before the State Department of Public Works and the Registry of Motor Vehicles, and the general procedure involves the taking of an average of 85 per cent of the speed of existing traffic in making speed regulations in accordance with their finding. Accordingly, this would more properly be a matter for the State Department of Public Works and the Registry of Motor Vehicles to consider.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

USE OF CERTAIN VACANT LAND FOR ALL-NIGHT PARKING.

The following was received:

City of Boston,
Office of the Mayor, January 29, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of January 22, 1951, requesting the placing of all vacant land now in the custody of the Real Estate Division in such condition that it can be used for all-night off-street parking.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,
January 26, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order of January 22, 1951, requesting this commission in conjunction with the Real Estate Division, to place all vacant land now in the custody of said Real Estate Division in such condition that it can be used for all-night off-street parking, I wish to report that our commission will give this matter immediate attention.

An investigation is being made of the cities where special parking arrangements have been made in residential areas for all-night on-street parking, and as soon as we are able to come to some decision concerning this matter a proper announcement will be made.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

The following was received:

City of Boston,
Office of the Mayor, January 29, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of January 22, 1951, requesting the authorization of all-night parking on one side of all streets in the outlying sections of Boston having three or more lanes for traffic, the side of the street to be determined by the commission at its discretion.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,
January 25, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

With reference to City Council order of January 22, 1951, requesting this commission to authorize all-night parking on one side of all streets in the outlying sections of Boston having three or more lanes for traffic, the side of the street to be determined by the commission at its discretion, followed by a communication from the Mayor dated January 23, 1951, I wish to report that our commission will give this matter immediate attention.

An investigation is being made of the cities where special parking arrangements have been made in residential areas for all-night on-street parking, and as soon as we are able to come to some decision concerning this matter a proper announcement will be made to you.

Passed under suspension of the rules.

PRICE ROLL BACK TO JULY 1, 1950.

Coun. P. A. TRACY offered the following: Whereas, The strength of a democratic society is founded upon the principle of equality of sacrifice during periods of emergency; and

Whereas, The index of the cost of living has shown an unreasonable rise during the last seven months; and

Whereas, Under the spiraling cost of consumer goods the working man and his family have been subjected to an unfair degree of hardship; and

Whereas, The wages of the working man have failed to keep pace with the unwarranted increase in the price of the necessities of life; therefore be it

Resolved, That the Boston City Council, in meeting assembled, memorialize the Congress of the United States to pass legislation, the purpose of which shall be to roll back all prices to the level which existed on July 1, 1950; and be it further

Resolved, That copies of this resolution be sent to the Massachusetts delegation in Congress.

The resolution was adopted under suspension of the rules.

REPORT OF COMMITTEE ON CONFIRMATIONS.

The report was accepted, and the question came on confirmation. Committee, Councilors Cook and P. A. Tracy. Whole number of ballots, 15; yeas, 15; and the appointment was confirmed.

PAYMENT OF ANNUITY TO DENNIS F. HEGARTY.

Coun. SHANLEY offered the following: Resolved, That the Boston City Council, in meeting assembled, hereby favors the enactment of legislation for payment of annuity of \$1,500 per

annum to Dennis F. Hegarty, former provisional appointee in the Police Department of the City of Boston, who is now disabled by reason of injuries sustained by him while in the performance of his duty, provided that such legislation includes a referendum to the Mayor and City Council.

The resolution was adopted under suspension of the rules.

RECESS.

On motion of Councilman Bryan the Council voted at 2:35 P.M., to take a recess subject to the call of the Chair. The members reassembled and were called to order by Councilman Wenzler at 3:43 P.M.

EXECUTIVE COMMITTEE REPORTS.

Coun. SULLIVAN, for the Executive Committee, submitted the following:

1. Report on petition of John F. Carey referred today for retirement as a veteran—recommending passage of the following order:

Whereas, John F. Carey, employed in the House of the County of Suffolk as correction officer in the House of Correction, Penal Institutions Department, has made application to be retired under the provisions of section 57 of chapter 32 of the General Laws, as amended; and

Whereas, The said John F. Carey has submitted to the City Council satisfactory evidence that he is a veteran as defined in section 56 of chapter 32 of the General Laws; that he has been certified for retirement for disability by the duly authorized medical board; that he has been in the service of the county at least ten years; and that he is incapacitated for active service; and that his total income from all sources, exclusive of his retirement allowance and of any sum received from the government of the United States as a pension for war service, does not exceed \$1,000; therefore be it

Ordered, That under the provisions of section 57 of chapter 32 of the General Laws, as amended, John F. Carey, employed in the service of the County of Suffolk as correction officer in the House of Correction, Penal Institutions Department, be, and hereby is, retired by the Mayor and City Council, acting as county commissioners, at an annual pension of \$2,275, being 65 per cent of his highest regular rate of compensation.

The report was accepted, and the order was passed.

2. Report on message of the Mayor and order referred December 28, 1950, for sale of one thousand fifty 1,050 sewing machines and sewing machine heads at public auction—recommending passage of the order in the accompanying new draft.

Ordered, That the Owners of Public Warehouse, and hereby are, authorized to sell at public auction, at an upset price of three thousand five hundred dollars (\$3,500), approximately one thousand fifty 1,050 sewing machines and sewing machine heads no longer needed for public purposes.

The report was accepted, and the order in the new draft was passed.

3. Report on message of Mayor and order referred January 24 for appropriation of \$40,000 from Special Account, Sales of City Property, to be expended under direction of Traffic Commissioner for automatic traffic control signals—that same ought to pass.

The report was accepted, and the order was passed, pass 15, date 10.

Yeas—Councilmen Ansel, Bagley, Bryan, Clark, Cook, Farin, Hannan, Lane, Latham, McLaughlin, McCormack, Stanley, F. P. Tracy, Wenzler, Yerxa—15.

Nays—0.

4. Report on order referred January 22 that the Mayor contact the City Auctioneer and request that he hold a public auction at which the sewing machines at present in the warehouse be sold to citizens of Boston—that same ought to pass.

The report was accepted, and the order was passed.

SAFETY PRECAUTIONS FOR SCHOOL CHILDREN.

Coun. WENZLER offered the following:
Ordered, That the School Committee be requested, through the Honorable the Mayor, to distribute illustrated pamphlets to children attending the public schools warning them not to accept automobile rides, candy, gifts, etc., from strangers, or to have any conversation with them; also to take the registration number of the automobile of any person who offers them a ride and report same to the police.

Passed under suspension of the rules.

CEMENT SIDEWALKS ON EMERSON STREET.

Coun. WENZLER offered the following:
Ordered, That the Commissioner of Public Works be requested, through the Honorable the Mayor, to install cement sidewalks on both sides of Emerson street, between K and L streets, Ward 6.

Passed under suspension of the rules.

DEATH OF THOMAS F. X. WHITE.

Coun. BRYAN offered the following:

Resolved, That the members of the Boston City Council, in meeting assembled, start ten minute of silence out of respect for our late City Treasurer Thomas F. X. White.

The resolution was adopted by a unanimous rising vote.

Adjourned at 3:50 p.m. on motion of Councilman Yerxa, to meet on Monday, February 5, 1951, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the vote of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Lyall street, West Roxbury district, as a highway, from Dwinell street to Vermont street, bounded and described as follows:

An extension of the highway named Lyall street is hereby laid out, from Dwinell street to Vermont street, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Lois Marie Mathews, bounded:

Southeasterly by Vermont street, forty feet; southwesterly by land supposed to belong to Cummings, one hundred sixty-nine and 54-100 feet; northwesterly by Lyall street, forty and 6-100 feet, and northeasterly by other land supposed to belong to said Mathews, one hundred seventy-one and 86-100 feet, containing sixty-eight hundred and twenty-eight square feet, more or less.

The land, owners unknown, being the private way known as Lyall street, leading southeasterly from Dwinell street for a distance of approximately one hundred and five feet.

Trees or structures standing upon or affixed to the aforesaid lands shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said extension of said Lyall street as hereby laid out is bounded:

Northwesterly by Dwinell street, thirty-seven and 69-100 feet; northeast-

erly by the northeasterly line of said extension of said Lyall street as hereby laid out, by two measurements, one hundred five and 85-100 feet and one hundred seventy-one and 86-100 feet; southeasterly by Vermont street, forty feet, and southwesterly by the southwesterly line of said extension of said Lyall street as hereby laid out, by two measurements, one hundred seventy and 38-100 feet and one hundred four and 20-100 feet.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of said extension of Lyall street, from Dwinell street to Vermont street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

Lot—Street.	Amount.
15 Lyall street, John W. Cameron, Helen I. Cameron.....	\$186 44
16 Lyall street, John D. Garvey, Madeline M. Garvey.....	202 00
57 Vermont street, Eliza J. Cummings	697 23
47 Vermont street, Lois Marie Mathews	830 68
Total	\$1,916 35

Voted, That this Board determines that the undermentioned person sustains damages in her estate by the making of the public improvement, consisting of the laying out of an extension of Lyall street, West Roxbury district, as a highway, from Dwinell street to Vermont street, under the order of the Board of January 11, 1951, in the amount hereinafter mentioned, and awards said amount therefor.

Lois Marie Mathews, 6,828 square feet, \$1.

POLICE DEPARTMENT ORDERS.

General Order No. 1,422.

A trial board, consisting of Captains William D. Donovan, Justin McCarthy, and William H. Britt, having heard by reference the complaint made by Lieut. Francis C. Beringer, commanding Division 6, against Patrolman William J. Hood, Jr., Division 6, charging him with violation of the Rules and Regulations of the Police Department, to wit: "Failure to take reasonable care of his uniform and equipment," has reported to the commissioner a finding of guilty as charged, recommending punishment duty of four hundred and forty hours, and that he reimburse the city for the loss of his uniform and equipment.

This recommendation is accepted, and it is ordered that the said Patrolman William J. Hood, Jr., perform four hundred and forty hours' punishment duty and that he reimburse the City of Boston for the loss of the property.

*General Order No. 5.***BOARD OF MERIT.**

The Board of Merit of the Boston Fire Department, consisting of the chief of department and deputy chiefs, has considered all meritorious acts referred to it for the year 1950. After careful consideration and study, the Board submitted the following recommendations which are hereby approved by the Fire Commissioner.

Case of Lieut. John M. Burke of Rescue Company 2.

The department responded to an alarm from Box 3143, at 9.34 A.M., January 17, 1950, for a fire in a three-family dwelling at 28 Batchelder street, Roxbury. Upon arrival of the apparatus, fire involved two rooms on the first floor and there was a heavy concentration of heat, smoke, and gases throughout the building.

Upon being informed there was a child in a rear bedroom Lieut. John M. Burke of Rescue Company 2 entered the first floor apartment through a door leading into the kitchen which was afire. Under extreme conditions and at great personal risk, Lieutenant Burke passed through the kitchen to a bedroom leading off the kitchen in the rear. In spite of the presence of a heavy concentration of smoke and heat in the bedroom, he made a search and found a child on the floor beside the bed. Lieutenant Burke then carried the child out through the rear exit where first aid was given and the child taken to a hospital.

Because of the prompt action of Lieutenant Burke and the great personal risk to which he exposed himself, the child was undoubtedly saved from serious injury or death. He was highly commended by the Fire Commissioner in General Orders, No. 9, series of 1950.

The Board of Merit, consisting of the chief of department and the deputy chiefs, is pleased to recommend the awarding of the "Walter Scott Medal" to Lieut. John M. Burke.

Case of Lieut. Francis X. Finnegan and Ladderman Walter J. Cameron of Ladder Company 23.

The department responded to an alarm from Box 216 at 11.28 A.M., on March 24, 1950. Upon arrival, it was found that the dwelling house at 32 Savin street, Roxbury, was involved in fire. Lieutenant Finnegan and Ladder-

man Cameron, upon being informed that the occupant was in the second floor apartment, immediately entered the building. They were driven back by heavy smoke and intense heat. They donned masks, and again entered the building; this time, they were successful in ascending the stairs to the second floor. Lieutenant Finnegan and Ladderman Cameron searched the apartment, which was heavily charged with smoke and heat, and located the occupant, an elderly woman, overcome, on the bathroom floor. They removed her, under difficult conditions, over the front stairway, to the street, where members of the Rescue Company applied first aid, administered oxygen to the victim, and removed her to the hospital.

The Fire Commissioner highly commended Lieutenant Finnegan and Ladderman Cameron in General Orders, No. 23, series of 1950, for their rescue work which undoubtedly resulted in the saving of the woman's life.

Because of their unusual personal risk, the Board of Merit recommends that Lieut. Francis X. Finnegan and Ladderman Walter J. Cameron of Ladder Company 23 be awarded a Special Commendation.

Case of Ladderman Lloyd C. Phillips of Ladder Company 12.

A still alarm was received at the Fire Alarm Office on the morning of November 27, 1950, followed by an alarm from Box 2213 at 7.56 A.M. Ladder Company 12 responded on the still alarm to a dwelling house at 42 Cunard street, Roxbury, and upon arrival, fire was issuing from three front windows on the fourth floor. Ladderman Phillips, learning that a man was trapped on the fourth floor, entered the building through the front door, and proceeded over the front stairs to the fourth floor, found an entrance to the apartment, crawled along a hallway toward the rear of the building, into a room, under severe conditions of fire, heat and smoke, where he found the occupant in a semiconscious condition on the bed. He removed the man by way of the front stairway to the street.

The Fire Commissioner highly commended Ladderman Phillips in General Orders, No. 69, of the 1950 series, for this heroic act.

The Board feels that Ladderman Lloyd Phillips specially distinguished himself for valor in effecting this rescue and recommends that he be awarded the "Patrick J. Kennedy Medal."

Case of Lieut. John C. Reardon and Hoseman William J. Desmond of Rescue Company 3.

Fire Alarm Box 1341 was sounded at 12.59 A.M., on December 9, 1950, for a fire in a dwelling house at 47 Lynde street, West End section of Boston.

Upon arrival of the apparatus at the scene, fire was issuing from two attic windows of the three and one-half story dwelling house. The members stretched lines, raised ladders, and assisted occupants to the street. Lieutenant Reardon and Hoseman Desmond, upon being informed that the occupant of an attic room was still inside, entered the building. They made three attempts before they reached the attic room. Lieutenant Reardon entered the room, and in a far corner, found the occupant, an aged man, unconscious and badly

burned. Under the most difficult conditions, the lieutenant removed the unconscious victim to the stairway where Hoseman Desmond assisted in carrying him down the narrow stairway to the street. This rescue was carried out under extreme heat, fire, and smoke conditions. In performing this most meritorious act, Lieutenant Reardon was overcome by heat and smoke to the extent that it was necessary to administer oxygen to revive him.

The Fire Commissioner highly commended Lieut. Reardon and Hoseman Desmond in General Orders, No. 70, 1950 series, for their fine action.

The Board of Merit recommends that Lieut. John C. Reardon be awarded the "John E. Fitzgerald Medal," and that Hoseman William J. Desmond be awarded a Special Commendation.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

General Order No. 6.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

AMENDMENT OF CONTRACT.

INSTITUTIONS DEPARTMENT.

M. Solimando has been allowed to amend the contract dated May 31, 1950, for alterations to Ward 3, Long Island Hospital, Boston Harbor, as follows:

By substituting as the date of completion of the work "December 23, 1950," in place of "October 16, 1950." Delay is due to difficulty in securing required materials. All provisions of the aforesaid contract except as specifically modified by this agreement shall continue in full force and effect.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time from December 31, 1950, to April 15, 1951, on contract of Rich Brothers Construction Company, Inc., for erection of transformer vault, Boston City Hospital. This extension was requested because, due to present conditions, there is considerable delay in delivery of materials necessary for the completion of the contract.

Approval has been given for a further extension of time from January 15, 1951, to April 15, 1951, on contract of Rich Brothers Construction Company, Inc., for explosion proofing and acoustical work in the Dowling Building, Boston City Hospital. This further extension was requested because, due to present conditions, there is considerable delay in delivery of the equipment necessary for the completion of the contract.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with Dooley Brothers, Inc., for sheet asphalt pavement in Brookley road, Rossmore road, Summer street, and Williams street, from December 31, 1950, to June 30, 1951. This extension was requested for the reason that the contractor did not complete all work in 1950 and it will be necessary to resume work in the spring.

Approval has been given for the extension of the time of completion of the contract with Vulcan Construction Company, 193 Hanover street, Boston, for repairing with sheet asphalt pavement the pavement in any street upon which there is no maintenance guaranty in the Brighton district, Water Division, from December 31, 1950, to June 30, 1951. This extension was requested for the reason that due to cold weather the contractor was unable to complete the work called for under the contract.

Vacancies: At present there are the following vacancies to be filled on a permanent basis: one vacancy at Boston Psychopathic Hospital; one vacancy at Belchertown State School; one vacancy at Danvers State Hospital; one vacancy at Foxborough State Hospital; one vacancy at Monson State Hospital; one vacancy at Northampton State Hospital; one vacancy at Worcester State Hospital; one vacancy at Worcester Child Guidance Clinic; one vacancy at Gardner State Hospital.

Duties: To administer, score and interpret results of standardized psychometric and allied tests of general mental ability, special aptitudes, scholastic achievement and personality evaluation; to take case histories and to interview relatives; and to perform related work as required.

Familiarity with the Binet-Simon, Bellevue Scale, Rorschach, and other standard tests is required, as well as the ability to carry out research along the lines of psychological testing as it applies to patients.

Entrance Requirements: Applicants must have at least one year of full-time paid experience, or equivalent part-time experience, in the administration of psychological tests of intelligence, aptitude, achievement, and personality in a recognized agency providing individualized treatment of adjustment problems, such as hospitals, mental hygiene or child guidance clinics, correctional institutions, counseling centers, courts, social agencies, schools, or colleges. (Two thousand hours of part-time experience will be accepted for the year of full-time experience.) **Substitution:** A bachelor's degree or one or more years of post-graduate study from a recognized college or university with major concentration in clinical or abnormal psychology, psychometrics, or educational psychology may be substituted for the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS.

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

POLICE ENTRANCE, MARCH 10, 1951.

Last date for filing applications, Monday, February 19, 1951.

This examination is held to establish eligible lists for all cities, except Boston, and for such towns as are classified under civil service.

Salary: Inquiry concerning salaries in the various cities and towns should be made at local departments.

Duties: The duties are those of a regular patrolman.

Entrance Requirements: Applicants shall be not less than twenty-one nor over thirty-five years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Any veteran who will have attained the age of twenty-one within six months of the date of any scheduled examination for police service shall not be deemed ineligible for examination and appointment because of established minimum age requirements to take such examination. (See chapter 287, Acts of 1947.) Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age, within five years after the date of honorable discharge. (Chapter 179, Acts of 1950.)

Applicants must be not less than 5 feet 7 seven inches in height and must meet minimum weight requirements according to the following table, in which height is given in inches in bare feet and weight in pounds without clothing:

67 inches—135 pounds.
68 inches—135 pounds.
69 inches—140 pounds.
70 inches—145 pounds.
71 inches—150 pounds.
72 inches—155 pounds.
73 inches—160 pounds.
74 inches—165 pounds.
75 inches—170 pounds.
76 inches—175 pounds.

Subjects and Weights: Training and experience, 3; practical questions, including memory test and general information, 7; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination and qualifying strength test. To become eligible, applicants must obtain at least 70 per cent in the strength test, but the mark will not be included in the general average mark.

The practical questions will be based largely upon information contained in the July, 1946, or later editions of a manual known as the "Blue Book." This manual may be obtained from the Public Document Division, Room 116, State House, Boston, at 20 cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

Applicants must not bring manuals to the examination room.

MAYOR HYNES PAYS TRIBUTE TO THE GREAT EMANCIPATOR AND LIBERATOR, ABRAHAM LINCOLN, ON 142ND ANNIVERSARY OF HIS BIRTH—CALLS ATTENTION TO COUNTRY'S UNITY OF PURPOSE TO PRESERVE RIGHTS BEQUEATHED US FROM EARLIER TIMES AGAINST ANY FORM OF GOVERNMENT THAT WOULD DENY MANKIND RIGHT TO THINK OR SPEAK FREELY—URGES UNITY TO PROTECT FREEDOM FROM ANY AND ALL DANGERS LURKING IN THE WORLD.

On February 12 Mayor Hynes issued the following statement in commemoration of Lincoln's Birthday:

Today is the 142nd anniversary of the birth of Abraham Lincoln, the great emancipator, the great liberator.

At this period of our national life we are concerned with the dangers from without. While we seek peace in the world, and while we are anxious to promote and protect the rights of free men everywhere in the world, we are opposed

MAYOR TENDERS BREAKFAST TO OFFICERS OF ROYAL GREEK NAVY TAKING COMMAND OF SHIPS GIVEN TO GREEK GOVERNMENT.

His Honor the Mayor, John B. Hynes, tendered a breakfast on the morning of February 13 to the officers of the Royal Greek Navy in the Georgian Room of the Hotel Statler. This breakfast was in honor of the officers of the Royal Greek Navy assuming command of the *Panther* and the *Lion*, two United States ships given to the Greek Government. These ships were formerly part of the United States Navy, the U. S. S. *Garfield Thomas*, DE 193; and the U. S. S. *Eldridge*, DE 173.

Seated at the head table were Thomas Pappas, one of Boston's leading Greek business men; George Demers, acting president of the Hellenic Association; Capt. Paul R. Nugent, U. S. M. C., representing Col. P. M. Rixey, U. S. Marines; Capt. G. P. Hunter, U. S. N., Administration Officer, Boston Naval Shipyard; Col. Leo A. Bessette, U. S.

MAYOR JOHN B. HYNES NAMES COMMITTEE OF CIVIC, BUSINESS, AND INDUSTRIAL LEADERS TO AID AS CONSULTANTS IN MATTER OF PRICE CONTROLS—TAKES ACTION FOLLOWING REQUEST FROM DIRECTOR MICHAEL V. DISALLE, DIRECTOR OF OFFICE OF PRICE STABILIZATION IN WASHINGTON—NAMES JOSEPH COMERFORD OF EAGLE ADVERTISING COMPANY TO BE CHAIRMAN OF VOLUNTEER COMMITTEE—TO WORK IN COOPERATION WITH WASHINGTON AGENCY.

Mayor John B. Hynes has announced the appointment of a committee of 66, composed of leaders in the civic, business, and industrial life of the city, to aid in the matter of price controls. The committee will have as its aim to encourage general public knowledge and observance of price regulations adopted in the interest of national economy.

Appointment of the civic, business, and labor leaders to the committee followed a request by Michael V. DiSalle, director, Office of Price Stabilization.

In notifying those whom he named, the Mayor sent the following letter:

CITY OF BOSTON,
OFFICE OF THE MAYOR, February 8, 1951.

DEAR FRIEND:

Recently I received a telegram from Michael V. DiSalle, director, Office of Price Stabilization, Washington, D. C., in which I was requested to appoint a representative committee of citizens of Boston to "encourage general public knowledge and observance of price regulations adopted in the interest of national economy."

In accordance with this request, I am appointing such a committee, to be termed the Volunteer Price Stabilization Committee, and I have requested Mr. Joseph Comerford, president of the Eagle Advertising Company, to be chairman of the committee.

I would be pleased if you will consent to serve on this committee. For the present, and following the instructions of Mr. DiSalle, the committee will "await recommendations for cooperation" with his agency. After such recommendations are received by me, I will call a meeting of the committee, and you will be notified and requested to attend such meeting.

It is my opinion that a volunteer committee, by its cooperation and suggestions, can give worth-while assistance to the national and regional agencies concerned with price stabilization. This is a matter which affects each of us, and for that reason alone each of us should have a strong interest in the effort to stabilize our economy.

Though this committee will have little or any power, nevertheless its voice can be heard and its advice given consideration in this most pressing problem of price stabilization. Will you, therefore, kindly inform me if you will serve on this committee? In the event your reply is in the affirmative, you will be given notice of the first meeting of the committee.

Respectfully,
J. B. HYNES, Mayor.

MAYOR CALLS FOR \$500,000 FOR CIVIL DEFENSE PLANS.

To the City Council.

GENTLEMEN:

I submit herewith for approval by your Honorable Body a loan order to the amount of \$500,000 for Civil Defense plans.

The Civil Defense Department, under the direction of Mr. Joseph L. Malone, is making all possible preparations for the protection of our city and its people in the event of enemy attack. The ordinary expenses of the Civil Defense Department are provided for in the budget as submitted to your body. However, in order to prepare for emergencies, it is essential that this department be provided with sufficient monies to purchase such equipment as air-raid sirens and equipment for control centers. It is also necessary that funds be available to match contributions of the State or Federal Governments.

It is obvious that we cannot wait until danger strikes before we make the preparations which are necessary for protection of lives and property, and it is also obvious that adequate preparations involve the expenditure of considerable money. Up to this point, the expenses of the Civil Defense Department have been very moderate and the availability of the amount herein requested will not mean that this department will expend this money immediately. It will, however, provide the necessary authorization to permit the city to contract for suitable equipment which must be on hand if we are to be prepared for any exigencies.

I, therefore, most respectfully request that your Honorable Body give this loan appropriation your prompt consideration.

Respectfully,

JOHN B. HYNES, Mayor.

MAYOR PAYS TRIBUTE TO ABRAHAM LINCOLN.

(Continued from page 145.)

by a form of government which would deny to man the right to think or to speak freely, even the right to live as a dignified human being.

As explosive as the world situation might be at this time, it is, nevertheless, a situation which finds our country and our people almost wholly united against the threat of foreign domination. Looking back over the years when Lincoln was President of our country, the situation was entirely different. It was he who, with half our country at odds with the other half, stood firm and adamant and brought eventual peace to our land and preserved our national unity. His was a task almost beyond the endurance of man. It was his strong conviction, his unswerving character, his devotion to the principles of freedom and justice which, in the end, brought the light of liberty back to our country and cemented the bonds which today have resulted in the great nation that is the United States. May the lesson of his inspired leadership guide us during these troubled days, and may we, as we think of him, realize that this great nation, under God, can only exist if all freedom-loving men unite to protect that freedom from whatever dangers may lurk in the world.

APPROACH TO LONG ISLAND VIADUCT TO BE CLOSED OFF.

On February 13 his Honor the Mayor issued the following statement:

I am informed by the Commissioner of Institutions, Mr. John R. McGillivray, that the approach to the Long Island Viaduct will hereafter be closed off. Apparently the road to the new viaduct has been in considerable use during the evenings and on week ends. Because of the condition of the road and the lack of lights or any other precautionary devices, it is our opinion that this highway should not be in use by the public. Therefore, until the viaduct is completed and the road to the viaduct in finished condition, the area will not be open for public travel, or for public recreation of any sort.

TRANSFER FOR PLAYGROUND PURPOSES.

The Mayor has approved the request of the Real Estate Commission as contained in the following letter:

Boston, February 7, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your permission is hereby requested for authority to transfer to the custody of the Park Department for playground purposes the city-owned land located at 26 and 28 Wall street, Boston.

This transfer has already been approved by the Committee on Foreclosed Real Estate at their meeting held on February 6, 1951.

Very truly yours,

HERMAN CARP,
Chairman.

REPORT OF AGNES K. BRENNAN, DIRECTOR OF DISTRIBUTIVE EDUCATION, ON ATTENDANCE AT NATIONAL RETAIL DRY GOODS ASSOCIATION ANNUAL CONVENTION, IN NEW YORK CITY, JANUARY 7 TO 11, 1951, INCLUSIVE.

The following is the report of Agnes K. Brennan, Director of Distributive Education, on attendance at the National Retail Dry Goods Association Annual Convention, Hotel Statler, New York City, January 8-11:

I attended the Personnel and Store Management sessions of the annual convention of the National Retail Dry Goods Association.

On Monday, Mr. E. L. Keenan, Deputy Director of Bureau of Employment Security, U. S. Department of Labor, gave an appraisal of the manpower situation. It is planned to mobilize labor by areas rather than nationally, through area labor-management committees. He pointed out that manpower, not material, is the crucial problem in mobilization and that pressure will be put on young people in school to enter the labor field either as full or part-time workers.

From Monday through Thursday almost every speaker dealt with some aspects of the position of Retailing in the Defense Economy. That was the keynote of the address Monday night, by Malcolm P. McNair, Lincoln Filene Professor of Retailing, Harvard University.

From the Tuesday morning meeting I got many helpful suggestions of short-cut training methods used by stores today. I saw superb presentations of teaching through symbols and slogans which I can adapt to our adult courses.

The highlight of the Tuesday afternoon session was the talk by Thomas G. Spates, Professor, Department of Industrial Administration, Yale University. His address, "Why Bother About People?" further emphasized the importance of good human relations.

At the combination Store Management and Personnel session on Wednesday morning, a discussion was held of current personnel problems arising from Labor Laws, Handling of Grievances, and Wage Stabilization.

Wednesday afternoon I attended the Ready-to-Wear Merchandising session.

Thursday, from 8 A.M., I attended all Distributive Education sessions. A movement has been started to establish a national organization of cooperative students into a Distributors' Club. The entire Distributive Education session centered around the question "How Can Distributive Education Meet the Critical Training Needs of Stores?"

From the convention I have taken many ideas to help the Distributive Education program in Boston.

Respectfully submitted,

AGNES K. BRENNAN,
Director of Distributive Education.

EAST DEDHAM STREET LAND REVERTS TO BOSTON REAL ESTATE COMMISSION.

The Mayor has approved the request contained in the following letter:

PARK DEPARTMENT.

BOSTON, July 6, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

At a meeting of the Board of Park Commissioners held at the Park Department office on Wednesday, July 5, 1950, it was voted to recommend transfer of the care, custody and control of the land located at 73 East Dedham street, South End, from the Park Department to the Real Estate Commission of the City of Boston.

This land contains approximately 5,962 square feet. It was turned over

to this department by the Real Estate Commission after vote of the City Council on April 14, 1941, approved by the Mayor on April 16, 1941.

The area is too small for either park or playground purposes and has been left undeveloped all these years. As it is not needed for park purposes, the Board of Park Commissioners voted to recommend that it be transferred back to the Real Estate Commission.

Your approval of this action and the necessary arrangements to effect the transfer will be greatly appreciated.

Very respectfully yours,

FRANK R. KELLEY,
Chairman.

MAYOR APPEALS FOR NAVY DEFERMENT TO CLOSE OF ACADEMIC YEAR FOR STUDENTS IN BOSTON COLLEGES.

The following telegram has gone forward from the office of the Mayor:

Hon. Francis P. Matthews,
Secretary of the Navy.

INFORMED THAT A NUMBER OF COLLEGE STUDENTS ARE AMONG MEMBERS OF U. S. NAVY ORGANIZED RESERVE UNITS AT BOSTON, WHICH HAVE JUST BEEN ALERTED FOR ACTIVE DUTY IN APRIL, RESPECTFULLY REQUEST THAT THEY BE GIVEN SAME CONSIDERATION AS OTHER STUDENTS AND DEFERRED TO CLOSE OF ACADEMIC YEAR.

John B. Hynes,
Mayor of Boston.

TRANSFER OF FUNDS TO RELIEVE DEFICIT.

The Mayor has approved the following request of the City Auditor:

January 30, 1951,
as of
December 29, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Under the Appropriations and Tax Orders for the financial year 1950, it was provided that "the appropriation for the *City Record* be met by the income of said publication and any excess over income from taxes." It now appears from the records of this office that the income of this publication during 1950 was less than the expense of publication as indicated in the following table:

City Record.

Payments	\$43,364 09
Receipts	26,159 74
Deficit	\$17,204 35

In order to conform with the provisions of the order mentioned above, in connection with the closing of 1950 accounts, I propose, under the provisions of section 3B of the Amended City Charter, to make the following transfer: From Reserve Fund, \$17,204.35, to *City Record*, Receipts, \$17,204.35.

Respectfully,

CHARLES J. FOX,
City Auditor.

WATER DIVISION RECEIPTS EXCEED EXPENDITURES— AID IN REDUCTION IN DEBT REQUIREMENT FUNDS.

The Mayor has approved the following letter from the City Auditor:

BOSTON, February 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

According to the records of this office, the receipts of the Water Division of the Public Works Department in 1950 exceeded total expenditures by \$320,072.61. Under the provisions of section 1 of chapter 324 of the Acts of 1914, this surplus "shall be used to meet interest and sinking fund requirements or serial loan payments on any debt of the City of Boston." I respectfully request your approval of my application of this surplus in the manner as prescribed by the statute previously mentioned. Your approval of this application will, in effect, reduce the amount to be provided in the tax levy for debt requirements by an amount equal to the surplus.

Respectfully,

CHARLES J. FOX,
City Auditor.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made:

ASSESSING DEPARTMENT.

Permission has been given to continue the employment of Carmine A. Forgione, 252 Marion street, East Boston, as draftsman, Grade I, for a period of six months, effective January 28 and expiring July 27, at \$2,200 a year.

BOSTON CIVIL DEFENSE.

Approval has been given for the extension of employment of Mary White, 4 Oakland avenue, Roxbury, as secretary-stenographer, on a provisional basis.

Permission has been given to employ Patricia B. O'Brien, 18 Trescott street, Dorchester, on a full-time basis, as stenographer-typist at \$2,000 a year.

The emergency appointment of Rita Walenduck has been approved as clerk-typist, for 30 days, on a part-time basis, at \$1,800 a year.

HOSPITAL DEPARTMENT.

For the week ending January 23:

The following provisional employees have been appointed:

CONTRACTS AWARDED.

Permission to award the contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

BOSTON HOUSING AUTHORITY.

Upon February 7 the Mayor approved a contract with Mystic Building Wrecking Company for demolition of temporary buildings, Franklin Field project, under the provisions of the Statutes of 1946, chapter 372, as amended. Bids, opened January 17, were as follows:

Amount to Be Paid to the City of Boston.—Mystic Building Wrecking Company, \$2,730; New England Building Wrecking Company, \$1,002.

Amount to Be Paid to the Bidder.—Central Building Wrecking Company, \$2,450; City Building Wrecking Company, \$5,444; American Building Wrecking Company, \$6,885.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon February 7 the Mayor approved a contract as requested in the following letter:

Boston, February 6, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of January 15, 1951, bids were received from two bidders for trucking service with this department, as follows:

C. S. Walsh Transportation, 736 Dudley street, Dorchester.

For furnishing the following: Two and one half-ton moving van with driver, \$3 per hour; three-ton moving van with driver, \$3 per hour; five-ton moving van with driver, \$3 per hour; extra man, \$1.50 per hour.

P. A. Milan, Inc., 200 Milk street, Boston.

For furnishing the following: Two and one half-ton moving van with driver, \$3.70 per hour; three-ton moving van with driver, \$3.70 per hour; five-ton moving van with driver, \$3.70 per hour; extra man, \$1.90 per hour.

Canvass of the bids showed that C. S. Walsh Transportation operates on a common carrier's certificate only, and inasmuch as this bid by C. S. Walsh Transportation to us does not conform with tariff on file in the Department of Public Utilities, the price stated in the bid could not, under Article 13 of the proposed contract, take effect for 30 days and perhaps for a longer period if the rate proposed were suspended by the Department of Public Utilities.

The second bidder, P. A. Milan, Inc., is authorized to do this work as a contract carrier under permit No. 412. As a contract carrier P. A. Milan, Inc., is not bound by the published common carrier rates on file in the Department of Public Utilities.

P. A. Milan, Inc., has signified its willingness to enter into a contract with the City of Boston at the amount stated in its bid with the proviso that such rates become effective at once, instead of after a 30-day period as provided in Article 13 of the proposed contract.

As there is an urgency for immediate trucking facilities, and inasmuch as it is desirable to bind the trucker to a definite price for the remainder of the year 1951 (which cannot practically be done with a common carrier because of continuous D.P.U. control over rates), and inasmuch as further advertising for bids would serve no useful purpose, I respectfully request your permission to award, without further advertising, a contract for 1951 with P. A. Milan, Inc., the amount of unit prices above quoted to take effect upon the signing of the contract. Total contract not to exceed \$20,000 for the year 1951.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

Upon February 13 the Mayor approved a contract with Marshall Company, Inc., for furnishing and delivering electrical fixtures to the Department of School Buildings. Bids, opened February 17, were as follows:

Marshall Company, Inc., immediate delivery, \$1,896; Allied Electrical Supply, Inc., 18 to 20 weeks delivery, subject to price in effect at time of delivery, \$2,167.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with supply houses, contractors, etc., for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

HOSPITAL DEPARTMENT.

Boston, February 7, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We respectfully request your permission to dispense with public advertising and to award a contract to James H. Ritchie & Associates, 38 Newbury street, Boston, Mass., for architectural and engineering services in connection with repairs to all walk-in type refrigerators, Boston City Hospital, at a cost not to exceed the sum of \$30,000, the architect to be paid a fee equal to 10 per cent of the actual cost of the work subject to the provisions of the contract for said services.

Because of the technical nature of the services required, the Trustees are of the opinion that there would be nothing gained by publicly advertising for bids.

Respectfully yours,

BOARD OF TRUSTEES,
by MARTIN J. ENGLISH, M.D.,
President.

Boston, February 9, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We respectfully request your permission to dispense with public advertising and to award a contract to D. A. Rosano Construction Company, Inc., 401

Border street, East Boston, for repair of leak in sprinkler and fire line supplying Maternity Building, Boston City Hospital, at an approximate cost of \$1,925.

Because of the emergency nature of the work, and because of the fact that the above named company has the necessary personnel and materials available to perform this work in the shortest possible time, the Trustees are of the opinion that no advantage would be gained by publicly advertising for bids.

Respectfully yours,

BOARD OF TRUSTEES,
by MARTIN J. ENGLISH, M.D.,
President.

INSTITUTIONS DEPARTMENT.

Boston, January 30, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested to award a contract, without advertising, to the Mill Creek Products Company, 15 Boylston place, Brookline, for extermination of vermin at the Long Island Hospital, Boston Harbor, Mass., for the period beginning January 1, 1951, and ending December 31, 1951, at the sum of \$100 per month.

The firm which performed the work prior to last year submitted a bid of \$115 per month for this work. A saving of \$15 per month was made when the contract was awarded to the Mill Creek Products Company, and no benefit would accrue to the city from advertising the same.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

LIBRARY DEPARTMENT.

Boston, February 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Since it is not possible to obtain competitive bidding by public advertising, your approval is respectfully requested for the Trustees to sign a lease, without public advertisement, with Ezra Sherman, for the rental of the premises located at 386 and 388 West Broadway, South Boston, for quarters for our South Boston Branch Library. The lease will be for the period May 1, 1951, through April 30, 1952, and the rental will be in the sum of thirty-one hundred and eighty dollars (\$3,180).

Inasmuch as the total rental will exceed one thousand dollars (\$1,000), beyond which there must be public advertising for bids, it is necessary to request your permission to enter into this lease without publicly advertising for bids.

Your approval of this award is respectfully requested.

Very sincerely yours,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by LEE M. FRIEDMAN,
Vice-President.

Boston, February 6, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Since it is not possible to obtain competitive bidding by public advertising, your approval is respectfully requested

for the Trustees to sign a lease, without public advertising, with the Merchants National Bank of Boston for the rental of a portion of the vault in the subbasement floor of the premises in the building known as the New England Mutual Life Insurance Company Building, at the corner of Boylston street and Clarendon street and Newbury street, in Boston, for the purpose of safekeeping during the present national emergency of certain of the books, manuscripts, and other similar documents in the custody of the Boston Public Library. The lease will be for the period February 1, 1951, through January 31, 1952, and the rental will be in the sum of four thousand four hundred dollars (\$4,400).

Inasmuch as the total rental will exceed one thousand dollars (\$1,000), beyond which there must be public advertising for bids, it is necessary to request your permission to enter into this lease without publicly advertising for bids.

Your approval of this award is respectfully requested.

Very sincerely yours,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by LEE M. FRIEDMAN,
Vice-President.

PUBLIC WORKS DEPARTMENT.

BOSTON, February 6, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Following each snowstorm it is necessary for this department, in connection with keeping the highways and streets of the city open for travel, to supplement departmental forces and equipment by utilizing the services and equipment of outside firms and individuals.

The equipment we hire consists of trucks for plowing and hauling, loaders, tractors, etc., and the service includes the manpower necessary to operate such equipment. The employment of this extra equipment is of an emergency nature and the cost cannot be reasonably estimated in advance since the extent and nature of winter storms is not predictable. In the event of a heavy or protracted storm, payments for these supplementary services may, in the aggregate, exceed \$1,000.

In view of this possibility and as the rates to be paid for services and the rental of equipment are established by this department, nothing would be gained by advertising.

I therefore respectfully request your authority to dispense with public advertising and to pay all bills incurred on snowstorms during the winter season 1950-1951 without issuing service orders therefor, and also ask that I be authorized to pay such bills as may exceed \$1,000.

Respectfully,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, February 6, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your office has submitted a requisition to this department for purchasing the following as soon as possible:

One 1951 Cadillac, seven-passenger sedan, Model No. 75.

Because of certain restrictions, it is very difficult to obtain a definite delivery date on special model automobiles, but Brodigan Motors, Inc., has one model, as specified, in stock, which can be delivered immediately. It is therefore requested that authority be granted me to dispense with publicly advertising for prices and award a contract, without public advertisement, to Brodigan Motors, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$5,816.23, less taxes, \$230, less trade-in allowance on 1948 Cadillac, \$1,600, making a net total of \$3,986.23.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, February 6, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Fire Department has submitted a requisition to this office for Gamewell Fire Alarm Equipment. The Gamewell Company, 1238 Chestnut street, Newton Upper Falls, manufacturer of this equipment, has quoted prices for this equipment.

Inasmuch as this company is the manufacturer, no advantage could be gained by publicly advertising for prices. It is therefore requested that authority be granted me to dispense with public advertisement and award a contract, without public advertisement, to the Gamewell Company. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$2,420, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, February 6, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Automotive Division of the Public Works Department for the following:

Three DRC-L conveyor belts, Elgin, No. 81.

Inasmuch as the Clyde Everett Equipment Company is the only source of supply for the above equipment it is requested that authority be granted me to dispense with publicly advertising for prices and award a contract, without public advertisement, to Clyde Everett Equipment Company. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$1,295.87, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, February 6, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department has received a requisition from the Fire Department for the following:

Twelve only 36 x 5 single flange solid tires.

Informal quotations for prices were solicited among five companies, but Goodyear Service was the only vendor that responded. It is my opinion that no advantage could be gained by publicly advertising for additional prices. Authority is therefore requested to dispense with public advertisement and award a contract, without public advertisement, to Goodyear Service. By awarding the contract as requested, I believe the best interests of the city will be served.

Total amount of contract will be \$1,105.44, less 2 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Emerson Electrical Manufacturing Company for installation of emergency lighting at the East Boston High School, from January 31 to February 28. This extension was requested because of delay in securing material.

INSTITUTIONS DEPARTMENT.

Construction Units, Inc., has been given an extension of time of completion of the contract for the Laundry Building, Long Island Hospital, Boston Harbor, to January 31.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with M. & R. Construction Company, 139 Coleridge street, East Boston, for removing the drawspan, approach sections, etc., of the Meridian Street Bridge, to February 15. This extension was requested for the reason that the contractor was delayed by tide and weather conditions.

CHANGE IN CONTRACT.

BOSTON HOUSING AUTHORITY.

M. S. Kelliher Company has been allowed to make a change in the general construction of veterans' houses, River street, as follows:

Connecting cold water system to humidifiers. The contract price is increased \$501.60.

RECENT FEDERAL ACTIONS AFFECTING CITIES.

The Housing Act of 1949, approved on July 15, authorized a uniform 10 per cent payment to cities in lieu of taxes on housing projects, but the independent offices appropriation bill passed on August 15 contains a provision that for the fiscal year ending June 30, 1950, only payments provided for in the original contract between the housing authority and the city are authorized for federal reimbursement.

Federal aid for hospital construction has been approved for nearly 800 projects; more than 600 are general hospitals and the great majority are in towns of under 10,000 population.

FIRE DEPARTMENT ORDERS.

General Order No. 7.

I. ARTHUR T. HIGGINS.

It is with deep regret that the Acting Fire Commissioner announces the death, on February 1, 1951, of Painter and Stripper Arthur T. Higgins of the Maintenance Division. Painter Higgins was appointed to the department January 10, 1945.

The funeral was held from the J. D. Fallon Memorial Funeral Home, 7 Greenough avenue, Jamaica Plain, at 8.45 A.M., February 5, followed by services in St. Patrick's Church, Roxbury, at 9.45 A.M.

A number of members of the Maintenance Division were excused from duty in order to attend the services.

II. PAUL J. SHEEHAN.

It is with deep regret that the Acting Fire Commissioner announces the death, on February 5, 1951, of Hoseman Paul J. Sheehan of Engine Company 11. Hoseman Sheehan was appointed to the department May 11, 1923.

The funeral was held from the Muldoon Funeral Home, 300 Market street, Brighton, at 8 A.M., Thursday, February 8, 1951, followed by services at St. Columbkille's Church at 9 A.M.

The chief of department made the customary detail to act as funeral escort, and members of Engine Company 11 were excused from duty in order to attend the services.

III. A. D. T. ASSIGNMENT.

Company commanders shall add the following signal number to running cards of the A. D. T. Company in this department:

Signal 795, Cody Distributing Company, 46 Clayton street. (Sprinkler.) Apparatus to respond: Engine 17, Ladder 7, District Chief 10. Nearest box is 3412.

IV. HEART FUND CAMPAIGN.

His Honor, Mayor John B. Hynes, has requested that all city employees cooperate within their means in contributing to the Heart Fund Campaign which is being conducted at the present time.

Heart ailments now cause more deaths among our population than any other disease. The fund will be used in research and in other ways for the benefit of all citizens.

Company commanders and branch division heads are requested to solicit members of their respective commands and ask them to contribute to this worthy cause. It is to be understood, however, that all donations are on a voluntary basis.

Receipts may be delivered to Mr. John J. Walsh in the Fire Commissioner's office, between the hours of 9 A.M. and 11 A.M., on any week day, excepting Saturday, from February 19 to February 26, 1951, inclusive.

V. COMMENDATION.

Lieut. George E. Graney of Engine Company 1 is hereby commended for

responding to and working at fire. Box 7426, on January 30, 1951, while off duty.

By order of Acting Fire Commissioner JOHN V. STAPLETON.

DANIEL MARTELL.

Acting Chief of Department.

POLICE DEPARTMENT ORDERS.

Police Commissioner.

General Order No. 1,428.

Patrolmen Laurence J. Connelly and Francis J. McKenna of Division 10 are commended and each is granted three days' extra vacation for meritorious police duty performed on February 9, 1951.

While patrolling their sector in a radio car in the early morning hours, these officers received a message describing a taxicab which was alleged to be carrying an armed passenger. Shortly thereafter they observed the wanted cab and forced it to a stop. The officers found a passenger with a fully loaded revolver concealed in the sleeve of his coat.

The cab driver stated that this man had jumped into the front seat of his cab and threatened him with a revolver and ordered him to follow his instructions or he would blow his head off; also, that while cruising through the streets he was obliged to turn over his money to the bandit. Further investigation proved that he is a parolee from State Prison and was wanted for several armed robberies in outside cities.

The commissioner is pleased to commend these officers for their keen observation and courageous action in apprehending this dangerous criminal.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN.

Police Commissioner.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 5, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M. Councilor WENZLER, senior member, presiding.

Absent, Councilors Bryan, Hurley, and Sullivan.

The Reverend Father Joseph D. Segadelli, curate of the Sacred Heart Catholic Church, East Boston, was escorted to the rostrum.

INVOCATION BY REV. FATHER JOSEPH D. SEGADELLI.

O Almighty and Eternal God, we pray Thee, who through Jesus Christ, our Saviour, have revealed Thy Glory to all nations, to preserve the work of Thy Mercy that Thy Kingdom, being spread throughout the entire world, may continue with unchanging faith to spread unto the end of time.

We pray Thee, O God of Might, Wisdom, and Justice, through Whom authority is rightly administered, laws are enacted, and judgments decreed, protect by the Holy Spirit of counsel and fortitude the President of the United States, that his administration may be conducted in righteousness and in justice; that he may encourage by deep respect for virtue and religion a faithful execution of the laws of this great nation under God; that he may be strong to restrain vice and immorality. Let the light of Thy Divine Wisdom direct the deliberations of Congress and shine forth in all the proceedings and laws found for our rule and government, so that they may tend to the preservation of peace; the promotion of honesty and fair government; the increase of industry and the greater ability in our national and local civic leaders for sound leadership and strong and just legislation. We recommend also to the immeasurable mercy of God all our brothers and fellow-citizens of this city and nation, that they may be blessed in the knowledge and sanctified in the observance of Thy most holy laws; that they may be preserved in the union and in that peace which the world cannot give and, after enjoying the blessings of this life, be admitted unto life eternal.

We pray for the Governor of the Commonwealth, for the members of this assembly, for all the judges and magistrates and other officers who represent the people.

Finally we pray to Thee, O Lord of Mercy, to remember the souls of Thy servants departed who have gone before us with the sign of faith and rest in the sleep of peace; the parents, relatives, and families who, when living, were members of this honored assembly. May Almighty God direct, lead, and inspire each one of us now and forever. Amen.

The salute to the Flag was given by the members.

The Rev. Father Segadelli was escorted from the chamber by Councilor Coffey.

The following was received:

To the City Council.

Gentlemen:

In compliance with section 3 of the City Charter, I submit herewith my budget recommendations for 1951, and recommend adoption of the accompanying appropriations and tax orders.

The grand total of the proposed over-all budget covering City and County Maintenance is \$90,679,274.95, as compared to \$86,554,244.50 in the year 1950. The \$4,125,000 increase in this budget, which in itself approximates a \$2.70 rise in our tax rate, could be prevented by one of three possible courses:

1. Curtailing necessary municipal services.
2. Wholesale layoff of city employees.
3. A blanket slash in salaries.

As Mayor, I am unwilling to pursue any one of these three possible courses, and I do not believe that the people of Boston want any of these three steps taken.

Obviously, it is our duty and responsibility to provide adequately for our sick and our needy, even though the cost of doing so may have increased tremendously.

It hardly needs to be pointed out that the city's bills for supplies, medical and otherwise, fuel, and food will be greater this year than in 1950. Those items account for a very substantial part of the increase in our budget.

Every practicable effort has been made to lighten the financial burden which our citizens will be asked to assume.

The estimates submitted by department officials have been reduced by more than \$5,500,000. Many desirable activities and undertakings have been deferred until such time as the city is better able to afford them. The proposed appropriations contained in this budget are for the most essential and necessary municipal functions.

Economies achieved by this administration during the past thirteen months have prevented this budget from increasing to an even greater extent. Unfortunately, because of the spiraling cost of running our hospitals and institutions, and other increased expenditures resulting from present-day conditions, the results of our efforts to make savings wherever possible have been completely overshadowed and eclipsed by the steadily mounting financial demands upon the city.

The appropriations for self-supporting Income Departments are made from their particular revenues and not from the tax levy. For these departments, the total amount recommended for this year is \$4,199,713.25, against a comparable figure of \$4,122,279.87 for 1950.

The major increases in the present budget are accounted for as follows:

Approximately \$1,400,000 in the Police Department, chiefly because of additional expense involved in the establishment of the 5-day week for police officers in accordance with the mandate of the voters; \$300,000 in the Fire Department to provide for overtime for ten holidays for firemen during 1951, additional men for the new fire station in East Boston, step-rate increases, and increased costs of repairs to buildings and equipment; \$700,000 in the Hospital and Sanatorium Division due to the necessity for increased personnel costs, the new 5-day, 40-hour law, and the rising costs for food, medicine, and general maintenance repairs; \$200,000 in the Welfare and Veterans' Services Departments, because of added relief and personnel costs; \$314,000 in the Public Works Department to provide for down payments as a prerequisite to borrowing for sewerage works and construction of bridges; \$250,000 for increased pension costs which because of their non-contributory nature, must be paid out of budget appropriations; \$50,000 for ordinary operating expenses for the new Civil Defense Department; and \$246,000 for increased County of Suffolk expenses.

The foregoing are the major increases. The balance is accounted for because of increased, inflated costs of all supplies and commodities which affect the operating expenses of the city, as well as those of the ordinary citizen and business man. Everything which the municipality does itself, everything which it contracts to have done, everything which the city purchases, will call for greater expenditures this year than in 1950.

The present budget does not contain a complete picture of the city's financial needs for 1951, such as debt requirements; overlay deficit payments; MTA deficit payments for the years prior to 1950; MTA deficit requirements for 1950; School Department costs; and other fixed obligations of the city. The full requirements for the city for 1951 are not yet ascertainable. For that reason, no close estimate can be made at this time concerning the tax rate, except to state that it will be higher, by several dollars, despite savings made wherever possible, than the rate of 1950.

It will be noted that no provision has been made in these budget appropriations for a general salary increase to employees. I have received proposals from various representatives of employees, and such proposals are now under consideration. In the event that a general increase is decided upon, it will be necessary to submit a supplementary appropriation for that purpose. This, of course, would result in a further increase in our tax rate.

More detailed information concerning this budget is contained in a report of the Budget Commissioner which is attached hereto.

I respectfully request that your Honorable Body give approval to the accompanying appropriation and tax orders.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Budget Department, February 5, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

I submit herewith detailed analysis of the 1951 budget recommendations for City Maintenance, County Maintenance, and the Income Departments for the fiscal year beginning January 1, 1951.

The composition of the budget document for 1951 conforms as nearly as practicable with the recommended standard accounting classifications developed by a firm of consultants hired by the city to make this survey. This is the first step in the installation of a completely unified system of budgeting, accounting, and fiscal reporting designed to serve the purpose of effective financial administration, and informative and significant fiscal reporting to the public. In order to provide administrative flexibility, lump sum appropriations are made for Personal Services, Contractual Services, Supplies and Materials, respectively, for each budget unit. Appropriations for Current Charges and Obligations are made to each budget unit and for each class of Current Charges and Obligations as set forth in the standard classification by kinds of commodities and services. The manual of instructions for this standard classification of expenditures is now in the hands of all department heads and fiscal clerks in each city and county department. Another deviation is the setting up of a capital outlay appropriation by budget units and detailed by classes. Capital outlays are interpreted to mean all equipment items, and appropriations for Structures and Improvements, and Land and Non-Structural Improvement to Land. Eventually this system will tie in with the Six-Year Capital Improvement Program now being developed by the City Planning Board.

The following table indicates in comparative form the appropriations by divisions for this year and last.

	1950	1951
CITY MAINTENANCE	\$80,933,350 52	\$84,812,245 25
COUNTY MAINTENANCE	5,620,893 98	5,867,029 70
TOTAL	\$86,554,244 50	\$90,679,274 95

The above total of \$90,679,274.95 for City and County Maintenance is the amount to be raised by taxation and represents an increase of \$4,125,030.45 over the same appropriations for the year 1950. The total of the estimates submitted by all of the departments of the city and county was approximately \$10,000,000 in excess of the total appropriations for 1950. This excess has been reduced by approximately \$5,500,000. The appropriations for the self-supporting Income Departments are charged against their particular revenues and are not reflected in the tax levy. The total for the Income Departments recommended for the year 1951 is \$4,199,713.25, as compared to \$4,122,279.87 for 1950, an increase of \$77,433.38.

CITY MAINTENANCE.

The amount recommended for City Maintenance totals \$84,812,245.25 and is \$3,878,894.73 greater than the appropriations for 1950, as shown in the following tabulation:

TOTAL	\$80,933,350 52	\$84,812,245 25	\$3,878,894 73

* Denotes decrease.

PERSONAL SERVICES.

The following is an explanation of the increase of \$2,270,511.59 in the Personal Services Item: \$1,270,000 for the Police Department to provide for the 5-day week for police officers—this sum includes provisions for the appointment of 290 new men, promotions to upper ranks, step rates, and anticipated additional overtime; \$200,000 for the Fire Department for additional positions for the new fire station in East Boston, step-rate increases, and provision for the payment for ten holidays for members of the department; \$190,000 for the Hospital Department and the Sanatorium Division for some additional needy positions and necessary funds to provide full year salary payments under the new salary schedules adopted last October; \$48,000 for the Library Department for new positions to open the Tyler Street Branch and funds to meet the new Union scales for bindery employees; \$35,000 for the Traffic Department to provide full year salaries for new positions added during last year in connection with the inspection and maintenance of parking meters; \$25,000 to the Health Department to provide for step-rate increases and additional personnel costs in connection with the opening of another health unit last year for which only a partial provision was made.

The above are major increases, and the balance provides for step-rate increases for the remaining departments in the city and reflects a substantial increase because of an underappropriation in the Fire Department budget of last year.

CONTRACTUAL SERVICES.

The increase of \$461,335.76 in this item is due to the necessity for providing \$330,000 additional funds for repairs to buildings and equipment in various city departments; \$80,000 for increased costs in connection with the board of Boston-settled cases in outside institutions, children in foster homes, and for the care of premature infants; \$20,000 for the hire of a bus to transport employees, visitors, and patients to and from Long Island Hospital when the bridge is completed this year; \$10,000 for the Treasurer to advertise for the redemption of traffic tunnel bonds next September.

SUPPLIES AND MATERIALS.

An increase of \$450,000 in the appropriation for food, fuel, and medical supplies for the City Hospital, Sanatorium, and Long Island Hospital accounts for more than 50 per cent of the increase in this item. The balance is due to the increased costs of all the supplies and materials, and the fact that the new classification coding system has merged the former supplies and materials items into one account and transferred many former equipment items to the new supplies and materials account. This change makes it difficult to compare the balance of this increase with the 1950 appropriations for these purposes.

CURRENT CHARGES AND OBLIGATIONS.

Increased demands on the Veterans' Services Department by veterans and their dependents since the Korean situation accounts for this additional appropriation.

EQUIPMENT.

While every effort was made to provide only for necessary equipment, this item shows an increase because it is absolutely essential to purchase X-ray equipment for the Long Island Hospital and new type X-ray tubes in the health units.

STRUCTURES AND IMPROVEMENTS.

This item shows a reduction because of the postponement of all major improvements which could be postponed without impairment to the activities of the city.

LAND AND NON-STRUCTURAL IMPROVEMENTS TO LAND.

The increase in this item is due to the additional appropriation for the control of Dutch elm disease and for the extension of the facilities at Mount Hope, Fairview, and Evergreen Cemeteries, particularly the veterans' plot in Mount Hope, which is now filled to capacity.

SPECIAL APPROPRIATIONS.

This increase is due entirely to the increased costs of non-contributory pensions and increased workmen's compensation claims by employees.

TOTAL	\$5,620,893 98	\$5,867,029 70	\$246,135 72

* Denotes decrease.

The over-all increase of \$246,135.72 in the county budget is accounted for by necessary provisions for step-rate and statutory increases, increased costs of supplies and materials, and special provision for masonry work at the step back of the new Court House building and a section of retaining wall at Deer Island to prevent further erosion to the shore line and possible damage to the buildings.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted the appointment of William B. Harlow, 38 Milton avenue, Hyde Park, as Weigher of Goods and Weigher of Coal, for term ending April 30, 1951.

Referred to the Committee on Confirmations.

WITHDRAWAL OF RESOLUTION RE:
MUNICIPAL AUDITORIUM.

The following was received:

City of Boston,
Office of the Mayor, February 2, 1951.
To the City Council.

Gentlemen:
There is pending before your Honorable Body a resolution to approve legislation for the construction of a proposed auditorium in the City of Boston.

The legislation contemplating the proposed auditorium was prepared last November and sub-

mitted to the Legislature early in December. At that time, the international situation was not as acute as at present, and there was no intimation of restrictions in the type of building which could be constructed.

It is apparent now, however, that the construction of an auditorium will not be permitted because of governmental restrictions. I, therefore, hereby withdraw the resolution concerning the auditorium. While I believe that such an auditorium is a very desirable asset for the City of Boston, I realize that its construction must be delayed until there is a return to normal conditions.

Respectfully,

J. B. HYNES, Mayor.

To: Mr. Thomas G. J. Shannon, Chief Clerk, Mayor's Office

From: George G. Hyland, Commissioner, Public Works Department.

Subject: Order in Council, January 22, 1951.

Receipt is acknowledged of your memorandum of January 24, attaching order in Council, request of Councilor Wenzler, under date of January 22, 1951, as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to immediately remove the waste paper receptacle at the corner of Dorchester street and West Broadway, Ward 6."

The Chief Supervisor of the Sanitary Division of this department has informed me that this receptacle was removed as of January 26, 1951.

Mr. Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Commissioner of Public Works install cement sidewalks on both sides of Emerson street, between K and L streets, Ward 6, and this will advise you that this work will be put on the list of sidewalk construction to be given consideration during the present year.

Very truly yours,

GEORGE G. HYLAND,

Commissioner of Public Works.

VETO OF ORDINANCE RE HEALTH DEPARTMENT.

The following was received:

City of Boston,

Office of the Mayor, January 31, 1951.

To the City Council.

Gentlemen:

I return herewith without my signature and disapproved an ordinance adopted by your Honorable Body on January 22, amending section 2, chapter 17 of the Ordinances of 1947.

Approval of this proposed amendment to the ordinances would interfere with the proper reorganization program now in effect in the Health Department. I send you herewith a communication from the Health Commissioner which sets

BUDGET FOR 1951.—Continued.

(Continued from page 161.)

The Income Departments are self-supporting and do not require appropriations on the tax levy, and the amounts recommended are necessary to efficiently operate these departments.

The appropriation for the City Record, Publication of, which has been included in the self-supporting Income Departments, has now been transferred to the Tax Departments. This change was decided upon because from past experience the income from the sale of the City Record was so small that it was necessary each year to secure most of the appropriation from other sources. There being no foreseeable possibility of the City Record becoming self-sustaining, this change was made.

Respectfully,

JOHN A. SULLIVAN, Budget Commissioner.

VETO OF ORDINANCE RE HEALTH
DEPARTMENT.—Concluded.

(Continued from page 162.)

forth, rather comprehensively, the reasons why such an amendment to the ordinances, at this time, is not feasible.

I would suggest to your Honorable Body that this matter be given study by the Compensation and Classification Committee which is now making its survey of city departments. This matter, which affects personnel, is properly a matter for consideration in the study now going on. I am requesting the Health Commissioner to discuss this with the Committee on Compensation and Classification.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Health Department, January 25, 1951.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

This will acknowledge your letter of January 24, 1951, relating to the following order passed by the City Council on January 21, 1951:

Be it ordained by the City Council of Boston as follows:

SECTION 1. Section 2 of chapter 17 of the Revised Ordinances of 1947, as amended by chapter 4 of the Ordinances of 1950, is hereby further amended by inserting in the fourth line of said section after the word "sanitation" and before the word "and" the following words: "which includes food inspectors and housing and sanitation inspectors, and that all examinations in the future for these two positions shall be held in accordance with the civil service, rules and regulations as they have in the past."

The ordinance which became effective on July 5, 1950, following a study of the report of the Finance Commission of the City of Boston by Mr. Fox, Mr. John Sullivan, and Mr. deMeulenaer was prepared by the office of the Corporation Counsel. The purpose of this ordinance was to effect a more practical reorganization of the Health Department. With particular reference to the Section of Environmental Sanitation, with which the present amendment is concerned, it was the purpose to follow the pattern of organization which is advocated by the United States Public Health Service, and which is being adopted by the more progressive health departments throughout the nation.

It has been the intention to establish a higher grade of inspectors of Environmental Sanitation in the Boston Health Department—men whose basic education and training is of a higher standard, which would ultimately result in furnishing the Health Department with men better qualified for the over-all job of the Environmental Sanitation program.

In August of 1950 the Department of Civil Service was requested to hold a competitive examination for the position of "Inspector, Sanitarian," the purpose being to establish an eligible list for appointments to positions now being provisionally filled.

No change in the status of the permanently employed food inspectors and inspectors of housing and sanitation was contemplated without their consent.

Under date of August 10, 1950, your Honor's approval was received to the following communications:

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

Your approval is respectfully requested to make the following amendment to the Health Department budget, Personal Services, to carry out the recommendations pertaining to the Section of Environmental Sanitation, which was established by the new city ordinance, effective on July 5, 1950:

Item.

Sanitation and Food Inspection Division, sixty-nine (69) inspectors, to read fifty-nine (59) inspectors and ten (10) inspector-sanitarians.

This will provide for the permanent appointment of inspector-sanitarians and will become effective at such time as the Department of Civil Service shall establish an eligible list. Entrance salary will be \$2,700 a year, with annual increment of \$100 to a maximum of \$3,500 a year.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

Your approval is respectfully requested to make the following amendment to the Health Department budget, Personal Services, to carry out the recommendations pertaining to the Section of Environmental Sanitation, which was established by the new city ordinance, which became effective on July 5, 1950:

Item.

Fifty-nine (59) inspectors to read nine (9) inspectors and fifty (50) inspector-sanitarians.

This will allow "inspectors" permanently employed to take a qualifying examination at civil service for the designation of "inspector-sanitarian," and will become effective upon the establishment of such eligible list. The salary of these "inspector-sanitarians" will be at the rate of \$3,500 a year.

During the past several months, I have had several conferences with representatives of the food inspectors' and housing and sanitation inspectors' groups. For the food inspectors, Messrs. Brackman, Milano, and Sheehan and for the inspectors of housing and sanitation, Messrs. Henry, Gormley, and Campbell conferred with me as a committee, representing that the inspectors in the two divisions desired to have a change in the designation of their positions. It was agreed that the title of Inspector-Food Sanitation would be acceptable to the members of the Food Division and the title of Inspector-Housing Sanitation would be acceptable to the inspectors of the Division of Housing and Sanitation.

Accordingly, forms for the approval of the Department of Civil Service were prepared, as above set forth, in order that the change in title might become effective, and were distributed to the inspectors of the Food and Housing and Sanitation Divisions. On January 23, 1951, all inspectors of the Division of Housing and Sanitation submitted a request for such change in title, to the Health Commissioner, for further processing by the Department of Civil Service.

On the same date, the following memo was received from the Food Division inspectors, through their committee:

Dr. John H. Cauley,
Health Commissioner.
Dear Sir:

On an unanimous vote, the food inspectors have decided to hold in abeyance the application for change in title pending action on the City of Boston and County of Suffolk position reclassification.

Louis Brackman,
Daniel Milano,
Lester Sheehan.

I would assume that should the present proposed amendment to the ordinance be adopted, it would abrogate the possibility of any of the inspectors of the department, at present, having an opportunity to qualify under a title and duties which would permit them to receive an increase in salary, as previously planned.

I am sure you are aware that for the past eight years no examinations have been held by civil service to fill positions as food inspectors or inspectors of housing and sanitation. I also wish to note that it has been sixteen years since any inspector in either the Food Division or Division of Housing and Sanitation has been given an opportunity by civil service examination to attain any betterment in his rating or salary.

During the spring months of 1950, the Department of Education of the Massachusetts University Extension conducted a course of lectures in the elements of Environment Sanitation at Massachusetts Institute of Technology. Over fifty individuals took the course, the greater number of whom were employees of this department in the Food and Housing and Sanitation Divisions. I am reliably informed that the course was most interesting and instructive and that each person who attended and passed was given a certain number of points in college credit for having successfully passed the course. I understand that all of the employees who attended the course to enhance their knowledge of Environmental Sanitation and in preparation for an examination to qualify them as inspector-sanitarians, passed the course.

Since the ordinance reorganizing the Boston Health Department was passed, a large group of inspectors have been anticipating the opportunity to improve their status in the department and obtain a salary increase which you have authorized. It is my impression that the proposed new amendment will lower the standards required of men who may obtain employment in the department as inspectors, and the temporary employees presently employed in either of the two divisions affected by the proposed new ordinance will by no means be assured of attaining a standing on an eligible list which would assure them of a permanent appointment, for it would enormously broaden the field of individuals who would take the examination and by a limited amount of study, many, including those who by statute attain preference, would undoubtedly stand high on a list of eligibles for appointment.

In summary, it is my impression that if this proposed ordinance is enacted, it will result in the Food and Housing and Sanitation Divisions continuing to be personelled and to function, insofar as inspectors are concerned, in the same manner that existed prior to the effectivity of the ordinance of July 5, 1950. It is my opinion that this is contrary to the recommendations of the Survey Group, the Mayor's Committee who reviewed the report early in 1950, above referred to; that it is not following a program of organization of Environmental Sanitation, as approved by the United States Public Health Service, the American Public Health Association, and progressive official health agencies; and that it will also eliminate the possibilities of the personnel presently employed as food inspectors and inspectors of housing and sanitation from obtaining a change in title for their positions, and will also cancel your authority, dated August 10, 1950, to increase the salaries of the presently permanently employed inspectors who would qualify for positions as inspectors-sanitarians.

Yours respectfully,
JOHN H. CAULEY, M. D.,
Health Commissioner.

APPROPRIATIONS AND TAX ORDERS FOR THE FINANCIAL YEAR 1951.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1951, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston, or County of Suffolk, or the departments or officers thereof, the respective sums of money specified in the tables and schedules hereinafter set out be, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriation for Water Service, current expenses, and the payment to the state, under the provisions of chapter 488 of the Acts of 1895, and acts in addition or amendment thereto, and for the interest and debt requirements or for loans issued for water purposes, be met by the income of said works and any excess over income from taxes; that the appropriation for Printing Department be met by the department income and any excess over income from taxes; that the appropriation for the Summer Traffic Tunnel be met by the income from tolls and any excess over income from taxes, in accordance with the provisions of section 11, chapter 297 of the Acts of 1929, as amended by chapter 74 of the Acts of 1935; that the other appropriations hereinafter specified be met out of the money remaining in the treasury at the close of business on December 31, 1950, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation; by the income of the financial year beginning January 1, 1951; by taxes on the polls and estates in the City of Boston; and by the proceeds of any duly authorized loans.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston, be paid into the general treasury, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That all taxes raised to meet the appropriations of the city, and all taxes assessed for meeting the city's proportion of the state tax for the year 1951, or for any other taxes or assessments payable to the Commonwealth, shall be due and payable on July first of each year. Interest shall be charged at the rate of 4 per cent per annum and computed from October first, 1951, on all real estate and personal property taxes remaining unpaid after November first, 1951, and assessed and payable in the year 1951 before said November first, 1951, until such taxes are paid. All interest which shall have become due on taxes shall be added to and be part of such taxes.

Ordered, That except as the appropriation for any purpose or item shall be increased by additional appropriations or transfers lawfully made, no money shall be expended by any department for any of the purposes or items designated in the tables and schedules hereinafter set out in excess of the amount set down as appropriated for such specific purpose or item.

(Annexed were the itemized appropriations as totaled in the foregoing schedules.)

Referred to the Committee on Appropriations.

At the request of Councilor Cook the Chair informed the Council members that the Printing Department was preparing copies for use by the councilors.

INCREASE IN STATUTORY APPROPRIATING POWER OF SCHOOL COMMITTEE.

The following was received:

City of Boston,
Office of the Mayor, February 5, 1951.
To the City Council.
Gentlemen:

There is pending before the Legislative Committee on Rules a petition submitted by the School Committee providing for an increase in the statutory appropriating power of the Committee for general school purposes. The increase is necessary in order to meet the full-year cost of the two hundred and four dollars general increase granted to teachers as of September 1, 1950, as well as the cost of one hundred and fifty additional custodians required to place the custodial force of the department under a forty-hour week.

In its present form, the petition does not provide for any specific sum or amount since, when it was filed last December, the 1951 budget requirements of the School Committee had not been definitely determined. During January, I was advised that school officials had estimated that an increase of one million three hundred and fifteen thousand dollars would be necessary to provide for tentative budget estimates. After consideration and study of the schedules submitted with this estimate, I arrived at the conclusion that an increase of one million dollars in the appropriation limit should be sufficient and so advised the School Committee. At a meeting last Saturday, a majority of the committee approved of my suggestion and adopted preliminary budget estimates based on a million-dollar increase in the statutory appropriating power for general school purposes.

Before the Legislative Committee on Rules will admit the petition in question, it is necessary for your Honorable Body to approve the amount of the increase. I accordingly submit herewith a resolution providing for an increase of one million dollars in the appropriation limit for general school purposes and respectfully recommend adoption by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

Resolved, That the City Council hereby approves the enactment of legislation increasing the statutory limitation on appropriations authorized to be made by the School Committee of the City of Boston for general school purposes by one million dollars, thereby establishing for the year 1951 and thereafter the sum of twenty-two million two hundred thousand dollars as the aforesaid appropriation limitation.

Referred to the Executive Committee.

PETITIONS REFERRED.

BORROWING CAPACITY OF CITY FOR 1951.

The following was received:

City of Boston,
Board of Commissioners of Sinking Funds,
January 29, 1951.
To the Members of the Boston City Council.
Gentlemen:

In accordance with the provisions of chapter 93, Acts of 1891, chapter 267, Special Acts of 1916, and chapter 225, Acts of 1931, it is estimated that the amount which the city will be able to borrow during the present municipal year within the debt limit established by law, is \$9,469,870.52, as per schedule annexed.

Respectfully,
WILLIAM B. CAROLAN,
Chairman.
JOHN O. STUBBS,
GEORGE HANSEN,
PATRICK F. McDONALD,
Board of Commissioners of Sinking Funds.
CHARLES J. FOX,
City Auditor.
JAMES E. GILDEA,
Acting City Treasurer.

REAPPOINTMENT OF POLICE COMMISSIONER SULLIVAN.

Coun. WENZLER offered the following:
Whereas, The Governor of the Commonwealth, Paul A. Dever, has made a splendid decision in the reappointment of Police Commissioner Thomas F. Sullivan for another term of seven years, and
Whereas, The Citizens of Boston, the business-men and clergy of all faiths heartily endorse this appointment, therefore, be it
Resolved, That the Members of the Boston City Council, in meeting assembled, desire to extend to Governor Paul A. Dever, an expression of their thanks for his splendid appointment—one that meets with the approval of all civic-minded people of the City of Boston.
The resolution was adopted under suspension of the rules.

APPOINTMENT OF MEMBER OF DEPARTMENT AS NEXT POLICE COMMISSIONER.

Coun. COFFEY offered the following:
Whereas, The Police Commissioner, Thomas F. Sullivan, has been reappointed to his position with the understanding that he retire this month and leave the employ of the city on pension, and
Whereas, The office of Police Commissioner will then be open for a new appointee, therefore, be it
Resolved, That the members of the Boston City Council, in meeting assembled, respectfully petition his Honor the Mayor to request that a member of the Boston Police Department, with experience of at least twenty years, be appointed to the position of Police Commissioner for the seven-year term.
On motion of Councilor Chase the resolution was referred to the Executive Committee.
Later in the session on motion of Councilor Chase the foregoing vote was reconsidered.
The resolution was rejected.

REPORT OF COMMITTEE ON LEGISLATIVE MATTERS.

Coun. BEADES, for the Committee on Legislative Matters, submitted a report on dates of hearings before legislative committees on matters pertaining to the City of Boston, and a copy was provided for each Councilor.

SPECIAL OFFICERS FOR HOUSING PROJECTS.

Coun. McCOLGAN offered the following:
Whereas, The housing projects of our city present a peculiar police problem; and
Whereas, Conditions are such that ordinary police protection will not render said projects safe to occupants and others; and
Whereas, Efforts of the Boston Police have failed to cope with the growing lawlessness; and
Whereas, The Federal Housing Authority has ordered that all special officers in housing projects be stricken from the payroll; and
Whereas, This action on their part does not show a clear knowledge of circumstances; and
Whereas, A continuation of present policy will endanger the life and property and welfare of the citizens of Boston; therefore be it
Resolved, That the members of the Boston City Council, in meeting assembled, desire to petition the officials of the Federal Housing Authority to reconsider and revoke that order of the Federal Housing Authority which prohibits any appropriation of moneys for the salaries of special officers or men in like position in the housing projects in the City of Boston; and be it further
Resolved, That his Honor the Mayor be requested to present this request to the proper authority forthwith; and be it further
Resolved, That copies of this resolution be forwarded to all members of the Massachusetts delegation in Washington and the Federal Housing Authority.
The resolution was adopted under suspension of the rules.

RETENTION OF SPECIAL OFFICERS AT HOUSING PROJECTS.

Coun. McCOLGAN offered the following:
Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to appear before the Boston City Council at a special meeting of the Committee on Housing together with any records that relate to the removal of special officers or men in related positions; and be it further
Ordered, That his Honor the Mayor request the presence at such meeting of a representative of the Federal Housing Authority; and be it further
Ordered, That the Boston Housing Authority take no action in dropping or transferring special officers and men in like positions until such time

as the Federal Housing Authority reviews their decision; and be it further
Ordered, That all employees so dropped or transferred be returned to their former status.
Passed under suspension of the rules.

RAISING OF INCOME LIMIT AT LOW-RENT HOUSING PROJECTS.

Coun. McCOLGAN offered the following:
Whereas, In originally determining the income of those eligible for low-rent public housing the figures for the year 1937 were used; and
Whereas, Incomes have substantially increased since that time, and the buying power of the dollar has steadily decreased; and
Whereas, The figures now used to determine those who are eligible for low-rent public housing are not in line with the true economic picture; and
Whereas, Some of our Representatives in Congress have shown an interest in the welfare of those in low-rent public housing; therefore be it
Resolved, That it is the conviction of this Body that the Committee on Banking and Currency report favorably on H.R. 7661, a bill of Congressman John W. McCormack, to amend the U.S. Housing Act of 1937 so as to raise the income limit for admission to low-rent housing provided under the act; and be it further
Resolved, That a copy of this resolution be forwarded to all members of said Committee on Banking and Currency with a request that speedy action be taken thereon; and be it further
Resolved, That a copy of this resolution be also forwarded to said Massachusetts delegation in the United States Congress.
The resolution was adopted under suspension of the rules.

DELAYING EVICTION OF TENANTS AT LOW-RENT PUBLIC HOUSING.

Coun. McCOLGAN offered the following:
Ordered, That his Honor the Mayor request that the Boston Housing Authority appear before the Boston City Council at a special meeting of the Committee on Housing together with any records that relate to Federal regulation in regard to income of tenants in so-called low-rent public housing; and be it further
Ordered, That no action be taken to remove tenants in low-rent income projects until such time as Congress takes action on H.R. 7661, now before the Committee on Banking and Currency.
Passed under suspension of the rules.

COMPUTATION OF INCOME OF RESIDENTS IN HOUSING PROJECTS.

Coun. McCOLGAN offered the following:
Ordered, That the Boston Housing Authority, through his Honor the Mayor, be requested to exempt in computing the income of residents in low-rent public housing two thirds of all money earned by children in the family.
Passed under suspension of the rules.

ADJUSTMENT OF RENTALS OF FAMILIES OF SERVICE MEN.

Coun. McCOLGAN offered the following:
Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to adjust the rentals of families of men who have been called into the service and living in public housing so that their rental will not surpass what they would pay if they were in low-rent public housing; and be it further
Ordered, That such rental shall continue until such time as the Boston Housing Authority can place such family in a low-income project.
Passed under suspension of the rules.

RELIEF OF ANDREW SQUARE TRAFFIC CONGESTION.

Coun. McCOLGAN offered the following:
Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to remove the rotary traffic circle in Andrew square as a first step in the temporary relief of the traffic congestion in Andrew square; and be it further
Ordered, That the Metropolitan Transit Authority be requested, through his Honor the Mayor, to move the tracks in the square so that they will bring the streetcars directly through instead of making the wide circle as they do at the present time.
Passed under suspension of the rules.

MTA BUS LINE TO SOLDIERS' HOME.

Coun. P. A. TRACY offered the following:
Resolved, That the Boston City Council records itself in favor of the communication sent by LaSociete des 40 Hommes et 8 Chevaux to Gov-

ernor Paul A. Dever, State House, Boston, Mass., requesting the Metropolitan Transit Authority to make the necessary arrangements to run a bus line to the Soldiers' Home, Powder Hill, Chelsea, for the convenience of the hundreds of disabled citizens who go there each day, either to visit patients at the hospital or for treatment.
Passed under suspension of the rules.

TRANSFER OF TENANTS AT COLUMBIA VILLAGE TEMPORARY HOUSING PROJECT.

Coun. HANNON offered the following:
Ordered, That His Honor the Mayor direct the members of the Boston Housing Authority to use all means at their disposal to expedite the transfer of the present tenants at Columbia Village to some permanent housing project, and also to bring to fruition the construction of the proposed permanent housing projects on Calf Pasture.
Passed under suspension of the rules.

OFF-STREET PARKING GARAGE IN POST OFFICE SQUARE AREA.

Coun. HANNON offered the following:
Ordered, That His Honor the Mayor direct the members of the Board of Real Estate Commissioners to appear before the Executive Committee of the Boston City Council, in conjunction with the members of the East Coast Terminal Company, before any further steps are taken relative to the erection of an off-street parking garage in the Post Office square area of Boston, in order that the plans of the latter company relative to the erection of a combination parking garage and office building at the same location might be considered.
The order was referred to the Executive Committee.

COMMENDATION OF SENATOR LODGE.

Coun. HANNON offered the following:
Resolved, That the Boston City Council in meeting assembled commends United States Senator Henry Cabot Lodge for his constant insistence that aliens be inducted into the armed forces of the United States, and that this Body go on record as favoring the enactment of the proposed legislation which will increase the number of voluntary alien enlistees from 2,500 to 25,000, as well as the establishment of the Volunteer Freedom Corps of 250,000 to serve abroad for a period of two years.
The resolution was adopted under suspension of the rules.

PROPOSED CLOSING OF VETERANS' ADMINISTRATION OFFICES.

Coun. ANSEL and F. P. TRACEY offered the following:
Ordered, That, through his Honor the Mayor, the New England delegation of the United States Congress be requested to oppose the curtailment and closing of the Veterans' Administration Offices and the discharge of the personnel in the City of Boston.
Passed under suspension of the rules.

OCCUPATIONAL PAYROLL TAX.

Coun. FARIN offered the following:
Ordered, That the City Law Department be directed, through his Honor the Mayor, to study the feasibility of writing legislation that will impose a 1 per cent payroll tax upon all employees who are non-residents of Boston, in order to alleviate the small property owners who are overburdened with taxes.
On motion of Councilor Cook the order was referred to the Committee on Legislative Matters.

COPIES OF 1951 BUDGET FOR EACH COUNCILOR.

Coun. FARIN offered the following:
Ordered, That his Honor the Mayor submit copies of the proposed 1951 City Budget to the city councilors, so that each councilor may have sufficient time to study the budget diligently before voting upon said budget.
Passed under suspension of the rules.

ACCEPTANCE OF ADAMS STREET, HYDE PARK.

Coun. CANTWELL offered the following:
Ordered, That the Street Laying-Out Department be requested, through his Honor the Mayor, to accept and lay out Adams street, Hyde Park, from River street to Business street.
Passed under suspension of the rules.

DEATH OF CITY TREASURER THOMAS F. X. WHITE.

Coun. CANTWELL, for Councilor Bryan, offered the following:

Resolved, That the City Council of Boston, in meeting assembled, hereby expresses its deep regret and offers its sympathy to the family of the late Thomas F. X. White, City Treasurer of Boston, upon his sudden and untimely death.

The resolution was adopted by a unanimous rising vote.

SIDEWALKS ON CANTERBURY STREET.

Coun. CANTWELL offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Canterbury street, both sides, from Cummins Highway to westerly line of Mt. Hope street, Ward 18, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone with granite edgestones, under the provisions of chapter 203 of the Acts of 1943. Passed under suspension of the rules.

BUSES ON FANEUIL BUS LINE.

Coun. SHANLEY offered the following:

Ordered, That his Honor the Mayor be requested to consult with the Board of Trustees of the MTA relative to increasing the number of buses on the Faneuil bus line and to re-route these additional buses from Brooks street on to Faneuil street and proceed to the Oak square center in Ward 22.

Passed under suspension of the rules.

HOSPITAL AMBULANCE AT POLICE DIVISION 14.

CONGRESS VOTES COMPREHENSIVE HOUSING PROGRAM.

Under the new federal housing law signed by the President on July 15 federal funds for slum clearance and public housing are now available to cities that demonstrate a need for low-rent housing. Cities generally must supply proof of blight, a master redevelopment plan for the blighted area, slum dwellers. The new law provides and temporary housing for displaced advance money to help cities map plans. Many cities, especially those that have housing authorities, already have the necessary information and are among the first to qualify for federal aid. Among the cities that are making studies to determine their housing needs are Chicago, Louisville, Miami, Milwaukee, Philadelphia, and Boston. Legislatures of 42 states have authorized local governments to establish low-rent housing authorities, and at least 25 states have laws authorizing local participation in federally supported slum clearance projects. Iowa, Kansas, Oklahoma, South Dakota, Utah, and Wyoming do not as yet have housing-enabling laws that will qualify their cities for federal funds for public low-rent housing.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Traffic Rules and Regulations of the City of Boston are amended as follows, effective February 26, 1951:

Article IV, Section 3, Part 2 (Prohibition of Parking), is amended by striking out the following:

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR FURNISHING LABOR TO ASSEMBLE ABOUT 50 8-INCH GATES; 50 12-INCH GATES; AND 50 B & F POST HYDRANTS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing labor to assemble about 50 8-inch gates; 50 12-inch gates; and 50 B & F post hydrants. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Furnishing Labor to Assemble Gates and Hydrants," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, FEBRUARY 28, 1951, with a certified check for SEVEN HUNDRED (700) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

MAYOR HYNES HONORS BOSTON'S KOREAN DEAD BY PRESENTING MEMORIAL SCROLLS TO RELATIVES AND NEXT OF KIN — 31 HEROES HONORED AT CITY HALL CEREMONY — ALL BRANCHES OF ARMED SERVICES SHARE IN PRESENTATIONS — IMPRESSIVE SCENE TAKES PLACE IN MAYOR'S OFFICE — MAYOR MAKES BRIEF ADDRESS.

On Monday afternoon, February 19, Mayor John B. Hynes presented the next of kin of 31 servicemen who died in Korea with scrolls of Boston's recognition of their sacrifices.

For the occasion, a corner of the office had been decorated with ferns and flowers. An honor guard of high ranking officers and enlisted men formed a background, and Council President William F. Hurley met each couple.

All races, colors, and creeds were represented among the group.

ALL MEN AND WOMEN FROM BOSTON IN KOREAN CONFLICT TO BE REMEMBERED BY MAYOR HYNES AND CITIZENS WITH GIFT OF EASTER CANDY AS GRATEFUL TRIBUTE FOR SERVICES IN BATTLE AREA.

Mayor John B. Hynes has requested the Christmas Festival Committee, which sponsored the recent City of Boston Christmas Festival, and of which he is honorary chairman, to raise sufficient funds through public subscription to provide every Boston man and woman in Korea with a box of Easter candy as a tribute to their valiant service from the "ever grateful people of Boston."

In his letter to Chairman Harry J. Blake, who is also president of the Boston Chamber of Commerce, Mayor Hynes stated: The Christmas Festival Committee performed such an able and efficient service in organizing and promoting the recent Boston Christmas Festival and in providing Christmas boxes for the Boston men and women at Korea, not to mention the Christmas

MAYOR JOHN B. HYNES PICTURES BOSTON AREA AS HAVING BRIGHT AND PROGRESSIVE FUTURE WHEN A "GREATER CITY" IS CREATED — DELIVERS ADDRESS BEFORE NEWTON SACRED HEART MEN'S CLUB IN WHICH THE "YESTERDAY," THE "TODAY," AND THE "TOMORROW" ARE DISCUSSED — URGES COSMOPOLITAN AREA MERGER AS SAFEGUARD FOR FUTURE OF ALL SECTIONS OF COMMUNITY — TREND IS TOWARD METROPOLITAN GOVERNMENT IN WHICH BENEFITS WILL BE MUTUAL AND ADVANTAGEOUS.

The following talk was delivered at Newton Sacred Heart Men's Club, February 18, 1951, by Mayor John B. Hynes, in which he discussed Boston — yesterday, today, and tomorrow. Said the Mayor:

No city in America is richer in traditions — in historical associations — than Boston.

Whatever may be its present, or its future, its past has been glorious. The pages of our history are replete with the part played by Boston in the birth and growth of our country, and the names of Bostonians shine with untarnished brilliance in every chapter of the story that is America.

For over two centuries Boston held its pre-eminent place in the growth and development of our country, but as our country grew, as the wilderness disappeared, as the vast stretches of the west were settled and developed, new centers of population — of business — of social life — came into being, and Boston, situated in the far northeast corner of our great land, slowly began to lose its place of dominance in the new world, although its sons and daughters — and the money of Bostonians, too — are largely responsible for the opening and the development of what are now thriving states and municipalities.

With the coming of the railroad, as it crisscrossed our nation, Boston — and its busy port — began the long, slow slide downward from its enviable position, and the coming of the automobile and the aeroplane, with the wide open roads and the wide blue yonder, gave impetus to that slide, both on a national and a local scale.

MAYOR WITH ALL BOSTON CITIZENS MOURNS PASSING OF NOTED PHYSICIAN AND SURGEON, DR. JOSEPH V. O'BRIEN.

On February 19 Mayor Hynes issued the following statement on the death of Dr. Joseph V. O'Brien:

I wish to publicly pay tribute to the memory of one of the finest gentlemen I have ever known, a fine physician and surgeon, Dr. Joseph V. O'Brien, who will be laid to rest tomorrow.

No man in the Dorchester district, during my lifetime, was so universally admired and respected. He gave of himself without stint, even to the point of administering to patients when his own failing health was noticeable.

Dr. Joseph V. O'Brien will be sorely missed. He will never be forgotten. We, who knew him in this life, pray that God will give him the eternal reward he so justly deserves.

For two hundred years the names of Boston and Massachusetts were practically synonymous, for despite the fact that other localities within our state were multiplying and growing, nevertheless Boston — and its immediate environs — was the center, the focal point, the core of the life, the business, and the prosperity of the Commonwealth.

Theocratic Period.

That was the period when the spirit of Puritanism was in flower and when theocracy — the influence of religious leaders and teachers — prevailed over all other influences.

In the 1600's and in the 1700's the spirit of theocracy was the ruling — the controlling — note in the life of our cities and our state. But that influence began to wane

MAYOR ASKS PUBLIC CONTRIBUTIONS TO SEND EASTER CANDY TO ARMED FORCES IN KOREA.

(Continued from page 169.)

boxes they presented to the 132 Korea wounded at the Chelsea Naval and Murphy General Hospitals, that I find it easy to call on them to perform another important civic and patriotic service. As the committee is composed of men who have shown over the years that they are always willing to do their bit for the good of the public, they will not consider me presumptuous in again asking them to perform another public service of merit.

The request in a nutshell is this: There are now on duty in the battle zone of Korea with the Army, Navy, Marine and Air Corps, a large number of Boston men and women. So many letters expressing deep appreciation to the people of Boston were received from the 454 Boston men and women who received Christmas boxes, through the splendid operation of your Committee, that I feel that it would be a most worthy gesture of gratitude and affection if the Christmas Festival Committee were to raise sufficient funds through public subscription to provide every one of them with a box of Easter candy as a tribute to their valiant service from the "ever grateful people of Boston." It is the least we can do to show them that their sacrifices and brave deeds have not gone unnoticed by their neighbors and friends in Boston.

While it is true that the government is providing them with all of the necessities, servicemen know, particularly when troops are in the battle zone, that such a delicacy as candy is a most welcome luxury. Let us therefore surprise and please them by sending each of them in time for Easter a box of the best candy money can buy. I understand, of course, that because of the different climates through which shipments to Korea must pass, only hard candies would be practical. However, investigation indicates that there is plenty of that kind of candy available and that it can be shipped in two-pound tin boxes, including postage, at a cost not to exceed \$1.50 a box.

Difficulty may be encountered in obtaining the names and addresses of the Boston men and women in Korea, as there is no federal agency equipped at this time to provide such information without slowing down the war effort. Nevertheless, through the newspapers and radio stations they can doubtlessly be obtained in the same manner as the names and addresses were acquired for the Christmas boxes.

BROTHERHOOD WEEK PROCLAMATION.

Whereas, The Father of our country defined the purpose of its founding to be "to form a more perfect union," and

Whereas, Its first President declared that to achieve this end we must "give to bigotry no sanction, to persecution no assistance," and

Whereas, Our way of life, granted to us as a heritage which we must safeguard for future generations, is threat-

ened by the forces of Communism which would destroy our liberties; now

Therefore, I, John B. Hynes, Mayor of the City of Boston, do call upon our citizens to join with other Americans in the observance of the week of Washington's birthday, February 18-25, as Brotherhood Week, as a period to affirm anew, and to rededicate ourselves to the practice of the brotherhood of man under the Fatherhood of God.

JOHN B. HYNES, Mayor.

PLANNING BOARD RULES AGAINST PROPOSED PLAY AREA AND PARK FOR SOUTH END SECTION AT THIS TIME—SO INFORMS MAYOR HYNES WHO HAD ASKED OPINION.

The Mayor has received the following communication from the office of the City Planning Board:

BOSTON, February 15, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In answer to your letter of January 22, accompanied by report of the Park Commissioner to you concerning the cost of establishing a small city park at the corner of Harvard street and Harrison avenue in the South End, I am reporting as follows:

At its meeting of February 13, considering the matter, the Board gave due attention to the letters submitted by prominent citizens advocating the establishment of such a park and to the opinion expressed in your Honor's covering letter.

The Board agrees as to the desirability of a park and the contribution that such a park would make toward the general improvement of the area. Also, it recognizes that the proposed park site is at the core of an area that is being expanded as an institutionalized section. Though the Board approves the worthiness of the suggestion as a future project, it definitely is of the opinion that it is inexpedient to recommend an expenditure approaching \$100,000 at this time when the city is faced with continued rising costs in the construction of more necessary projects, such as public works and new schools.

Sincerely,

THOMAS F. McDONOUGH, Chairman.

CHELSEA BRIDGE TO BE CLOSED FOR REPAIRS.

Commissioner George G. Hyland has announced that on Sunday next, February 25, between the hours of 6 A.M. and 9 A.M., the Chelsea Street Bridge, connecting East Boston and Chelsea, over Chelsea River, will be closed to all use, vehicular as well as pedestrian. This action, the Commissioner stated, is necessary so that the Boston Consolidated Gas Company may make much needed repairs to its fender pier at this bridge. This work can be done only when the draw of the bridge is swung off its normal position, Mr. Hyland added.

Preparations were made for performing this work two weeks ago, but it had to be deferred on account of an accident which put the bridge completely out of commission for several days.

MAYOR HONORS KOREAN DEAD AT IMPRESSIVE CITY HALL CEREMONY.

(Continued from page 169.)

Turner, hero of Korean fighting, led a long procession of parents and relatives.

The names of 31 hero dead who made the supreme sacrifice in the Korean conflict were read and, as each was announced, a mother or father, sister or brother, wife or daughter or aunt stepped forward to receive in his name the honored parchment.

The army, navy, marine and air corps were represented.

The Mayor, in a brief speech, deplored the fact the city could do no more for its honored dead, and extended to all his heartfelt sympathy, not only as Mayor, but as a parent.

MAYOR HYNES URGES CITIZENS TO OBSERVE THE 53RD ANNIVERSARY OF THE SINKING OF THE BATTLESHIP "MAINE."

On the 53rd anniversary of the sinking of the battleship "Maine" in Havana Harbor, Cuba, which was immediate cause of the outbreak of the Spanish-American War, Mayor John B. Hynes issued the following statement of praise for the Spanish-American War Veterans of Boston:

One of the most inspiring incidents of United States history was the spontaneous manner in which Boston youth of military age responded to the call to colors at the outbreak of the Spanish-American War. Among the first to respond were the Boston companies of the famous old "Irish" Ninth Massachusetts Infantry Regiment, which had so distinguished itself by feats of superb bravery during the Civil War and which later became the nucleus of the present day 101st Infantry, National Guard.

The war had hardly been declared before this khaki-clad regiment with their wide sombrero type hats and over-the-shoulder blanket rolls had entrained at the old Providence railroad station, in what is now Park square, for the South and the battlefields of Cuba. In keeping with the tradition of their fathers at Manasses and Malvern Hill during the Civil War they distinguished themselves at the battle of San Diego.

Fortunately, the war only lasted four months, but never did a modern regiment, because of the torrid climate, lack of medical supplies, and proper equipment endure such suffering and discomfort. But throughout it all they served with the same patriotic devotion and fervor that has marked the military service of American youth in every American War before and since.

The ranks of the Spanish-American War veterans are fast thinning out. All of them are now seventy years of age or more. It is therefore most fitting and proper that on this day which has such a deep significance to all of them that the people of Boston extend to them the greetings of the day and the wish that their remaining years be filled with nothing but peace and happiness.

Remember the "Maine"!

MAYOR ADDRESSES NEWTON SACRED HEART MEN'S CLUB.

(Continued from page 169.)

in the late 1700's and in the early 1800's and was forced to share the spotlight with political and economic forces.

It is commonly accepted that the Puritan, or theocratic, control began to lose its strong influence after the great hordes of immigrants had come to our shores in the middle 1800's, but that is not so, for long before the homogeneous nature of Boston had perceptibly changed, theocracy had begun to lose its vigor and effect on the life of the community.

It is well to remember that the so-called foreign population of Boston, up to 1835, was less than 20 per cent of the total population, and it is well to remember that the first Catholic Church in Boston, formed in 1788—and incidentally financed by prominent Protestant gentlemen—had a membership of less than 100.

It was in the decade between 1845 and 1855 that Boston's population underwent a remarkable change. That was the period of the great famine in Europe, the period of our greatest immigration, and at the end of that ten-year stretch the foreign-born population of Boston, with Irish dominating, outnumbered the native stock.

IMMIGRANTS AFFECT ECONOMY.

The influx of thousands of immigrants—most of them unskilled and many of them illiterate—had a profound effect on the Boston that was. The shock of assimilating those additional thousands into the economy of a tight-bound, comparatively small area would have been difficult under any circumstances, but the fact that most of those immigrants were adherents of the Roman Catholic Church made the process of assimilation doubly difficult.

From 1850 until shortly after the turn of the present century there was a constant, sometimes bitter struggle between the representatives of the so-called native stock and the so-called foreign stock. The old stock, with its control of the economic life of the city, gave grudgingly—inch by inch—to the so-called interlopers, and all during this period the issue of race and religion entered into and played an important part in the economy of the city.

The older families, either because of necessity or desire, gradually began to move out of the city to localities which had not felt the effects of the immigration tide—to localities where racial and religious differences were of minor, rather than major, concern.

This exodus from the inner city, aided, abetted, and encouraged by the advent of the automobile and the improvement in highways, started the era of decentralization which still goes on—prompted now by reasons other than racial or religious in most cases, but which, nevertheless, is a process which Boston, as well as other large cities, looks upon with foreboding and with dread, for decentralization of both population and business marks the end of the golden era of the large cities of America.

TODAY.

Boston, today, is confined within narrow boundaries—hemmed in by the

sea on one side, the Charles and unnatural boundary lines on the other side.

A compact city—with no room to stretch, with its area almost completely developed, with no hope of immediate expansion—it sits, the center of a thriving metropolitan area, and wonders what the future will be and how we can control it.

The old divergencies, the old hatreds, the old animosities have largely disappeared in an atmosphere of enlightenment and understanding—although once in awhile, like Vesuvius, they break out in angry eruption. But, for the most part, the passage of time has brought with it a common denominator which, in turn, has brought a harmonious relationship in our city.

Our problems today in Boston are no longer predicated on racial or religious factors. Indeed, they go even deeper if such is possible—they go to the very root of our continued existence as a great metropolitan center—they point to survival itself.

For Boston, to survive as a metropolitan area, providing services of a metropolitan character and holding its place as the nerve center of the New England region, must be given help and assistance of a substantial sort, or must become, in fact, as well as in fancy, the inner core of an organized greater metropolitan city.

While the cities and towns contiguous to Boston and within a range of 20 miles from the inner city are increasing in population and in business outlets, Boston's population remains dormant, and its businesses are decentralizing or, in some instances, leaving the city entirely.

Apart from the fact that some of Boston's troubles are directly traceable to mismanagement, and worse, on the part of its public officers, nevertheless their misfeasances in office are not the basic reasons for the plight of our city.

What is happening in Boston is happening in other large cities—e.g., the losses in property valuations and the losses in the type of resident who has a stake in the city and an intelligent interest in the problems of the city.

The process of decentralization goes forward. It will be accelerated rather than retarded because of the atomic age in which we live, and, as that process goes on, our large cities as we knew them during our lifetime will grow less and less important in the economy of a metropolitan area or region.

Boston, in 20 years, has lost \$500,000,000 in taxable valuations, the main—the chief—source of income to the city. With little new construction, and with little room for expansion, it is difficult to envision a restoration of this tremendous loss.

To maintain itself, to operate a metropolitan city, and to do this without curtailing services or discharging employees, calls for new revenues to the extent of 15-20 million each year, if any relief or hope is to be given to the heavily burdened taxpayer.

For a long period of time Boston has been living off its own fat. The fat is gone; we are now eating into our own bone and marrow.

Boston has been termed the "bread-basket" of the Commonwealth. If it is, then the health and vigor and vitality of the Commonwealth is dependent on a sound, progressive, and forward-looking city.

If Boston comes to the point where it must give up the ghost, it is obvious then that not only Boston and its people will

suffer, but the whole Commonwealth and its people will also share in the suffering.

We cannot and must not let that happen. What is gone is gone. We cannot live in the past; we cannot—for the good of the whole community—let Boston stew in its own juice. Boston—for the sake of the whole community—must survive.

TOMORROW.

What then is proposed—in the absence of direct financial help to Boston?

It seems to me that the time has finally come to give sober and thoughtful consideration to the amalgamation of the cities and towns within our metropolitan area into a metropolitan city.

This is a subject which was first proposed when the oldest person here was a boy. It now has reached the point beyond discussion—it has reached the point of action.

The main objections to a metropolitan arrangement seem to be these:

Loss of local control over the affairs of the locality.

Fear of political domination by the political elements of the larger city.

Loss of identity—with its local pride and local traditions.

Fear of increased costs.

All of these objections are understandable—but not insurmountable in the formation of a greater city.

Any such organization can be so constituted as to respect local interests, local traditions, local pride. It can be so constituted as to keep political and financial control in the hands of the suburban rather than the urban population. It can, in short, be protective, rather than destructive, of the things you hold dear—the intangibles which are closer to us many times than the tangible things.

Unconsciously, we are drifting into a metropolitan government here in this area.

Each year the M.D.C. widens its scope of activities. Only last Friday we read in the papers of its plans for incineration plants in the area which can serve the various cities and towns in the area.

Certainly, when the students of government 100 years from now learn that in 1951 we had in the 40 cities and towns in the metropolitan area 40 different police forces, 40 fire departments, 40 library systems, 40 park systems, 40 planning boards, 40 public works systems, and 40 of everything else, they are not going to be too much impressed with our vaunted vision and abilities.

I submit to you gentlemen that the old reasons—the old unnatural barriers that set towns apart from each other—no longer have any real potency.

We are living in a new era in America, an era of transformation and change.

The Newton of today is far different from the Newton of 50 or even 25 years ago.

Our problems are increasing. Changing times, shifting populations, new and better means of transportation are changing the face of our city. They have brought crowded trains, traffic and parking problems, greater demands for new streets, sewers, water, parks, libraries, and fire and police protection, with all the attendant municipal costs.

Our city, like other cities and towns around Boston—Milton, Brookline, Watertown, Canton, Dedham—is on the long voyage that one day, do what you will, will bring you to the same rocky shoals that Boston itself is now entering.

The future of this whole community cannot be centered in one city or town. It is bound up in the whole area.

We are now in this area no worse than third in the United States with regard to per capita wealth and per capita purchasing power.

The strength of our whole community resides in its component parts. When one or more of those parts weaken, the whole chain of community economy weakens.

The hope of Boston—yes, the hope of the whole area—is to keep the area healthy, strong, vigorous. That can be done by the formation of a metropolitan form of government.

What you might lose temporarily you will gain as the future unrolls.

A greater city is Boston's hope for survival. It is the hope, as I see it, of the whole area for a bright and a progressive future.

POLICE DEPARTMENT ORDERS.

General Order No. 1,429.

The following-named officers having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that they are incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that they be retired from active service in the Police Department, effective Friday, February 16, 1951, at 7.45 o'clock A.M.:

Sergt. John D. McPherson, Division 11, 30 years of service.

Patrolman Charles H. Price, Jr., Division 9, 31 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,430.

Patrolmen James E. Higgins and Edward F. Gibbons, Jr., of Division 7 are commended for the fine police work which they performed on February 9, 1951, and each is granted three days' extra vacation.

These officers were about to enter an automobile on their way home after completing their tour of duty when they observed an automobile come to a stop on the opposite side of the street. This car had been given out on the teletype as being used in an attempted armed holdup in Division 6. There were three men in the car and a fourth about to enter when the officers, with drawn revolvers, placed them under arrest.

When these men were turned over to Division 6 three of them were immediately identified as the perpetrators in an attempt to steal a payroll while armed. Further investigation revealed that these three men committed an armed holdup of three women in a dwelling house. They are now being held in a large sum awaiting trial.

The Commissioner is pleased to recognize the alertness, courage, and devotion to duty shown by Patrolmen Higgins and Gibbons in effecting the arrest of these criminals.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,431.

The following transfers are hereby ordered to take effect Tuesday, February 20, 1951, at 7.45 o'clock A.M.:

Patrolman John J. Cummings, from Division 15 to Division 2.

Patrolman John F. Power, from Traffic Division to Property Clerk's office.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

Upon February 16 the Mayor approved contracts as requested in the following letter:

BOSTON, February 15, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:
Bids on proposals for furnishing office furniture and equipment to various city departments were publicly opened and read in this office on January 22, 1951. Tabulation of prices received is attached.

Permission is requested to award contracts to the lowest bidders on specifications for the items as checked on the accompanying tabulation. It is also requested that authority be granted me to reject the bids received on Items 5, 6,

7 and 9 and purchase them in the open market. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amounts of contracts will be as follows:

Y & E Sales Corporation, \$9,719.85, less 2 per cent cash discount for payment within 10 days; Boston Desk Company, \$1,955.40, less 1 per cent cash discount for payment within 10 days; S. M. Levin Company, Inc., \$1,848.90, less 1 per cent cash discount for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with supply houses, contractors, and contractors for furnishing supplies, labor, etc. Communications from the heads of the departments interested were as follows:

BOSTON CIVIL DEFENSE.

BOSTON, February 9, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MAYOR HYNES:

I am enclosing for your consideration and approval service order No. 401 to the M. B. Foster Electric Company, 368 Congress street, Boston, for the installation of air-raid warning equipment.

Since the estimated amount of this order exceeds \$1,000, I am requesting your approval so that this order may be placed without public advertising.

At the time I authorized the work to be done, I assumed that the total cost of installation would be under \$1,000. Although I had no idea of the ultimate cost, I did not believe it would exceed \$1,000. Because of this, I felt there was no necessity of complying with the legal requirements surrounding expenditures in excess of \$1,000.

Following the declaration of the State of Emergency on December 16, 1950, by President Truman, and an alert received from the National Director of Civil Defense, Mr. Caldwell, I requested

Superintendent O'Banion of the Fire Alarm Division of the City of Boston Fire Department to begin immediately to install air-raid warning equipment on the 16th floor of the Suffolk County Court House at Pemberton square.

Superintendent O'Banion secured the services of the M. B. Foster Electric Company because they were available at short notice and also because they had installed most of the air-raid warning systems used in World War II. Because of their previous work, this company was entirely familiar with the installation of this type of equipment and could therefore proceed with this work with the least possible delay and with greater speed than any other company and with a minimum of supervision.

I wish to point out that this work covers the installation of four air-raid warning units on the Suffolk County Court House at Pemberton square.

Sincerely,

JOSEPH L. MALONE,
Director of Civil Defense.

PRINTING DEPARTMENT.

Boston, February 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On January 29, 1951, your Honor approved my written request for the award of a contract, without public advertising, to Remington Rand, Inc., 857 Commonwealth avenue, Boston, Mass., in the total sum of \$1,516.50 for the furnishing of 1,400,000 payroll cards at the unit prices per thousand cards as set forth in my earlier communication.

Since the contract has not as yet been executed and in view of the fact that Remington Rand, Inc., has been forced to increase the prices as set forth in its original proposal because of the extreme fluctuation in the prices due to current conditions, which have occurred in the very brief space of time that has elapsed since your approval of the award of the contract, I hereby respectfully request your permission to amend my original letter accordingly and to enter into a contract, without public advertising, with Remington Rand, Inc., in the total amount of \$1,656.50, the unit prices per thousand for the cards to be as follows:

1,000,000 payroll cards, Form P14299, Manila, left-hand corner cut, to be delivered 200,000 per month, starting April, 1951, \$1.18 per M, \$1,180.

100,000 payroll cards, Form P14299, left-hand corner cut, red stripe, to be delivered April, 1951, \$1.20 per M, \$120.

50,000 draft cards, Form P14410, left-hand corner cut, blue stripe, to be delivered April, 1951, \$1.23 per M, \$61.50.

250,000 accounts payable cards, Form P17234, left-hand corner cut, Manila, to be delivered April, 1951, \$1.18 per M, \$295.

Total, \$1,656.50.

Respectfully yours,

JOHN J. TWOMEY,
Superintendent.

PUBLIC WORKS DEPARTMENT.

Boston, February 9, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On Thursday, February 8, 1951, at approximately 1.25 P.M., there was a power

failure at the Chelsea Street Bridge as a result of the damage caused by the tugboat "Jupiter," which was proceeding downstream through the channelway and struck the fender pier on the East Boston side of the waterway. A maintenance crew of the M.T.A. Power Division was called in and power was restored and the bridge lowered into position.

A test opening was then attempted and the bridge failed to raise. Investigation showed that a section of the rack on the downstream operating strut was broken, thus making it impossible to open the draw for the passage of water traffic.

It will require approximately four days, working continuously, to complete repairs; and it is expected that by late Monday, February 12, 1951, the bridge will be in operation.

The General Ship and Engine Works, Inc., 336 Border street, East Boston, was immediately called in to make repairs and they are now in the process of repairing and reinstalling the broken member. This concern in the latter part of August, 1950, successfully repaired an identical break on the upstream operating strut, and is thoroughly familiar and experienced in the work to be done.

The estimated cost of the work is approximately \$4,500.

In view of the foregoing, and since time will not permit of advertising for bids, I respectfully request the authority of your Honor to dispense with advertising, and to enter into a contract with the General Ship and Engine Works, Inc., to make the necessary repairs.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Boston, January 31, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

For the past several years, the Harper X-Ray Company has supplied the various city departments with X-ray solutions on the basis of both quality and service.

In order to maintain the high quality of materials and service which are necessary in X-ray work, it is requested that permission be granted me to dispense with publicly advertising for prices and award a contract, without public advertisement, to Harper X-Ray Company for the following X-ray solutions at the prices indicated:

150 five-gallon bottles 3½-minute developer at \$3.75 per bottle.

150 five-gallon bottles five-minute developer at \$3.50 per bottle.

200 five-gallon bottles replenisher at \$3.95 per bottle.

300 five-gallon bottles fixer at \$3.25 per bottle.

125 five-gallon bottles shortstop at 75 cents per bottle.

100 five-gallon bottles dryer at 75 cents per bottle.

It is my opinion that by awarding the contract as requested the best interests of the city will be served. The period of the contract will be for delivery of

materials as requested until March 31, 1951. Approximate total amount of contract will be \$3,021.25, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, February 1, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

During the past two years, the Protective Coating Company has supplied the various city departments with Tuffy Plastic Paint Products. As a result of extensive tests and actual experience, it has been found that these products are best suited for certain uses by the various city departments.

Inasmuch as the Protective Coating Company is the manufacturer of Tuffy Plastic Paint Products, no advantage could be gained by publicly advertising for prices. It is therefore requested that authority be granted me to dispense with public advertisement and award a contract, without public advertisement, to Protective Coating Company for the following Tuffy Plastic Paint Products, as required, to the various city departments until December 31, 1951:

Aluminum, 180 gallons, \$5.40 per gallon.

White, 40 gallons, \$5.80 per gallon.

Battleship gray, 130 gallons, \$4.80 per gallon.

White enamel, 300 gallons, \$5.80 per gallon.

Flat white, 300 gallons, \$4.15 per gallon.

Yellow, 350 gallons, \$5.40 per gallon.

Red, 60 gallons, \$5.40 per gallon.

Green, 100 gallons, \$5.40 per gallon.

Black, 150 gallons, \$4.80 per gallon.

Orange, 50 gallons, \$5.40 per gallon.

Wood sealer, 50 gallons, \$4.80 per gallon.

Reducer, 50 gallons, \$2.25 per gallon.

Thinner, 300 gallons, \$1.30 per gallon.

Primer, 50 gallons, \$5.35 per gallon.

Catalyst, 20 gallons, \$4.50 per gallon.

Approximate total amount of contract will be \$9,657, net. It is my opinion that the best interests of the city will be served by awarding the above contract. All prices are subject to change and will be prices prevailing at time of delivery. The city reserves the right to accept or reject any items on which there has been a price increase.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, February 12, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Fire Department has submitted two requisitions to this office, one calling for 600 canisters for masks and the other calling for 6 Chemox oxygen breathing apparatus, complete with carrying cases.

Inasmuch as prices on the above equipment are regulated by the manufacturer, all prices will be identical. It is therefore requested that authority be granted me to dispense with publicly advertising for bids and award a contract, without public advertisement, to American-LaFrance-Foamite Corpora-

tion. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$4,500, less 2 per cent cash discount for payment within thirty days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, February 13, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Department of Civil Defense has submitted a requisition to this office for one (1) mimeograph machine, style No. 450. This machine is manufactured by St. John & McColl, Inc., which is the only source of supply.

Inasmuch as St. John & McColl, Inc., is the sole company who can furnish the machine, it is requested that authority be granted me to dispense with publicly advertising for bids and award a contract, without public advertisement, to St. John & McColl, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$1,081, less an allowance of \$178 on Model No. 90 machine, making a net total of \$903.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, February 14, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 15, 1950, your Honor approved a letter to award a contract to Chard Motors, Inc., for furnishing one new 1951 Model C. J.-3A four-wheel drive jeep to the Public Works Department. No contract was executed and therefore no delivery was made before December 31, 1950.

Inasmuch as Chard Motors, Inc., has this vehicle available for immediate delivery, it is requested that authority be granted me to dispense with publicly advertising for bids at this time and award a contract, without public advertisement, to Chard Motors, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$1,799.97, less taxes of \$49.44, less trade-in allowance on a vehicle TS 17, as is, of \$800, making a net total of \$950.53.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, February 14, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Park Department has submitted a requisition to this office for the purchase of two Walter Model FZM combination snowplow, trucks and sander equipments, including specifications as stated.

Permission is requested to dispense with publicly advertising for bids on this equipment and award a contract, without public advertisement, to Charles

N. Wood Company, the sole distributor in this area for Walter snow fighters. This request is based on the recommendation of the Park Commissioner who states that his department has practically standardized on Walter snow fighters because it is the best heavy-duty equipment for the work to be performed by the Park Department.

Total amount of contract will be \$33,992, less trade-in allowance of \$5,162, making a net total of \$28,830.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, February 15, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under the provisions of the permission granted by your Honor on December 27, 1950, it is further requested at this time to award contracts, without public advertisement, to the following companies for furnishing perishable foods and other edible commodities, as requested, to the various city departments until June 30, 1951, inclusive:

American Sugar Refining Company, 10 Broad street, Boston.

Bartlett Varney & Co., 21 North Market street, Boston.

Berman & Co., Inc., 4 Blackstone street, Boston.

Bolton Smart Company, Inc., 19 South Market street, Boston.

Doe Sullivan & Co., Inc., 61 Faneuil Hall Market, Boston.

Seagate Fisheries, Inc., 272 Northern avenue, Boston.

Suffolk Grocery Company, Inc., 207 Commercial street, Boston.

Wilson & Co., 44 Commerce street, Boston.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, February 15, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under the provisions of the permission granted by your Honor on January 10, 1951, to purchase clothing for the various city departments, without publicly advertising for prices, authority is requested at this time to award contracts, without public advertisement, to the following companies for clothing to be purchased during the current year until December 31, 1951, inclusive:

Atlantic Clothing Company, 328 Atlantic avenue, Boston.

Gay Fellow Togs, 15 West Eighteenth street, New York, New York.

Frederick Sprague Company, Inc., Fitchburg, Mass.

The Gloucester Stores, 384 Atlantic avenue, Boston.

Yankee Surplus Merchandise Company, 350 Atlantic avenue, Boston.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, February 16, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Fire Department has submitted a requisition to this office for the purchase of two (2) steam chest bodies, serial numbers 10165 and 10166.

Inasmuch as the Westinghouse Electric Corporation manufactures this equipment, permission is requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to this company. It is my opinion that in this way the best interests of the city will be served.

Total amount of contract will be \$1,200, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 12, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., Coun. WENZLER, senior member, in the chair. Absent, Councilors Hurley, Sullivan, and P. A. Tracy.

The Reverend Father Conrad J. Quirbach, pastor of St. Francis de Sales Catholic Church, Charlestown, was escorted to the rostrum.

INVOCATION BY REV. FATHER CONRAD J. QUIRBACH.

In the Name of the Father and of the Son and of the Holy Ghost. O Lord God Almighty, Who hast safely brought us to the light of another day, defend us this day by Thy power so that we may not only turn our way from all evil but also that our every thought, work, and deed may proceed from and be directed according to Thy will. O God, we thank Thee for all Thy infinite goodness and for all Thy gifts and graces. May Thy heavenly wisdom reign in our hearts. Thy understanding enlighten our darkness. Thy counsel guide us. Thy fortitude strengthen us. Thy knowledge instruct us. Thy divine fear keep us from all evil. Give us grace to be as faithful soldiers so that by fighting the good fight we may be brought to the crown of eternal life. In the Name of the Father and of the Son and of the Holy Ghost. Amen.

The salute to the Flag was given by the members.

Referred to the Committee on Confirmations.

ACCEPTANCE OF ADAMS STREET, HYDE PARK.

The following was received:

City of Boston,
Office of the Mayor, February 12, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Street Laying-Out Department relative to your order of February 5, 1951, requesting that this department accept and lay out Adams street, from River street to Business street, in the Hyde Park district.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
February 9, 1951.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:
Reference is made to Council order of February 5, 1951, requesting that this department accept and lay out Adams street, from River street to Business street, in the Hyde Park district.

This street will be included in our current program for acceptance and laying out.

Very truly yours,
L. W. COSTELLO, Secretary.

REMOVAL OF SIREN, UPHAMS CORNER.

The following was received:

City of Boston,
Office of the Mayor, February 12, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Fire Commissioner relative to your order of January 29, 1951, requesting the removal of the siren-producing facility located in Uphams Corner, Dorchester, which blares forth when the fire engines are coming up Columbia road.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Fire Department, February 6, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Your Honor:

With reference to the City Council order of January 29, 1951, requesting the removal of the siren-producing facility located in Uphams Corner, Dorchester, we submit herewith a report from District Chief Richard J. Lane, who is familiar with this section of the city and who is concerned with the movement of apparatus at the point mentioned.

"In accordance with your request for a report on the feasibility of the Boston City Council order

for the removal of the siren located at Uphams Corner, Dorchester, I submit the following:

"In my opinion this siren should not be removed, as it greatly expedites the movement of fire apparatus through this heavily congested area by notifying the police officers doing traffic duty, by warning operators of motor vehicles and also pedestrians, thereby reducing to a minimum the possibility of accidents. Traffic lights are in the process of installation in this section, which will add to congestion and confusion if no warning is given that fire apparatus is approaching.

"The siren mentioned is operated from the patrol desk in the quarters of Engine 21, and it is possible, but not probable, for an unauthorized person to sound it during the absence of the company. This objection could be overcome by installing a switch known only to the members of the company. The primary purpose of this signal was to give the fire apparatus a clear way through this area to prevent delay in reaching alarm of fire and at the same time avoid accidents. This siren has been in service many years and exact date of installation would have to be obtained from the Fire Alarm Office.

"Uphams Corner is one of the busiest intersections in Dorchester, and I have been given to understand that there have been accidents in this section prior to the installation of siren, which, no doubt, was the reason this signal was installed.

"In conclusion, I suggest that, in lieu of removing siren, audibility be reduced so that it can be heard only in the immediate area and sounded only between the hours of 7 A.M. and 8 P.M."

I will accept the recommendations of District Chief Lane and order that this siren be sounded in the immediate area and only between the hours of 7 A.M. and 8 P.M.

Respectfully yours,
MICHAEL T. KELLEHER,
Fire Commissioner.

REPAIR OF WADING POOL, ORCHARD PARK.

The following was received:

City of Boston,
Office of the Mayor, February 12, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Park Commissioner relative to your order of January 29, 1951, requesting the repairing and complete modernizing of the wading pool in Orchard park, Ward 8.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, February 5, 1951.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

We are in receipt of memos from the office of the Mayor covering construction of a children's play area in Orchard park, and the modernization of the wading pool at the same location. Under date of January 29, Councilor Hurley introduced two individual orders covering this work.

I have referred the matter to the Chief Engineer for consideration when we definitely know what we can expend from our budget appropriation.

Very truly yours,
FRANK R. KELLEY, Chairman.

LOAN FOR CIVIL DEFENSE ACTIVITIES.

The following was received:

City of Boston,
Office of the Mayor, February 12, 1951.
To the City Council.
Gentlemen:

I submit herewith, for approval by your Honorable Body, a loan order to the amount of \$500,000 for civil defense plans.

The Civil Defense Department, under the direction of Mr. Joseph L. Malone, is making all possible preparations for the protection of our city and its people in the event of enemy attack. The ordinary expenses of the Civil Defense Department are provided for in the budget as submitted to your Body. In order, however, to prepare for emergencies, it is essential that this department be provided with sufficient moneys to purchase such equipment as air raid sirens and equipment for control centers. It is also necessary that funds be available to match contributions of the state or federal government.

It is obvious that we cannot wait until danger strikes before we make the preparations which are necessary for protection of lives and property, and it is also obvious that adequate preparations involve the expenditure of considerable money; Up to this point, the expenses of the Civil Defense Department have been very moderate, and the availability of the amount herein requested will not mean that this department will expend this money immediately. It will, however, provide the necessary authorization to permit the city to

contract for suitable equipment which must be on hand if we are to be prepared for any exigencies. I therefore most respectfully request that your Honorable Body give this loan appropriation your prompt consideration.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That under the provisions of section 15A of chapter 639 of the Acts of 1950, the sum of five hundred thousand dollars (\$500,000) be, and the same hereby is, appropriated, to be expended under the direction of the Director of Civil Defense, to meet the expenses necessary for civil defense activities, and that the City Treasurer be, and hereby is, authorized to issue from time to time, upon request of the Mayor, bonds, notes, or certificates of indebtedness of the City of Boston to said amount.

Referred to the Executive Committee.

Coun. RAMSEY, for the Executive Committee, submitted the following:

1. Report on petition of Holyhood Cemetery Association (referred August 21, 1950) for permit to use for burial purposes land neighboring Saint Joseph's Cemetery in West Roxbury—recommending passage of following order:

Ordered, That permission be hereby granted to the Holyhood Cemetery Association to use for burial purposes a parcel of land neighboring St. Joseph's Cemetery in West Roxbury containing approximately 66 acres, as shown on a plan by James M. Driscoll, C. E., dated July 31, 1950, and filed herewith, and bounded and described as follows:

Beginning at a point on the westerly side of Veterans of Foreign Wars Parkway at the intersection of the northerly bound of land now or formerly of Boston Edison Company; thence westerly by said land of Boston Edison Company, eight hundred and ten (810) feet, more or less, to the channel of the Old Brook; thence southwesterly by the channel of the Old Brook, one hundred and seventy (170) feet, more or less, to land now or formerly of the New York, New Haven & Hartford Railroad; thence westerly by said land of the New York, New Haven & Hartford Railroad by a broken line with a triangular indentation, seven hundred seventeen and 3/100 (717.03) feet to Gardner street; thence northwesterly by Gardner street, two hundred three and 54/100 (203.54) feet, to the southerly side of High street; thence northeasterly by High street, one hundred thirty (130) feet; thence northwesterly by High street and by land now or formerly of Ava M. Noone, two hundred and fifteen (215) feet, more or less; thence northeasterly by said land now or formerly of Ava M. Noone, by a broken line, seven hundred five and 73/100 (705.73) feet; thence northwesterly by other land of the petitioner to the easterly extremity of land now or formerly of Ava M. Noone; thence northwesterly by land now or formerly of said Noone, eight hundred eighteen (818) feet, more or less, to Saw Mill Brook; thence northeasterly by the channel of said Saw Mill Brook, four hundred twenty-five (425) feet, more or less, to a ditch; thence southeasterly through the center of said ditch, two hundred twenty-five (225) feet, more or less; thence northeasterly by the estate now or formerly known as Brook Farm, being land formerly of James Freeman Clark, seventeen hundred (1,700) feet, more or less, to Baker street; thence southeasterly by Baker street, one hundred (100) feet, more or less; thence southerly by Veterans of Foreign Wars Parkway by a curved line with triangular indentations, as shown on plan by Aspinwall and Lincoln dated February 16, 1932, and recorded in Suffolk Registry of Deeds, sixteen hundred thirty (1,630) feet, more or less; thence southwesterly by land formerly of James Smith, three hundred sixteen and 34/100 (316.34) feet, more or less; thence southeasterly by seven lines, measuring, respectively, eighty-six and 10/100 (86.10) feet, forty and 46/100 (40.46) feet, forty-four and 96/100 (44.96) feet, forty-three and 50/100 (43.50) feet, forty-four and 68/100 (44.68) feet, three hundred twenty-five and 46/100 (325.46) feet, and two hundred fifty-five and 56/100 (255.56) feet, a total of eight hundred forty and 72/100 (840.72) feet to said Veterans of Foreign Wars Parkway; thence southerly on said Veterans of Foreign Wars Parkway by two curved lines measuring, respectively, five hundred nineteen and 23/100 (519.23) feet, more or less, and sixty-six and 39/100 (66.39) feet, a total of five hundred eighty-five and 62/100 (585.62) feet to the point of beginning.

Permission to use the aforesaid land for burial purposes is hereby granted on the following conditions:

(a) No interments shall be made in any portion of the tract of land in question, where the ground-water high level is less than six feet below the existing or proposed surface of the ground.

(b) No interments shall be made in any portion of the tract of land in question unless the ground refill shall be six feet or more above the ground water high level for a distance not less than twenty-five (25) feet from the place of interment.

(c) No interments shall be made in any land which shall have been filled less than one year prior to interment.

(d) No interment shall be made in any portion of the land in question less than fifty (50) feet from the Veterans of Foreign Wars Parkway, nor within fifty (50) feet of any land, or lands, not owned by your petitioner, where such land, or lands, on the Veterans of Foreign Wars Parkway, abuts the land of the proposed cemetery, and is residential land.

(e) Provisions will be made for the free flow of all vehicles which may be used in the usual funeral corteges as to entrances and exits to the cemetery, as shown on a plan filed herewith, marked "Plan Accompanying Amended Petition of Holyhood Cemetery Association."

(f) No funeral entrances or exits to or from the cemetery shall be closer than one hundred (100) yards from land or dwellings not the property of the Holyhood Cemetery Association, except that this provision shall not apply where an accepted street or a public highway intervenes. The proposed entrances and exits are shown on the plan referred to in clause (e) of this paragraph.

(g) Entrances and exits for funerals shall not be established within one hundred (100) yards of the junction of Veterans of Foreign Wars Parkway and Baker street. The proposed entrances and exits are shown on the plan referred to in clause (e) of this paragraph.

(h) It will observe and comply with all of the provisions of the laws of the Commonwealth of Massachusetts, with chapter 40, section 15, of the Revised Ordinances of 1947 of the City of Boston, and all other city ordinances and all lawful rules and regulations applicable to cemeteries.

The report was accepted, and the order was passed.

2. Report on petition of Anna M. Nolan (referred January 8) for payment of annuity on account of death of her husband, William J. Nolan, member of the Fire Department who died on account of injuries received in the performance of his duty—recommending passage of the accompanying order:

Ordered, That under the provisions of section 89A of chapter 32 of the General Laws, an annuity of \$1,500 dollars be allowed and paid to Anna M. Nolan, widow of William J. Nolan, a member of the Fire Department who died on December 22, 1950, on account of injuries received in the performance of his duty, said annuity to continue so long as she remains unmarried; the annuity to become effective upon the date of the approval of this order by the Mayor, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

3. Report on petition of Christine Mehegan (referred August 21, 1950) for payment of annuity on account of death of her husband, John J. Mehegan, member of the Police Department who died on account of injuries received in the performance of his duty—recommending passage of the following order:

Ordered, That under the provisions of section 89A of chapter 32 of the General Laws, an annuity of two thousand four hundred thirty-six dollars (\$2,436) be allowed and paid to Christine Mehegan, widow of John J. Mehegan, a member of the Police Department who died on January 11, 1950, on account of injuries received in the performance of his duty; said annuity being made up of allowances as follows:

For the widow, Christine Mehegan, so long as she remains unmarried, \$1,500 per annum.

For each of the following-named children during such time as he or she is under the age of eighteen or over said age and physically or mentally incapacitated from earning, \$312.00 per annum: Joan Mehegan, born March 27, 1938; John Mehegan, born November 20, 1939; Richard Mehegan, born June 20, 1943; provided, however, that if the widow remarries the annuity for said children shall be \$520 during the remainder of the time aforesaid; the annuity to become effective upon the date of the approval of this order by the Mayor, and to be charged to the appropriation for Police Department, Pensions and Annuities.

The reports were accepted, and the orders were severally passed.

4. Report on petition of Thomas F. Teehan, chief probation officer of the Municipal Court, Roxbury District (referred January 29), for retirement as veteran—recommending passage of the following order:

Whereas, Thomas F. Teehan, employed in the service of the County of Suffolk as chief probation officer in the Probation Division of the Roxbury Court, has made application to be retired under the provisions of section 58 of chapter 32 of the General Laws, as amended; and

Whereas, The said Thomas F. Teehan has submitted to the City Council satisfactory evidence that he is a veteran as defined in section 56 of chapter 32 of the General Laws; and that he has

been in the service of the county for a total period of 30 years in the aggregate;

Ordered, That under the provisions of section 58 of chapter 32 of the General Laws, as amended, Thomas F. Teehan, employed in the County of Suffolk as chief probation officer in the Probation Division of the Roxbury Court, be, and hereby is, retired by the Mayor and City Council, acting as county commissioners, at an annual pension of \$4,095, being 65 per cent of his highest regular rate of compensation.

The report was accepted, and the order was passed.

REPORT OF COMMITTEE ON CONFIRMATIONS.

Coun. ANSEL, for the Committee on Confirmations, submitted the following:

Report on appointment by the Mayor (referred February 5) of Edmund G. Dalton, Jr., and Stanley Bezubka as Weighers of Goods — recommending that appointments be confirmed.

Report on appointment by the Mayor (referred February 5) of William B. Harlow as Weigher of Coal and Weigher of Goods — recommending that appointment be confirmed.

The reports were accepted, and the question came on confirmation. Committee, Councilors Yerxa and Shanley, whole number of ballots, 14, yeas 14, and the appointments were confirmed.

HEARINGS ON ANNUAL BUDGET.

Coun. SHANLEY, Chairman of the Committee on Appropriations, announced that hearings on the budget for 1951, as submitted by the Mayor, would start Tuesday, February 13, at 11 A.M., and would continue on every Tuesday, Wednesday, and Thursday until completion, and all members of the Council were invited to attend the hearings.

PARKING METERS ON OFF-STREET PARKING LAND.

Coun. COFFEY offered the following:

Ordered, That his Honor the Mayor be requested to order the Board of Real Estate Commissioners not to lease any more city-owned land for off-street parking purposes, in view of the fact that the automobile owners are now being seriously overtaxed by gasoline taxes; and be it further

Ordered, That the Board of Street Commissioners be instructed to install parking meters on all off-street parking areas owned by the city, on a basis which will permit motorists to park for the price of five cents per hour; and be it further

Ordered, That if legislation is necessary to establish and regulate this policy, his Honor the Mayor immediately instruct the Corporation Counsel to prepare and present proper legislation. Passed under suspension of the rules.

REPLACING OF GAS LAMPS ON CARLISLE STREET.

Coun. COOK offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to replace the gas lamps with electric lights on Carlisle street in Ward 12.

Passed under suspension of the rules.

NIGHT TAGGING OF AUTOMOBILES.

Coun. RAMSEY offered the following:

Ordered, That the Traffic Commissioner and Police Commissioner be requested, through his Honor the Mayor, to let up on night tagging of cars, in so far as there is no place for cars to go or no garage space for them, and look into the feasibility of making three-lane streets with parking on one side, either the north or south side, which I believe will not interfere with the flow of traffic or fire apparatus, because this is a further burden on motor vehicle owners who are now taxed for practically everything possible.

Passed under suspension of the rules.

OLD AGE ASSISTANCE MEDICAL CHECKS.

Coun. RAMSEY offered the following:

Ordered, That the Welfare Department and Old Age Assistance Department be requested, through his Honor the Mayor, to do something to alleviate the congestion of nonpayment of Old Age Assistance medical checks, where some people have not received a check for medicine and medical care for as far back as six months; and where this integration was supposed to alleviate this condition, it is now a very serious situation.

Passed under suspension of the rules.

Adjourned at 5 P.M., on motion of Councilor Chase, to meet on Monday, February 19, 1951, at 2 P.M.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works, to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings, or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury, and are bounded as follows:

A parcel of land, owners unknown, being the private way known as Appleton court, bounded:

Northeasterly by Willow street, twenty-five and 1-100 feet; northwesterly by the northwesterly line of said court, one hundred ninety-three and 14-100 feet; southwesterly by land now or formerly of Arthur Wood, twenty-five feet; and southeasterly by the southeasterly line of said court, one hundred ninety-two and 23-100 feet; containing four thousand eight hundred and seventeen square feet, more or less.

The sewerage works to be constructed are as follows: 195 feet of 10-inch pipe sanitary sewer and 200 feet of 10-inch pipe surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting parcels of land on all sides of said Appleton court will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

Parcel.	Amount.
1. Arthur Wood.....	\$154 50
2. Arthur Wood.....	154 50
3. Arthur Wood.....	154 50
4. Elizabeth T. O'Brien, Mary A. O'Brien	309 00
Total	\$772 50

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes and the construction of sewerage works in Appleton court,

West Roxbury district, under the order of the Board of February 15, 1951, and awards no damages therefor.

Owners unknown (Appleton court), 4,817 square feet, nothing.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the following order of the Board of Street Commissioners:

October 26, 1950.

Ordered, That due notice be given, that this Board is of the opinion that public necessity requires the taking of land in the West Roxbury district, for Public Works Department purposes, as follows:

A parcel of land bounded and described as follows: Southerly by High street; westerly by land of Crabbe, Bruen, and the Town of Brookline; northerly by land of the Association of Evangelical Lutheran Church for Works of Mercy; and easterly by land of Noone; substantially as shown on a plan on file in the office of this Board; that it intends to pass an order to make said taking, and that it appoints 10.30 o'clock A.M. of November 8, 1950, and the office of this Board, 401 City Hall Annex, as the time and place of a public hearing in the matter.

GERALD F. SCALLY, *Chairman,*

A. JOSEPH FRENO,

VICTOR C. BYNOE,

Street Commissioners.

A true copy of an order passed by said Board on said day.

Attest:

LAWRENCE W. COSTELLO,
Secretary.

In Board of Street Commissioners of the City of Boston,

January 26, 1951.

Whereas, The Board of Street Commissioners has passed the aforesaid order of notice and has caused a copy of said order to be published October 28, 1950, and November 4, 1950, in the *City Record*, and October 27, 28, 30, and 31, 1950, in the *Boston Globe* and the *Boston Post*, and has given the public hearing, notice of which was given in said order, and

Whereas, The Public Works Commissioner of the City of Boston, with the approval of the Mayor, has requested the Board of Street Commissioners of said city to take for said city, for Public Works Department purposes, the land hereinafter described, in that part of Boston formerly West Roxbury, it is

Voted, That the Board of Street Commissioners of said City of Boston, acting under the provisions of chapter 486 of the Acts of the Legislature of 1909 and chapter 79 of the General Laws and all other authority thereto enabling, hereby takes in fee for said city, for Public Works Department purposes, the following described parcels of land, including the trees, buildings, and other structures standing upon or affixed thereto:

LIBRARY DEPARTMENT.

INVITATION FOR PROPOSALS FOR A NEW BOOK PURCHASING DEPARTMENT.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for a New Book Purchasing Department in the Annex of the Central Library Building.

Proposals will be received until 12 o'clock noon, Tuesday, March 13, 1951, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$450, shall be submitted with a copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of the wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained on and after 12 o'clock noon, Monday, February 26, 1951, at the Business Office of the Boston Public Library. All plans and specifications must be returned in good condition to said office at the time of filing bids. A deposit of twenty-five dollars (\$25) in cash will be required for each set of plans and specifications taken out for estimating, said deposit to be refunded on the return of the plans and specifications in good condition.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Thursday, March 8, 1951.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the total amount of his bid, shall be submitted by each subbidder with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

MAYOR HYNES REJOICES OVER FACT BOSTON WILL GET BENEFITS OF NATURAL GAS PIPE LINE—FEDERAL POWER COMMISSION GIVES AUTHORIZATION FOR ALGONQUIN GAS TRANSMISSION COMPANY TO BUILD LINE TO SUPPLY FUEL—CONSTRUCTION TO START IN SPRING AS SOON AS WEATHER BREAKS.

On learning that permission had been given for the building of a natural gas pipe line to Boston and vicinity, Mayor Hynes issued the following statement:

I am pleased to learn that the Federal Power Commission has authorized Algonquin Gas Transmission Company to build its natural gas pipe line which will supply natural gas to our local gas utilities. This is the definite assurance of natural gas that Boston has been waiting for and it comes in time to give us promise of receiving the benefits of this economical fuel here just as soon as neighboring cities and towns.

YOUNG WOMEN OF CITY HALL JOIN IN CAMPAIGN TO AID MAYOR HYNES SECURE EASTER CANDY FOR LOCAL BOYS FIGHTING IN KOREAN AREA—RESPONSE IS ENTHUSIASTIC.

Mayor John B. Hynes and Chairman Harry J. Blake of the Christmas Festival Committee have issued a joint appeal to all the business houses of Boston as well as to the general public to make contributions to the Easter Candy Fund being raised to provide all Boston men and women on duty in Korea with two-pound boxes of Easter candy. All contributions should be sent to Treasurer Robert Cutler, 1 Federal street, Boston.

Meanwhile, a group of girl employees at City Hall responding to the appeal for funds formed a committee headed by Miss Mary Boyle, assistant city clerk, to solicit contributions from the city employees. Their first effort was the establishment of a post in City Hall lobby where they will collect funds daily at noon for the remainder of the week. Among those who served at the post yesterday were Peggy Leahy, Roxbury; Alice Popko, Back Bay, and Marie Shea, Brighton.

MAYOR JOHN B. HYNES MAKES URGENT PLEA TO CITIZENS OF BOSTON TO AID RED CROSS IN CAMPAIGN—GIVES HIGHEST PRAISE TO ORGANIZATION FOR ITS AID TO HUMANITY IN TIMES OF STRESS AND CRISIS—JOINS WITH HOST OF CITIZENS IN LAUNCHING CAMPAIGN FOR FUNDS IN MONSTER SYMPHONY HALL MEETING—REMINDS THAT ANY GIFT TO ORGANIZATION MIGHT BE MEANS OF SAVING AN HEROIC YOUNG CITIZEN'S LIFE.

At the opening of the Red Cross campaign for funds in Symphony Hall on Wednesday evening, Mayor John B. Hynes spoke as follows:

Tonight, as we survey the American scene, as we take stock of our assets and our liabilities, as we give thought to the presence in this world of a ravenous, devouring thing called communism, and as we face the awful possibility of defending ourselves, yes, and the world itself, from the monstrous force that communism has shaped into a world power, it is well for us to weigh and assess our strengths and our weaknesses, so that we may know the course which circumstances dictate we must follow.

Of our strengths we have many. Indeed they are too numerous to mention at this time, except to state that our chief strength is the spirit and conviction of the American people that freedom and liberty are the God-given rights of mankind, and that no power under the heavens can presume to take away those rights.

But, what of our weaknesses? First and foremost, we are a democracy, we are slow to anger, slow to take up arms, slow to participate in any struggle where sacrifice, and suffering, and death are visited upon millions of innocent people.

Peace-Loving Nation.

In short, we are not a military-minded nation. We love peace, we strive for peace, even to the point of appeasement, we are never prepared for war.

And yet, today, no one can safely predict how long we can avert a struggle which might well shake the foundations of the world. We do, and we must, for self-defense alone, make preparations for what we all hope and pray will never come.

One organization in our country, however, is always prepared for whatever eventuality might occur. In times of peace, the American Red Cross is harnessed to bring relief to the victims of fire, flood, catastrophe of any sort.

It is always ready, the American Red Cross. It is ready now, with our continued help, to be the right bower of our nation if world crisis comes. It needs our sympathy, our understanding, our blood, our money.

The Red Cross is the American people in miniature. It is you and I helping each other. It is, in essence, America itself.

I appeal to all Bostonians, to all who hear me, do not fail the Red Cross. Many cannot give blood, but those who can should do so. It might save the life of a gallant American boy.

There are few of us, however, who cannot give some little part of our income to the Red Cross. Its requirements are not exorbitant. What you give, what I give, will be carefully and wisely spent.

The Red Cross is your friend, and mine, in times of great trial and need. Let us be the friend of the Red Cross in its time of need.

Your contribution to the Red Cross will be written in letters of gold in the great, white Book of Life.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-
teeming plain of the ocean,
May thy future be bright, thy skies beam
with light all serene,
Ensured by thy sons' and thy daughters'
unselfish devotion!"

YOUNG WOMEN OF CITY HALL AID IN CAMPAIGN FOR EASTER CANDY FOR THE ARMED FORCES IN KOREA.

(Continued from page 189.)

In his appeal, Mayor Hynes said: "Every Boston man and woman on duty in Korea whether they are in the Army, Navy, Marines or Air Corps whose names and addresses can be obtained before the 5th of the month will be sent candy in time for Easter. Through this act every one of them will be reminded that his or her sacrifices and heroic patriotic efforts have not gone unnoticed by the people of their home city. With every box will be sent an attractive Easter card stating that the gifts are from 'the very grateful people of Boston.'"

"Arrangements have been made by the Christmas Festival Committee which has assumed the responsibility of raising the funds to buy and ship the candy to send the gifts on or before March 10. The candy will be sent by plane to San Francisco where it will be transferred to Army ships that will arrive at Korea before Easter.

"All business houses of Boston as well as the general public are requested to make contributions to help pay for the gifts. Each box will cost \$1.50, including postage. As it is estimated that there are approximately 1,000 Boston men and women now in the Korean battle zone, obviously the sum of \$1,500 is needed to defray the expense. If all Boston business houses and the general public will each contribute a mite, little difficulty will be encountered in raising the necessary funds. If sufficient money is contributed, similar boxes of candy will be sent to the Boston men and women on duty with the armed forces in Japan and Europe."

Immediately upon receipt of the committee's acceptance, Mayor Hynes issued an appeal to the next of kin of all Boston servicemen and women in Korea to send their names, military addresses, and serial numbers to Room 37, City Hall, which office he has designated as the headquarters of the Easter candy activity. The Boston home address of the serviceman or woman should also be sent.

It is estimated that there are now well in excess of 1,000 Boston men and women in Korea in either the Army, Navy, Marines or Air Corps. The plan of the Mayor and the Christmas Festival Committee is to send every one of them a two-pound box of candy in time for Easter. Owing to the various climates through which shipments must go to reach Korea, the committee will be restricted to sending hard candy packed in tin boxes. Each box, including packing and postage charges, will cost \$1.50.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of gas main construction, by the Boston Consolidated Gas Company, estimated to be fifteen (15) days, the following street is one way in the direction indicated, effective February 27, 1951:

Dorrance Street, Charlestown.

From Arlington avenue to Main street.

MAYOR HYNES PLEASED THAT BOSTON WILL GET NATURAL GAS.

(Continued from page 189.)

The preliminary fact finding and authorization phase of getting natural gas here is now finished and the firm that proposed to serve us can get to work on the pipe-laying job. Algonquin officials have advised me that the authorization now will enable them to start actual construction as soon as the weather breaks in the Spring.

The Federal Power Commission is to be commended on the careful study it has given to the various plans for bringing natural gas here and for carrying through to completion its program of dividing the New England market fairly between two gas transmission companies. As matters stood this seemed to be the only way for getting natural gas to Boston this year and gives New England the advantage of two major sources of supply. I feel sure that the time spent by the Commission in examining the proposals will result in benefits to our city.

CONTRACTS AWARDED.

Permission to award the contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon February 14 the Mayor approved a contract with Perrin Seamans & Co., Inc., for furnishing and delivering ash hoists for various schools to 26 Norman street, Boston. There was but one bid opened February 13, as follows: Perrin Seamans & Co., Inc., \$5,137.22.

LIBRARY DEPARTMENT.

Upon February 26 the Mayor approved a contract with the Macey-Morris Company for supplying certain furniture and pertinent equipment for the basement area of the new Open Shelf Department.

Bids, opened Thursday, February 1, were as follows:

Macey-Morris Company, Unit I, \$585; Units II-VIII, \$2,981.61; total, \$3,566.61. Irving & Casson-A. H. Davenport Company, Unit I, no bid; Units II-VIII, \$3,209.64.

L. J. Peabody Office Furniture Company, Unit I, no bid; Units II-VIII, \$3,310.23.

SUPPLY DEPARTMENT.

Upon February 14 the Mayor approved a contract as indicated in the following letter.

BOSTON, February 13, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On January 23, 1951, bids on proposals for furnishing and delivering refills (bottles and cylinders) to the Fire Department from April 1, 1951, to December 31, 1951, with the privilege of extending the period of time until March 31, 1952, were publicly opened and read in this office. Tabulation of prices received is attached.

Permission is requested to award a contract to Ellis Fire Appliance Company at the prices checked on the accompanying tabulation. This company submitted firm prices and agrees to make deliveries at any time during the twenty-four hours of any day without extra charges. The only other bidder, whose prices would appear to be lower, quotes an extra charge of \$5 per trip for any deliveries made on Saturdays and Sundays and for any deliveries made before 8.30 A.M. or after 5 P.M. from Monday through Friday. Inasmuch as the need for deliveries arises when there are fires, a great part of the total deliveries is made at times when this bidder would charge an extra \$5 for service.

This, in effect, puts the Ellis Fire Appliance Company in the position of having offered a firm price and the other bidder in a position of having offered an indeterminable price. It is my opinion therefore that by awarding the contract to Ellis Fire Appliance Company the best interests of the city will be served. Approximate total amount of contract will be \$3,318.75, less cash discount of 1 per cent for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Bids were as follows:

Item 1. 75 Refills for Scott Air Paks, Each.—Ellis Fire Appliance Company, \$4.50*; Gorham Fire Equipment Company, \$1.95.

Item 2. 180 E. & J. Refills, Each.—Ellis Fire Appliance Company, \$3.75*; Gorham Fire Equipment Company, \$2.90.

Item 3. 60 Atmos Bottle Refills, Each.—Ellis Fire Appliance Company, \$3.75*; Gorham Fire Equipment Company, \$2.90.

Item 4. 60 Keratest Bottle Refills, Each.—Ellis Fire Appliance Company, \$3.75*; Gorham Fire Equipment Company, \$2.90.

Item 5. 225 D Bottle Refills, Each.—Ellis Fire Appliance Company, \$3.75*; Gorham Fire Equipment Company, \$2.90.

Item 6. 270 H. & H. Bottle Refills, Each.—Ellis Fire Appliance Company, \$3.75*; Gorham Fire Equipment Company, \$2.90.

Cash Discount.—Ellis Fire Appliance Company, 1 per cent, 10 days; Gorham Fire Equipment Company, 2 per cent, 10 days.

Remarks.

Gorham Fire Equipment Company.—Pickup and delivery within regular business hours: 8.30 A.M. to 5 P.M., Mondays through Fridays. For Saturdays, Sundays, holidays, and extra regular business hours, we quote extra price of \$5 per trip for such emergency calls. We suggest having extra cylinders in each district, and in rescue companies, also motor squads, of four cylinders of each type, which we will loan for emer-

gency purposes without extra charge, to eliminate extra cost of emergency calls on our part.

*Contract awarded.

Upon February 16 the Mayor approved a contract with the Haymarket Hardware Company for furnishing cement-coated spikes to the Bridge Service of the Public Works Department. Approximate total amount of contract was \$2,372, less 2 per cent cash discount for payment within 10 days.

Bids, opened February 13, were as follows:

Cement-Coated Spikes.

Item 1. 100 Kegs, 8-inch, Per 100-Pound Keg.—Haymarket Hardware Company, \$8.09*; P. J. O'Donnell Company, \$8.05.

Item 2. 50 Kegs, 7-inch, Per 100-Pound Keg.—Haymarket Hardware Company, \$8.19*; P. J. O'Donnell Company, \$8.10.

Item 3. 50 Kegs, 6-inch, Per 100-Pound Keg.—Haymarket Hardware Company, \$7.79*; P. J. O'Donnell Company, \$7.74.

Item 4. 50 Kegs, 40d, Per 100-Pound Keg.—Haymarket Hardware Company, \$7.64*; P. J. O'Donnell Company, \$7.79.

Item 5. 50 Kegs, 30d, Per 100-Pound Keg.—Haymarket Hardware Company, \$7.64*; P. J. O'Donnell Company, \$7.79.

Cash Discount.—Haymarket Hardware Company, 2 per cent, part in stock; P. J. O'Donnell Company, 2 per cent, immediate delivery.

*Contract awarded.

Upon February 16 the Mayor approved a contract with Andrews Paper Company for furnishing paper products to the various city departments, immediately upon request.

*Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, commercial houses, etc., for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

Boston, February 14, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On various dates between June 8, 1950, and July 25, 1950, your Honor approved various contracts entered into between this city, acting by its Superintendent of Construction, Department of School Buildings, and the following listed persons and firms, providing for the furnishing of architectural services in connection with proposed alterations to be effected upon various groups of school buildings as designated in the aforesaid contracts:

John A. McPherson, 250 Huntington avenue, subgroups A 1-2-3-4-5.

John M. Gray, doing business as John M. Gray Company, 175 High street, subgroups B 1-2-3.

Isidor Richmond & Carney Goldberg, 16 Arlington street, subgroups C 1-2-3.

Desmond & Lord, 6 Beacon street, subgroups D 1-2-3.

Holmes & Edwards, Inc., 126 State street, subgroups E 1-2-3.

Perry Engineering Corporation, 18 Oliver street, subgroups F 1-2-3.

Coletti Brothers, 687 Boylston street, subgroups G 1-2-3-4.

In accordance with the stipulated terms of the said contracts, including approval by the Superintendent of Construction, the architect is required to employ an engineer-inspector who in practice is paid at the rate of \$75 per week, to cooperate with the architect in the necessary supervision, inspection, etc., as provided in the said contracts, of the actual construction of the alterations.

It has now become apparent that in view of the number of school buildings covered by each architect's agreement, the amount of work involved in each building and the several locations thereof, it will in all probability be necessary to permit these architects to engage the services of an additional engineer-inspector to carry out the work satisfactorily.

Therefore, your permission is respectfully requested to amend, without advertising, each of the aforementioned contracts to permit the architect to engage an additional engineer-inspector under the terms and conditions of the contract, consistent herewith, when and if directed to do so, and for such period or periods as may be specified by the Superintendent of Construction.

Respectfully yours,

JAMES M. MOONEY,
Superintendent of Construction.

HOSPITAL DEPARTMENT.

Boston, February 16, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

We respectfully request your permission to dispense with public advertising, and to award a contract to Conrad Electrical Company, 31 Milk street, Boston, Mass., for electrical work to be done on the Vose House feeder, Boston City Hospital, at an approximate cost of \$1,100.

Because of the emergency nature of the work, and because of the fact that the above named company has the necessary personnel and materials available to perform the work in the shortest possible time, the trustees are of the opinion that no advantage would be gained by publicly advertising for bids.

Respectfully yours,

BOARD OF TRUSTEES,
by THOMAS J. GIBLIN,
Acting President.

LIBRARY DEPARTMENT.

Boston, February 13, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested for entering into a contract with Ames, Child & Graves, 50 Beacon street, Boston, for architectural services in the year 1951. The cost for such services during 1951 will be in excess of \$1,000 because of an extensive amount of work which will be required of the architects in connection with certain reallocations of departmental space which are under way in the Central Library Building for the purpose of improving library service to the public. The architects' pro-

fessional services consist of necessary conferences; preparation of preliminary studies; working drawings, specifications, large scale and full size detail drawings; drafting of forms of proposals and contracts; and the general administration of the business and supervision of the work required by the trustees.

In view of the fact that Ames, Child & Graves have been the consulting architects for the Library for over nine years and that their work has been satisfactory to the trustees in every respect, the trustees of the Public Library have voted:

"That there be entered into a contract with Messrs. Ames, Child & Graves, 50 Beacon street, Boston, for architectural services in the year 1951, in accordance with the standard provisions of the American Institute of Architects, the total fee thus charged to be subject to the terms, agreements and conditions set forth in said contract."

Inasmuch as the expected expenditure for architectural services in the year 1951 will exceed \$1,000, the sum above which there must ordinarily be public advertising for competitive bids, it is necessary to request your permission to enter into this contract without publicly advertising for bids. This is a case in which there would be no useful purpose served by such public advertising. Therefore, your permission is hereby respectfully requested to dispense with such public advertising.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by FRANK W. BUXTON.

Boston, February 16, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Since it is not possible to obtain competitive bidding by public advertising, your approval is respectfully requested for the trustees to sign a lease, without public advertising, with David S. Green, Sarah Kaplan, Abraham Kaplan, A. Murray Ginsberg, Raymond Ginsberg, Irene Lebowich, and Florence Sonnabend for the rental of the premises located at 161 Harvard avenue, Allston, for quarters for our Allston Branch Library. The lease will be for the period January 1, 1951, through December 31, 1951, and the rental will be in the sum of thirty-eight hundred dollars (\$3,800).

Inasmuch as the total rental will exceed one thousand dollars (\$1,000), beyond which there must be public advertising for bids, it is necessary to request your permission to enter into this lease without publicly advertising for bids.

Your approval of this award is respectfully requested.

Very sincerely yours,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
by FRANK W. BUXTON.

PUBLIC WORKS DEPARTMENT.

Boston, February 14, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of March 30 of last year, you authorized the awarding of a contract in the amount of \$15,000, without

publicly advertising for bids, to the Pitometer Company of New York, for the conducting of a so-called Pitometer water waste survey in the West Roxbury district.

The survey in the latter-referenced district has been completed, with very satisfactory results. Underground leakage to the extent of 1,400,000 gallons per day was detected, and it was found that so-called industrial meters were under-registering approximately 470,000 gallons per day. It was found that four meters measuring the flow to the State Hospital on Morton street were under-registering to such an extent that the city was losing approximately \$18,000 per year in revenue. The meters were removed and new meters have been installed, and the underground leaks found by the Pitometer Company have been repaired.

In the contract with the Pitometer Company, the city pays only on the basis of actual leaks detected or under-registration of meters uncovered in the survey up to an agreed maximum contract price, regardless of the volume of the leakage or the amount of revenue that the city might be losing due to the under-registration of the meters. In the West Roxbury district, the additional revenue that will be obtained this year as the result of the finding by the Pitometer Company of the under-registration of the meters, will more than pay for the entire cost of the survey, which, as stated hereinbefore, was \$15,000.

This survey work was first started in 1941, and every section of the city has been completely surveyed, with the exception of section 10, Brighton Low Service, and section 12, in Hyde Park. I am in receipt of a proposal from the Pitometer Company to conduct the survey in the above-referenced two sections in accordance with the following provisions:

We will undertake such a survey with the understanding that we will be paid a sum equal to the value of the water waste actually located in accordance with the following schedule of values, but in no event will our fee exceed the sum of five thousand dollars (\$5,000):

(a) Water loss through underground leaks of the mains and services will be valued at five cents (5c.) per thousand gallons per day extending over a period of one year.

(b) Water passing through industrial meters from which the city receives no revenue due to under-registration will be valued at the regular meter rates extending over a period of one year. The amount of revenue lost will be determined by applying the percentage of under-registration to the meter readings for the previous quarter less 2 per cent (2%). No claim will be made for meters under-registering 5 per cent (5%) or less.

(c) For illegal use of water through fire lines or otherwise, the value shall be based on actual meter rates extending over a period of one year.

It is absolutely essential, in my opinion, to have a survey of this kind conducted in the Brighton and Hyde Park districts, because no similar survey has been carried on in those districts for over 20 years, and unquestionably the savings to the city will more than offset

the fee for which the above-referenced contractor has agreed to do the work. To my knowledge, no other organization conducts these surveys except the Pitometer Company.

I respectfully recommend, therefore, that a contract, without publicly advertising for bids, be awarded to the Pitometer Company of New York, for the conducting of a water waste survey in Sections 10 and 12, Brighton Low Service and Hyde Park, in accordance with the terms of the recent proposal submitted by that company, and in accordance with the specifications of this department, with the express understanding that the obligation of the City of Boston is limited to \$5,000.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

REAL ESTATE COMMISSION.

BOSTON, February 19, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

As a result of numerous complaints forwarded to this department by the superintendent of the Houghton & Dutton Building and by "General Services" that water accumulates in great quantity in the basement of said building, and that paint continues to peel from various walls of the interior of the building due to seepage of water, this department had the source of the leakage thoroughly investigated and found that extensive repairs were immediately essential.

In our opinion it would be impossible to award a contract upon definite specifications because of the fact that the numerous sources of the leakages could be ascertained only with the progress of the work. During the month of December, 1950, this department retained the services of John F. Shea Company, Inc., 41 Hollingsworth street, Mattapan, to do some repair work on the outside of the wall of the Houghton & Dutton Building where it joins the wall of the Beacon Hill Theatre. As part of our agreement the Shea Company, Inc., investigated leakages in all parts of the building and transmitted to this department its recommendations of what work of necessity has to be done to correct the conditions found.

Our lease with the United States of America provides that the lessee perform necessary inside repairs but that the City of Boston perform all repairs necessary to the outside of the building.

Inasmuch as the work is of an emergency nature, and that it would be impossible to determine the causes of the leakages without extensive digging along Beacon and Somerset streets, this Board requests your permission to retain the services of John F. Shea Company, Inc., to do the necessary repair work without the necessity of publicly advertising for bids; in accordance with the general specifications which I attach herewith, said Shea Company, Inc., to be paid on a basis of cost of materials and supplies, plus 15 per cent, and the cost of equipment to us as follows: Two-ton trucks at three dollars (\$3) per hour; an air compressor at four dollars (\$4) per hour; plus labor cost of compressor operator.

It is understood that the Shea Company, Inc., will do that work called for in the general specifications and will do

any additional work shown to be required as the work progresses, only with the consent of this department.

Respectfully yours,

HERMAN CARP,
Chairman.

SUPPLY DEPARTMENT.

BOSTON, February 16, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 20, 1950, your Honor approved a letter to award a contract to Cote Motor Company, Inc., for furnishing and delivering before December 31, 1950, two (2) two-ton 134-inch wheel base chassis and cabs and two (2) deluxe Fordor sedans. However, the chassis and cabs were not delivered.

Inasmuch as the Cote Motor Company, Inc., now has this equipment available for immediate delivery at the same prices as those stated in the original letter of December 15, 1950, permission is requested to dispense with publicly advertising for additional prices at this time and award a contract, without public advertisement, to Cote Motor Company, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$4,860, less taxes of \$108, less trade-in allowance of \$702, making the total \$4,050, less 2 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, February 19, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On October 9, 1950, your Honor approved a contract to Lalime & Partridge, Inc., for furnishing three (3) Ford Fordor sedans and one (1) Ford truck and compressor to the Public Works Department. This contract expired on December 31, 1950, but the company was unable to make delivery on the latter item before the expiration date.

However, Lalime & Partridge, Inc., can now make delivery on this item and is willing to do so at the same prices as those stated in the original contract. Permission is therefore requested to dispense with publicly advertising for additional prices and award a contract, without public advertisement, to Lalime & Partridge, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$4,340.05, less tax, \$98.50, less trade-in allowance, \$300, making a net total of \$3,941.55.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, February 19, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted requisitions to this office for the following:

One hundred fifty boxes face masks, B. C. H., J. & J., or equal.

Twenty-five cartons sponges, gauze, 3x3, J. & J., or equal.

Inasmuch as prices are controlled by the manufacturer, Johnson & Johnson, all distributors would submit identical prices. It is therefore requested that authority be granted me to dispense with publicly advertising for prices and award a contract, without public advertisement, to E. F. Mahady Company, one of the distributors.

Approximate total amount of contract will be \$2,027, less 2 per cent cash discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, February 19, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On December 28, 1950, your Honor approved a letter to award a contract, without public advertisement, to Ralph C. Coxhead Corporation for furnishing one (1) Model DSJ-Coxhead office composing machine in the amount of \$1,950 to the Board of Recreation.

Authority is now requested to change the amount of award to read \$2,119.60, which amount includes the installation of extra equipment on this machine which will be most beneficial to the Board of Recreation in performing various types of work. No cash discount is allowed.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, February 19, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Auditing Department has submitted a requisition to this office for the purchase of one (1) Recordak, Model RE-1, machine with camera and reader. This machine is now being used by the Auditing Department on a rental basis from the Recordak Corporation. However, this company has offered an allowance of three years' rental on the machine if purchased outright by the City of Boston.

In view of the increased rental costs and service charges, it is the opinion of the City Auditor that it would be to the city's advantage to purchase the above machine outright. Permission is therefore requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to Recordak Corporation, who is the manufacturer of the machine and the only source of supply. It is my opinion that, in this way, the best interests of the city will be served.

Total amount of contract will be \$2,275, less credit rental for thirty-six months at \$18 per month, \$648, making a net total of \$1,627.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, February 20, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Traffic Commission has submitted requisitions to this office for traffic signal

equipment as manufactured by Eagle Signal Corporation.

Permission is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Eagle Signal Corporation. Inasmuch as this company is the sole manufacturer and because prices on the equipment are fixed by the manufacturer, no advantage could be gained by publicly advertising for bids. It is my opinion that by awarding the contract as requested the best interests of the city will be served.

Approximate total amount of contract will be \$5,687.60, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, February 21, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On February 15, 1951, your Honor approved a letter to award a contract to Thomas E. Hogan, Inc., for furnishing tires and tubes to the various city departments from April 1, 1951, to December 31, 1951, inclusive.

The letter dated February 13, 1951, erroneously stated that a cash discount of 2 per cent would be deductible for payment within ten days. Permission is therefore requested, at this time, to amend the letter to read the total amount of contract to be \$30,000, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Approval has been given for a further extension of the time from September 1, 1950, to April 1, 1951, on the contract of John T. Bradley, for painting, etc., Division II, Boston City Hospital; said contract having been executed on September 29, 1948. This further extension was requested because of delays beyond control of the contractor in satisfactorily bringing contract to completion.

Approval has been given for a further extension of time from September 1, 1950, to April 1, 1951, on the contract of John T. Bradley, for painting, etc., Division I, Boston City Hospital; said contract having been executed on September 29, 1948. This further extension was requested because of delays beyond control of the contractor in satisfactorily bringing contract to completion.

Approval has been given for a further extension of time from September 1, 1950, to April 1, 1951, on the contract of John T. Bradley, for painting etc., Pathological Building, Boston City Hospital; said contract having been executed on May 20, 1949. This further extension was requested because of delays beyond control of contractor in satisfactorily bringing contract to completion.

INSTITUTIONS DEPARTMENT.

Construction Units, Inc., has been ordered to make the following change in the completion date of the contract for the Laundry Building, Long Island

Hospital, Boston Harbor, to March 31, 1951. Contract dated December 23, 1949.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with Baker & Co., Inc., for the relaying of water pipes in Como road and Readville street, Hyde Park, dated August 31, 1950, from December 16, 1950, to June 30, 1951. This extension was requested for the reason that contractor was unable to meet the completion date because the laying of sewer and gas mains in the streets, by others, was not completed in sufficient time to allow contractor to relay the water pipes before winter.

Approval has been given for the extension of the time of completion of the contract with Hersey Manufacturing Company, dated October 14, 1949, from April, 1950, to December 31, 1950. This extension was requested for the reason that due to the lack of small parts the Hersey Company was unable to complete the contract before April 30, 1950. The company is willing to let the city have the remaining meters that were not delivered before April 30 at the bid price.

REPAIRS TO STREETS.

The Mayor has approved the following votes of the Board of Street Commissioners:

That specific repairs be made in Columbus avenue, Roxbury district, at Washington street, by the reduction in size of existing pedestrian safety island.

That specific repairs be made in Gallivan Boulevard, Dorchester district, by the making of an opening approximately 45 feet in width in the divisional island at a point approximately 200 feet east of Clover street.

That specific repairs be made in Columbus avenue, Roxbury district, by the making of an opening approximately 40 feet in width in the divisional island at a point approximately 380 feet south of Ritchie street.

That specific repairs be made in Warren street, Brighton district, by the construction of a pedestrian safety island at the intersection of Cambridge street.

That specific repairs be made in Heston terrace, Dorchester district, by a reduction in width of the sidewalk on the southerly side, from 5 feet in width to 2 feet in width.

That specific repairs be made in Warren street, Roxbury district, at the southwesterly corner of Zeigler street, consisting of the relocation of the line of edgestone street to a curve of approximately 10 feet radius.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

G. DeLuca Company, Inc., has been directed to perform the following extra work under the contract for sewerage works in Pilgrim road, between Francis street and Deaconess road, Roxbury, dated November 3, 1950.

Items ordered: Re-excavate and relay 52 linear feet of 12-inch pipe sewer, due to an error in grades, at the contract price of \$8.50 per linear foot. Location: From Station 0+0 to 0+52. Estimated cost of extra work, \$442.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

That 210 linear feet of 10-inch pipe sanitary sewer, 210 linear feet of 10-inch pipe surface drain, 70 linear feet of 10-inch catch-basin drain and three catch basins be constructed in Cowing street, between Searle road and Partridge street, in the West Roxbury district, at an estimated cost of \$3,000. Sewer and surface drain to be constructed between Partridge street and 210 feet northwest-erly, and that sewer order of October 25, 1950, pertaining to same location be rescinded.

CHANGES IN STREET NAMES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the names of the following public ways in the City of Boston, be, and the same hereby are, changed, and that said ways be hereafter known under the names assigned thereto in this order (to take effect March 1, 1951):

Service street, Charlestown district, new name, Lowney Way.

Eisen street, Boston Proper district, new name, Johnny court.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of May 9, 1949, as amended, determining damages caused by the making of the public improvement consisting of the laying out and construction of Starr Lane, be, and the same hereby is, amended, by adding to said order the amount \$350, as an award to Anne R. Oransky; that the amount \$350 be, and the same hereby is, awarded to Anne R. Oransky for the damages so sustained.

POLICE DEPARTMENT ORDERS.*General Order No. 1,432.*

RESURFACING OF WASHINGTON STREET, DORCHESTER.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Commissioner of Public Works relative to your order of January 29, 1951, requesting that the City Council be furnished a report on the recent resurfacing of Washington street in Dorchester, with particular emphasis on the street which is in washboard condition, in order that the Council may determine whether the conditions of the contract for resurfacing this street have been lived up to.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
February 16, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of January 29:

"Ordered, That the Commissioner of Public Works be directed, through his Honor the Mayor, to furnish the City Council a report on the recent resurfacing of Washington street in Dorchester, with particular emphasis on the street which is in washboard condition, in order that the Council may determine whether the conditions of the contract for resurfacing this street have been lived up to."

If my memory serves me right, this is the second such order that has been passed recently concerning the above street. I presume that the section of Washington street referred to is from Bowdoin street to Codman square, because this is the area included in the district covered by Councilor Farin, the sponsor of this order.

A contract for resurfacing this section of Washington street was awarded on July 31 of last year, to Baker & Co., and work started on August 10. The work was completed September 6, at a cost to the city of \$33,668.90. The contractor involved is one of the best in the city and enjoys a well-deserved reputation for doing good work.

I inspected this street on previous occasions, but in view of the current Council order, I revisited the site yesterday for the purpose of further inspecting it. The roadway surface of the section of Washington street from Bowdoin street to Codman square is in a very satisfactory condition, rides well, and compares favorably with the many other miles of sheet asphalt streets that we have in this city.

It is very difficult to eliminate all ripples and waves from a sheet asphalt surface, particularly on a so-called cover project, such as was done in Washington street. The old street surface and car tracks were covered, and we were required, during the construction period, to keep one-half of the street open for the passage of the trackless trolleys and for the convenience of the merchants at the Codman square end of the project. In keeping one-half of the street open, the contractor was restricted in his operations and did not have the freedom that he would have had in resurfacing a less important highway. In view of the conditions under which the contractor was required to work, I think he did an excellent job, and it is my unqualified opinion that he complied with all provisions of the specifications in detail. There are a few surface ripples in the roadway areas, but to describe the surface as a washboard is a gross exaggeration. If a highway were reconstructed under the same conditions that obtain in a laboratory, we would be able to produce a surface free of all imperfections. However, no

such conditions prevail in the actual performance of our street-resurfacing work and, as in the case of Washington street, a contractor engaged on a highway project involving a main traffic artery generally works under conditions that cannot be considered as ideal.

The resurfacing of Washington street, Dorchester, from Codman square to Blue Hill avenue, was one of the most needed and most desirable highway improvements effected in the Dorchester district in years. The work, in general, was well done and will stand the test of time for many years to come.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

ADEQUATE SAND BOXES THROUGHOUT CITY.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Commissioner of Public Works relative to your order of February 12, 1951, requesting the placement of adequate sand boxes throughout the city, so that the public may have an opportunity of sanding their icy sidewalks.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
February 16, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of February 12:

"Ordered, That the Public Works Commissioner, through his Honor the Mayor, be requested to place adequate sand boxes throughout the city so that the public may have an opportunity of sanding their icy sidewalks, which is absolutely necessary because of the great many people that have been taken to the Boston City Hospital with broken legs, fractured hips and other injuries."

While I am in entire sympathy with the purpose of the order, the fact of the matter is that it is a physical impossibility, in a city of our size, to place and continue to service a sufficient number of sand boxes throughout the city to serve all of the residents. In most cases, the conditions referred to in the above order can be eliminated if the sidewalks are cleared of snow immediately following the ending of a storm. The worst conditions exist in those locations where the sidewalk shoveling has been done in a careless manner, or not at all.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

ACCEPTANCE OF MILTON STREET.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Chairman of the Board of Street Commissioners relative to your order of January 22, 1951, requesting the acceptance and laying out as a public way of Milton street in East Boston.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
February 13, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Reference is made to the following Council order dated January 22, 1951:

"Ordered, That the Street Laying-Out Department be requested, through his Honor the Mayor, to accept and lay out a public way, Milton street in East Boston."

In 1949 the Metropolitan Transit Authority proposed relocating a group of dwellings situated on their right of way. Land for this purpose was acquired on Milton street, in the block between Harmony street and Moore street. At the request of the Metropolitan Transit Authority, that portion of Milton street was laid out and accepted under the name of Horace street, and the Public Works Department plans to construct it early in the coming year.

The only remaining unaccepted portion of Milton street extends northeasterly from Wordsworth street through vacant land and there is no through public travel which would justify it's laying out.

Very truly yours,
GERALD F. SCALLY, Chairman.

LEASING OF FIRE DEPARTMENT BUILDING ON NORTHAMPTON STREET.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1951.
To the City Council.

Gentlemen:
I transmit herewith communication from the Fire Commissioner relative to your order of January 29, 1951, requesting the leasing or renting to Boston City Hospital Post of the American Legion, the Fire Department building located on Northampton street, between Washington street and Harrison avenue.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Fire Department, February 1, 1951.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:
I am returning herewith order of the City Council which reads as follows:

"Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to lease or rent to the Boston City Hospital Post of the American Legion, the Fire Department building located on Northampton street, between Washington street and Harrison avenue."

In City Council January 29, 1951. Passed.
Attest:

W. J. MALLOY, City Clerk.

The records of this department show that under date of July 19, 1943, the then Mayor of Boston, James M. Curley, approved of the transfer of Engine 23 fire station to the care, custody, and control of the Public Buildings Department, inasmuch as the location was no longer required for Fire Department purposes.

Keys to the property were forwarded to the Superintendent of the Public Buildings Department and the station was officially turned over to that department, August 13, 1948.

It is my understanding that for some time after the transfer became effective the fire station was occupied by the Overseers of the Public Welfare awaiting completion of their new building on Fayette street.

In my opinion the Fire Department has not had control of the building since August 13, 1948, and I therefore suggest that the City Council order be forwarded to the Superintendent of Public Buildings.

Respectfully yours,
M. T. KELLEHER,
Fire Commissioner.

City of Boston,
Public Buildings Department,
February 12, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

In reply to recent communication from the Mayor's office concerning the Fire Commissioner's inquiry about the old Engine 23 fire station located on Northampton street, between Washington street and Harrison avenue.

The above-mentioned building is now occupied, and has been for some time, by the Overseers of the Public Welfare.

Very truly yours,
GEORGE P. DONOVAN, Superintendent.

PARKING METERS ON OFF-STREET PARKING LAND.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1951.
To the City Council.

Gentlemen:

I transmit herewith communication from the Real Estate Commissioners relative to your order of February 12, 1951, requesting that there be no more leasing of city-owned land for off-street parking purposes; also to instruct the Board of Street Commissioners to install parking meters on all off-street parking areas owned by the city, on a basis that will permit motorists to park for the price of five cents per hour.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Real Estate Commissioners,
February 16, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Subject: City Council Order of February 12, 1951, Concerning City-Owned Off-Street Parking Facilities.

Dear Mr. Shannon:

Paragraph 1 of said order states: "That his Honor the Mayor be requested to order the Board of Real Estate Commissioners not to lease any more city-owned land for off-street parking purposes, in view of the fact that the automobile owners are now being seriously overtaxed by gasoline taxes," is repugnant to chapter 474 of the Acts of 1946, in which the powers and duties

of the Board of Real Estate Commissioners concerning off-street parking are enumerated.

Paragraph 2 of said order states: "That the Board of Street Commissioners be instructed to install parking meters on all off-street parking areas owned by the city, on a basis which will permit motorists to park for the price of five cents per hour," is contrary to the provisions of said chapter 474 of the Acts of 1946, as amended, since section 1 of said Act specifically prohibits the city from operating any parking facility established or acquired under this Act.

Paragraph 3 of said order states: "That if legislation is necessary to establish and regulate this policy, his Honor the Mayor immediately instruct the Corporation Counsel to prepare and present proper legislation." Amendments would be necessary to existing legislation to carry out the specific provisions of said Council orders.

I affix hereto a copy of the pertinent laws.

Very truly yours,

HERMAN CARP, Chairman.

(Appended was copy of the laws referred to.)

BUSES ON FANEUIL BUS LINE.

The following was received:

City of Boston,

Office of the Mayor, February 19, 1951.

To the City Council.

Gentlemen:

I transmit herewith communication from the General Manager of the Metropolitan Transit Authority relative to your order of February 5, 1951, requesting a consultation relative to increasing the number of buses on the Faneuil bus line and to reroute these additional buses from Brooks street on to Faneuil street and proceed to the Oak square center in Ward 22.

Respectfully,

J. B. HYNES, Mayor.

Metropolitan Transit Authority,
February 9, 1951.

Mr. Thomas J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

In reply to your letter of February 7, with order of the City Council requesting that his Honor the Mayor consult with the Board of Trustees of the Metropolitan Transit Authority relative to extension of bus service on the Faneuil line to Oak square, I would say that a similar request was considered by our Board of Trustees at its meeting on January 3, 1951, and I was instructed to advise that this line was established to serve a growing territory, which was without transportation facilities, and even at the present time it does not produce sufficient revenue to meet the cost of service.

To extend the service to Oak square would increase the operating cost by approximately \$17,000 per year and cause a rerouting of traffic in a manner which would be uneconomical. In other words, the cost of extending the service to Oak square and the rerouting of traffic would outweigh the convenience to a relatively few people.

While our Trustees are always willing to give consideration to requests for additional service, it is their responsibility, as provided in chapter 544 of the Acts of 1947, to "determine the character and extent of the services and facilities to be furnished, and in these respects their authority shall be exclusive and shall not be subject to the approval, control or direction of any state, municipal or other department, board or commission."

Such consideration has been given to the request for extension of the Faneuil service to Oak square, and the Trustees do not feel that it can be justified under present conditions.

Yours very truly,

EDWARD DANA, General Manager.

BRANCH OF CITY HOSPITAL ON MORTON STREET.

The following was received:

City of Boston,

Office of the Mayor, February 19, 1951.

To the City Council.

Gentlemen:

I transmit herewith communication from the Superintendent of the Boston City Hospital relative to your order of January 15, 1951, requesting the establishment of a branch of the City Hospital on the site of the Massachusetts Memorial Hospital on Morton street, Forest Hills.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Hospital Department, February 12, 1951.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

The following order of the City Council has been presented to the Board of Trustees of the Boston City Hospital:

"Ordered, That his Honor the Mayor be requested to establish a branch of the City Hospital on the site of the Massachusetts Memorial Hospital on Morton street, Forest Hills."

It is the considered opinion of the Trustees that the acquisition of the Massachusetts Memorial Hospital on Morton street, Forest Hills, would serve no useful purpose.

Sincerely yours,

J. W. MANARY, M. D., Superintendent.

HOSPITAL AMBULANCE FOR BRIGHTON AND ALLSTON.

The following was received:

City of Boston,

Office of the Mayor, February 19, 1951.

To the City Council.

Gentlemen:

I transmit herewith communication from the Superintendent of the Boston City Hospital relative to your order of February 5, 1951, concerning the stationing of a hospital ambulance at Division 14 of the Police Department in the Brighton and Allston area for the purpose of conveying patients to the hospital.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Hospital Department, February 14, 1951.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

At a meeting of the Board of Trustees held on Friday, February 9, a communication from the City Council was presented stating: "City Council, Ordered, That the Board of Trustees of the Boston City Hospital be directed, through his Honor the Mayor, to station a hospital ambulance at Division 14 of the Police Department in the Brighton and Allston area for the purpose of conveying patients to the hospital."

I am enclosing herewith a copy of a communication sent to you under date of December 8, by Dr. Martin J. English, President, Board of Trustees, with regard to ambulance service in the Brighton and Allston area.

Very truly yours,

J. W. MANARY, M.D., Superintendent.

City of Boston,

Hospital Department, December 8, 1950.

Hon. John B. Hynes,

Mayor of Boston.

Dear Mr. Mayor:

The Board of Trustees has considered the enclosure contained in your letter of November 16, being an order of the City Council adopted November 13, 1950, regarding a subambulatory station at St. Elizabeth's Hospital, Brighton.

You are respectfully advised that in the opinion of this Board the locating of a City Hospital ambulance in Brighton, as suggested by the Council order, is neither practical or necessary. It could not be provided without the expenditure of at least \$8,000 for a new ambulance and an annual expense of drivers' salaries and maintenance exceeding \$10,000. Such an installation, if made, would be an innovation and would undoubtedly lead to similar requests from other localities.

In our judgment, the expense would be prohibitive. After telephonic communication with Commissioner Sullivan, the Police Commissioner stated that there were two ambulances in good order at the Brighton Station, and that in his opinion, they were adequate to supply the Brighton and Allston needs.

Sincerely yours,

BOARD OF TRUSTEES,

MARTIN J. ENGLISH, M. D., President.

COPIES OF 1951 BUDGET FOR COUNCILORS.

The following was received:

City of Boston,

Office of the Mayor, February 19, 1951.

To the City Council.

Gentlemen:

I transmit herewith communication from the Budget Commissioner relative to your order of February 8, 1951, requesting that copies of the proposed 1951 city budget be submitted to the city councilors so that each councilor may have sufficient time to study diligently before voting upon said budget.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Budget Department, February 13, 1951.

Mr. Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Sir:

Receipt is acknowledged of Council order of February 5, 1951, and reading as follows:

"Ordered, That his Honor the Mayor submit copies of the proposed 1951 city budget to the city councilors so that each councilor may have sufficient time to study the budget diligently before voting upon said budget."

Each year, copies of the Mayor's budget are printed as a document by the City Printing Department and distributed to the City Council and others interested, by the document man attached to the City Council. The 1951 budget

document is now in the hands of the City Printing Department and will be ready for distribution by February 13, 1951.

Very truly yours,

JOHN A. SULLIVAN,
Budget Commissioner.

REMOVAL OF ROTARY TRAFFIC CIRCLE, ANDREW SQUARE.

The following was received:

City of Boston,

Office of the Mayor, February 19, 1951.

To the City Council.

Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of February 5, 1951, requesting the removal of the rotary traffic circle in Andrew square, and that the Metropolitan Transit Authority be notified to move the tracks in the square so that they will bring the streetcars directly through instead of making the wide circle as they do at the present time.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

February 8, 1951.

Hon. John B. Hynes,

Mayor of Boston.

Dear Sir:

With reference to City Council order of February 5, requesting the removal of the rotary traffic circle in Andrew square, I wish to report that the commission is now actively engaged in a study of this subject and a meeting of the engineers from all city, state, and related utility departments has been held.

An effort is being made to coordinate all of the proposals which have been made from various quarters and to adopt what may be considered to be the best one and, likewise, to adopt any temporary plan which would give relief while a longer ranged and more comprehensive construction program is in preparation.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

NAMING OF SQUARE IN HONOR OF SAMUEL BRAFF.

The following was received:

City of Boston,

Office of the Mayor, February 19, 1951.

To the City Council.

Gentlemen:

I transmit herewith communication from the secretary to the Board of Street Commissioners relative to your order of February 12, 1951, requesting to name the square at the corner of Devon street and Blue Hill avenue, Dorchester, in honor of Samuel Braff, a veteran of World War II, who lost his life in the European theater of operations while in the service of his country.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Street Laying-Out Department,

February 16, 1951.

Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Sir:

With reference to Council order of February 12, 1951, introduced by Councilor Ansel to name the intersection at the junction of Devon street and Blue Hill avenue, Dorchester, in honor of Samuel Braff, I beg to advise that the next meeting of the Committee to Memorialize Veterans is not scheduled until May, at which time this order will be given every consideration by the committee.

SUPPLEMENTARY APPROPRIATION OF \$2,489,750.

The following was received:

City of Boston,

Budget Department, February 19, 1951.

To the City Council.

Gentlemen:

After giving the question of salary increases for city and county employees considerable thought, and after meeting with representatives of various employees groups, I have come to the conclusion that a \$200 increase in wages to employees should be put into effect beginning in April of this year. This increase to be in addition to sliding-scale increases in effect for many employees.

The cost of living has increased measurably since last year. The average city employee is having difficulty meeting the financial costs of maintaining his home and providing the necessities of life. While the increase in wages will not entirely meet the increased costs which have occurred since last year, nevertheless, it is of definite assistance to the employee, and it is as much as the city, within its present financial abilities, can pay. The salary increases provided for in the present appropriation,

plus those which must be provided for the school department, will entail an increase in the tax rate of approximately \$2.

I respectfully request that your Honorable Body give this supplementary appropriation consideration in connection with the budget appropriations now before your Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That the respective sums of money specified in the schedules hereinafter set out be, and hereby are, appropriated for the purposes hereinafter specified, said sums to be raised by taxation on the polls and estates of the City of Boston, and that all orders heretofore or hereinafter passed by the City Council relating to appropriations, taxes and interest thereon, apply to the appropriations and taxes herein provided for; and that the expenditures for Income Departments be met from the income of such departments and that any expenditures in excess of the income be met from taxes.

TITLE OF OFFICERS OF CITY COUNCIL.

Coun. HURLEY offered the following:

City of Boston.

In the Year Nineteen Hundred and Fifty-One.

An Ordinance Concerning Title of Officers Connected with the City Council.

Be it ordained by the City Council of Boston, as follows:

Section five of chapter three of the Revised Ordinances of 1947, as most recently amended by chapter six of the Ordinances of 1949, is hereby further amended by striking out in the clause determining the salaries of officers connected with the City Council the words "two stenographer-clerks, each at thirty-six hundred dollars", and inserting in place thereof the words "two secretaries, each at thirty-six hundred dollars."

Referred to Committee on Ordinances.

ASSIGNMENT OF STREETS AS COASTING AREAS.

Coun. HURLEY offered the following:

Ordered, That his Honor the Mayor be requested to confer with the Law Department relative to the presentation of legislation or change of City Ordinances and Police Regulations governing the assignment of streets as coasting areas for our youth, particularly with regard to the hours for which these streets may be used with safety by our children and citizens.

Passed under suspension of the rules.

REPLACING OF BRICK SIDEWALKS, WARD 13.

Coun. HANNON offered the following:

Ordered, That his Honor the Mayor direct the Public Works Commissioner to replace the existing brick sidewalks with granolithic sidewalks on Brookford street and Folsom street in Ward 13, Dorchester.

WITHHOLDING TAX ON NONRESIDENT EMPLOYEES.

Coun. HANNON offered the following:

Resolved, That the Boston City Council in meeting assembled records itself as in favor of the adoption of a 1 per cent withholding payroll tax on nonresident employees of the City of Boston, as opposed to a general sales tax.

Referred to Committee on Legislative Matters.

REGULATIONS GOVERNING TAXICABS IN BOSTON.

Coun. HANNON offered the following:

Whereas, Taxicabs from surrounding cities and towns are now soliciting fares on the streets of Boston, and

Whereas, This practice seriously cuts into the business of Boston licensed cabs and operators, depriving them of a fair deal in a highly competitive business, and

Whereas, Should Boston operators be apprehended in the home city, or town, of these violators, they would very promptly be penalized to the full extent of the law, and

Whereas, Boston owners and operators should be given every possible protection against the depredations of these roaming "gypsy" cabs, therefore, be it

Resolved, That the members of the Boston City Council in meeting assembled call upon the Police Commissioner to enforce more rigidly the rules governing taxicab owners and hackney operators doing business in the City of Boston, and to institute some system of enforcement which will rid the streets of Boston of the "gypsy" cabs and give to the Boston licensed operators the fair opportunity for which they are licensed.

The resolution was adopted under suspension of the rules.

ASCERTAINING DAMAGES IN NEW AERIAL HIGHWAY PROGRAM.

Coun. ANSEL offered the following:

Ordered, That, through his Honor the Mayor, his Excellency Gov. Paul A. Dever be requested to immediately urge a study by the Joint Committee on Municipal Affairs for the purposes of ascertaining damages for the City of Boston in this new highway aerial program.

Boston will lose some \$50,000,000, in taxable property, and the study should devise some medium of relief to Boston taxpayers, and this study should be held immediately so that financial relief may be forthcoming to the City of Boston.

Passed under suspension of the rules.

ASSIGNMENT OF ADDITIONAL MEN TO STATION 19.

Coun. ANSEL offered the following:

Ordered, That, through his Honor the Mayor, the Police Commissioner assign additional men to Station 19 for the purposes of providing thorough protection in areas where a recent outbreak of breaking and entering homes has taken place in Ward 14.

PROTEST AGAINST RELEASE OF WAR CRIMINALS.

Coun. ANSEL offered the following:

Resolved, At meeting assembled of the membership of the Boston City Council held at City Hall, Monday, February 19, 1951, the action of the release of war criminals in Germany be protested by the President of the United States, State Department officials and the leaders of both branches of the United States Congress and Senate; that the release of these war criminals constitutes difficult danger and provides a further threat to democratic free loving people of the world; that the release of these war criminals violates the principles of the Geneva conference in the conduct of warfare, and that the atrocities perpetrated by these war criminals has encouraged the same tactics in other war areas of the world; that at a meeting assembled of the Boston City Council we urge that the sentences of these Nazi war criminals remain in force, and that any thoughts of release be vigorously opposed by our spokesmen at the United Nations, and be it further

Resolved, That those who have been released very quickly be apprehended again so that the utterances of our supreme commanders in the field of battle that atrocities will not be tolerated and that criminal dictators with complete disregard for the Geneva conference will be prosecuted will not become a mockery, and be it further

Resolved, That our government go very slow in any attempt to arm German manpower, and be it further

Resolved, That a copy of this resolution be sent to President Harry A. Truman and the majority leaders of both the United States Senate and the House of Representatives.

On motion of Councilor Yerxa to refer the resolution to the Committee on Rules, the motion was defeated.

The resolution was assigned to the next meeting.

CONSOLIDATION AND ELIMINATION OF SCHOOLS.

Coun. RAMSEY offered the following:

Ordered, That the Mayor be requested to contact the School Committee, who in turn will inform the Boston City Council as to the proposed rumors and plans of consolidating schools throughout the city and also the proposed elimination of Dorchester High School for Girls, because the people do not believe there should be any closing of Dorchester High School for Girls, insofar as school surveys have pointed out the fact that within the next five years the attendance of all schools throughout the city could possibly get back to normal attendance.

Coun. COFFEY moved that the order be amended by adding the following words:

"and be it further

Ordered, That the Boston City Council places itself on record as opposed to the closing of any schools in the city."

The amendment was passed.

The order as amended was passed under suspension of the rules.

DORCHESTER HEIGHTS TO BECOME A NATIONAL SHRINE AS PART OF THE NATIONAL PARK SERVICE—MAYOR HYNES NOTIFIED OF SUCCESS IN EFFORT TO HAVE THIS ACCOMPLISHED BY CONGRESSMAN McCORMACK, WITH WHOM THE MAYOR HAS BEEN COOPERATING—PAPERS OF HISTORICAL EVENT EXPECTED TO BE SIGNED DURING MARCH 17th OBSERVANCE OF 175th ANNIVERSARY OF DRIVING BRITISH OUT OF DISTRICT.

Dorchester Heights, famous in the evacuation of the British from Boston, is to be taken over and accepted as a historical national site by the National Park Service. Papers to that effect are to be signed on March 17, during the observance of March 17 and the 175th anniversary of the departure of the British from the Heights.

The successful effort to have the site taken over as a national shrine is attributed to the work of Mayor John B. Hynes in cooperation with Congressman

MAYOR JOHN B. HYNES APPEALS TO WASHINGTON AUTHORITIES TO LIFT RESTRICTIONS THAT WOULD PREVENT CONSTRUCTION OF SWIMMING POOL IN NORTH END FOR BENEFIT OF SECTION'S RESIDENTS—NEEDED TO REPLACE OLD BATHING BEACH, NOW A HEALTH MENACE BECAUSE OF POLLUTION OF HARBOR WATERS—ALL PLANS COMPLETED FOR WORK BEFORE RESTRICTIONS ON MATERIALS WERE ORDERED—ALL LEADING CITY OFFICIALS UNITE WITH MAYOR IN ASKING FOR FAVORABLE ACTION—WHITE FUND READY ALSO TO PROCEED.

On March 1 Mayor John B. Hynes addressed the following appeal to the National Production Authority at Washington:

March 1, 1951.

MR. PAUL G. CARNEY, *Regional Director*, National Production Authority, U. S. Department of Commerce, Custom House, Boston.

MY DEAR MR. CARNEY:

Since the middle of July, 1949, as is disclosed in the attached excerpt from a meeting of the Trustees of the George Robert White Fund, the building of a swimming pool on land at North End Park, Boston, has been contemplated.

This swimming pool is to take the place of the old bathing beach on this site, which, because of harbor pollution, can no longer be used. The swimming pool is a vital necessity because there are no other facilities for bathing in this area; because this area is the most highly congested area of any of the large cities in America; because many of the houses in this area, built many years ago, do not have bathing facilities of any kind; because, for sanitary and health reasons alone, this pool is essential.

Just prior to the date of the government restrictions on building, the architects for the swimming pool submitted the completed plans. The money is available through the White Fund. It is most earnestly requested that the restriction against the building of the swimming pool be waived in this case for the reasons above recited. It might well be argued that substantial construction on this pool had begun before the date of the restrictions. Everything necessary to be done had been done except the final step of awarding a construction contract.

This pool has been in contemplation so long that the people of the North End district believe it to be an actuality and will not understand if its construction is estopped by the government.

I submit herewith, for your consideration, communications from health authorities, from judicial authorities, from the Archbishop of Boston, from recreation authorities, from various public officials, from the Christopher Columbus High School of the North End, and from other miscellaneous sources. Everyone is in full agreement that this pool is one of the most necessary facilities for our city and for this particular section of the city. I will be most pleased if you will give this matter your personal attention and your favorable decision. With best wishes, I am

Sincerely yours,

JOHN B. HYNES, *Mayor*.

REPORT OF ELEANOR D. UPHAM, DIRECTOR, DEPARTMENT OF SCHOOL LUNCHES, ON ATTENDANCE AT SCHOOL FOOD SERVICE CONVENTION, IN KANSAS CITY, MISSOURI, NOVEMBER 8, 9, AND 10.

The following is the report of attendance at convention of School Food Service Association, Kansas City, Missouri, November 8, 9, 10, by Eleanor D. Upham, Director of School Lunches:

An enthusiastic group of 525 men and women met in Kansas City, Missouri, for the fourth annual convention of the School Food Service Association, from November 8 through November 10, 1950. Thirty-eight states were represented as well as the District of Columbia and Canada. The total membership of this organization is now 2,065 and all who are interested in good school lunches are invited to join.

The first general session was held on the morning of November 8, 1950, with the president, Mrs. Thelma Flanagan, from Tallahassee, Florida, presiding, and welcoming the group to Kansas City. The main topics discussed at the conference were:

"Nutritional Needs of the School Child."

"Knowledge Versus Practice in Child Nutrition."

"Training for School Lunch Employees."

"Motion and Time Studies."

"Food Acceptance in the School Lunch."

"Problems and Responsibilities in Planning and Equipping the School Lunchrooms."

Choral singing by pupils of the Kansas City schools at several of the meetings and the banquet was appreciated.

All sessions, as well as exhibits, were held in the Kansas City Municipal Auditorium, a building offering the finest accommodations for a successful convention.

At a meeting for State Supervisors held November 7, Miss Kathryn E. I. Sheehan, Chief, Technical Services Section of the United States Department of Agriculture, stated that "over 8,000,000 children in 54,000 schools throughout the country are participating in the School Lunch Program. The number of pupils who participate in the school lunch program has doubled in the last four years." However, there are 33,000,000 children in this country who should have better lunches at school.

An afternoon meeting on "School Lunch Training Programs," was presided over by Dr. Mary deGarmo Bryan, past president of the School Food Service Association. Members of a panel presented various methods used in training programs for lunchroom managers and assistants.

An excellent method of instruction is through a Handbook for Managers. Such a book may contain improved methods of food preparation, menu planning, cost controls, daily record forms, care of equipment, time and motion studies, nutrition education, and, a most important point, the proper utensils and dishes for good food service.

Workshops for lunchroom employees may be planned for one day or several days, depending upon the time which

can be given to such a project. The ladies may perform many actual duties, such as preparing new dishes, learning to use new equipment and studying new forms of records and cost control sheets.

Much emphasis is being placed on time and motion in lunchroom operation. Proper location of all equipment in working areas is important.

Mrs. Flanagan stressed the importance of training when she said: "It is unpardonable for any worker not to want training nor to improve oneself." She urged that lunchroom workers read articles, attend meetings connected with their work, and study for self-improvement.

Of great interest to many was a session on "Layouts and Equipment for School Lunchrooms." The participants presented various phases of the problems connected with planning and equipping a lunchroom. Mr. John Hargrove, architect, and consultant for the School Food Service Association pointed out the present-day need of more classrooms in some schools and suggested that the lunchrooms be used for other school department activities. In planning and purchasing equipment, the persons responsible for school lunch production should be consulted and the best quality of equipment is the best "buy" for durability and long years of service.

Mr. Hargrove stated that many equipment items made of aluminum, copper or steel would be difficult to get from now on. At present, school lunch equipment is seventh on the priority list in Washington, D. C. In this atomic age, it may be necessary to provide emergency feeding centers in out-of-city schools, Mr. Hargrove said.

The trips which were arranged on Thursday morning attracted many of the conference members. A delightful trip was made through the picturesque Country Club and Plaza district of Kansas City, through Swope Park, and then to an elementary school and a senior school, where the lunchroom workers were busily engaged in preparing and serving delicious lunches to pupils.

I would recommend that school lunch operators endeavor to incorporate in their programs:

1. Nutrition education for all school children.
2. Pre-employment training for new lunchroom employees.
3. Workshops for all employees.
4. A Handbook for Managers.
5. Complete and immediate equipment for all school cafeterias.
6. Adequate supervision for all cafeterias.
7. Fair salaries for all school lunch employees.

The 1951 conference will be held in New York City, from November 12 to 14, with the Hotel Statler as official headquarters.

DORCHESTER HEIGHTS TO BE NATIONAL SHRINE.

(Continued from page 217.)

John W. McCormack. The city Law Department is studying the question of the right and power of Mayor Hynes to sign the papers. News of this event has been communicated to Thomas P. McCusker, Chief Secretary to Mayor Hynes in the following telegram from Congressman McCormack:

THOMAS J. MCCUSKER, *Chief Secretary,*
Mayor's Office, Boston, Mass.

DEAR SIR:

It looks as though, through the fine cooperation of Mayor Hynes together with the work I have done through the years, Dorchester Heights will be accepted as a historical national site by the National Park Service. Papers will be signed on March 17 in Boston, which will be fitting and dramatic in view of the March 17th celebration and 175th anniversary.

If agreeable to Mayor Hynes, may I suggest that an invitation be extended to Hon. Oscar L. Chapman, Secretary of the Interior, to be a guest at the March 17th celebration and to be present at the signing of the necessary papers making Dorchester Heights an historical national site. While Secretary Chapman could not probably attend, I am sure that he would send a representative who would be empowered to act for the department in connection with the signing of any papers. He will also represent the Secretary at the celebration.

Will you advise me? Also, will you make inquiry to see if Mayor Hynes has the authority to sign for the city without the City Council passing a resolution authorizing him to do so. I assume the Corporation Counsel can answer this.

JOHN W. MCCORMACK,
Congressman.

SERVICEMEN'S ORGANIZATIONS ASKED TO HELP EASTER CANDY DRIVE.

(Continued from page 217.)

"people back home," Colonel Doherty said. Contributions should be sent to Treasurer Robert Cutler, 1 Federal street, Boston.

Full cooperation of the city employees in the raising of funds to help pay for the Easter candy was requested in a memorandum sent to all department heads by Mayor Hynes before departing for his vacation.

Evidence of how genuinely pleased are the Boston men and women in Korea for such remembrances may be gathered from the more than 100 letters received from the 454 who were sent boxes at Christmas.

An added incentive adopted by the committee of city employees formed to raise funds to help pay for the Easter candy is the drawing of a television set, valued at \$250. The set, donated by Joseph Rothstein, vice commander of the South End Post of the American Legion, is a 16-inch screen, mahogany, table model. Tickets are on sale for the drawing. It is hoped to be able to cheer also all the Korea wounded at the Chelsea Naval and Murphy General Hospitals.

**CONTRACTS AWARDED.
WITHOUT ADVERTISING.**

Upon varying dates as indicated the Mayor approved contracts with firms, contractors and commercial houses for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

SUPPLY DEPARTMENT.

BOSTON, January 8, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Permission is requested to award a contract, without public advertisement, to the Directory for Mother's Milk, Inc., 221 Longwood avenue, Boston, for furnishing mother's milk, as requested, at a price of 25 cents per ounce, to the Boston City Hospital for use in the Pediatric Department during the current year until December 31, 1951, inclusive.

There is a very marked scarcity of this type of breast milk and it is extremely important that the Boston City Hospital have an adequate supply of this commodity at all times for the treatment of many premature and very sick babies. Since the Directory for Mother's Milk, Inc., is the only source of supply, no advantage could be gained by publicly advertising for bids.

Approximate total amount of contract is not to exceed \$30,000.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, February 20, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On January 16, 1951, your Honor approved a letter to award a contract to Westinghouse Electric Supply Company for furnishing 3,500 feet of lead-covered cable at 57.9 cents per foot to the Traffic Commission. This price was quoted by this company on a publicly opened bid of November 16, 1950, but the bid also included the clause "prices quoted are subject to change without notice."

The price of the cable has now increased to 62.2 cents per foot. Since Westinghouse Electric Supply Company has notified this department of the price increase and as the original bid was accepted with the inclusion of the above clause, permission is now requested to amend the letter dated January 15, 1951, to allow the increase, making the new total amount

of the contract \$2,177, which includes the cost of seven (7) reels at \$18 each, returnable for credit, less cash discount of one half of 1 per cent for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, February 27, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Water Division of the Public Works Department has submitted a requisition to this office for Mueller type cocks for copper pipe.

Informal quotations for prices were solicited, but only two companies who manufacture Mueller cocks responded. Permission is therefore requested to dispense with publicly advertising for bids and award a contract, without public advertisement, to Mueller Company who submitted the lower prices. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$2,467, less 2 per cent cash discount for payment within 15 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

EXTRA WORK UNDER CONTRACT.**PUBLIC WORKS DEPARTMENT.**

Beacon Piping Company has been directed to perform the following extra work under the contract for new heating system and other mechanical work at the Calf Pasture Sewage Plant, Dorchester:

Items ordered: Furnish all labor, tools, materials, staging, and all incidentals necessary to install two new steel beams, prepare foundation for same and cut out parts of existing steel floor plates, all as shown on supplementary plan. Estimated cost of extra work, \$682.

AMENDMENTS TO CONTRACTS.**HOSPITAL DEPARTMENT.**

John T. Bradley has been allowed to amend the contract for work to be done on the Out-Patient Department of Boston City Hospital, by adding the sum of \$2,650 to the contract amount to cover the cost of extra work as set forth in the letter of the Board of Trustees to the Mayor of Boston, dated January 13, 1950, said letter being incorporated in this amendment and made a part hereof. By this addition of \$2,650 the amount of the contract is increased to \$18,223.

All other provisions of the aforesaid contract not inconsistent herewith will remain in full force and effect.

John T. Bradley has been allowed to amend the contract for work to be done on various buildings of the Boston City Hospital, by adding the sum of \$6,993.50 to the contract amount to cover the cost of extra work as set forth in the letter of the Board of Trustees to the Mayor of Boston, dated January 13, 1950, said letter being incorporated in this amendment and made a part thereof. This addition of \$6,993.50 increases the contract sum to \$56,602.20.

All other provisions of the aforesaid contract not inconsistent herewith will remain in full force and effect.

EXTENSION OF CONTRACTS.**HOSPITAL DEPARTMENT.**

(Contract for Furnishing and Installing Kitchen Equipment at the Sanatorium.)

Approval has been given that the word and figures "December 31, 1950," appearing in the contract between the City of Boston and the McDonald Company, dated December 7, 1950, be stricken out and the word and figures "March 15, 1951," be substituted in their place.

(Contract for Furnishing and Installing X-Ray Equipment at the Sanatorium.)

Approval has been given that the words and figures "December 31, 1950," appearing in the contract between the City of Boston and the General Electric X-Ray Corporation, dated December 29, 1950, be stricken out and the word and figures "February 28, 1951," be substituted in their place.

POLICE DEPARTMENT ORDERS.**General Order No. 1,437.**

A trial board, consisting of Captains Charles F. Eldridge, George W. O'Donnell and Cornelius F. O'Brien, having heard by reference a complaint made by Capt. Maurice F. Murphy, Division 15, against Patrolman William J. Hebert, Division 15, charging him with violation of the Rules and Regulations of the Police Department, has reported to the commissioner a finding of guilty as charged, recommending punishment duty of one hundred five hours.

Recommendation is accepted, and it is ordered that the said Patrolman William J. Hebert perform one hundred five hours' punishment duty.

General Order No. 1,438.

The Police Commissioner having heard the complaint of Capt. Louis DiSessa of Division 4, against Patrolman Daniel V. Connors of the same division, on Monday, March 5, 1951, at Police Headquarters, charging him with violation of the rules and regulations of the Police Department, has made a finding of guilty.

Therefore, It is ordered that the said Patrolman Daniel V. Connors be suspended for a period of 30 days, effective as of Tuesday, February 20, 1951, at 5.45 o'clock P.M., and at the expiration of which time he shall perform two hundred ten hours' punishment duty.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,439.

A trial board, consisting of Captains John H. Cloran, Michael T. Clougherty, and Harold J. Walkins, having heard by reference a complaint made by Capt. Louis DiSessa, Division 4, against Patrolman Harvey B. Yates, Division 4, charging him with violation of the Rules and Regulations of the Police Department, has reported to the Commissioner a finding of guilty as charged, recommending punishment duty of 140 hours.

This recommendation is accepted, and it is ordered that the said Patrolman Harvey B. Yates perform 140 hours' punishment duty.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Traffic Rules and Regulations of the City of Boston are amended as follows, effective March 21, 1951:

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin and in the South.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 26, 1951.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councilors Bryan, Lane, and P. A. Tracey.

The Reverend Samuel Tyler, Jr., of Trinity Church, Boston, was escorted to the rostrum.

INVOCATION BY REV. SAMUEL TYLER, JR.

Our Father, Who hast set a restlessness in our hearts which we can never fully fight, forbid us to be satisfied with what we make of life. Draw us from base content, and set our eyes on far-off lights. Keep us at tasks too hard for us that we may be driven to Thee for strength. Deliver us from powerfulness and self-pity. Make us sure of the goal we cannot see and of the hidden good in the world. Save us from ourselves. Show us a vision of the world made new through Thee.

May that spirit of peace and illumination so enlighten our minds that all life shall flow with new meaning and new purpose.

Let us never willingly bring harm to any man, and if, in the complexities of things, we cannot help that we do bring harm to anyone, keep us troubled and unsatisfied until we learn to make our minds and theirs agree.

When there seems to be no straight road forward and we are caught in compromise, teach us to turn where there is most of Thee and most promise of future good. Fire our minds with the vision of a more perfect society here on earth in which justice and peace and brotherhood shall reign according to Thy will.

And help us each one, O Lord, to do our part so that Thy will may be done on earth as it is in heaven. Amen.

The salute to the Flag was given by the members.

VETO OF ORDER RE INCREASED PENSION ALLOWANCES.

The following was received:

City of Boston,
Office of the Mayor, February 21, 1951.
To the City Council.
Gentlemen:

I return herewith without my signature, and disapproved, the order for acceptance of chapter 820 of the Acts of 1950, providing for an increase in pension allowances.

Acceptance of this act at the present time would involve an expenditure of \$366,000 annually. In view of the fact that pending before the Legislature are several bills which will affect the pensioned employees of the city, I believe that no action of an affirmative sort should be taken on chapter 820 of the Acts of 1950 until we know what the Legislature will do this year with regard to the pension bills now before it.

Respectfully,

J. B. HYNES, Mayor.

Placed on file.

REPLACING OF GAS LAMPS ON CARLISLE STREET.

The following was received:

City of Boston,
Office of the Mayor, February 26, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of February 12, 1951, requesting the replacement of the gas lamps with electric lights on Carlisle street in Ward 12.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
February 19, 1951.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I return herewith order in City Council that the Commissioner of Public Works replace the gas lamps with electric lights on Carlisle street in Ward 12, and this will advise you that the Lighting Service of the Public Works Department will have a survey made of this area with a view to making the suggested replacement, if possible.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

"STOP BEFORE ENTERING" SIGN ON CENTRE STREET, WARD 16.

The following was received:

City of Boston,
Office of the Mayor, February 26, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of January 29, 1951, requesting the erection of "Stop Before Entering" signs on Centre street at the junction of Centre street and Dorchester avenue in the Ward 16 section of Dorchester.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,

February 20, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Re: Council Order Dated January 29, 1951, Requesting the Installation of "Stop Before Entering" Signs on Centre Street at the Junction of Centre Street and Dorchester Avenue in Ward 16.

Dear Sir:

At a meeting of this Commission held on February 15, 1951, the above order was discussed, and it was voted to reject the request to erect "Stop" signs, as it was felt that such an installation is not warranted, particularly in view of the fact that there is an unobstructed view in either direction, plus the fact that it is doubtful whether the State Department of Public Works would approve this request.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.
Placed on file.

SAFETY PRECAUTIONS FOR SCHOOL CHILDREN.

The following was received:

City of Boston,
Office of the Mayor, February 26, 1951.
To the City Council.
Gentlemen:

I transmit herewith communication from the School Committee relative to your order of January 29, 1951, requesting the distribution of illustrated pamphlets to children attending the public schools warning them not to accept automobile rides, candy, gifts, etc., from strangers, or to have any conversation with them; also to take the registration number of the automobile of any person who offers them a ride and report same to the police.

Respectfully,

J. B. HYNES, Mayor.

The School Committee of
the City of Boston,

February 20, 1951.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

At the conference of the School Committee held on February 15, 1951, the following order of the City Council was presented:

"Ordered, That the School Committee be requested, through his Honor the Mayor, to distribute illustrated pamphlets to children attending the public schools warning them not to accept automobile rides, candy, gifts, etc., from strangers, or to have any conversation with them; also to take the registration number of the automobile of any person who offers them a ride and report same to the police."

This order of the City Council was referred to the Board of Superintendents for consideration and report.

Very truly yours,

AGNES E. REYNOLDS,

EXECUTIVE COMMITTEE REPORTS.

Coun. RAMSEY, for the Executive Committee, submitted the following:

1. Report on petition of Katherine F. Quinlan (referred February 19) for payment of annuity on account of death of her husband, Timothy J. Quinlan, member of the Fire Department, who died on account of injuries received in the performance of his duty—recommending passage of accompanying order.

Ordered, That under the provisions of section 89A of chapter 32 of the General Laws, an annuity of two thousand one hundred twenty-four dollars (\$2,124) be allowed and paid to Katherine F. Quinlan, widow of Timothy J. Quinlan, a member of the Fire Department, who died on October 18, 1949, on account of injuries received in the performance of his duty; said annuity being made up of allowances as follows:

For the widow, Katherine F. Quinlan, so long as she remains unmarried, \$1,500 a year.

For each of the following-named children during such time as he or she is under the age of eighteen or over said age and physically or mentally incapacitated from earning, \$312 per annum:

Timothy J. Quinlan, born June 4, 1933; Kevin M. Quinlan, born May 2, 1936;

provided, however, that if the widow remarries the annuity for said children shall be \$520 during the remainder of the time aforesaid; the annuity to become effective upon the date of the approval of this order by the Mayor, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

The report was accepted, and the order was passed.

2. Report on petition of Julia V. McCarthy (referred December 28, 1950) to be paid annuity on account of death of her husband, Thomas J. McCarthy, late member of the Fire Department—recommending passage of accompanying order:

Ordered, That under the provisions of section 89A of chapter 32 of the General Laws, an annuity of \$1,500 be allowed and paid to Julia V. McCarthy, widow of Thomas J. McCarthy, a member of the Fire Department, who died on December 25, 1948, on account of injuries received in the performance of his duty, said annuity to continue so long as she remains unmarried; the annuity to become effective upon the date of the approval of this order by the Mayor, and to be charged to the appropriation for Fire Department, Pensions and Annuities.

The report was accepted, and the order was passed.

3. Report on petition of Timothy O'Leary, correction officer, House of Correction, Institutions Department (referred February 26), for retirement as a veteran—recommending passage of following order:

Whereas, Timothy O'Leary, employed in the service of the County of Suffolk as correction officer in the House of Correction, Penal Institutions Department, has made application to be retired under the provisions of section 57 of chapter 32 of the General Laws, as amended; and

Whereas, The said Timothy O'Leary has submitted to the City Council satisfactory evidence that he is a veteran as defined in section 56 of chapter 32 of the General Laws; that he has been certified for retirement for disability by the duly authorized medical board; that he has been in the service of the county at least ten years; that he is incapacitated for active service; and that his total income from all sources, exclusive of his retirement allowance and of any sum received from the government of the United States as a pension for war service, does not exceed \$1,000;

Ordered, That under the provisions of section 57, of chapter 32 of the General Laws, as amended, Timothy O'Leary, employed in the service of the County of Suffolk as correction officer in the House of Correction, Penal Institutions Department, be, and hereby is, retired by the Mayor and City Council, acting as county commissioners, at an annual pension of \$2,240, being 64 per cent of his highest regular rate of compensation.

The report was accepted, and the order was passed.

FIRE DEPARTMENT ORDERS.

General Order No. 10.

I. 1951 RED CROSS FUND CAMPAIGN FOR GREATER BOSTON.

His Honor, Mayor John B. Hynes, has asked that all city employees contribute, as their means will permit, to the 1951 Red Cross Fund Campaign for Greater Boston which began March 1, 1951, and will continue during the month of March.

Members of the Fire Department are again called upon to participate in the drive for funds for this worthy cause even though it may entail some little sacrifice on their part.

There is no question as to the need for generous contributions to the Red Cross, the only question being, how much can each employee afford to give. The employee, himself, is the only person who can accurately decide that. However, any and all contributions will be welcome, no matter how large or small they may be.

The Fire Commissioner is confident that all members of the department will give their customary fine support to the drive for funds.

Some of the enormous tasks being accomplished by the Red Cross are as follows:

1. Providing for instant use of tremendous amounts of blood plasma.
2. Training approximately 20,000,000 persons in First Aid.
3. Recruiting more than 500,000 additional volunteers to aid local defense units to serve in expanding military installations.
4. Services to the Armed Forces now in Korea.
5. Other numerous relief programs are also undertaken by the Red Cross.

Workers' kits, two to each company, containing pledge cards, etc., for each member of the department are being issued with this order and company commanders are requested to interview each member of their respective commands, including men on injured leave, and ask them to make a contribution. Pledge cards are to be filled out and returned to Headquarters as soon as possible. Stubs on pledge cards should be filled out by company commanders and given to members as receipts.

Included in the workers' kits are white report envelopes. Company commanders are requested to list on the front of the report envelopes the names of members and the total amount subscribed by each member. The amount paid at the time pledges are made should be placed in the envelope together with pledge cards and then sealed.

The envelopes, containing pledge cards and currency, should be returned to Mr. Joseph P. Cawley in the Fire Commissioner's office on or before March 31, 1951. Delivery of envelopes at Headquarters can be made on any weekday and must be made between the hours of 9 and 11 A.M. (excluding Saturday).

If additional pledge cards are required by companies, they can be obtained at Headquarters.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Chief of Department.

General Order No. 11.

Subjects and Weights: Training and experience, 3; practical questions, including memory test and general information, 7; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination and qualifying strength tests. To become eligible applicants must obtain at least 70 per cent in the strength tests, but the mark will not be included in the general average mark.

The practical questions will be based largely upon information contained in the July, 1946, or later editions of a manual known as the "Blue Book." This manual may be obtained from the Public Document Division, Room 116, State House, Boston, at 20 cents a copy. It is necessary that applicants obtain a copy of this manual and study it carefully.

Applicants must not bring manuals to the examination room.

The eligible list established as a result of this examination will be combined with any existing list, but the name of an applicant which appears more than once on the combined list will be certified in any one certification only from his higher rating.

Section 12 of chapter 291, Acts of 1906, as amended by chapter 153, Acts of 1935,

provides as follows: "No person shall be appointed as an officer or member of the Boston Police Force unless he has been a resident of said city for at least two years immediately preceding the date of his appointment."

JUNIOR BUILDING CUSTODIAN, JANITOR, JANITRESS, MAY 5, 1951.

Last date for filing applications, Monday, April 16, 1951.

This examination is held to establish eligible lists for junior building custodian and janitress for all cities and such towns as are classified under Civil Service and for janitor for State service. The eligible lists established as a result of this examination will be combined with any existing similar lists, but the name of an applicant which appears more than once on a combined list will be certified in any one certification only from the higher rating.

Salary: For janitor, in the State service, the minimum salary is \$2,040 a year and the maximum salary is \$2,640 a year. Inquiries should be made at local departments for information concerning salaries in the various municipalities.

Vacancies: From time to time.

Duties: The regular duties of a junior building custodian, janitor, or janitress.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CITY OF BOSTON.

INSTITUTIONS DEPARTMENT.

INVITATION FOR PROPOSALS FOR INSTALLATION OF ELEVATORS IN THE NICHOLS AND MORRIS BUILDINGS, LONG ISLAND HOSPITAL, BOSTON HARBOR, MASS.

The Commissioner of Institutions of the City of Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for installation of elevators in the Nichols and Morris Buildings, Long Island Hospital, Boston Harbor, Mass.

Proposals will be received until 12 o'clock noon, Monday, March 26, 1951, at the office of the Awarding Authority, eleventh floor, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and enclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of 10 per cent of the bid, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 43

SATURDAY, MARCH 17, 1951.

No. 11

HIGH PRAISE IS GIVEN MAYOR HYNES FOR THE CONDUCT OF HIS ADMINISTRATION—"BOSTON BUSINESS," THE CHAMBER OF COMMERCE MONTHLY PUBLICATION, ENUMERATES IN ITS MARCH ISSUE A NUMBER OF WORTH-WHILE ACCOMPLISHMENTS IN BRINGING GREATER PRESTIGE AND SUCCESS COMMERCIALY AS WELL AS POLITICALLY.

Boston Business, the monthly publication of the Boston Chamber of Commerce, in its March issue has paid high tribute to Mayor John B. Hynes for the accomplishments of his administration to date. Additional tribute is paid by picturing the Mayor at work at his desk in City Hall. The article which renders praise to the Mayor reads as follows:

In the comparatively short time he has served as chief executive of the City

PARK DEPARTMENT UNDER INSTRUCTIONS FROM MAYOR HYNES MAKING PLANS TO REPLENISH FRANKLIN PARK ZOO BY EXCHANGING ANIMALS WITH OTHER ZOOS IN LARGE CITIES—COSTS WILL BE GREATLY REDUCED BY PLAN.

The Park Commission, Frank R. Kelley, chairman, is planning, with the approval of Mayor Hynes, to build up the Franklin Park Zoo. It is planned to have the head man at the zoo make a ten-day visit over the country to learn the operation of this department in other large cities and also to make arrangements for trading animals. It will thus be possible, Chairman Kelley states, to obtain needed animals at a much lower cost than would be possible in the open market.

The letter from the chairman which the Mayor approved reads as follows:

PARK DEPARTMENT.

Boston, February 21, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

In our program of rehabilitation of the Franklin Park Zoo I plan to make

KOREAN WAR BOOSTS EXPENDITURES OF VETERANS' ADMINISTRATION IN JANUARY THIS YEAR \$12,114.23 OVER SAME PERIOD IN 1950 DESPITE DROP IN CASES AIDED—140 LESS CASES AIDED BUT HOSPITAL BILLS COMPELLED BY STATE TO BE PAID BY DEPARTMENT—COMMISSIONER FRANCIS X. COTTER MAKES REPORT TO MAYOR JOHN B. HYNES—1,735 CASES AIDED IN JANUARY, REPRESENTING A TOTAL OF 3,641 INDIVIDUALS—234 CASES CLOSED.

Effects of the Korean war are being felt by the city's Veterans' Administration, according to Commissioner Francis X. Cotter in his report to Mayor John B. Hynes. Expenditures for the month of January this year are shown to be \$12,114.23 higher than for the corresponding month in 1950, this despite the fact that the department aided 140 less cases than in January, 1950.

This fact is explained, according to the report, by the fact that, due to the war, payment of hospital bills as authorized by the state has been greater. The complete report reads as follows:

Boston, March 5, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

I have the honor to submit the report of the Department of Veterans' Services for the month of January, 1951.

Very truly yours,

FRANCIS X. COTTER, *Commissioner*.

Expenditures for veterans' benefits for January, 1951, show an increase of \$12,114.23 in comparison with expenditures for the corresponding period of 1950. Notwithstanding the fact that there was an increase in expenditures, the department aided 140 less cases than in January, 1950. This condition is attributable chiefly to the Korean situation and the payment of hospital bills authorized by the state.

The 1,735 cases aided during the month of January, 1951, represent a total of 3,641 individuals benefited through the financial facilities of the Department of Veterans' Services.

There were 234 cases closed during the month of January, 1951, because of obtaining employment, having been awarded unemployment compensation, receiving social security and becoming ineligible to receive financial assistance for other reasons.

CHAMBER OF COMMERCE PUBLICATION PRAISES MAYOR HYNES.

(Continued from page 233.)

of Boston, Mayor John B. Hynes has convincingly demonstrated by numerous moves that he has every intention of giving the Hub a progressive, sound, and business-like administration.

His Honor is the first mayor of Boston in many years to work hand in hand particularly with the business and professional interests of the city, to bring greater prestige and commercial success to the community and its people.

He has taken many steps toward attaining practical economy in municipal government. For example, he is strongly for an honest, pay-as-you-go tax rate. He seeks to lower false and unjust assessments on real estate but insists on adequate assessments. He demands that city contractors live up to specifications.

Mayor Hynes took the initiative in starting the great Christmas Festival last season which brought so many people to Boston and proved highly successful from a spiritual as well as a material standpoint. The Festival Committee was headed by the Chamber president, Harry J. Blake.

His Honor also was whole-heartedly behind the Chamber's Boston Jubilee last May, and through his leadership the city provided many of the more important events on the program.

He is working hard on numerous problems confronting Boston and is particularly determined to bring relief from the traffic muddle.

MAYOR PLANS IMPROVEMENTS AT FRANKLIN PARK ZOO.

(Continued from page 233.)

a survey of zoos in other sections of the country to the end that we may be able to build up a more friendly relationship and thus be in a position to effect trades of animals with the zoos.

With your permission Russell Grant, the head animal man at the zoo, will make a ten-day trip covering the zoos at New York, Philadelphia, Buffalo, Detroit, and Cleveland. The purpose of this trip is that Mr. Grant may be familiar with the operation of the zoos in these cities and also be in a position to purchase or trade surplus animals. We feel that we would be in a position to obtain the animals at a much lower price than if we were to go into the open market and buy direct from the animal dealers.

During the recent National Convention of Park Executives in Dallas, Texas, it was my privilege to meet personally many of the curators of the zoos of the country, and I believe that by following up on these meetings we can develop an association that will be to the mutual benefit of these cities and Boston.

I therefore request your permission for Mr. Grant to make this trip. Upon the completion of this trip he will submit an expense account to the city.

Respectfully yours,

FRANK R. KELLEY, Chairman.

REPORT OF D. LEO DALEY, ASSISTANT SUPERINTENDENT, ON ATTENDANCE AT NATIONAL CONVENTION OF NATIONAL ASSOCIATION OF SECONDARY SCHOOL PRINCIPALS, IN NEW YORK CITY, FEBRUARY 10-14.

The following is a report on the thirty-fifth annual convention of the National Association of Secondary School Principals held in New York City from February 10 to 14, 1951, by D. Leo Daley, Assistant Superintendent of Schools.

The convention theme, cogently selected and resolved by nationally known educators and business leaders was "Education for a Changing World." I am told that 92 per cent of the secondary schools in the United States were represented at the convention.

Among the convention addresses were:

"Our Responsibility for Youth," Alvin C. Eurich, President, State University of New York, Albany, New York.

"The Free World Faces Aggression," The Hon. Ernest A. Gross, Deputy Representative of the United States to the United Nations, New York, New York.

"Education for a Changing World," Houston Peterson, Professor of Social Philosophy, Rutgers University, New Brunswick, New Jersey.

"The Function of Today's Junior High School," Elias Lieberman, Associate Superintendent, Division of Junior High Schools, Board of Education, Brooklyn, New York.

"Problems of Manpower, Youth, and the Emergency," Major General Lewis B. Hershey, Director of Selective Service, National Headquarters, Washington, D. C.

"Labor's Stake in the Education of Youth," Walter P. Reuther, President, International Union, United Automobile, Aircraft, and Agricultural Implement Workers of America, UAW-CIO, Detroit, Michigan.

"The Place of Education in America's Economy," Frank M. Totton, Vice-President, Chase National Bank, New York, New York.

"The United Nations and Youth," Mrs. Eleanor Roosevelt, Chairman, Commission on Human Rights, Economic and Social Council, United Nations, New York, New York.

All speakers pointed out that the school should meet its obligation to society as we have it today and as we can forecast it for tomorrow. Emphasis was placed on the positive and constructive approach to strengthen our school systems. We shall have to accclimate ourselves to the world of potential. We shall have to look ahead to the days after the present threat to our institutions. We must stress what is right in America in the many and varied activities basic to our educational philosophy. Furthermore, there will have to be constant examination and re-examination of the entire educational curriculum so that it will be responsive to the needs, tastes, and abilities of American youth in a world which will require sacrifice and service to maintain our American way of life.

The panel meetings, of which there were ten to twelve each day, were devoted to topics such as administrative practices, the core curriculum, guidance, slow learners, school leavers, work experience program, and school-community relations.

A brief summation is that we are challenged to fill the vacuum created by school failures. The educational program must be geared and tailored to prevent, as much as is humanly possible, school failures and frustrations. Times are tough but so they were in other periods of history. More leadership is needed in the world—moral leadership as well as military. The school has a very dominant part in preparing our future citizens for this leadership.

I also enjoyed an educational tour to United Nations at Lake Success and a visit to classrooms in New York Central Commercial High School. May I suggest that principals and head masters be allowed and encouraged to attend conventions of this type. They would thus acquire a direct perspective of educational trends and, as a consequence, evaluate their worth for possible application to the Departments in the Boston Schools.

HOUSING AUTHORITY "AIR RAID INSTRUCTION" CARDS ISSUED.

Some 10,000 "Air Raid Instruction" cards were recently distributed by the Boston Housing Authority to the families who are living in any of the Boston housing developments. The card was accompanied by a letter of explanation that urged all of the families to give the card prominence in their homes for quick reference in the event of an atom-bomb attack.
